§ 1320c–5. Norms of health care services.

(a) Development by Professional Standards Review Organizations.

Each Professional Standards Review Organization shall apply professionally developed norms of care, diagnosis, and treatment based upon typical patterns of practice in its regions (including typical lengths-of-stay for institutional care by age and diagnosis) as principal points of evaluation and review. The National Professional Standards Review Council and the Secretary shall provide such technical assistance to the organization as will be helpful in utilizing and applying such norms of care, diagnosis, and treatment. Where the actual norms of care, diagnosis, and treatment in a Professional Standards Review Organization area are significantly different from professionally developed regional norms of care, diagnosis, and treatment approved for comparable conditions, the Professional Standards Review Organization concerned shall be so informed, and in the event that appropriate consultation and discussion indicate reasonable basis for usage of other norms in the area concerned, the Professional Standards Review Organization may apply such norms in such area as are approved by the National Professional Standards Review Council.

(b) Requisite contents of norms.

Such norms with respect to treatment for particular illnesses or health conditions shall include (in accordance with regulations of the Secretary)—

(1) the types and extent of the health care services which, taking into account differing, but acceptable, modes of treatment and methods of organizing and delivering care are considered

within the range of appropriate diagnosis and treatment of such illness or health condition, consistent with professionally recognized and accepted patterns of care;

(2) the type of health care facility which is considered, consistent with such standards, to be the type in which health care services which are medically appropriate for such illness or condition can most economically be provided.

Such data concerning norms shall be reviewed and revised from time to time. The approval of the National Professional Standards Review Council of norms of care, diagnosis, and treatment shall be based on its analysis of appropriate and adequate data.

(2) Each review organization, agency, or person referred to in paragraph (1) shall utilize the norms developed under this section as a principal point of evaluation and review for determining, with respect to any health care services which have been or are proposed to be provided, whether such care and services are consistent with the criteria specified in section 1320c–4(a)(1) of this title.

(d) Certification for further inpatient care.

(1) Each Professional Standards Review Organization shall—

(A) in accordance with regulations of the Secretary, specify the appropriate points in time after the admission of a patient for inpatient care in a health care institution, at which the physician attending such patient shall execute a certification stating that further inpatient care in such institution will be medically necessary effectively to meet the health care needs of such patient; and

(B) require that there is included in any such certification with respect to any patient such information as may be necessary to enable such organization properly to evaluate the medical necessity of the further institutional health care recommended by the physician executing such certification.

(2) The points in time at which any such certification will be required (usually, not later than the 50th percentile of lengths-of-stay for patients in similar age groups with similar diagnoses) shall be consistent with and based on professionally developed norms of care and treatment and data developed with respect to length of stay in health care institutions of patients having various illnesses, injuries, or health conditions, and requiring various types of health care services or procedures. (Aug. 14, 1935, ch. 531, title XI, § 1156, as added Oct. 30, 1972, Pub. L. 92–603, title II, § 249F(b), 86 Stat. 1435.)

Any Statewide Professional Standards Review Council receiving any such report and recommendation shall review the same and promptly transmit such report and recommendation to the Secretary together with any additional comments or recommendations thereon as it deems appropriate. The Secretary may utilize a Professional Standards Review Organization, in lieu of a program review team as specified in sections 1395y and 1395cc of this title, for purposes of subparagraph (C) of section 1395y(d)(1) of this title and subparagraph (F) of section 1395cc(b)(2) of this title. (Aug. 14, 1935, ch. 531, title XI, § 1157, as added Oct. 30, 1972, Pub. L. 92–603, title II, § 249F(b), 86 Stat. 1437.)

(1) the provision of such services or items is subject to review under this part by any Professional Standards Review Organization, or other agency; and

(2) such organization or other agency has, in the proper exercise of its duties and functions under or consistent with the purposes of this part, disapproved of the services or items giving rise to such claim, and has notified the practitioner or provider who provided or proposed to provide such services or items and the individual who would receive or was proposed to receive such services or items of its disapproval of the provision of such services or items.

§ 1320c–9. Obligations of health care practitioners and providers of health care services.

(a) Enumeration of obligations.

(1) It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who provides health care services for which payment may be made (in whole or in part) under this chapter, to assure that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under this chapter—

(A) will be provided only when, and to the extent, medically necessary; and

(B) will be of a quality which meets professionally recognized standards of health care; and

(C) will be supported by evidence of such medical necessity and quality in such form and fashion and at such time as may reasonably be required by the Professional Standards Review Organization in the exercise of its duties and responsibilities:

and it shall be the obligation of any health care practitioner in ordering, authorizing, directing, or arranging for the provision by any other person (including a hospital or other health care facility, organization, or agency), of health care services for any patient of such practitioner, to exercise his professional responsibility with a view to assuring (to the extent of his influence or control over such patient, such person, or the provision of such services) that such services or items will be provided—

(D) only when, and to the extent, medically necessary; and

(E) will be of a quality which meets professionally recognized standards of health care.

(2) Each health care practitioner, and each hospital or other provider of health care services, shall have an obligation, within reasonable limits of professional discretion, not to take any action, in the exercise of his profession (in the case of any health care practitioner), or in the conduct of its business (in the case of any hospital or other such provider), which would authorize any individual to be admitted as an inpatient in or to continue as an inpatient in any hospital or other health care facility unless—

(A) inpatient care is determined by such practitioner and by such hospital or other provider, consistent with professionally recognized health care standards, to be medically necessary for the proper care of such individual; and

(B) (i) the inpatient care required by such individual cannot, consistent with such standards, be provided more economically in a health care facility of a different type; or

(ii) (in the case of a patient who requires care which can, consistent with such standards, be provided more economically in a health care facility of a different type) there is, in the area in which such individual is located, no such facility or no such facility which is available to provide care to such individual at the time when care is needed by him.

(b) Failure to comply with obligations; gross and flagrant violations; exclusion of practitioner or provider from eligibility; sanctions and penalties, hearing and review.

(1) If after reasonable notice and opportunity for discussion with the practitioner or provider concerned, any Professional Standards Review Organization submits a report and recommendations to the Secretary pursuant to section 1320c–6 of this title (which report and recommendations shall be submitted through the Statewide Professional Standards Review Council, if such Council has been established, which shall promptly transmit such report and recommendations together with any additional comments and recommendations thereon as it deems appropriate) and if the Secretary determines that such practitioner or provider, in providing health care services over which such organization has review responsibility and for which payment (in whole or in part) may be made under this chapter, has—

(A) by failing, in a substantial number of cases, substantially to comply with any obligation imposed on him under subsection (a) of this section, or

(B) by grossly and flagrantly violating any such obligation in one or more instances.

demonstrated an unwillingness or a lack of ability substantially to comply with such obligations, he (in addition to any other sanction provided under

law) may exclude (permanently for such period as the Secretary may prescribe) such practitioner or provider from eligibility to provide such services on a reimbursable basis.

(2) A determination made by the Secretary under this subsection shall be effective at such time and upon such reasonable notice to the public and to the person furnishing the services involved as may be specified in regulations. Such determination shall be effective with respect to services furnished to an individual on or after the effective date of such determination (except that in the case of institutional health care services such determination shall be effective in the manner provided in subchapter XVIII of this chapter with respect to terminations of provider agreements), and shall remain in effect until the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or provide to provide such health care services on a reimbursable basis) such practitioner or provider pay to the United States, in case such acts or conduct involved the provision or ordering by such practitioner or provider of health care services which were medically improper or unnecessary, an amount not in excess of the actual or estimated cost of the medically improper or unnecessary services so provided, or (if less) $5,000. Such amount may be deducted from any sums owing by the United States (or any instrumentality thereof) to the person from whom such amount is claimed.

(4) Any person furnishing services described in paragraph (1) who is dissatisfied with a determination made by the Secretary under this subsection shall be entitled to reasonable notice and opportunity for a hearing thereon by the Secretary to the same extent as is provided in section 405(b) of this title, and to judicial review of the Secretary's final decision after such hearing as is provided in section 405(g) of this title.

Eligibility for and the amount of such benefits for any quarter shall be redetermined at such time or times as may be provided by the Secretary.

(2) For purposes of this subsection an application shall be considered to be effective as of the first day of the month in which it was actually filed.

(d) Limitation on amount of gross income earned; definition of gross income.

The Secretary may prescribe the circumstances under which, consistently with the purposes of this subchapter, the gross income from a trade or business (including farming) will be considered sufficiently large to make an individual ineligible for benefits under this subchapter. For purposes of this subsection, the term "gross income" has the same meaning as when used in chapter 1 of Title 26, Internal Revenue Code of 1954.

(e) Limitation on eligibility of certain individuals.

(1)(A) Except as provided in subparagraph (B), no person shall be an eligible individual or eligible spouse for purposes of this subchapter with respect to any month if throughout such month he is an inmate of a public institution.

(B) In any case where an eligible individual or his eligible spouse (if any) is, throughout any month, in a hospital, extended care facility, nursing home, or intermediate care facility receiving payments (with respect to such individual or spouse) under a State plan approved under subchapter XIX of this chapter, the benefit under this subchapter for such individual for such month shall be payable—

(ii) at a rate not in excess of the sum of the applicable rate specified in subsection (b)(1) of this section and the rate of $300 per year (reduced by the amount of any income not excluded pursuant to section 1382a(b) of this title) in the case of an individual who has an eligible spouse, if only one of them is in such a hospital, home, or facility throughout such month; and

(iii) at a rate not in excess of $600 per year (reduced by the amount of any income not excluded pursuant to section 1382a(b) of this title) in the case of an individual who has an eligible spouse, if both of them are in such a hospital, home, or facility throughout such month.

(2) No person shall be an eligible individual or eligible spouse for purposes of this subchapter if, after notice to such person by the Secretary that it is likely that such person is eligible for any payments of the type enumerated in section 1382a(a)(2)(B)

of this title, such person fails within 30 days to take all appropriate steps to apply for and (if eligible) obtain any such payments.

(3)(A) No person who is an aged, blind, or disabled individual solely by reason of disability (as determined under section 1382c(a)(3) of this title) shall be an eligible individual or eligible spouse for purposes of this subchapter with respect to any month if such individual is medically determined to be a drug addict or an alcoholic unless such individual is undergoing any treatment that may be appropriate for his condition as a drug addict or alcoholic (as the case may be) at an institution or facility approved for purposes of this paragraph by the Secretary (so long as such treatment is available) and demonstrates that he is complying with the terms, conditions, and requirements of such treatment and with requirements imposed by the Secretary under subparagraph (B).

(B) The Secretary shall provide for the monitoring and testing of all individuals who are receiving benefits under this subchapter and who as a condition of such benefits are required to be undergoing treatment and complying with the terms, conditions, and requirements thereof as described in subparagraph (A), in order to assure such compliance and to determine the extent to which the imposition of such requirement is contributing to the achievement of the purposes of this subchapter. The Secretary shall annually submit to the Congress a full and complete report on his activities under this paragraph.

(f) Individuals outside the United States; determination of status.

Notwithstanding any other provision of this subchapter, no individual shall be considered an eligible individual for purposes of this subchapter for any month during all of which such individual is outside the United States (and no person shall be considered the eligible spouse of an individual for purposes of this subchapter with respect to any month during all of which such person is outside the United States). For purposes of the preceding sentence, after an individual has been outside the United States for any period of 30 consecutive days, he shall be treated as remaining outside the United States until he has been in the United States for a period of 30 consecutive days.

(g) Individuals deemed to meet resources test.

In the case of any individual or any individual and his spouse (as the case may be) who—

(1) received aid or assistance for December 1973 under a plan of a State approved under subchapter I, X, XIV, or XVI of this chapter,

(4) has, since December 31, 1973, continuously been (except for periods not in excess of six consecutive months) an eligible individual or an eligible spouse with respect to whom supplemental security income benefits are payable,

there shall be disregarded an amount equal to the greater of (A) the maximum amount of any earned or unearned income which could have been disregarded under the State plan, as in effect for October 1972, under which he or they received such aid or assistance for December 1973, and (B) the amount which would be required to be disregarded under section 1382a of this title without application of this subsection. "(ii) the amount of the income of such individual (other than the aid or assistance described in clause (i)) received by such individual in December 1973, minus any such income which did not result, but which if properly reported would have resulted in a reduction in the amount of such aid or assistance.

"(C) For purposes of subparagraph (A), the amount of an individual's 'title XVI benefit plus other income' for any month means an amount equal to the aggregate of—

"(i) the amount (if any) of the supplemental security income benefit to which such individual is entitled for such month under title XVI of the Social Security Act [this subchapter], and

"(ii) the amount of any income of such individual for such month (other than income in the form of a benefit described in clause (i)).

"(D) If the amount determined under subparagraph (B)(i) includes, in the case of any individual, an amount which was payable to such individual solely because of—

"(ii) any special circumstance (such as the recognition of the needs of a person whose presence in such individual's home, in December 1973, was essential to such individual's well-being),

and, if for any month after December 1973 there is a change with respect to such special need or circumstance which, if such change had existed in December 1973, the amount described in subparagraph (B)(i) with respect to such individual would have been reduced on account of such change, then, for such month and for each month thereafter the amount of the supplementary payment payable under the agreement entered into under this subsection to such individual shall (unless the State, at its option, otherwise specifies) be reduced by an amount equal to the amount by which the amount (described in subparagraph (B)(i)) would have been so reduced.

"(ii) The amount of the reduction (under clause (i)) of any individual's December 1973 income shall not be in an amount which would cause the supplementary payment (referred to in paragraph (2)) payable to such individual to be reduced below the amount of such supplementary payment which would be payable to such individual if he had, for the month of December 1973 not lived in a family, members of which were receiving aid under part A of title [subchapter] IV of the Social Security Act, [this chapter], and had had no income for such month other than that received as aid or assistance under a State plan approved under title [subchapter] I, X, XIV, or XVI of the Social Security Act.

"(b)(1) Any State having an agreement with the Secretary under subsection (a) may enter into an administration agreement with the Secretary whereby the Secretary will, on behalf of such State, make the supplementary payments required under the agreement entered into under subsection (a).

"(2) Any such administration agreement between the Secretary and a State entered into under this subsection shall provide that the State will (A) certify to the Secretary the names of each individual who, for December 1973, was a recipient of aid or assistance (in the form of money payments) under a plan of such State approved under title [subchapter] I, X, XIV, or XVI of the Social Security Act [this chapter], together with the amount of such assistance payable to each such individual and the amount of such individual's December 1973 income (as defined in subsection (a)(3)(B)), and (B) provide the Secretary with such additional data at such times as the Secretary may reasonably require in order properly, economically, and efficiently to carry out such administration agreement.

"(3) Any State which has entered into an administration agreement under this subsection shall, at such times and in such installments as may be agreed upon between the Secretary and the State, pay to the Secretary an amount equal to the expenditures made by the Secretary as supplementary payments to individuals entitled thereto under the agreement entered into with such State under subsection (a).

"(c)(1) Supplementary payments made pursuant to an agreement entered into under subsection (a) shall be excluded under section 1612(b)(6) of the Social Security Act [section 1382a(b)(6) of this title] (as in effect after December 1973) in determining income of individuals for purposes of title XVI of such Act [this subchapter] (as so in effect).

"(2) Supplementary payments made by the Secretary (pursuant to an administration agreement entered into under subsection (b)) shall, for purposes of section 401 of the Social Security Amendments of 1972 [set out as a note under section 1382e of this title], be considered to be payments made under an agreement entered into under section 1616 of the Social Security Act (as enacted by section 301 of the Social Security Amendments of 1972 [section 1382e of this title]); except that nothing in this paragraph shall be construed to waive, with respect to the payments so made by the Secretary, the provisions of subsection (b) of such section 401 [set out as a note under section 1382e of this title].

"(d) For purposes of subsection (a)(1), a State shall be deemed to have entered into an agreement under subsection (a) of this section if such State has entered into an agreement with the Secretary under section 1616 of the Social Security Act [section 1382e of this title] under which—

"(1) individuals, other than individuals described in subsection (a)(2) (A) and (B), are entitled to receive supplementary payments, and

"(2) supplementary benefits are payable, to individuals described in subsection (a)(2) (A) and (B) at a level and under terms and conditions which meet

the minimum requirements specified in subsection (a).

"(e) Except as the Secretary may by regulations otherwise provide, the provisions of title XVI of the Social Security Act [this subchapter] (as enacted by section 301 of the Social Security Amendments of 1972), including the provisions of part B of such title [section 1383 et seq. of this title], relating to the terms and conditions under which the benefits authorized by such title [this subchapter] are payable shall, where not inconsistent with the purposes of this section, be applicable to the payments made under an agreement under subsection (b) of this section; and the authority conferred upon the Secretary by such title [this subchapter] may, where appropriate, be exercised by him in the administration of this section.

"(f) The provisions of subsection (a)(1) shall not be applicable in the case of any State—

"(1) the Constitution of which contains provisions which make it impossible for such State to enter into and commence carrying out (on January 1, 1974) an agreement referred to in subsection (a), and

"(2) the Attorney General (or other appropriate State official) of which has, prior to July 1, 1973, made a finding that the State Constitution of such State contains limitations which prevent such State from making supplemental payments of the type described in section 1616 of the Social Security Act [section 1382e of this title]."

§ 1382. State plans for aid to aged, blind, or disabled or for such aid and medical assistance for aged

(a) Contents

A State plan for aid to the aged, blind, or disabled, or for aid to the aged, blind, or disabled and medical assistance for the aged, must—

(1) except to the extent permitted by the Secretary with respect to services, provide that it shall be in effect in all political subdivisions of the State, and, if administered by them, be mandatory upon them;

(2) provide for financial participation by the State;

(3) either provide for the establishment or designation of a single State agency to administer the plan, or provide for the establishment or designation of a single State agency to supervise the administration of the plan;

(4) Provide (A) for granting an opportunity for a fair hearing before the State agency to any individual whose claim for aid or assistance under the plan is denied or is not acted upon with reasonable promptness, and (B) that if the State plan is administered in each of the political subdivisions of the State by a local agency and such local agency provides a hearing at which evidence may be presented prior to a hearing before the State agency, such local agency may put into effect immediately upon issuance its decision upon the matter considered at such hearing.

(5) provide (A) such methods of administration (including methods relating to the establishment and maintenance of personnel standards on a merit basis, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods) as are found by the Secretary to be necessary for the proper and efficient operation of the plan, and (B) for the training and effective use of paid subprofessional staff, with particular emphasis on the full-time or part-time employment of recipients and other persons of low income, as community service aides, in the administration of the plan and for the use of nonpaid or partially paid volunteers in a social service volunteer program in providing services to applicants and recipients and in assisting any advisory committees established by the State agency;

(6) provide that the State agency will make such reports, in such form and containing such information, as the Secretary may from time to time require, and comply with such provisions as the Secretary may from time to time find necessary to assure the correctness and verification of such reports;

(7) provide safeguards which permit the use or disclosure of information concerning applicants or recipients only (A) to public officials who require such information in connection with their official duties, or (B) to other persons for purposes directly connected with the administration of the State plan;

(8) provide that all individuals wishing to make application for aid or assistance under the plan shall have opportunity to do so, and that such aid or assistance shall be furnished with reasonable promptness to all eligible individuals;

(9) provide, if the plan includes aid or assistance to or on behalf of individuals in private or public institutions, for the establishment or designation of a State authority or authorities which shall be responsible for establishing and maintaining standards for such institutions;

(10) provide a description of the services (if any) which the State agency makes available (using whatever internal organizational management it finds appropriate for this purpose) to applicants for or recipients of aid or assistance under the plan to help them attain self-support or self-care, including a description of the steps taken to assure, in the provision of such services, maximum utilization of other agencies providing similar or related services;

(11) provide that no aid or assistance will be furnished any individual under the plan with respect to any period with respect to which he is receiving assistance under the State plan approved under subchapter I of this chapter or aid under the State plan approved under part A of subchapter IV of this chapter or under subchapter X or XIV of this chapter;

(12) provide that, in determining whether an individual is blind, there shall be an examination by a physician skilled in the diseases of the eye or by an optometrist, whichever the individual may select;

(13) include reasonable standards, consistent with the objectives of this subchapter, for determining eligibility for and the extent of aid or assistance under the plan;

(14) provide that the State agency shall, in determining need for aid to the aged, blind, or disabled, take into consideration any other income and resources of an individual claiming such aid, as well as any expenses reasonably attributable to the earning of any such income; except that, in making such determination with respect to any individual—

(A) if such individual is blind, the State agency (i) shall disregard the first $85 per month of earned income plus one-half of earned income in excess of $85 per month, and (ii) shall, for a period not in excess of 12 months, and may, for a period not in excess of 36 months, disregard such additional amounts of

other income and resources, in the case of any such individual who has a plan for achieving self-support approved by the State agency, as may be necessary for the fulfillment of such plan,

(B) if such individual is not blind but is permanently and totally disabled, (i) of the first $80 per month of earned income, the State agency may disregard not more than the first $20 thereof plus one-half of the remainder, and (ii) the State agency may, for a period not in excess of 36 months, disregard such additional amounts of other income and resources, in the case of any such individual who has a plan for achieving self-support approved by the State agency, as may be necessary for the fulfillment of such plan, but only with respect to the part or parts of such period during substantially all of which he is actually undergoing vocational rehabilitation,

(C) if such individual has attained age 65 and is neither blind nor permanently and totally disabled, of the first $80 per month of earned income the State agency may disregard not more than the first $20 thereof plus one-half of the remainder, and

(D) the State agency may, before disregarding the amounts referred to above in this paragraph

(14), disregard not more than $7.50 of any income;

(15) if the State plan includes medical assistance for the aged—

(A) provide for inclusion of some institutional and some noninstitutional care and services;

(B) provide that no enrollment fee, premium, or similar charge will be imposed as a condition of any individual's eligibility for medical assistance for the aged under the plan;

(C) provide for inclusion, to the extent required by regulations prescribed by the Secretary, of provisions (conforming to such regulations) with respect to the furnishing of such assistance to individuals who are residents of the State but are absent therefrom; and

(D) provide that no lien may be imposed against the property of any individual prior to his death on account of medical assistance for the aged paid or to be paid on his behalf under the plan (except pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual), and that there shall be no adjustment or recovery (except after the death of such individual and his surviving spouse, if any, from such individual's estate) of any medical assistance for the aged correctly paid on behalf of such individual under the plan;

(16) if the State plan includes aid or assistance to or in behalf of individuals 65 years of age or older who are patients in institutions for mental diseases—

(A) provide for having in effect such agreements or other arrangements with State authorities concerned with mental diseases, and, where appropriate, with such institutions, as may be necessary for carrying out the State plan, including arrangements for joint planning and for development of alternate methods of care, arrangements providing assurance of immediate readmittance to institutions where needed for individuals under alternate plans of care, and arrangements providing for access to patients and facilities, for furnishing information, and for making reports;

(B) provide for an individual plan for each such patient to assure that the institutional care provided to him is in his best interests, including, to that end, assurances that there will be initial and periodic review of his medical and other needs, that he will be given appropriate medical treatment within the institution, and that there will be a periodic determination of his need for continued treatment in the institution;

(C) provide for the development of alternate plans of care, making maximum utilization of available resources, for recipients 65 years of age or older who would otherwise need care in such institutions, including appropriate medical treatment and other aid or assistance; for services referred to in section 1383 (a)(4)(A)(i) and (ii) of this title which are appropriate for such recipients and for such patients; and for methods of administration necessary to assure that the responsibilities of the State agency under the State plan with respect to such recipients and such patients will be effectively carried out; and

(D) provide methods of determining the reasonable cost of institutional care for such patients; and

(17) if the State plan includes aid or assistance to or in behalf of individuals 65 years of age or older who are patients in public institutions for mental diseases, show that the State is making satisfactory progress toward developing and implementing a comprehensive mental health program, including provision for utilization of community mental health centers, nursing homes, and other alternatives to care in public institutions for mental diseases.

Notwithstanding paragraph (3), if on January 1, 1962, and on the date on which a State submits its plan for approval under this subchapter, the State agency which administered or supervised the administration of the plan of such State approved under subchapter X of this chapter was different from the State agency which administered or supervised the administration of the plan of such State approved under subchapter I of this chapter and the State agency which administered or supervised the administration of the plan of such State approved under subchapter XIV of this chapter, the State agency which administered or supervised the administration of such plan approved under subchapter X of this chapter may be designated to administer or supervise the administration of portion of the State plan for aid to the aged, blind, or disabled (or for aid to the aged, blind, or disabled and medical assistance for the aged) which relates to blind individuals and a separate State agency may be established or designated to administer or supervise the administration of the test of such plan; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this subchapter.

(b) Approval by Secretary

The Secretary shall approve any plan which fulfills the conditions specified in subsection (a) of this section, except that he shall not approve any plan which imposes, as a condition of eligibility for aid or assistance under the plan—

(1) an age requirement of more than sixty-five years; or

(2) any residence requirement which (A) in the case of applicants for aid to the aged, blind, or disabled excludes any resident of the State who has resided therein five years during the nine years immediately proceeding the application for such aid and has resided therein continuously for one year immediately preceding the application, and (B) in the case of applicants for medical assistance for the aged, excludes any individual who resides in the State; or

(3) any citizenship requirement which excludes any citizen of the United States. At the option of the State, the plan may provide that manuals and other policy issuances will be furnished to persons without charge for the reasonable cost of such materials, but such provision shall not be required by the Secretary as a condition for the approval of such plan under this subchapter.

In the case of any State to which the provisions of section 344 of the Social Security Act Amendments of 1950 were applicable on January 1, 1962, and to which the sentence of section 1202(b) of this title following paragraph (2) thereof is applicable on the date on which its State plan for aid to the aged, blind, or disabled (or for aid to the aged, blind, or disabled and medical assistance for the aged) was submitted for approval under this subchapter, the Secretary shall approve the plan of such State for aid to the aged, blind, or disabled (or for aid to the aged, blind, or disabled and medical assistance for the aged) for purposes of this subchapter, even though it does not meet the requirements of paragraph (14) of subsection (a) of this section. If it meets all other requirements of this subchapter for an approved plan for aid to the aged, blind, or disabled (or for aid to the aged, blind, or disabled and medical assistance for the aged); but payments under section 1333 of this title shall be made, in the case of any such plan, only with respect to expenditures thereunder which would be included as expenditures for the purposes of section 1383 of this title

under a plan approved under this section without regard to the provisions of this sentence.

(c) Limitation on number of plans.

Subject to the last sentence of subsection (a) of this section, nothing in this subchapter shall be construed to permit a State to have in effect with respect to any period more than one State plan approved under this subchapter. SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1382 of this title.

§ 1382c. Definitions.

(a) (1) For purposes of this subchapter, the term "aged, blind, or disabled individual" means an individual who—

(A) is 65 years of age or older, is blind (as determined under paragraph (2)), or is disabled (as determined under paragraph (3)), and

(B) is a resident of the United States, and is either (i) a citizen or (ii) an alien lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law (including any alien who is lawfully present in the United States as a result of the application of the provisions of section 1153(a)(7) or section 1182(d)(5) of Title 8).

(2) An individual shall be considered to be blind for purposes of this subchapter if he has central visual acuity of 20/200 or less in the better eye with the use of a correcting lens. An eye which is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees shall be considered for purposes of the first sentence of this subsection as having a central visual acuity of 20/200 or less. An individual shall also be considered to be blind for purposes of this subchapter if he is blind as defined under a State plan approved under subchapter X or XVI of this chapter as in effect for October 1972 and receive aid under such plan (on the basis of blindness) for December 1973, so long as he is continuously blind as so defined.

(3)(A) An individual shall be considered to be disabled for purposes of this subchapter if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months (or, in the case of a child under the age of 18, if he suffers from any medically determinable physical or mental impairment of comparable severity).

(B) For purposes of subparagraph (A), an individual shall be determined to be under a disability only if his physical or mental impairment or impairments are of such severity that he is not only unable to do his previous work but cannot, considering his age, education, and work experience, engage in any other kind of substantial gainful work which exists in the national economy, regardless of whether such work exists in the immediate area in which he lives, or whether a specific job vacancy exists for him, or whether he would be hired if he applied for work. For purposes of the preceding sentence (with respect to any individual), "work which exists in the national economy" means work which exists in significant numbers either in the region where such individual lives or in several regions of the country.

(C) For purposes of this paragraph, a physical or mental impairment is an impairment that results from anatomical, physiological, or psychological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.

(D) The Secretary shall by regulations prescribe the criteria for determining when services performed or earnings derived from services demonstrate an individual's ability to engage in substantial gainful activity. Notwithstanding the provisions of subparagraph (B), an individual whose services or earnings meet such criteria, except for purposes of paragraph (4), shall be found not to be disabled.

(E) Notwithstanding the provisions of subparagraphs (A) through (D), an individual shall also be considered to be disabled for purposes of this subchapter if he is permanently and totally disabled as defined under a State plan approved under subchapter XIV or XVI of this chapter as in effect for October 1972 and received aid under such plan (on the basis of disability) for December 1973 (and for at least one month prior to July 1973), so long as he is continuously disabled as so defined.

(4)(A) For purposes of this subchapter, any services rendered during a period of trial work (as defined in subparagraph (B)) by an individual who is an aged, blind, or disabled individual solely by reason of disability (as determined under paragraph (3) of this subsection) shall be deemed not to have been rendered by such individual in determining whether his disability has ceased in a month during such period. As used in this paragraph, the term "services" means activity which is performed for remuneration or gain or is determined by the Secretary to be of a type normally performed for remuneration or gain.

(B) The term "period of trial work", with respect to an individual who is an aged, blind, or disabled individual solely by reason of disability (as determined under paragraph (3) of this subsection), means a period of months beginning and ending as provided in subparagraphs (C) and (D).

(C) A period of trial work for any individual shall begin with the month in which he becomes eligible for benefits under this subchapter on the basis of his disability; but no such period may begin for an individual who is eligible for benefits under this subchapter on the basis of a disability if he has had a previous period of trial work while eligible for benefits on the basis of the same disability.

(D) A period of trial work for any individual shall end with the close of whichever of the following months is the earlier:

(i) the ninth month, beginning on or after the first day of such period, in which the individual renders services (whether or not such nine months are consecutive); or

(ii) the month in which his disability (as determined under paragraph (3) of this subsection) ceases (as determined after the application of subparagraph (A) of this paragraph).

(b) For purposes of this subchapter, the term "eligible spouse" means an aged, blind, or disabled individual who is the husband or wife of another aged, blind, or disabled individual and who has not

been living apart from such other aged, blind, or disabled individual for more than six months. If two aged, blind, or disabled individuals are husband and wife as described in the preceding sentence, only one of them may be an "eligible individual" within the meaning of section 1382(a) of this title.

(c) For purposes of this subchapter, the term "child" means an individual who is neither married nor (as determined by the Secretary) the head of a household, and who is (1) under the age of eighteen, or (2) under the age of twenty-two and (as determined by the Secretary) a student regularly attending a school, college, or university, or a course of vocational or technical training designed to prepare him for gainful employment.

(d) In determining whether two individuals are husband and wife for purposes of this subchapter, appropriate State law shall be applied; except that—

(1) if a man and women [1] have been determined to be husband and wife under section 416(h)(1) of this title for purposes of subchapter II of this chapter they shall be considered (from and after the date of such determination or the date of their application for benefits under this subchapter, whichever is later) to be husband and wife for purposes of this subchapter, or

(2) if a man and woman are found to be holding themselves out to the community in which they reside as husband and wife, they shall be so considered for purposes of this subchapter notwithstanding any other provision of this section.

(e) For purposes of this subchapter, the term "United States," when used in a geographical sense, means the 50 States and the District of Columbia.

(f)(1) For purposes of determining eligibility for and the amount of benefits for any individual who is married and whose spouse is living with him in the same household but is not an eligible spouse, such individual's income and resources shall be deemed to include any income and resources of such spouse, whether or not available to such individual, except to the extent determined by the Secretary to be inequitable under the circumstances.

(2) For purposes of determining eligibility for and the amount of benefits for any individual who is a child under age 21, such individual's income and resources shall be deemed to include any income and resources of a parent of such individual (or the spouse of such a parent) who is living in the same household as such individual, whether or not available to such individual, except to the extent determined by the Secretary to be inequitable under the circumstances. LIMITATION ON FISCAL LIABILITY OF STATES FOR PAYMENT TO SECRETARY OF SUPPLEMENTARY PAYMENTS MADE BY SECRETARY PURSUANT TO AGREEMENT; DEFINITIONS

Section 401 of Pub. L. 92–603, as amended by Pub. L. 93–233, § 18(h), Dec. 31, 1973, 87 Stat. 969, provided that:

"(a)(1) The amount payable to the Secretary by a State for any fiscal year, other than fiscal year 1974, pursuant to its agreement or agreements under section 1616 of the Social Security Act [this section] shall not exceed the non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of the State approved under titles I, X, XIV, and XVI of the Social Security Act (as defined in subsection (c) of this section) [subchapters I, X, XIV and XVI of this chapter], and the amount payable for fiscal year 1974 pursuant to such agreement or agreements shall not exceed one-half of the non-Federal share of such expenditures."

"(2) Paragraph (1) of this subsection shall only apply with respect to that portion of the supplementary payments made by the Secretary on behalf of the State under such agreements in any fiscal year which does not exceed in the case of any individual the difference between—

"(A) the adjusted payment level under the appropriate approved plan of such State as in effect for January 1972 (as defined in subsection (b) of this section), and

"(B) the benefits under title XVI of the Social Security Act, plus income not excluded under section 1612

(b) of such Act [section 1382a(b) of this title] in determining such benefits, paid to such individual in such fiscal year,

and shall not apply with respect to supplementary payments to any individual who (i) is not required by section 1616 of such Act [this section] to be included in any such agreement administered by the Secretary and (ii) would have been ineligible (for reasons other than income) for payments under the appropriate approved State plan as in effect for January 1972.

"(b)(1) For purposes of subsection (a), the term 'adjusted payment level under the appropriate approved plan of a State as in effect for January 1972' means the amount of the money payment which an individual with no other income would have received under the plan of such State approved under title I, X, XIV, or XVI of the Social Security Act [subchapter I, X, XIV, or XVI of this chapter], as may be appropriate, and in effect for January 1972; except that the State may, at its option, increase such payment level with respect to any such plan by an amount which does not exceed the sum of—

"(A) a payment level modification (as defined in paragraph (2) of this subsection) with respect to such plan, and

"(B) the bonus value of food stamps in such State for January 1972 (as defined in paragraph (3) of this subsection).

"(2) For purposes of paragraph (1), the term 'payment level modification' with respect to any State plan means that amount by which a State which for January 1972 made money payments under such plan to individuals with no other income which were less than 100 per centum of its standard of need could have increased such money payments without increasing (if it reduced its standard of need under such plan so that such increased money payments equaled 100 per centum of such standard of need) the non-Federal share of expenditures as aid or assistance for quarters in calendar year 1972 under the plans of such State approved under titles I, X, XIV, and XVI of the Social Security Act [subchapters I, X, XIV, and XVI of this chapter].

"(3) For purposes of paragraph (1), the term 'bonus value of food stamps in a State for January 1972' (with respect to an individual) means—

"(A) the face value of the coupon allotment which would have been provided to such an individual under the Food Stamp Act of 1964 [chapter 51 of Title 7] for January 1972, reduced by

"(B) the charge which such an individual would have paid for such coupon allotment,

if the income of such individual, for purposes of determining the charge it would have paid for its coupon allotment, had been equal to the adjusted payment level under the State plan (including any payment level modification with respect to the plan adopted pursuant to paragraph (2) (but not including any amount under this paragraph)). The total face value of food stamps and the cost thereof in January 1972 shall be determined in accordance with rules prescribed by the Secretary of Agriculture in effect in such month.

"(c) For purposes of this section, the term 'non-Federal share of expenditures as aid or assistance for quarters in the calendar year 1972 under the plans of a State approved under titles I, X, XIV, and XVI of the Social Security Act' [subchapters I, X, XIV, and XVI of this chapter] means the difference between—

"(1) the total expenditures in such quarters under such plans for aid or assistance (excluding expenditures authorized under section 1119 of such Act [section 1319 of this title] for repairing the home of an individual who was receiving aid or assistance under one of such plans (as such section was in effect prior to the enactment of this Act) [Oct. 30, 1972]), and

"(2) the total of the amounts determined under sections 3, 1003, 1403, and 1603 of the Social Security Act [sections 303, 1203, 1353, and 1383 of this title], under section 1118 of such Act [section 1318 of this title], and under section 9 of the Act of April 19, 1950 [section 639 of Title 25], for such State with respect to such expenditures in such quarters."

Section 8(d) of Pub. L. 93–233 provided that: "Section 401(b)(1) of the Social Security Amendments of 1972 [supra] is amended by striking out everything after the word 'exceed' and inserting in lieu thereof: 'a payment level modification (as defined in paragraph (2) of this subsection) with respect to such plans.'"

SAME; ELIGIBILITY OF SUPPLEMENTAL SECURITY INCOME RECIPIENTS FOR FOOD STAMPS DURING 6-MONTH PERIOD BEGINNING JAN. 1, 1974

Section 8(c) of Pub. (a) of this section] at a level which is at least equal to the maximum level which can be determined under section 401(b)(1) of the Social Security Amendments of 1972 [set out as a note under this section] and which is such that the limitation on State fiscal liability under section 401 [set out as a note under this section] does result in a reduction in the amount which would otherwise be payable to the Secretary by the State, and (2) only with respect to such months as the State may, at its option, elect."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1382 of this title.

PART B—PROCEDURAL AND GENERAL PROVISIONS

§ 1383. Procedure for payment of benefits.

(a) Time, manner, form, and duration of payments; promulgation of regulations.

(1) Benefits under this subchapter shall be paid at such time or times and in such installments as will best effectuate the purposes of this subchapter, as determined under regulations (and may in any case be paid less frequently than monthly where the amount of the monthly benefit would not exceed $10).

(2) Payments of the benefit of any individual may be made to any such individual or to his eligible spouse (if any) or partly to each, or, if the Secretary deems it appropriate to any other person (including an appropriate public or private agency) who is interested in or concerned with the welfare of such individual (or spouse). Notwithstanding the provisions of the preceding sentence, in the case of any individual or eligible spouse referred to in section 1382(e)(3)(A) of this title, the Secretary shall provide for making payments of the benefit to any other person (including an appropriate public or private agency) who is interested in or concerned with the welfare of such individual (or spouse).

(3) The Secretary may by regulation establish ranges of incomes within which a single amount of benefits under this subchapter shall apply.

(4) The Secretary—

(A) may make to any individual initially applying for benefits under this subchapter who is presumptively eligible for such benefits and who is faced with financial emergency a cash advance against such benefits in an amount not exceeding $100; and

(B) may pay benefits under this subchapter to an individual applying for such benefits on the basis of disability for a period not exceeding 3 months prior to the determination of such individual's disability, if such individual is presumptively disabled and is determined to be otherwise eligible for such benefits, and any benefits so paid prior to such determination shall in no event be considered overpayments for purposes of subsection (b) of this section solely because such individual is determined not to be disabled.

(5) Payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1382c(a)(2) of this title) or disability (as determined under section 1382c(a)(3), of this title), and who ceases to be blind or to be under such disability shall continue (so long as such individual is otherwise eligible) through the second month following the month in which such blindness or disability ceases.

(b) Overpayments and underpayments; adjustment, recovery, or payment of amounts by Secretary.

Whenever the Secretary finds that more or less than the correct amount of benefits has been paid with respect to any individual, proper adjustment or recovery shall, subject to the succeeding provisions of this subsection, be made by appropriate adjustments in future payments to such individual or by recovery from or payment to such individual or his eligible spouse (or by recovery from the estate of either). The Secretary shall make such provision as he finds appropriate in the case of payment of more than the correct amount of benefits with respect to an individual with a view to avoiding penalizing such individual or his eligible spouse who was without fault in connection with the overpayment, if adjustment or recovery on account of such overpayment in such case would defeat the purposes of this subchapter, or be against equity or good conscience, or (because of the small amount involved) impede efficient or effective administration of this subchapter.

(c) Hearing to determine eligibility or amount of benefits; time within which to request hearing; time for determinations of Secretary pursuant to hearing; judicial review.

(1) The Secretary is directed to make findings of fact, and decisions as to the rights of any individual applying for payment under this subchapter. The Secretary shall provide reasonable notice and opportunity for a hearing to any individual who is

or claims to be an eligible individual or eligible spouse and is in disagreement with any determination under this subchapter with respect to eligibility of such individual for benefits, or the amount of such individual's benefits, if such individual requests a hearing on the matter in disagreement within sixty days after notice of such determination is received, and, if a hearing is held, shall, on the basis of evidence adduced at the hearing affirm, modify, or reverse his findings of fact and such decision. The Secretary is further authorized, on his own motion, to hold such hearings and to conduct such investigations and other proceedings as he may deem necessary or proper for the administration of this subchapter. In the course of any hearing, investigation, or other proceeding, he may administer oaths and affirmations, examine witnesses, and receive evidence. Evidence may be received at any hearing before the Secretary even though inadmissible under the rules of evidence applicable to court procedure.

(2) Determination on the basis of such hearing, except to the extent that the matter in disagreement involves a disability (within the meaning of section 1382c(a)(3) of this title), shall be made within ninety days after the individual requests the hearing as provided in paragraph (1).

(3) The final determination of the Secretary after a hearing under paragraph (1) shall be subject to judicial review as provided in section 405(g) of this title to the same extent as the Secretary's final determinations under section 405 of this title.

(d) Procedures applicable; prohibition on assignment of payments; representation of claimants; maximum fees; penalties for violations.

(1) The provisions of section 407 of this title and subsections (a), (d), (e), and (f) of section 405 of this title shall apply with respect to this part to the same extent as they apply in the case of subchapter II of this chapter.

(2) The Secretary may prescribe rules and regulations governing the recognition of agents or other persons, other than attorneys, as hereinafter provided, representing claimants before the Secretary under this subchapter, and may require of such agents or other persons, before being recognized as representatives of claimants, that they shall show that they are of good character and in good repute, possessed of the necessary qualifications to enable them to render such claimants valuable service, and otherwise competent to advise and assist such claimants in the presentation of their cases. An attorney in good standing who is admitted to practice before the highest court of the State, Territory, District, or insular possession of his residence or before the Supreme Court of the United States or the inferior Federal courts, shall be entitled to represent claimants before the Secretary. The Secretary may, after due notice and opportunity for hearing, suspend or prohibit from further practice before him any such person, agent, or attorney who refuses to comply with the Secretary's rules and regulations or who violates any provision of this paragraph for which a penalty is prescribed. The Secretary may, by rule and regulation, prescribe the maximum fees which may be charged for services performed in connection with any claim before the Secretary under this subchapter, and any agreement in violation of such rules and regulations shall be void. Any person who shall, with intent to defraud, in any manner willfully and knowingly deceive, mislead, or threaten any claimant or prospective claimant or beneficiary under this subchapter by word, circular, letter, or advertisement, or who shall knowingly charge or collect directly or indirectly any fee in excess of the maximum fee, or make any agreement directly or indirectly to charge or collect any fee in excess of the maximum fee, prescribed by the Secretary, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall for each offense be punished by a fine not exceeding $500 or by imprisonment not exceeding one year, or both.

(e) Administrative requirements prescribed by Secretary; criteria; reduction of benefits to individual for noncompliance with requirements.

(1)(A) The Secretary shall, subject to subparagraph (B), prescribe such requirements with respect to the filing of applications, the suspension or termination of assistance, the furnishing of other data and material, and the reporting of events and changes in circumstances, as may be necessary for the effective and efficient administration of this subchapter.

(B) The requirements prescribed by the Secretary pursuant to subparagraph (A) shall require that eligibility for benefits under this subchapter will not be determined solely on the basis of declarations by the applicant concerning eligibility factors or other relevant facts, and that revelant information will be verified from independent or collateral sources and additional information obtained as necessary in order to assure that such benefits are only provided to eligible individuals (or eligible spouses) and that the amounts of such benefits are correct.

(2) In case of the failure by any individual to submit a report of events and changes in circumstances relevant to eligibility for or amount of benefits under this subchapter as required by the Secretary under paragraph (1), or delay by any individual in submitting a report as so required, the Secretary (in addition to taking any other action he may consider appropriate under paragraph (1)) shall reduce any benefits which may subsequently become payable to such individual under this subchapter by—

(A) $25 in the case of the first such failure or delay,

(B) $50 in the case of the second such failure or delay, and

(C) $100 in the case of the third or a subsequent such failure or delay,

except where the individual was without fault or good cause for such failure or delay existed.

(f) Furnishing of information by Federal agencies.

The head of any Federal agency shall provide such information as the Secretary needs for purposes of determining eligibility for or amount of benefits, or verifying other information with respect thereto.

(g) Reimbursement to States for interim assistance payments; definitions; agreement; hearing provisions inapplicable to disagreements concerning payments; termination date; report to Congress.

(1) Notwithstanding subsection (d)(1) of this section and subsection (b) of this section as it relates to the payment of less than the correct amount of benefits, the Secretary may, upon written authorization by an individual, withhold benefits due with respect to that individual and may pay to a State (or a political subdivision thereof if agreed to by the Secretary and the State) from the benefits withheld an amount sufficient to reimburse the State (or political subdivision) for interim assistance furnished on behalf of the individual by the State (or political subdivision).

(2) For purposes of this subsection, the term "benefits" with respect to any individual means supplemental security income benefits under this subchapter, and any State supplementary payments under section 1382e of this title or under section 212 of Public Law 93–66 which the Secretary makes on behalf of a State (or political subdivision thereof), that the Secretary has determined to be due with respect to the individual at the time the Secretary makes the first payment of benefits. A cash advance made pursuant to subsection (a)(4)(A) of this section shall not be considered as the first payment of benefits for purposes of the preceding sentence.

(3) For purposes of this subsection, the term "interim assistance" with respect to any individual means assistance financed from State or local funds and furnished for meeting basic needs during the period, beginning with the month in which the individual filed an application for benefits (as defined in paragraph (2)), for which he was eligible for such benefits.

(4) In order for a State to receive reimbursement under the provisions of paragraph (1), the State shall have in effect an agreement with the Secretary which shall provide—

(A) that if the Secretary makes payment to the State (or a political subdivision of the State as provided for under the agreement) in reimbursement for interim assistance (as defined in paragraph (3)) for any individual in an amount greater than the reimbursable amount authorized by paragraph (1), the State (or political subdivision) shall pay to the individual the balance of such payment in excess of the reimbursable amount as expeditiously as possible, but in any event within ten working days or a shorter period specified in the agreement; and

(B) that the State will comply with such other rules as the Secretary finds necessary to achieve efficient and effective administration of this subsection and to carry out the purposes of the program established by this subchapter, including protection of hearing rights for any individual aggrieved by action taken by the State (or political subdivision) pursuant to this subsection.

(5) The provisions of subsection (c) of this section shall not be applicable to any disagreement concerning payment by the Secretary to a State pursuant to the preceding provisions of this subsection nor the amount retained by the State (or political subdivision).

(6) The provisions of this subsection shall expire on June 30, 1976. At least sixty days prior to such expiration date, the Secretary shall submit to Congress a report assessing the effects of actions taken pursuant to this subsection, including the adequacy of interim assistance provided and the efficiency and effectiveness of the administration of such provisions. Such report may include such recommendations as the Secretary deems appropriate. (Aug. 14, 1935, ch. 531, title XVI, § 1631, as added Oct. 30, 1972, Pub. (3) in the case of any State, an amount equal to the Federal medical percentage (as defined in section

300(c) of this title) of the total amounts expended during such quarter as medical assistance for the aged under the State plan (including expenditures for insurance premiums for medical or any other type of remedial care or the cost thereof); and

(4) In the case of any State whose State plan approved under section 1382 of this title meets the requirements of subsection (c)(1) of this section, an amount equal to the sum of the following proportions of the total amounts expended during such quarter as found necessary by the Secretary of Health, Education, and Welfare for the proper and efficient administration of the State plan—

(i) services which are prescribed pursuant to subsection (c)(1) of this section and are provided (in accordance with the next sentence) to applicants for or recipients of aid or assistance under the plan to help them attain or retain capability for self-support or self-care, or

(ii) other services, specified by the Secretary as likely to prevent or reduce dependency, so provided to such applicants or recipients, or

(iii) any of the services prescribed pursuant to subsection (c)(1) of this section, and of the services specified as provided in clause (ii), which the Secretary may specify as appropriate for individuals who, within such period or periods as the Secretary may prescribe, have been or are likely to become applicants for or recipients of aid or assistance under the plan, if such services are requested by such individuals and are provided to such individuals in accordance with the next sentence, or

(B) one-half of so much of such expenditures (not included under subparagraph (A)) as are for services provided (in accordance with the next sentence) to applicants for or recipients of aid or assistance under the plan, and to individuals requesting such services who (within such period or periods as the Secretary may prescribe) have been or are likely to become applicants for or recipients of such aid or assistance; plus

(C) one-half of the remainder of such expenditures.

The services referred to in subparagraphs (A) and (B) shall, except to the extent specified by the Secretary include only—

(D) services provided by the staff of the State agency, or of the local agency administering the State plan in the political subdivision: *Provided*, That no funds authorized under this subchapter shall be available for services defined as vocational rehabilitation services under the Vocational Rehabilitation Act (i) which are available to individuals in need of them under programs for their rehabilitation carried on under a State plan approved under such Act, or (ii) which the State agency or agencies administering or supervising the administration of the State plan approved under such Act are able and willing to provide if reimbursed for the cost thereof pursuant to agreement under subparagraph (E), if provided by such staff, and

(E) under conditions which shall be prescribed by the Secretary, services which in the judgment of the State agency cannot be as economically or as effectively provided by the staff of such State or local agency and are not otherwise reasonably available to individuals in need of them, and which are provided, pursuant to agreement with the State agency, by the State health authority or the State agency or agencies administering or supervising the administration of the State plan for vocational rehabilitation services approved under the Vocational Rehabilitation Act or by any other State agency which the Secretary may determine to be appropriate (whether provided by its staff or by contract with public (local) or nonprofit private agencies);

except that services described in clause (ii) of subparagraph (D) hereof may be provided only pursuant to agreement with such State agency or agencies administering or supervising the administration of the State plan for vocational rehabilitation services so approved. The portion of the amount expended for administration of the State plan to which subparagraph (A) applies and the portion thereof to which subparagraphs (B) and (C) apply shall be determined in accordance with such methods and procedures as may be permitted by the Secretary; and

(5) in the case of any State whose State plan approved under section 1382 of this title does not meet the requirements of subsection (c)(1) of this section, an amount equal to one-half of the total of the sums expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan including services referred to in paragraph (4) and provided in accordance with the provisions of such paragraph.

(b)(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsection (a) of this section for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsection, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

(2) The Secretary shall then pay, in such installments as he may determine, to the State the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to aid or assistance furnished under the State plan, but excluding any amount of such aid or assistance recovered from the estate of a deceased recipient which is not in excess of the amount expended by the State or any political subdivision thereof for the funeral expenses of the deceased, shall be considered an overpayment to be adjusted under this subsection.

(4) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemd obligated.

(c)(1) In order for a State to qualify for payments under paragraph (4) of subsection (a) of this section, its State plan approved under section 1382 of this title must provide that the State agency shall make available to applicants for or recipients of aid to the aged, blind, or disabled under such State plan at least those services to help them attain or retain capability for self-support or self-care which are prescribed by the Secretary.

(2) In the case of any State whose State plan included a provision meeting the requirements of paragraph (1), but with respect to which the Secretary finds, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of such plan, that—

(A) the provision has been so changed that it no longer complies with the requirements of paragraph (1), or

(B) in the administration of the plan there is a failure to comply substantially with such provision,

the Secretary shall notify such State agency that further payments will not be made to the State under paragraph (4) of subsection (a) of this section until he is satisfied that there will no longer be any such failure to comply. Until the Secretary is so satisfied further payments with respect to the administration of such State plan shall not

be made under paragraph (4) of subsection (a) of this section but shall instead be made, subject to the other provisions of this subchapter, under paragraph (5) of such subsection.

(d) Notwithstanding the preceding provisions of this section, the amount determined under such provisions for any State for any quarter which is attributable to expenditures with respect to individuals 65 years of age or older who are patients in institutions for mental diseases shall be paid only to the extent that the State makes a showing satisfactory to the Secretary that total expenditures in the State from Federal, State, and local sources for mental health services (including payments to or in behalf of individuals with mental health problems) under State and local public health and public welfare programs for such quarter exceed the average of the total expenditures in the State from such sources for such services under such programs for each quarter of the fiscal year ending June 30, 1965. For purposes of this subsection, expenditures for such services for each quarter in the fiscal year ending June 30, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the first determination by him under this subsection for such State; and expenditures for such services for any quarter beginning after December 31, 1965, in the case of any State shall be determined on the basis of the latest data, satisfactory to the Secretary, available to him at the time of the determination under this subsection for such State for such quarter; and determinations so made shall be conclusive for purposes of this subsection. (Aug. 14. 1935, ch. 531, title XVI, § 1603, as added July 25, 1962, Pub. L. 87–543, title I, § 141(a), 76 Stat. 200, and amended July 30, 1965, Pub. Therefore, as to Puerto Rico, Guam, and the Virgin Islands, section 1604 of the Social Security Act [this section] as it existed prior to reenactment of this subchapter by Pub. L. 92–603 continues to apply as follows:

§ 1384. Operation of State plans

If the Secretary, after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this subchapter, finds—

(1) that the plan has been so changed that it no longer complies with the provisions of section 1332 of this title; or

(2) that in the administration of the plan there is a failure to comply substantially with any such provision;

the Secretary shall notify such State agency that further payments will not be made to the State (or, in his discretion, that payments will be limited to categories under or parts of the State plan not affected by such failure), until the Secretary is satisfied that there will no longer be any such failure to comply. Until he is so satisfied he shall make no further payments to such State (or shall limit payments to categories under or parts of the State plan not affected by such failure). (Aug. 14, 1935, ch. 531, title XVI, § 1604, as added July 25, 1962, Pub. L. 87–543, title I, § 141(a), 76 Stat. 204.)

§ 1385. Definitions.

Section, act Aug. 14, 1935, ch. 531, title XVI, § 1605, as added July 25, 1962, Pub. L. 87–543, title I, § 141(a), 76 Stat. 204, and amended July 30, 1965, Pub. L. 89–97, title II, §§ 221(d) (1), (2), 222(b), title IV, § 402(b), 79 Stat. 358, 360, 416, which defined the terms "aid to the aged, blind, or disabled" and "medical assistance for the aged", was omitted in the general revision of this subchapter by Pub. L. 92–603, Oct. 30, 1972, 86 Stat. 1465, eff. Jan. 1, 1974.

PUERTO RICO, GUAM, AND VIRGIN ISLANDS

Enactment of subchapter XVI of the Social Security Act [this subchapter] by section 301 of Pub. L. 92–603, eff. Jan. 1, 1974, was not applicable to Puerto Rico, Guam, and the Virgin Islands. See section 303(b) of Pub. L. 92–603, set out as a note under section 301 of this title. Therefore, as to Puerto Rico, Guam, and the Virgin Islands, section 1605 of the Social Security Act [this section] as it existed prior to reenactment of this subchapter by Pub. L. 92–603 continues to apply as follows:

§ 1385. Definitions

(a) For purposes of this subchapter, the term "aid to the aged, blind, or disabled" means money payments to, or (if provided in or after the third month before the month in which the recipient makes application for aid) medical care in behalf of or any type of remedial care recognized under State law in behalf of, needy individuals who are 65 years of age or older, are blind, or are 18 years of age or over and permanently and totally disabled, but such term does not include—

(1) any such payments to or care in behalf of any individual who is an inmate of a public institution (except as a patient in a medical institution); or

(2) any such payments to or care in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

Such term also includes payments which are not included within the meaning of such term under the preceding sentence, but which would be so included except that they are made on behalf of such a needy individual to another individual who (as determined in accordance with standards prescribed by the Secretary) is interested in or concerned with the welfare of such needy individual, but only with respect to a State whose State plan approved, under section 1382 of this title includes provision for—

(A) determination by the State agency that such needy individual has, by reason of his physical or mental condition, such inability to manage funds that making payments to him would be contrary to his welfare and, therefore, it is necessary to provide such aid through payments described in this sentence;

(B) making such payments only in cases in which such payments will, under the rules otherwise applicable under the State plan for determining need and the amount of aid to the aged, blind, or disabled to be paid (and in conjunction with other income and resources), meet all the need of the individuals with respect to whom such payments are made;

(C) undertaking and continuing special efforts to protect the welfare of such individual and to improve, to the extent possible, his capacity for self-care and to manage funds;

(D) periodic review by such State agency of the determination under clause (A) of this subsection to ascertain whether conditions justifying such determination still exist, with provision for termination of such payments if they do not and for seeking judicial appointment of a guardian or other legal representative, as described in section 1311 of this title, if and when it appears that such action will best serve the interests of such needy individual; and

(E) opportunity for a fair hearing before the State agency on the determination referred to in clause (A) of this subsection for any individual with respect to whom it is made.

At the option of a State (if its plan approved under this subchapter so provides), such term (i) need not include money payments to an individual who has been absent from such State for a period in excess of ninety consecutive days (regardless of whether he has maintained his residence in such State during such period) until he has been present in such State for thirty consecutive days in the case of such an individual who has maintained his residence in such State during such period or ninety consecutive days in the case of any other such individual, and (ii) may include rent payments made directly to a public housing agency on behalf of a recipient or a group or groups of recipients of aid under such plan.

(b) For purposes of this subchapter, the term "medical assistance for the aged" means payment of part or all of the cost of the following care and services (if provided in or after the third month before the month in which the recipient makes application for assistance) for individuals who are sixty-five years of age or older and who are not recipients of aid to the aged, blind, or disabled (except, for any month, for recipients of aid to the aged, blind, or disabled who are submitted to or discharged from a medical institution during such month) but whose

income and resources are insufficient to meet all of such cost—

(1) inpatient hospital services;
(2) skilled nursing-home services;
(3) physicians' services;
(4) outpatient hospital or clinic services;
(5) home health care services;
(6) private duty nursing services;
(7) physical therapy and related services;
(8) dental services;
(9) laboratory and X-ray services;
(10) prescribed drugs, eyeglasses, dentures, and prosthetic devices;
(11) diagnostic, screening, and preventing services; and
(12) any other medical care or remedial care recognized under State law;

except that such term does not include any such payments with respect to care or services for any individual who is an inmate of a public institution (except as a patient in a medical institution). (Aug. 14, 1935, ch. 531, title XVI, § 1605, as added July 25, 1962, Pub. L. 87–543, title I, § 141(a), 76 Stat. 204, and amended July 30, 1965, Pub. L. 89–97, title II, §§ 221(d) (1), (2), 222(b), title IV, § 402(b), 79 Stat. 358, 360, 416; Oct. 30, 1972, Pub. L. 92–603, title IV, §§ 408(d), 409(d), 86 Stat. 1490, 1491.)

SUBCHAPTER XVIII—HEALTH INSURANCE FOR THE AGED AND DISABLED

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 247d, 254c, 300e–6, 401, 426, 705, 706, 1306, 1320a–1, 1320a–2, 1320c–9, 1320c–14, 1353, 1383, 1395x, 1395gg, 1396a, 1396b, 1396e, 1396l, 1397a, 2689e of this title; title 12 section 1715w; title 38 section 4108; title 45 section 231r.

§ 1395b–1. Incentives for economy while maintaining or improving quality in the provision of health services.

(a) Grants and contracts to develop and engage in experiments and demonstration projects.

(1) The Secretary of Health, Education, and Welfare is authorized, either directly or through grants to public or nonprofit private agencies, institutions, and organizations or contracts with public or private agencies, institutions, and organizations, to develop and engage in experiments and demonstration projects for the following purposes:

(A) to determine whether, and if so which, changes in methods of payment or reimbursement (other than those dealt with in section 222(a) of the Social Security Amendments of 1972) for health care and services under health programs established by this chapter, including a change to methods based on negotiated rates, would have the effect of increasing the efficiency and economy of health services under such programs through the creation of additional incentives to these ends without adversely affecting the quality of such services;

(B) to determine whether payments for services other than those for which payment may be made under such programs (and which are incidental to services for which payment may be made under such programs) would, in the judgment of the Secretary, result in more economical provision and more effective utilization of services for which payment may be made under such program, where such services are furnished by organizations and institutions which have the capability of providing—

(i) comprehensive health care services,
(ii) mental health care services (as defined by section 2691(c) of this title,
(iii) ambulatory health care services (including surgical services provided on an outpatient basis), or
(iv) institutional services which may substitute, at lower cost, for hospital care;

(C) to determine whether the rates of payment or reimbursement for health care services, approved by a State for purposes of the administration of one or more of its laws, when utilized to determine the amount to be paid for services furnished in such State under the health programs establish by this chapter, would have the effect of reducing the costs of such programs without adversely affecting the quality of such services;

(D) to determine whether payments under such programs based on a single combined rate of reimbursement or charge for the teaching activities and patient care which residents, interns, and supervising physicians render in connection with a graduate medical education program in a patient facility would result in more equitable and economical patient care arrangements without adversely affecting the quality of such care;

(E) to determine whether coverage of intermediate care facility services and homemaker services would provide suitable afternatives to posthospital benefits presently provided under this subchapter; such experiment and demonstration projects may include:

(i) counting each day of care in an intermediate care facility as one day of care in a skilled nursing facility, if such care was for a condition for which the individual was hospitalized,
(ii) covering the services of homemakers for a maximum of 21 days, if institutional services are not medically appropriate,
(iii) determining whether such coverage would reduce long-range costs by reducing the lengths of stay in hospitals and skilled nursing facilities, and
(iv) establishing alternative eligibility requirements and determining the probable cost of applying each alternative, if the project suggests that such extension of coverage would be desirable;

(F) to determine whether, and if so which type of, fixed price or performance incentive contract would have the effect of inducing to the greatest degree effective, efficient, and economical performance of agencies and organizations making payment under agreements or contracts with the Secretary for health care and services under health programs established by this subchapter;

(G) to determine under what circumstances payment for services would be appropriate and the most appropriate, equitable, and noninflationary methods and amounts of reimbursement under health care programs established by this subchapter for services, which are performed independently by an assistant to a physician, including a nurse practitioner (whether or not performed

in the office of or at a place at which such physician is physically present), and—

(i) which such assistant is legally authorized to perform by the State or political subdivision wherein such services are performed, and

(ii) for which such physician assumes full legal and ethical responsibility as to the necessity, propriety, and quality thereof;

(H) to establish an experimental program to provide day-care services, which consist of such personal care, supervision, and services as the Secretary shall by regulation prescribe, for individuals eligible to enroll in the supplemental medical insurance program established under part B of this subchapter and subchapter XIX of this chapter, in day-care centers which meet such standards as the Secretary shall by regulation establish; and

(I) to determine whether the services of clinical psychologists may be made more generally available to persons eligible for services under this subchapter and subchapter XIX of this chapter in a manner consistent with quality of care and equitable and efficient administration.

For purposes of this subsection,"health programs established by this chapter" means the program established by this subchapter, a program established by a plan of a State approved under subchapter XIX of this subchapter, and a program established by a plan of a State approved under subchapter V of this chapter.

(2) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under paragraph (1) shall be made in appropriate part from the Federal Hospital Insurance Trust Fund (established by section 1395i of this title) and the Federal Supplementary Medical Insurance Trust Fund (established by section 1395t of this title) and from funds appropriated under subchapters V and XIX of this chapter. Grants and payments under contracts may be made either in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made in such installments and on such conditions as the Secretary finds necessary to carry out the purpose of this section. With respect to any such grant, payment, or other expenditure, the amount to be paid from each of such trust funds (and from funds appropriated under such subchapters V and XIX of this chapter) shall be determined by the Secretary, giving due regard to the purposes of the experiment or project involved.

(b) Waiver of certain payment or reimbursement requirements; advice and recommendations of specialists preceding experiments and demonstration projects.

In the case of any experiment or demonstration project under subsection (a) of this section, the Secretary may waive compliance with the requirements of this subchapter and subchapters V and XIX of this chapter insofar as such requirements relate to reimbursement or payment on the basis of reasonable cost, or (in the case of physicians) on the basis of reasonable charge, or to reimbursement or payment only for such services or items as may be specified in the experiment; and costs incurred in such experiment or demonstration project in excess of the costs which would otherwise be reimbursed or paid under such subchapters may be reimbursed or paid to the extent that such waiver applies to them (with such excess being borne by the Secretary). No experiment or demonstration project shall be engaged in or developed under subsection (a) of this section until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or demonstration project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct the proposed experiment or demonstration project, and its relationship to other similar experiments and projects already completed or in process. (As amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 222(b), 278(b)(2), 86 Stat. 1391, 1453.)

§ 1395f. Conditions of and limitations on payment for services.

(a) Requirement of requests and certifications.

Except as provided in subsections (d) and (g) of this section and in section 1395mm of this title, payment for services furnished an individual may be made only to providers of services which are eligible therefor under section 1395cc of this title and only if—

(1) written request, signed by such individual, except in cases in which the Secretary finds it impracticable for the individual to do so, is filed for such payment in such form, in such manner, and by such person or persons as the Secretary may by regulation prescribe, no later than the close of the period of 3 calendar years following the year in which such services are furnished deeming any services furnished in the last 3 calendar months of any calendar year to have been furnished in the succeeding calendar year) except that where the Secretary deems that efficient administration so requires, such period may be reduced to not less than 1 calendar year;

(2) a physician certifies (and recertifies, where such services are furnished over a period of time, in such cases, with such frequency, and accompanied by such supporting material, appropriate to the case involved, as may be provided by regulations, except that the first of such recertifications shall be required in each case of inpatient hospital services not later than the 20th day of such period) that—

* * * * *

(C) in the case of post-hospital extended care services, such services are or were required to be given because the individual needs or needed on a daily basis skilled nursing care (provided directly by or requiring the supervision of skilled nursing personnel) or other skilled rehabilitation services, which as a practical matter can only be provided in a skilled nursing facility on an inpatient basis, for any of the conditions with respect to which he was receiving inpatient hospital services (or services which would constitute inpatient hospital services if the institution met the requirements of paragraphs (6) and (9) of section 1395x(e) of this title) prior to transfer to the skilled nursing facility or for a condition requiring such extended care services which arose after such transfer and while he was still in the facility for treatment of the condition or conditions for which he was receiving such inpatient hospital services;

(D) in the case of post-hospital home health services, such services are or were required because the individual is or was confined to his home (except when receiving items and services referred to in section 1395x(m)(7) of this title) and needed skilled nursing care on an intermittent basis, or physical or speech therapy, for any of the conditions with respect to which he was receiving inpatient hospital services (or services which would constitute inpatient hospital services if the institution met the requirements of paragraphs (6) and (9) of section 1395x(e) of this title) or post-hospital extended care services; a plan for furnishing such services to such individual has been established and is periodically reviewed by a physician; and such services are or were furnished while the individual was under the care of a physician; or

(E) in the case of inpatient hospital services in connection with the care, treatment, filling, removal, or replacement of teeth or structures directly supporting teeth, the individual, because of his underlying medical condition and clinical status, requires hospitalization in connection with the provision of such dental services;

* * * * *

(6) with respect to inpatient hospital services furnished such individual after the 20th day of a continuous period of such services and with respect to post-hospital extended care services furnished after such day of a continuous period of such services as may be prescribed in or pursuant to regulations, there was not in effect, at the time of admission of such individual to the hospital or skilled nursing facility, as the case may be, a decision under section 1395cc(d) of this title (based on a finding that utilization review of long-stay cases is not being made in such hospital or facility); and

(7) with respect to inpatient hospital services or post-hospital extended care services furnished such individual during a continuous period, a finding has not been made (by the physician members of the committee or group, as described in section 1395x(k)(4) of this title, including any finding made in the course of a sample or other review of admissions to the institution) pursuant to the system of utilization review that further inpatient hospital services or further post-hospital extended care services, as the case may be, are not medically necessary; except that, if such a finding has been made, payment may be made for such services furnished before the 4th day after the day on which the hospital or skilled nursing facility, as the case may be, received notice of such finding.

To the extent provided by regulations, the certification and recertification requirements of paragraph (2) shall be deemed satisfied where, at a later date, a physician makes certification of the kind provided in subparagraph (A), (B), (C), (D), or (E) of paragraph (2) (whichever would have applied), but only where such certification is accompanied by such medical and other evidence as may be required by such regulations.

(b) Amount paid to provider of services.

The amount paid to any provider of services with respect to services for which payment may be made under this part shall, subject to the provisions of section 1395e of this title, be—

(1) the lesser of (A) the reasonable cost of such services, as determined under section 1395x(v) of

this title, or (B) the customary charges with respect to such services; or

(2) if such services are furnished by a public provider of services free of charge or at nominal charges to the public, the amount determined on the basis of those items (specified in regulations prescribed by the Secretary) included in the determination of such reasonable cost which the Secretary finds will provide fair compensation to such provider for such services.

(f) Payment for certain inpatient hospital services furnished outside the United States.

(1) Payment shall be made for inpatient hospital services furnished to an individual entitled to hospital insurance benefits under section 426 of this title by a hospital located outside the United States, or under arrangements (as defined in section 1395x(w) of this title) with it, if—

(A) such individual is a resident of the United States, and

(B) such hospital was closer to, or substantially more accessible from, the residence of such individual than the nearest hospital within the United States which was adequately equipped to deal with, and was available for the treatment of, such individual's illness or injury.

(2) Payment may also be made for emergency inpatient hospital services furnished to an individual entitled to hospital insurance benefits under section 426 of this title by a hospital located outside the United States if—

(A) such individual was physically present—

(i) in a place within the United States; or

(ii) at a place within Canada while traveling without unreasonable delay by the most direct route (as determined by the Secretary) between Alaska and another State;

at the time the emergency which necessitated such inpatient hospital services occurred, and

(B) such hospital was closer to, or substantially more accessible from, such place than the nearest hospital within the United States which was adequately equipped to deal with, and was available for the treatment of, such individual's illness or injury.

(3) Payment shall be made in the amount provided under subsection (b) of this section to any hospital for the inpatient hospital services described in paragraph (1) or (2) furnished to an individual by the hospital or under arrangements (as defined in section 1395x(w) of this title) with it if (A) the Secretary would be required to make such payment if the hospital had an agreement in effect under this subchapter and otherwise met the conditions of payment hereunder, (B) such hospital elects to claim such payment, and (C) such hospital agrees to comply, with respect to such services, with the provisions of section 1395cc(a) of this title.

(4) Payment for the inpatient hospital services described in paragraph (1) or (2) furnished to an individual entitled to hospital insurance benefits under section 426 of this title may be made on the basis of an itemized bill to such individual if (A) payment for such services cannot be made under paragraph (3) solely because the hospital does not elect to claim such payment, and (B) such individual files application (submitted within such time and in such form and manner and by such person, and continuing and supported by such information as the Secretary shall by regulations prescribe) for reimbursement. The amount payable with respect to such services shall, subject to the provisions of section 1395e of this title, be equal to the amount which would be payable under subsection (d)(3) of this section.

(g) Payments to physicians for services rendered in teaching hospitals.

For purposes of services for which the reasonable cost thereof is determined under section 1395x(v)(1)(D) of this title, payment under this part shall be made to such fund as may be designated by the organized medical staff of the hospital in which such services were furnished or, if such services were furnished in such hospital by the faculty of a medical school, to such fund as may be designated by such faculty, but only if—

(1) such hospital has an agreement with the Secretary under section 1395cc of this title, and

(2) the Secretary has received written assurances that (A) such payment will be used by such fund solely for the improvement of care of hospital patients or for educational or charitable purposes and (B) the individuals who were furnished such services or any other persons will not be charged for such services (or if charged, provision will be made for return of any moneys incorrectly collected).

(h) Payment for posthospital extended care services.

(1) An individual shall be presumed to require the care specified in subsection (a)(2)(C) of this section for purposes of making payment to a skilled nursing facility (subject to the provisions of section 1395d of this title) for posthospital extended care services which are furnished by such facility to such individual if—

(A) the certification referred to in subsection (a)(2)(C) of this section is submitted prior to or at the time of admission of such individual to such skilled nursing facility.

(B) such certification states that the medical condition of the individual is a condition designated in regulations.

(C) such certification is accompanied by a plan of treatment for providing such services, and

(D) there is compliance with such other requirements and procedures as may be specified in regulations,

but only for services furnished during such limited periods of time with respect to such conditions of the individual as may be prescribed in regulations by the Secretary, taking into account the medical severity of such conditions, the degree of incapacity, and the minimum length of stay in an institution generally needed for such conditions, and such other factors affecting the type of care to be provided as the Secretary deems pertinent.

(2) If the Secretary determines with respect to a physician that such physician is submitting with some frequency (A) erroneous certifications that individuals have conditions designated in regulations

as provided in this subsection or (B) plans for providing services which are inappropriate, the provisions of paragraph (1) shall not apply, after the effective date of such determination, in any case in which such physician submits a certification or plan referred to in subparagraph (A), (B), or (C) of paragraph (1).

(i) Payment for posthospital home health services.

(1) An individual shall be presumed to require the services specified in subsection (a)(2)(D) of this section for purposes of making payment to a home health agency (subject to the provisions of section 1395d of this title) for posthospital home health services furnished by such agency to such individual if—

(A) the certification and plan referred to in subsection (a)(2)(D) of this section are submitted in timely fashion prior to the first visit by such agency,

(B) such certification states that the medical condition of the individual is a condition designated in regulations, and

(C) there is compliance with such other requirements and procedures as may be specified in regulations,

but only for services furnished during such limited number of visits with respect to such conditions of the individual as may be prescribed in regulations by the Secretary, taking into account the medical severity of such conditions, the degree of incapacity, and the minimum period of home confinement generally needed for such conditions, and such other factors affecting the type of care to be provided as the Secretary deems pertinent.

(2) If the Secretary determines with respect to a physician that such physician is submitting with some frequency (A) erroneous certifications that individuals have conditions designated in regulations as provided in this subsection or (B) plans for providing services which are inappropriate, the provisions of paragraph (1) shall not apply, after the effective date of such determination, in any case in which such physician submits a certification or plan referred to in subparagraph (A) or (B) of paragraph (1). (As amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 211(a), 226(c)(1), 227(b), 228(a), 233(a), 234(g)(1), 238(a), 247(a), 256(a), 278(a)(1)–(3), (b)(4), (17), 281(e), 86 Stat. 1382, 1404, 1405, 1407, 1411, 1413, 1416, 1425, 1447, 1453, 1454, 1456; Dec. 31, 1973, Pub. "(1) the applicant for such grant is a State or an agency thereof,

"(2) such participant is an individual practice association which has been in existence for at least 3 years prior to the date of enactment of this section [Dec. 31, 1975] and which has in effect a contract with such State (or an agency thereof), entered into prior to the date on which the grant is approved by the Secretary, under which such association will, for a period which begins before and ends after the date such grant is so approved, provide health care services for individuals entitled to care and services under the State plan of such State which is approved under title XIX of the Social Security Act [subchapter XIX of this chapter],

EXPERIMENTS AND DEMONSTRATION PROJECTS TO DETERMINE METHODS FOR PROSPECTIVE PAYMENTS TO HOSPITALS, SKILLED NURSING FACILITIES, AND OTHER PROVIDERS OF SERVICES FOR CARE AND SERVICES FURNISHED; SCOPE; WAIVER OF PAYMENT REQUIREMENTS; SOURCE AND MANNER OF PAYMENTS FOR GRANTS, ETC.; REPORTS TO CONGRESS

Section 222(a) of Pub. L. 92–603 provided that:

"(1) The Secretary of Health, Education, and Welfare, directly or through contracts with, or grants to, public or private agencies or organizations, shall develop and carry out experiments and demonstration projects designed to determine the relative advantages and disadvantages of various alternative methods of making payment on a prospective basis to hospitals, skilled nursing facilities, and other providers of services for care and services provided by them under title XVIII of the Social Security Act [this subchapter] and under State plans approved under titles XIX and V of such Act [subchapters XIX and V of this chapter], including alternative methods for classifying providers, for establishing prospective rates of payment, and for implementing on a gradual, selective, or other basis the establishment of a prospective payment system, in order to stimulate such providers through positive (or negative) financial incentives to use their facilities and personnel more efficiently and thereby to reduce the total costs of the health programs involved without adversely affecting the quality of services by containing or lowering the rate of increase in provider costs that has been and is being experienced under the existing system of retroactive cost reimbursement.

"(2) The experiments and demonstration projects developed under paragraph (1) shall be of sufficient scope and shall be carried out on a wide enough scale to permit a thorough evaluation of the alternative methods of prospective payment under consideration while giving assurance that the results derived from the experiments and projects will obtain generally in the operation of the programs involved (without committing such programs to the adoption of any prospective payment system either locally or nationally).

"(3) In the case of any experiment or demonstration project under paragraph (1), the Secretary may waive compliance with the requirements of titles XVIII, XIX, and V of the Social Security Act [this subchapter and subchapters XIX and V of this chapter] insofar as such requirements relate to methods of payment for services provided; and costs incurred in such experiment or project in excess of those which would otherwise be reimbursed or paid under such titles [subchapters] may be reimbursed or paid to the extent that such waiver applies to them (with such excess being borne by the Secretary). No experiment or demonstration project shall be developed or carried out under paragraph (1) until the Secretary obtains the advice and recommendations of specialists who are competent to evaluate the proposed experiment or project as to the soundness of its objectives, the possibilities of securing productive results, the adequacy of resources to conduct it, and its relationship to other similar experiments or projects already completed or in process; and no such experiment or project shall be actually placed in operation unless at least 30 days prior thereto a written report, prepared for purposes of notification and information only, containing a full and complete description thereof has been transmitted to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate.

"(4) Grants, payments under contracts, and other expenditures made for experiments and demonstration projects under this subsection shall be made in appropriate part from the Federal Hospital Insurance Trust

Fund (established by section 1817 of the Social Security Act [section 1395i of this title]) and the Federal Supplementary Medical Insurance Trust Fund (established by section 1841 of the Social Security Act [section 1395t of this title]) and from funds appropriated under titles V and XIX of such Act [subchapters V and XIX of this chapter.] Grants and payments under contracts may be made either in advance or by way of reimbursement, as may be determined by the Secretary, and shall be made in such installments and on such conditions as the Secretary finds necessary to carry out the purpose of this subsection. With respect to any such grant, payment, or other expenditure, the amount to be paid from each of such trust funds (and from funds appropriated under such titles V and XIX [subchapters V and XIX of this chapter]) shall be determined by the Secretary, giving due regard to the purposes of the experiment or project involved.

"(5) The Secretary shall submit to the Congress no later than July 1, 1974, a full report on the experiments and demonstration projects carried out under this subsection and on the experience of other programs with respect to prospective reimbursement together with any related data and materials which he may consider appropriate. Such report shall include detailed recommendations with respect to the specific methods which could be used in the full implementation of a system of prospective payment to providers of services under the programs involved."

Payment under this subchapter for utilization review activities provided by a Professional Standards Review Organization pursuant to an arrangement or deemed arrangement with a hospital under section 1395x(w)(2) of this title shall be calculated without any requirement that the reasonable cost of such activities be apportioned among the patients of such hospital, if any, to whom such activities were not applicable. § 1395*l*. Payment of benefits.

(a) Amounts.

Except as provided in section 1395mm of this title, and subject to the succeeding provisions of this section, there shall be paid from the Federal Supplementary Medical Insurance Trust Fund, in the case of each individual who is covered under the insurance program established by this part and incurs expenses for services with respect to which benefits are payable under this part, amounts equal to—

(1) in the case of services described in section 1395k(a)(1) of this title—80 percent of the reasonable charges for the services; except that (A) an organization which provides medical and other health services (or arranges for their availability) on a prepayment basis may elect to be paid 80 percent of the reasonable cost of services for which payment may be made under this part on behalf of individuals enrolled in such organization in lieu of 80 percent of the reasonable charges for such services if the organization undertakes to charge such individuals no more than 20 percent of such reasonable cost plus any amounts payable by them as a result of subsection (b) of this section, (B) with respect to expenses incurred for radiological or pathological services for which payment may be made under this part, furnished to an inpatient of a hospital by a physician in the field of radiology or pathology, the amounts paid shall be equal to 100 percent of the reasonable charges for such services, (C) with respect to expenses incurred for those physicians' services for which payment may be made under this part that are described in section 1395y(a)(4) of this title, the amounts paid shall be subject to such limitations as may be prescribed by regulations, and (D) with respect to diagnostic tests performed in a laboratory for which payment is made under this part to the laboratory, the amounts paid shall be equal to 100 percent of the negotiated rate for such tests (as determined pursuant to subsection (g) of this section); and

(2) in the case of services described in section 1395k(a)(2) of this title—with respect to home health services, 100 percent, and with respect to other services, 80 percent of—

(b) Deductible provision.

Before applying subsection (a) of this section with respect to expenses incurred by an individual during any calendar year, the total amount of the expenses incurred by such individual during such year (which would, except for this subsection, constitute incurred expenses from which benefits payable under subsection (a) of this section are determinable) shall be reduced by a deductible of $60; except that (1) the amount of the deductible for such calendar year as so determined shall first be reduced by the amount of any expenses incurred by such individual in the last three months of the preceding calendar year and applied toward such individual's deductible under this section for such preceding year, and (2) such total amount shall not include expenses incurred for radiological or pathological services furnished to such individual as an inpatient of a hospital by a physician in the field of radiology or pathology. The total amount of the expenses incurred by an individual as determined under the preceding sentence shall, after the reduction specified in such sentence, be further reduced by an amount equal to the expenses incurred for the first three pints of whole blood (or equivalent quantities of packed red blood cells, as defined under regulations) furnished to the individual during the calendar year, except that such deductible for such blood shall in accordance with regulations be appropriately reduced to the extent that there has been a replacement of such blood (or equivalent quantities of packed red blood cells, as so defined); and for such purposes blood (or equivalent quantities of packed red blood cells, as so defined) furnished such individual shall be deemed replaced when the institution or other person furnishing such blood (or such equivalent quantities of packed red blood cells, as so defined) is given one pint of blood for each pint of blood (or equivalent quantities of packed red blood cells, as so defined) furnished such individual with respect to which a deduction is made under this sentence.

(1) In the case of the purchase of durable medical equipment included under section 1395x(s)(6) of

this title, by or on behalf of an individual, payment shall be made in such amounts as the Secretary determines to be equivalent to payments that would have been made under this part had such equipment been rented and over such period of time as the Secretary finds such equipment would be used for such individual's medical treatment, except that (A) payment may be made in a lump sum if the Secretary finds that such method of payment is less costly or more practical than periodic payments, and (B) with respect to purchases of used equipment the Secretary is authorized to waive the 20 percent coinsurance amount applicable under subsection (a) of this section whenever the purchase price of such equipment is at least 25 percent less than the reasonable charge for comparable new equipment.

(2) In the case of rental of durable medical equipment, the Secretary may, pursuant to agreements made with suppliers of such equipment, establish any reimbursement procedures (including payment on a lump-sum basis in lieu of prolonged rental payments) which he finds to be equitable, economical, and feasible.

(h) Direct laboratory billing of patients.

With respect to diagnostic tests performed in a laboratory for which payment is made under this part to the laboratory, the Secretary is authorized to establish a payment rate which is acceptable to the laboratory and which would be considered the full charge for such tests. Such negotiated rate shall be limited to an amount not in excess of the total payment that would have been made for the services in the absence of such a rate. (As amended Oct. 30, 1972, Pub. In any case where the Secretary finds that an individual's enrollment or nonenrollment in the insurance program established by this part or part A pursuant to section 1395i–2 of this title is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Federal Government, or its instrumentalities, the Secretary may take such action (including the designation for such individual of a special initial or subsequent enrollment period, with a coverage period determined on the basis thereof and with appropriate adjustments of premiums) as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction. § 1395q. Coverage period.

(a) Commencement.

The period during which an individual is entitled to benefits under the insurance program established by this part (hereinafter referred to as his "coverage period") shall begin on whichever of the following is the latest:

(1) July 1, 1966 or (in the case of a disabled individual who has not attained age 65) July 1, 1973; or

(2)(A) in the case of an individual who enrolls pursuant to subsection (d) of section 1395p of this title before the month in which he first satisfies paragraph (1) or (2) of section 1395o of this title, the first day of such month, or

(b) Continuation.

An individual's coverage period shall continue until his enrollment has been terminated—

(1) by the filing of notice that the individual no longer wishes to participate in the insurance program established by this part, or

(2) for nonpayment of premiums.

The termination of a coverage period under paragraph (1) shall take effect at the close of the calendar quarter following the calendar quarter in which the notice is filed. The termination of a coverage period under paragraph (2) shall take effect on a date determined under regulations, which may be determined so as to provide a grace period in which overdue premiums may be paid and coverage continued. The grace period determined under the preceding sentence shall not exceed 90 days; except that it may be extended to not to exceed 180 days in any case where the Secretary determines that there was good cause for failure to pay the overdue premiums within such 90-day period.

Where an individual who is deemed to have enrolled for medical insurance pursuant to section 1395p(f) of this title files a notice before the first day of the month in which his coverage period begins advising that he does not wish to be so enrolled, the termination of the coverage period resulting from such deemed enrollment shall take effect with the first day of the month the coverage would have been effective and such notice shall not be considered a disenrollment for the purposes of section 1395p(b) of this title. Where an individual who is deemed enrolled for medical insurance benefits pursuant to section 1395p(f) of this title files a notice requesting termination of his deemed coverage in or after the month in which such coverage becomes effective, the termination of such coverage shall take effect at the close of the calendar quarter following the calendar quarter in which the notice is filed.

(c) Termination.

In the case of an individual satisfying paragraph (1) of section 1395o of this title whose entitlement to hospital insurance benefits under part A is based on a disability rather than on his having attained the age of 65, his coverage period (and his enrollment under this part) shall be terminated as of the close of the last month for which he is entitled to hospital insurance benefits.

(d) Payment of expenses incurred during coverage period.

No payments may be made under this part with respect to the expenses of an individual unless such expenses were incurred by such individual during a period which, with respect to him, is a coverage period. (b) of this section] shall apply with respect to nonpayment of premiums which become due and payable on or after the date of the enactment of this Act [Oct. 30, 1972] or which became payable within the 90-day period immediately preceding such date; and for purposes of such amendments any premium which became due and payable within such 90-day period shall be considered a premium becoming due and payable on the date of the enactment of this Act [Oct. 30, 1972]."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1395i–2, 1395p of this title; title 26 section 213.

§ 1395r. Amount of premiums.

* * * * *

(b)(1) The monthly premium of each individual enrolled under this part for each month after 1967 and before July 1, 1973, shall be the amount determined under paragraph (2).

(2) The Secretary shall, during December 1968 and of each year ending on or before December 31, 1971, determine and promulgate the dollar amount (whether or not such dollar amount was applicable for premiums for any prior month) which shall be applicable for premiums for months occurring in the 12-month period commencing July 1 in each succeeding year. Such dollar amount shall be such amount as the Secretary estimates to be necessary so that the aggregate premiums for such 12-month period will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for such 12-month period. In estimating aggregate benefits payable for any period, the Secretary shall include an appropriate amount for a contingency margin. Whenever the Secretary, pursuant to the preceding sentence, promulgates the dollar amount which shall be applicable for premiums for any period, he shall, at the time such promulgation is announced, issue a public statement setting forth the actuarial assumptions and bases employed by him in arriving at the amount of premiums so promulgated.

(c)(1) The Secretary shall, during December of 1972 and of each year thereafter, determine the monthly actuarial rate for enrollees age 65 and over which shall be applicable for the 12-month period commencing July 1 in the succeeding year. Such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such 12-month period with respect to those enrollees age 65 and over will equal one-half of the total of the benefits and administrative costs which he estimates will be payable from the Federal Supplementary Medical Insurance Trust Fund for services performed and related administrative costs incurred in such 12-month period. In calculating the monthly actuarial rate, the Secretary shall include an appropriate amount for a contingency margin.

(2) The monthly premium of each individual enrolled under this part for each month after June 1973 shall, except as provided in subsection (d) of this section, be the amount determined under paragraph (3).

(3) The Secretary shall, during December of 1972 and of each year thereafter, determine and promulgate the monthly premium applicable for the individuals enrolled under this part for the 12-month period commencing July 1 in the succeeding year. The monthly premium shall be equal to the smaller of—

(A) the monthly actuarial rate for enrollees age 65 and over, determined according to paragraph (1) of this subsection, for that 12-month period, or

(B) the monthly premium rate most recently promulgated by the Secretary under this paragraph or, in the case of the determination made in December 1971, such rate promulgated under subsection (b)(2) of this section multiplied by the ratio of (i) the amount in column IV of the table which, by reason of the law in effect at the time the promulgation is made, will be in effect as of May 1 next following such determination appears (or is deemed to appear) in section 415(a) of this title on the line which includes the figure "750" in column III of such table to (ii) the amount in column IV of the table which appeared (or was deemed to appear) in section 415(a) of this title on the line which included the figure "750" in column III as of May 1 of the year in which such determination is made.

Whenever the Secretary promulgates the dollar amount which shall be applicable as the monthly premium for any period, he shall, at the time such promulgation is announced, issue a public statement setting forth the actuarial assumptions and bases employed by him in arriving at the amount of an adequate actuarial rate for enrollees age 65 and over as provided in paragraph (1) and the derivation of the dollar amounts specified in this paragraph.

(4) The Secretary shall also, during December of 1972 and of each year thereafter, determine the monthly actuarial rate for disabled enrollees under age 65 which shall be applicable for the 12-month period commencing July 1 in the succeeding year. Such actuarial rate shall be the amount the Secretary estimates to be necessary so that the aggregate amount for such 12-month period with respect to disabled enrollees under age 65 will equal one-half of the total of the benefits and administrative costs which he estimates will be incurred in the Federal Supplementary Medical Insurance Trust Fund for such 12-month period with respect to such enrollees. In calculating the monthly actuarial rate under this paragraph, the Secretary shall include an appropriate amount for a contingency margin.

(d) In the case of an individual whose coverage period began pursuant to an enrollment after his initial enrollment period (determined pursuant to subsection (c) or (d) of section 1395p of this title), the monthly premium determined under subsection (b) or (c) of this section shall be increased by 10 percent of the monthly premium so determined for each full 12 months (in the same continuous period of eligibility) in which he could have been but was not enrolled. For purposes of the preceding sentence, there shall be taken into account (1) the months which elapsed between the close of his initial enrollment period and the close of the enrollment period

in which he enrolled, plus (in the case of an individual who enrolls a second time) (2) the months which elapsed between the date of the termination of his first coverage period and the close of the enrollment period in which he enrolled for the second time. Any increase in an individual's monthly premium under the first sentence of this subsection with respect to a particular continuous period of eligibility shall not be applicable with respect to any other continuous period of eligibility which such individual may have.

(e) If any monthly premium determined under the foregoing provisions of this section is not a multiple of 10 cents, such premium shall be rounded to the nearest multiple of 10 cents.

(f) For purposes of subsection (d) of this section (and section 1395p(g)(1) of this title), an individual's "continuous period of eligibility" is the period beginning with the first day on which he is eligible to enroll under section 1395o of this title and ending with his death; except that any period during all of which an individual satisfied paragraph (1) of section 1395o of this title and which terminated in or before the month preceding the month in which he attained age 65 shall be a separate "continuous period of eligibility" with respect to such individual (and each such period which terminates shall be deemed not to have existed for purposes of subsequently applying this section). (As amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 201(c)(4), (5), 203(a)–(d), 86 Stat. 1373, 1376, 1377; Dec. 31, 1975, Pub. L. 94–182, title I, § 104(a), 89 Stat. 1052.)

Subsec. (b)(2). Pub. L. 92–603, § 203(b), substituted "ending on or before December 31, 1971" for "thereafter".

Subsec. (c). Pub. L. 92–603, § 203(c), added subsec. (c). Former subsec. (c) was redesignated as (d) and amended.

Subsec. (d). Pub. L. 92–603, §§ 201(c)(4), 203(c), (d)(1), redesignated former subsec. (c) as (d), and, as so redesignated, inserted reference to subsec. (c) following reference to subsec. (b), added "(in the same continuous period of eligibility)" following "for each full 12 months", and added provisions relating to any increase in an individual's monthly premium under the first sentence of this subsection. Former subsec. (d) was redesignated as (e).

Subsec. (e). Pub. L. 92–603, §§ 201(c)(5), 203(c), added subsec. (e) which has been redesignated as (f). Former subsec. (d) was redesignated as (e).

Subsec. (f). Pub. L. 92–603, § 203(c), (d)(2), redesignated former subsec. (e) as (f), and, as so redesignated, substituted "subsection (d)" for "subsection (c)".

EFFECTIVE DATE OF 1975 AMENDMENT

Section 104(b) of Pub. L. 94–182 provided that: "The amendments made by subsection (a) [amending subsec. (c)(3) of this section] shall apply with respect to determinations made under section 1839(c)(3) of the Social Security Act [subsec. (c)(3) of this section] after the date of the enactment of this Act [Dec. 31, 1975]."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1395i–2, 1395p, 1395v, 1395w, 1395mm of this title; title 26 section 213.

§ 1395s. Payment of premiums.

(a)(1) In the case of an individual who is entitled to monthly benefits under section 402 or 423 of this title, his monthly premiums under this part shall (except as provided in subsections (b)(1) and (c) of this section) be collected by deducting the amount thereof from the amount of such monthly benefits. Such deduction shall be made in such manner and at such times as the Secretary shall by regulation prescribe.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates from benefits under section 402 or 423 of this title which are payable from such Trust Fund. Such transfer shall be made on the basis of a certification by the Secretary of Health, Education, and Welfare and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(b)(1) In the case of an individual who is entitled to receive for a month an annuity under the Railroad Retirement Act of 1974 (whether or not such individual is also entitled for such month to a monthly insurance benefit under section 402 of this title), his monthly premiums under this part shall (except as provided in subsection (c) of this section) be collected by deducting the amount thereof from such annuity or pension. Such deduction shall be made in such manner and at such times as the Secretary shall by regulations prescribe. Such regulations shall be prescribed only after consultation with the Railroad Retirement Board.

(2) The Secretary of the Treasury shall, from time to time, transfer from the Railroad Retirement Account to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfers shall be made on the basis of a certification by the Railroad Retirement Board and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(c) If an individual to whom subsection (a) or (b) of this section applies estimates that the amount which will be available for deduction under such subsection for any premium payment period will be less than the amount of the monthly premiums for such period, he may (under regulations) pay to the Secretary such portion of the monthly premiums for such period as he desires.

(d)(1) In the case of an individual receiving an annuity under subchapter III of chapter 83 of Title 5 or any other law administered by the Civil Service Commission providing retirement or survivorship protection, to whom neither subsection (a) nor subsection (b) of this section applies, his monthly premiums under this part (and the monthly premiums of the spouse of such individual under this part if neither subsection (a) nor subsection (b) of this section applies to such spouse and if such individual agrees) shall, upon notice from the Secretary of Health, Education, and Welfare to the Civil Service Commission, be collected by deducting the amount thereof from each installment of such annuity. Such deduction shall be made in such manner and at such

times as the Civil Service Commission may determine. The Civil Service Commission shall furnish such information as the Secretary of Health, Education, and Welfare may reasonably request in order to carry out his functions under this part with respect to individuals to whom this subsection applies. A plan described in section 8903 of Title 5 may reimburse each annuitant enrolled in such plan an amount equal to the premiums paid by him under this part if such reimbursement is paid entirely from funds of such plan which are derived from sources other than the contributions described in section 8906 of such title.

(2) The Secretary of the Treasury shall, from time to time, but not less often than quarterly, transfer from the Civil Service Retirement and Disability Fund, or the account (if any) applicable in the case of such other law administered by the Civil Service Commission, to the Federal Supplementary Medical Insurance Trust Fund the aggregate amount deducted under paragraph (1) for the period to which such transfer relates. Such transfer shall be made on the basis of a certification by the Civil Service Commission and shall be appropriately adjusted to the extent that prior transfers were too great or too small.

(e) In the case of an individual who participates in the insurance program established by this part but with respect to whom none of the preceding provisions of this section applies, or with respect to whom subsection (c) of this section applies, the premiums shall be paid to the Secretary at such times, and in such manner, as the Secretary shall by regulations prescribe.

(f) Amounts paid to the Secretary under subsection (c) or (e) of this section shall be deposited in the Treasury to the credit of the Federal Supplementary Medical Insurance Trust Fund.

(g) In the case of an individual who participates in the insurance program established by this part, premiums shall be payable for the period commencing with the first month of his coverage period and ending with the month in which he dies or, if earlier, in which his coverage under such program terminates.

(h) In the case of an individual who is enrolled under the program established by this part as a member of a coverage group to which an agreement with a State entered into pursuant to section 1395v of this title is applicable, subsections (a), (b), (c), and (d) of this section shall not apply to his monthly premium for any month in his coverage period which is determined under section 1395v(d) of this title. (As amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 201(c)(6), 263(a)–(c), (d)(1)–(3), 86 Stat. 1373, 1448, 1449; Oct. 16, 1974, Pub. L. 93–445, title III, § 306, 88 Stat. 1358.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1395b–1, 1395gg of this title; title 26 section 213.

§ 1395u. Use of carriers or administration of benefits.

(a) In order to provide for the administration of the benefits under this part with maximum efficiency and convenience for individuals entitled to benefits under this part and for providers of services and other persons furnishing services to such individual, and with a view to furthering coordination of the administration of the benefits under part A and under this part, the Secretary is authorized to enter into contracts with carriers, including carriers with which agreements under section 1395h of this title are in effect, which will perform some or all of the following functions (or, to the extent provided in such contracts, will secure performance thereof by other organizations); and, with respect to any of the following functions which involve payments for physicians' services on a reasonable charge basis, the Secretary shall to the extent possible enter into such contracts:

* * * * *

(b)(1) * * *

* * * * *

(3) Each such contract shall provide that the carrier—

* * * * *

(B) will take such action as may be necessary to assure that, where payment under this part for a service is on a charge basis, such charge will be reasonable and not higher than the charge applicable, for a comparable service and under comparable circumstances, to the policyholders and subscribers of the carrier, and such payment will (except as otherwise provided in section 1395gg(f) of this title) be made—

(i) on the basis of an itemized bill; or

(ii) on the basis of an assignment under the terms of which (I) the reasonable charge is the full charge for the service and (II) the physician or other person furnishing such service agrees not to charge for such service if payment may not be made therefor by reason of the provisions of paragraph (1) of section 1395y of this title, and if the individual to whom such service was furnished was without fault in incurring the expenses of such service, and if the Secretary's determination that payment (pursuant to such assignment) was incorrect and was made subsequent to the third year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter (except in the case of physicians' services and ambulance service furnished as described in section 1395y(a)(4) of this title, other than for purposes of section 1395gg(f) of this title);

but (in the case of bills submitted, or requests for payment made, after March 1968) only if the bill is submitted, or a written request for payment is made in such other form as may be permitted under regulations, no later than the close of the calendar year following the year in which such service is furnished (deeming any service furnished in the last 3 months of any calendar year to have been furnished in the succeeding calendar year);

(C) will establish and maintain procedures pursuant to which an individual enrolled under this part will be granted an opportunity for a fair hearing by the carrier, in any case where the amount in controversy is $100 or more, when requests for payment under this part with respect to services furnished him are denied or are not acted upon with reasonable promptness or when the amount of such payment is in controversy;

* * * * *

and shall contain such other terms and conditions not inconsistent with this section as the Secretary may find necessary or appropriate. In determining the reasonable charge for services for purposes of this paragraph, there shall be taken into consideration the customary charges for similar services generally made by the physician or other person furnishing such services, as well as the prevailing charges in the locality for similar services. No charge may be determined to be reasonable in the case of bills submitted or requests for payment made under this part after December 31, 1970, if it exceeds the higher of (i) the prevailing charge recognized by the carrier and found acceptable by the Secretary for similar services in the same locality in administering this part on December 31, 1970, or (ii) the prevailing charge level that, on the basis of statistical

data and methodology acceptable to the Secretary, would cover 75 percent of the customary charges made for similar services in the same locality during the last preceding calendar year elapsing prior to the start of the fiscal year in which the bill is submitted or the request for payment is made. In the case of physician services the prevailing charge level determined for purposes of clause (ii) of the preceding sentence for any fiscal year beginning after June 30, 1973, may not exceed (in the aggregate) the level determined under such clause for the fiscal year ending June 30, 1973, except to the extent that the Secretary finds, on the basis of appropriate economic index data, that such higher level is justified by economic changes. In the case of medical services, supplies, and equipment (including equipment servicing) that, in the judgment of the Secretary, do not generally vary significantly in quality from one supplier to another, the charges incurred after December 31, 1972, determined to be reasonable may not exceed the lowest charge levels at which such services, supplies, and equipment are widely and consistently available in a locality except to the extent and under the circumstances specified by the Secretary. The requirement in subparagraph (B) that a bill be submitted or request for payment be made by the close of the following calendar year shall not apply if (i) failure to submit the bill or request the payment by the close of such year is due to the error or misrepresentation of an officer, employee, fiscal intermediary, carrier, or agent of the Department of Health, Education, and Welfare performing functions under this subchapter and acting within the scope of his or its authority, and (ii) the bill is submitted or the payment is requested promptly after such error or misrepresentation is eliminated or corrected. Notwithstanding the provisions of the third and fourth sentences preceding this sentence, the prevailing charge level in the case of a physician service in a particular locality determined pursuant to such third and fourth sentences for the fiscal year beginning July 1, 1975, shall, if lower than the prevailing charge level for the fiscal year ending June 30, 1975, in the case of a similar physician service in the same locality by reason of the application of economic index data, be raised to such prevailing charge level for the fiscal year ending June 30, 1975.

* * * * *

(5) No payment under this part for a service provided to any individual shall (except as provided in section 1395gg of this title) be made to anyone other than such individual or (pursuant to an assignment described in subparagraph (B)(ii) of paragraph (3)) the physician or other person who provided the service, except that payment may be made (A) to the employer of such physician or other person if such physician or other person is required as a condition of his employment to turn over his fee for such service to his employer, or (B) (where the service was provided in a hospital, clinic, or other facility) to the facility in which the service was provided if there is a contractual arrangement between such physician or other person and such facility under which such facility submits the bill for such service.

This part is referred to in section 426 of this title; title 45 section 231f.

§ 1395x. Definitions.

For purposes of this subchapter—

(a) Spell of illness.

The term "spell of illness" with respect to any individual means a period of consecutive days—

* * * * *

(2) ending with the close of the first period of 60 consecutive days thereafter on each of which he is neither an inpatient of a hospital nor an inpatient of a skilled nursing facility.

(b) Inpatient hospital services.

The term "inpatient hospital services" means the following items and services furnished to an inpatient of a hospital and (except as provided in paragraph (3)) by the hospital—

(1) bed and board;

(2) such nursing services and other related services, such use of hospital facilities, and such medical social services as are ordinarily furnished by the hospital for the care and treatment of inpatients, and such drugs, biologicals, supplies, appliances, and equipment, for use in the hospital, as are ordinarily furnished by such hospital for the care and treatment of inpatients; and

(3) such other diagnostic or therapeutic items or services, furnished by the hospital or by others under arrangements with them made by the hospital, as are ordinarily furnished to inpatients either by such hospital or by others under such arrangements;

excluding, however—

(4) medical or surgical services provided by a physician, resident, or intern; and

(5) the services of a private-duty nurse or other private-duty attendant.

Paragraph (4) shall not apply to services provided in a hospital by—

(6) an intern or a resident-in-training under a teaching program approved by the Council on Medical Education of the American Medical Association or, in the case of an osteopathic hospital, approved by the Committee on Hospitals of the Bureau of Professional Education of the American Osteopathic Association, or, in the case of services in a hospital or osteopathic hospital by an intern or resident-in-training in the field of dentistry, approved by the Council on Dental Education of the American Dental Association, or in the case of services in a hospital or osteopathic hospital by an intern or resident-in-training in the field of podiatry, approved by the Council on Podiatry Education of the American Podiatry Association; or

(7) a physician where the hospital has a teaching program approved as specified in paragraph (6), unless (A) such inpatient is a private patient (as defined in regulations), or (B) the hospital establishes that during the two-year period ending December 31, 1967, and each year thereafter all inpatients have been regularly billed by the hospital for services rendered by physicians and reasonable efforts have been made to collect in full from all patients and payment of reasonable charges (including applicable deductibles and coinsurance) has been regularly collected in full or in substantial part from at least 50 percent of all inpatients.

* * * * *

(e) Hospital.

The term "hospital" (except for purposes of sections 1395f(d), 1395f(f), and 1395n(b) of this title, subsection (a)(2) of this section, paragraph (7) of this subsection, and subsections (i) and (n) of this section) means an institution which—

* * * * *

(5) provides 24-hour nursing service rendered or supervised by a registered professional nurse, and has a licensed practical nurse or registered professional nurse on duty at all times; except that until January 1, 1979, the Secretary is authorized to waive the requirement of this paragraph for any one-year period with respect to any institution, insofar as such requirement relates to the provision of twenty-four-hour nursing service rendered or supervised by a registered professional nurse (except that in any event a registered professional nurse must be present on the premises to render or supervise the nursing service provided, during at least the regular daytime shift), where immediately preceding such one-year period he finds that—

* * * * *

(7) in the case of an institution in any State in which State or applicable local law provides for the licensing of hospitals, (A) is licensed pursuant to such law or (B) is approved, by the agency of such State or locality responsible for licensing hospitals, as meeting the standards established for such licensing;

(8) has in effect an overall plan and budget that meets the requirements of subsection (z) of this section; and

(9) meets such other requirements as the Secretary finds necessary in the interest of the health and safety of individuals who are furnished services in the institution.

For purposes of subsection (a)(2) of this section, such term includes any institution which meets the requirements of paragraph (1) of this subsection. For purposes of sections 1395f(d) and 1395n(b) of this title (including determination of whether an individual received inpatient hospital services or diagnostic services for purposes of such sections), section 1395f(f)(2) of this title, and subsections (i) and (n) of this section, such term includes any institution which (i) meets the requirements of paragraphs (5) and (7) of this subsection, (ii) is not primarily engaged in providing the services described in subsection (j)(1)(A) of this section and (iii) is primarily engaged in providing, by or under the supervision of individuals referred to in paragraph (1) of subsection (r) of this section, to inpatients diagnostic services and therapeutic services for medical diagnosis, treatment, and care of injured, disabled, or sick persons, or rehabilitation services for the rehabilitation of injured, disabled, or sick persons. For purposes of section 1395f(f)(1) of this title, such term includes an institution which (i) is a hospital for purposes of sections 1395f(d), 1395f(f)(2), and 1395n(b) of this title, and (ii) is accredited by the Joint Commission on Accreditation of Hospitals, or is accredited by or approved by a program of the country in which such institution is located if the Secretary finds the accreditation or comparable approval standards of such program to be essentially equivalent to those of the Joint Commission on Accreditation of Hospitals. Notwithstanding the preceding provisions of this subsection, such term shall not, except for purposes of subsection (a)(2) of this section, include any institution which is primarily for the care and treatment of mental diseases or tuberculosis unless it is a tuberculosis hospital (as defined in subsection (g) of this section) or unless it is a psychiatric hospital (as defined in subsection (f) of this section). The term "hospital" also includes a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts, but only with respect to items and services ordinarily furnished by such institution to inpatients, and payment may be made with respect to services provided by or in such an institution only to such extent and under such conditions, limitations, and requirements (in addition to or in lieu of the conditions, limitations, and requirements otherwise applicable) as may be provided in regulations. For provisions deeming certain requirements of this subsection to be met in the case of accredited institutions, see section 1395bb of this title.

(f) Psychiatric hospital.

The term "psychiatric hospital" means an institution which—

* * * * *

(2) satisfies the requirements of paragraphs (3) through (9) of subsection (e) of this section;

* * * * *

(g) Tuberculosis hospital.

The term "tuberculosis hospital" means an institution which—

* * * * *

(2) satisfies the requirements of paragraphs (3) through (9) of subsection (e) of this section;

* * * * *

(h) Extended care services.

The term "extended care services" means the following items and services furnished to an inpatient of a skilled nursing facility and (except as provided in paragraphs (3) and (6)) by such skilled nursing facility—

* * * * *

(3) physical, occupational, or speech therapy furnished by the skilled nursing facility or by others under arrangements with them made by the facility;

(4) medical social services;

(5) such drugs, biologicals, supplies, appliances, and equipment, furnished for use in the skilled nursing facility, as are ordinarily furnished by such facility for the care and treatment of inpatients;

* * * * *

(7) such other services necessary to the health of the patients as are generally provided by skilled nursing facilities;

excluding, however, any item or service if it would not be included under subsection (b) of this section if furnished to an inpatient of a hospital.

(i) Post-hospital extended care services.

The term "post-hospital extended care services" means extended care services furnished an individual after transfer from a hospital in which he was an inpatient for not less than 3 consecutive days before his discharge from the hospital in connection with such transfer. For purposes of the preceding sentence, items and services shall be deemed to have been furnished to an individual after transfer from a hospital, and he shall be deemed to have been an inpatient in the hospital immediately before transfer therefrom, if he is admitted to the skilled nursing facility (A) within 14 days after discharge from such hospital, or (B) within 28 days after such discharge, in the case of an individual who was unable to be admitted to a skilled nursing facility within such 14 days because of a shortage of appropriate bed space in the geographic area in which he resides, or (C) within such time as it would be medically appropriate to begin an active course of treatment, in the case of an individual whose condition is such that skilled nursing facility care would not be medically appropriate within 14 days after discharge from

a hospital; and an individual shall be deemed not to have been discharged from a skilled nursing facility if, within 14 days after discharge therefrom, he is admitted to such facility or any other skilled nursing facility.

(j) Skilled nursing facility.

The term "skilled nursing facility" means (except for purposes of subsection (a)(2) of this section) an institution (or a distinct part of an institution) which has in effect a transfer agreement (meeting the requirements of subsection (*l*) of this section) with one or more hospitals having agreements in effect under section 1395cc of this title and which—

* * * * *

(9) in the case of an institution in any State in which State or applicable local law provides for the licensing of institutions of this nature, (A) is licensed pursuant to such law, or (B) is approved, by the agency of such State or locality responsible for licensing institutions of this nature, as meeting the standards established for such licensing;

(10) has in effect an overall plan and budget that meets the requirements of subsection (z) of this section;

(11) supplies full and complete information to the Secretary or his delegate as to the identity (A) of each person who has any direct or indirect ownership interest of 10 per centum or more in such skilled nursing facility or who is the owner (in whole or in part) of any mortgage, deed of trust, note, or other obligation secured (in whole or in part) by such skilled nursing facility, (B) in case a skilled nursing facility is organized as a corporation, of each officer and director of the corporation, and (C) in case a skilled nursing facility is organized as a partnership, of each partner; and promptly reports any changes which would affect the current accuracy of the information so required to be supplied;

(12) cooperates in an effective program which provides for a regular program of independent medical evaluation and audit of the patients in the facility to the extent required by the programs in which the facility participates (including medical evaluation of each patient's need for skilled nursing facility care);

(13) meets such provisions of the Life Safety Code of the National Fire Protection Association (23d edition, 1973) as are applicable to nursing homes; except that the Secretary may waive, for such periods as he deems appropriate, specific provisions of such Code which if rigidly applied would result in unreasonable hardship upon a nursing home, but only if such waiver will not adversely affect the health and safety of the patients; except that the provisions of such Code shall not apply in any State if the Secretary finds that in such State there is in effect a fire and safety code, imposed by State law, which adequately protects patients in nursing facilities; and

(15) [1] meets such other conditions relating to the health and safety of individuals who are furnished services in such institution or relating to the physical facilities thereof as the Secretary may find necessary (subject to the second sentence of section 1395z of this title), except that the Secretary shall not require as a condition of participation that medical social services be furnished in any such institution. Notwithstanding any other provision of law, all information concerning skilled nursing facilities required by this subsection to be filed with the Secretary shall be made available to Federal or State employees for purposes consistent with the effective administration of programs established under subchapters XVIII and XIX of this chapter;

except that such term shall not (other than for purposes of subsection (a)(2) of this section) include any institution which is primarily for the care and treatment of mental diseases or tuberculosis. For purposes of subsection (a)(2) of this section, such term includes any institution which meets the requirements of paragraph (1) of this subsection. The term "skilled nursing facility" also includes an institution described in paragraph (1) of subsection (y) of this section, to the extent and subject to the limitations provided in such subsection. To the extent that paragraph (6) of this subsection may be deemed to require that any skilled nursing facility engage the services of a registered professional nurse for more than 40 hours a week, the Secretary is authorized to waive such requirement if he finds that—

(A) such facility is located in a rural area and the supply of skilled nursing facility services in such area is not sufficient to meet the needs of individuals residing therein.

(B) such facility has one full-time registered professional nurse who is regularly on duty at such facility 40 hours a week, and

(C) such facility (i) has only patients whose physicians have indicated (through physicians' orders or admission notes) that each such patient does not require the services of a registered nurse or a physician for a 48-hour period, or (ii) has made arrangements for a registered professional nurse or a physician to spend such time at such facility as may be indicated as necessary by the physician to provide necessary skilled nursing services on days when the regular full-time registered professional nurse is not on duty.

(k) Utilization review.

A utilization review plan of a hospital or skilled nursing facility shall be considered sufficient if it is applicable to services furnished by the institution to individuals entitled to insurance benefits under this subchapter and if it provides—

* * * * *

(2) for such review to be made by either (A) a staff committee of the institution composed of

[1] So in original. Par. redesignated as (15) by section 246(b)(2) of Pub. L. 92-603 notwithstanding the absence of a par. (14).

two or more physicians, with or without participation of other professional personnel, or (B) a group outside the institution which is similarly composed and (i) which is established by the local medical society and some or all of the hospitals and skilled nursing facilities in the locality, or (ii) if (and for as long as) there has not been established such a group which serves such institution, which is established in such other manner as may be approved by the Secretary;

* * * * *

The review committee must be composed as provided in clause (B) of paragraph (2) rather than as provided in clause (A) of such paragraph in the case of any hospital or skilled nursing facility where, because of the small size of the institution, or (in the case of a skilled nursing facility) because of lack of an organized medical staff, or for such other reason or reasons as may be included in regulations, it is impracticable for the institution to have a properly functioning staff committee for the purposes of this subsection. If the Secretary determines that the utilization review procedures established pursuant to subchapter XIX of this chapter are superior in their effectiveness to the procedures required under this section, he may, to the extent that he deems it appropriate, require for purposes of this subchapter that the procedures established pursuant to subchapter XIX of this chapter be utilized instead of the procedures required by this section.

(*l*) Agreements for transfer between skilled nursing facilities and hospitals.

A hospital and a skilled nursing facility shall be considered to have a transfer agreement in effect if, by reason of a written agreement between them or (in case the two institutions are under common control) by reason of a written undertaking by the person or body which controls them, there is reasonable assurance that—

(1) transfer of patients will be effected between the hospital and the skilled nursing facility whenever such transfer is medically appropriate as determined by the attending physician; and

(2) there will be interchange of medical and other information necessary or useful in the care and treatment of individuals transferred between the institutions, or in determining whether such individuals can be adequately cared for otherwise than in either of such institutions.

Any skilled nursing facility which does not have such an agreement in effect, but which is found by a State agency (of the State in which such facility is situated) with which an agreement under section 1395aa of this title is in effect (or, in the case of a State in which no such agency has an agreement under section 1395aa of this title, by the Secretary) to have attempted in good faith to enter into such an agreement with a hospital sufficiently close to the facility to make feasible the transfer between them of patients and the information referred to in paragraph (2), shall be considered to have such an agreement in effect if and for so long as such agency (or the Secretary, as the case may be) finds that to do so is in the public interest and essential to assuring extended care services for persons in the community who are eligible for payments with respect to such services under this subchapter.

(m) Home health services.

The term "home health services" means the following items and services furnished to an individual, who is under the care of a physician, by a home health agency or by others under arrangements with them made by such agency, under a plan (for furnishing such items and services to such individual) established and periodically reviewed by a physician, which items and services are, except as provided in paragraph (7), provided on a visiting basis in a place of residence used as such individual's home—

* * * * *

(7) any of the foregoing items and services which are provided on an outpatient basis, under arrangements made by the home health agency, at a hospital or skilled nursing facility, or at a rehabilitation center which meets such standards as may be prescribed in the regulations, and—

(A) the furnishing of which involves the use of equipment of such a nature that the items and services cannot readily be made available to the individual in such place of residence, or

(B) which are furnished at such facility while he is there to receive any such item or service described in clause (A),

(*o*) Home health agency.

The term "home health agency" means a public agency or private organization, or a subdivision of such an agency or organization, which—

* * * * *

(4) in the case of an agency or organization in any State in which State or applicable local law provides for the licensing of agencies or organizations of this nature, (A) is licensed pursuant to such law, or (B) is approved, by the agency of such State or locality responsible for licensing agencies or organizations of this nature, as meeting the standards established for such licensing;

(p) Outpatient physical therapy services.

The term "outpatient physical therapy services" means physical therapy services furnished by a provider of services, a clinic, rehabilitation agency, or a public health agency, or by others under an arrangement with, and under the supervision of, such provider, clinic, rehabilitation agency, or public health agency to an individual as an outpatient—

(B) if furnished by a public health agency, unless such agency meets such other conditions relating to health and safety of individuals who are furnished services by such agency on an outpatient basis, as the Secretary may find necessary.

The term "outpatient physical therapy services" also includes physical therapy services furnished an individual by a physical therapist (in his office or in such individual's home) who meets licensing and other standards prescribed by the Secretary in regulations, otherwise than under an arrangement with and under the supervision of a provider of services, clinic, rehabilitation agency, or public health agency, if the furnishing of such services meets such conditions relating to health and safety as the Secretary may find necessary. In addition, such term includes physical therapy services which meet the requirements of the first sentence of this subsection except that they are furnished to an individual as an inpatient of a hospital or extended care facility. The term "outpatient physical therapy services" also includes speech pathology services furnished by a provider of services, a clinic, rehabilitation agency, or by a public health agency, or by others under an arrangement with, and under the supervision of, such provider, clinic, rehabilitation agency, or public health agency to an individual as an outpatient, subject to the conditions prescribed in this subsection.

(q) Physicians' services.

For the purposes of section 1395y(a)(4) of this title and subject to the limitations and conditions provided in the previous sentence, such term includes a doctor of one of the arts, specified in such previous sentence, legally authorized to practice such art in the country in which the inpatient hospital services (referred to in such section 1395y(a)(4) of this title) are furnished.

(s) Medical and other health services.

The term "medical and other health services" means any of the following items or services:

(u) Provider of services.

The term "provider of services" means a hospital, skilled nursing facility, or home health agency, or, for purposes of section 1395f(g) and section 1395n (e) of this title, a fund.

(v) Reasonable cost; semi-private accommodations.

(1) (A) The reasonable cost of any services shall be the cost actually incurred, excluding therefrom any part of incurred cost found to be unnecessary in the efficient delivery of needed health services, and shall be determined in accordance with regulations establishing the method or methods to be used, and the items to be included, in determining such costs for various types or classes of institutions, agencies, and services; except that in any case to which paragraph (2) or (3) applies, the amount of the payment determined under such paragraph with respect to the services involved shall be considered the reasonable cost of such services. In prescribing the regulations referred to in the preceding sentence, the Secretary shall consider, among other things, the principles generally applied by national organizations or established prepayment organizations (which have developed such principles) in computing the amount of payment, to be made by persons other than the recipients of services, to providers of services on account of services furnished to such recipients by such providers. Such regulations may provide for determination of the costs of services on a per diem, per unit, per capita, or other basis, may provide for using different methods in different circumstances, may provide for the use of estimates of costs of particular items or services, may provide for the establishment of limits on the direct or indirect overall incurred costs or incurred costs of specific items or services or groups of items or services to be recognized as reasonable based on estimates of the costs necessary in the efficient delivery of needed health services to individuals covered by the insurance programs established under this subchapter, and may provide for the use of charges or a percentage of charges where this method reasonably reflects the costs. Such regulations shall (i) take into account both direct and indirect costs of providers of services (excluding therefrom any such costs, including standby costs, which are determined in accordance with regulations to be unnecessary in the efficient delivery of services covered by the insurance programs established under this subchapter) in order that, under the methods of determining costs, the necessary costs of efficiently delivering covered services to individuals covered by the insurance programs established by this subchapter will not be borne by individuals not so covered, and the costs with respect to individuals not so covered will not be borne by such insurance programs, and (ii) provide for the making of suitable retroactive corrective adjustments where, for a provider of services for any fiscal period, the aggregate reimbursement produced by the methods of determining costs proves to be either inadequate or excessive.

(B) Such regulations in the case of extended care services furnished by proprietary facilities shall include provision for specific recognition of a reasonable return on equity capital, including necessary working capital, invested in the facility and used in the furnishing of such services, in lieu of other allowances to the extent that they reflect similar items. The rate of return recognized pursuant to the preceding sentence for determining the reasonable cost of any services furnished in any fiscal period shall not exceed one and one-half times the average of the rates of interest, for each of the months any part of which is included in such fiscal period, on obligations issued for purchase by the Federal Hospital Insurance Trust Fund.

(C) Where a hospital has an arrangement with a medical school under which the faculty of such school provides services at such hospital, an amount not in excess of the reasonable cost of such services to the medical school shall be included in determining the reasonable cost to the hospital of furnishing services—

(i) for which payment may be made under part A, but only if

(I) payment for such services as furnished under such arrangement would be made under part A to the hospital had such services been furnished by the hospital, and

(II) such hospital pays to the medical school at least the reasonable cost of such services to the medical school, or

(ii) for which payment may be made under part B, but only if such hospital pays to the medical school at least the reasonable cost of such services to the medical school.

(D) Where (i) physicians furnish services which are either inpatient hospital services (including services in conjunction with the teaching programs of such hospital by reason of paragraph (7) of subsection (b) of this section or for which entitlement exists by reason of clause (II) of section 1395k (a)(2)(B) (i) and (ii) of this title such hospital (or medical school under arrangement with such hospital) incurs no actual cost in the furnishing of such services, the reasonable cost of such services shall (under regulations of the Secretary) be deemed to be the cost such hospital or medical school would have incurred had it paid a salary to such physicians rendering such services approximately equivalent to the average salary paid to all physicians employed by such hospital (or if such employment does not exist, or is minimal in such hospital, by similar hospitals in a geographic area of sufficient size to assure reasonable inclusion of sufficient physicians in development of such average salary).

(E) Such regulations may, in the case of skilled nursing facilities in any State, provide for the uses of rates, developed by the State in which such facilities are located, for the payment of the cost of skilled nursing facility services furnished under the State's plan approved under subchapter XIX of this chapter (and such rates may be increased by the Secretary on a class or size of institution or on a geographical basis by a percentage factor not in excess of 10 percent to take into account determinable items or services or other requirements under this subchapter not otherwise included in the computation of such State rates), if the Secretary finds that such rates are reasonably related to (but not necessarily limited to) analyses undertaken by such State of costs of care in comparable facilities in such State; except that the foregoing provisions of this subparagraph shall not apply to any skilled nursing facility in such State if—

(i) such facility is a distinct part of or directly operated by a hospital, or

(ii) such facility operates in a close, formal satellite relationship (as defined in regulations of the Secretary) with a participating hospital or hospitals.

Notwithstanding the previous provisions of this paragraph in the case of a facility specified in clause (ii) of this subparagraph, the reasonable cost of any services furnished by such facility as determined by the Secretary under this subsection shall not exceed 150 percent of the costs determined by the application of this subparagraph (without regard to such clause (ii)).

* * * * *

(3) If the bed and board furnished as part of inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services is in accommodations other than, but not more expensive than, semi-private accommodations and the use of such other accommodations rather than semi-private accommodations was neither at the request of the patient nor for a reason which the Secretary determines is consistent with the purposes of this subchapter, the amount of the payment with respect to such bed and board under part A shall be the reasonable cost of such bed and board furnished in semi-private accommodations (determined pursuant to paragraph (1)) minus the difference between the charge customarily made by the hospital or skilled nursing facility for bed and board in semi-private accommodations and the charge customarily made by it for bed and board in the accommodations furnished.

(4) If a provider of services furnishes items or services to an individual which are in excess of or more expensive than the items or services determined to be necessary in the efficient delivery of needed health services and charges are imposed for such more expensive items or services under the authority granted in section 1395cc(a)(2)(B)(ii) of this title, the amount of payment with respect to such items or services otherwise due such provider in any fiscal period shall be reduced to the extent that such payment plus such charges exceed the cost actually incurred for such items or services in the fiscal period in which such charges are imposed.

(5)(A) Where physical therapy services, occupational therapy services, speech therapy services, or other therapy services or services of other health-related personnel (other than physicians) are furnished under an arrangement with a provider of services or other organization, specified in the first sentence of subsection (p) of this section the amount included in any payment to such provider or other organization under this subchapter as the reasonable cost of such services (as furnished under such arrangements) shall not exceed an amount equal to the salary which would reasonably have been paid for such services (together with any additional costs that would have been incurred by the provider or other organization) to the person performing them if they had been performed in an employment relationship with such provider or other organization (rather than under such arrangement) plus the cost of such other expenses (including a reasonable allowance for traveltime and other reasonable types of expense related to any differences in acceptable methods of organization for the provision of such therapy) incurred by such person, as the Secretary may in regulations determine to be appropriate.

(B) Notwithstanding the provisions of subparagraph (A), if a provider of services or other organization specified in the first sentence of subsection (p) of this section requires the services of a therapist on a limited part-time basis, or only to perform intermittent services, the Secretary may make payment on the basis of a reasonable rate per unit of service, even though such rate is greater per unit of time than salary related amounts, where he finds that such greater payment is, in the aggregate, less than the amount that would have been paid if such organization had employed a therapist on a full- or part-time salary basis.

(6) For purposes of this subsection, the term, "semi-private accommodations" means two-bed, three-bed, or four-bed accommodations.

(7) For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or areawide planning agency, see section 1320a–1 of this title.

(w) Arrangements for certain services; payments pursuant to arrangements for utilization review activities.

(1) The term "arrangements" is limited to arrangements under which receipt of payment by the hospital, skilled nursing facility, or home health agency (whether in its own right or as agent), with respect to services for which an individual is entitled to have payment made under this subchapter, discharges, the liability of such individual or any other person to pay for the services.

(2) Utilization review activities conducted, in accordance with the requirements of the program established under part B of subchapter XI of this chapter with respect to services furnished by a hospital to patients insured under part A of this subchapter or entitled to have payment made for such services under a State plan approved under subchapter V or XIX of this chapter, by a Professional Standards Review Organization designated for the area in which such hospital is located shall be deemed to have been conducted pursuant to arrangements between such hospital and such organization under which such hospital is obligated to pay to such organization, as a condition of receiving payment for hospital services so furnished under this part or under such a State plan, such amount as is reasonably incurred and requested (as determined under regulations of the Secretary) by such organization in conducting such review activities with respect to services furnished by such hospital to such patients.

(y) Post-hospital extended care in Christian Science skilled nursing facilities.

(1) The term "skilled nursing facility" also includes a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts, but only (except for purposes of subsection (a)(2) of this section) with respect to items and services ordinarily furnished by such an institution to inpatients, and pay-

ment may be made with respect to services provided by or in such an institution only to such extent and under such conditions, limitations, and requirements (in addition to or in lieu of the conditions, limitations, and requirements otherwise applicable) as may be provided in regulations.

(2) Notwithstanding any other provision of this subchapter, payment under part A may not be made for services furnished an individual in a skilled nursing facility to which paragraph (1) applies unless such individual elects, in accordance with regulations, for a spell of illness to have such services treated as post-hospital extended care services for purposes of such part; and payment under part A may not be made for post-hospital extended care services—

(A) furnished an individual during such spell of illness in a skilled nursing facility to which paragraph (1) applies after—

(i) such services have been furnished to him in such a facility for 30 days during such spell, or

(ii) such services have been furnished to him during such spell in a skilled nursing facility to which such paragraph does not apply; or

(B) furnished an individual during such spell of illness in a skilled nursing facility to which paragraph (1) does not apply after such services have been furnished to him during such spell in a skilled nursing facility to which such paragraph applies.

(3) The amount payable under part A for post-hospital extended care services furnished an individual during any spell of illness in a skilled nursing facility to which paragraph (1) applies shall be reduced by a co-insurance amount equal to one-eighth of the inpatient hospital deductible for each day before the 31st day on which he is furnished such services in such a facility during such spell (and the reduction under this paragraph shall be in lieu of any reduction under section 1395e(a)(3) of this title).

(4) For purposes of subsection (i) of this section, the determination of whether services furnished by or in an institution described in paragraph (1) constitute post-hospital extended care services shall be made in accordance with and subject to such conditions, limitations, and requirements as may be provided in regulations.

(z) Institutional planning.

An overall plan and budget of a hospital, skilled nursing facility, or home health agency shall be considered sufficient if it—

(1) provides for an annual operating budget which includes all anticipated income and expenses related to items which would, under generally accepted accounting principles, be considered income and expense items (except that nothing in this paragraph shall require that there be prepared, in connection with any budget, an item-by-item identification of the components of each type of anticipated expenditure or income);

(2) provides for a capital expenditures plan for at least a 3-year period (including the year to which the operating budget described in subparagraph (1) is applicable) which includes and identifies in detail the anticipated sources of financing for, and the objectives of, each anticipated expenditure in excess of $100,000 related to the acquisition of land, the improvement of land, buildings, and equipment, and the replacement, modernization, and expansion of the buildings and equipment which would, under generally accepted accounting principles, be considered capital items;

(3) provides for review and updating at least annually; and

(4) is prepared, under the direction of the governing body of the institution or agency, by a committee consisting of representatives of the governing body, the administrative staff, and the medical staff (if any) of the institution or agency.

EFFECTIVE DATE OF 1972 AMENDMENT

Section 299D(c) of Pub. L. 92–603 provided that: "The provisions of this section [which amended subsec. (a) of this section and section 1396a(a)(37) of this title] shall be effective beginning January 1, 1973, or within 6 months following the enactment of this Act [Oct. 30, 1972], whichever is later.

This section is referred to in sections 705, 1395x, 1395bb, 1396a of this title; title 45 section 231f.

§ 1395bb. Effect of accreditation.

(a) Except as provided in subsection (b) of this section and the second sentence of section 1395z of this title, if—

(1) an institution is accredited as a hospital by the Joint Commission on Accreditation of Hospitals, and

(2) such institution (if it is included within a survey described in section 1395aa(c) of this title) authorizes the Commission to release to the Secretary (on a confidential basis) upon his request (or such State agency as the Secretary may designate) a copy of the most current accreditation survey of such institution made by such Commission,

then, such institution shall be deemed to meet the requirements of the numbered paragraphs of section 1395x (e) of this title; except—

(3) paragraph (6) thereof, and

(4) any standard, promulgated by the Secretary pursuant to paragraph (9) thereof, which is higher than the requirements prescribed for accreditation by such Commission.

If such Commission, as a condition for accreditation of a hospital, requires a utilization review plan (or imposes another requirement which serves substantially the same purpose) or imposes a standard which the Secretary determines is at least equivalent to the standard promulgated by the Secretary as described in paragraph (4) of this subsection, the Secretary is authorized to find that all institutions so accredited by such Commission comply also with section 1395x (e)(6) of this title or the standard described in such paragraph (4), as the case may be. In addition, if the Secretary finds that accreditation of an institution or agency by the American Osteopathic Association or any other national accreditation body provides reasonable assurance that any or all of the conditions of section 1395x (e), (j) or (o) of this title, as the case may be, are met, he may, to the extent he deems it appropriate, treat such institution or agency as meeting the condition or conditions with respect to which he made such finding.

(b) Notwithstanding any other provision of this subchapter, if the Secretary finds following a survey made pursuant to section 1395aa (c) of this title that an institution has significant deficiencies (as defined in regulations pertaining to health and safety), such institution shall, after the date of notice of such finding to the hospital and for such period as may be prescribed in regulations, be deemed not to meet the requirements of the numbered paragraphs of section 1395x (e) of this title. (As amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 234(h), 244(b), 86 Stat. 1413, 1423.)

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment of section by section 234(h) of Pub. L. 92–603 applicable with respect to providers of services for fiscal years beginning after the fifth month following October 1972, see section 234(i) of Pub. L. 92–603, set out as a note under section 1395x of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1395x of this title.

§ 1395cc. Agreements with providers of services.

(a)(1) Any provider of services (except a fund designated for purposes of section 1395f(g) and section 1395n(e) of this title) shall be qualified to participate under this subchapter and shall be eligible for payments under this subchapter if it files with the Secretary an agreement—

* * * * *

(B) not to charge any individual or any other person for items or services for which such individual is not entitled to have payment made under this subchapter because payment for expenses incurred for such items or services may not be made by reason of the provisions of paragraph (1) or (9), but only if (i) such individual was without fault in incurring such expenses and (ii) the Secretary's determination that such payment may not be made for such items and services was made after the third year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter, and

(C) to make adequate provision for return (or other disposition, in accordance with regulations) of any moneys incorrectly collected from such individual or other person.

An agreement under this paragraph with a skilled nursing facility shall be for a term of not exceeding 12 months, except that the Secretary may extend such term for a period not exceeding 2 months, where

the health and safety of patients will not be jeopardized thereby, if he finds that such extension is necessary to prevent irreparable harm to such facility or hardship to the individuals being furnished items or services by such facility or if he finds it impracticable within such 12-month period to determine whether such facility is complying with the provisions of this subchapter and regulations thereunder.

(2) (A) * * *

* * * * *

(B) (i) Where a provider of services has furnished, at the request of such individual, items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under this subchapter, such provider of services may also charge such individual or other person for such more expensive items or services to the extent that the amount customarily charged by it for the items or services furnished at such request exceeds the amount customarily charged by it for the items or services with respect to which payment may be made under this subchapter.

(ii) Where a provider of services customarily furnishes an individual items or services which are more expensive than the items or services determined to be necessary in the efficient delivery of needed health services under this subchapter and which have not been requested by such individual, such provider may (except with respect to emergency services) also charge such individual or other person for such more expensive items or services to the extent that the costs of (or, if less, the customary charges for) such more expensive items or services experienced by such provider in the second fiscal period immediately preceding the fiscal period in which such charges are imposed exceed the cost of such items or services determined to be necessary in the efficient delivery of needed health services, but only if—

(I) the Secretary has provided notice to the public of any charges being imposed on individuals entitled to benefits under this subchapter on account of costs in excess of the costs determined to be necessary in the efficient delivery of needed health services under this subchapter by particular providers of services in the area in which such items or services are furnished, and

(II) the provider of services has identified such charges to such individual or other person, in such manner as the Secretary may prescribe, as charges to meet costs in excess of the cost determined to be necessary in the efficient delivery of needed health services under this subchapter.

(C) A provider of services may in accordance with its customary practice also appropriately charge any such individual for any whole blood (or equivalent quantities of packed red blood cells, as defined under regulations) furnished him with respect to which a deductible is imposed under section 1395e(a)(2) of this title, except that (i) any excess of such charge over the cost to such provider for the blood (or equivalent quantities of packed red blood cells, as so defined) shall be deducted from any payment to such provider under this subchapter, (ii) no such charge may be imposed for the cost of administration of such blood (or equivalent quantities of packed red blood cells, as so defined), and (iii) such charge may not be made to the extent such blood (or equivalent quantities of packed red blood cells, as so defined) has been replaced on behalf of such individual or arrangements have been made for its replacement on his behalf. For purposes of this subparagraph, whole blood (or equivalent quantities of packed red blood cells, as so defined) furnished an individual shall be deemed replaced when the provider of services is given one pint of blood for each pint of blood (or equivalent quantities of packed red blood cells, as so defined) furnished such individual with respect to which a deduction is imposed under section 1395e(a)(2) of this title.

(D) Where a provider of services customarily furnishes items or services which are in excess of or more expensive than the items or services with respect to which payment may be made under this subchapter, such provider, notwithstanding the preceding provisions of this paragraph, may not, under the authority of subparagraph (B)(ii) of this paragraph, charge any individual or other person any amount for such items or services in excess of the amount of the payment which may otherwise be made for such items or services under this subchapter if the admitting physician has a direct or indirect financial interest in such provider.

(b) An agreement with the Secretary under this section may be terminated (and in the case of a skilled nursing facility, prior to the end of the term specified in subsection (a)(1) of this section)—

* * * * *

(2) by the Secretary at such time and upon such reasonable notice to the provider of services and the public as may be specified in regulations, but only after the Secretary has determined (A) that such provider of services is not complying substantially with the provisions of such agreement, or with the provisions of this subchapter and regulations thereunder, or (B) that such provider of services no longer substantially meets the applicable provisions of section 1395x of this title, or (C) that such provider of services has failed to provide such information as the Secretary finds necessary to determine whether payments are or were due under this subchapter and the amounts thereof, or has refused to permit such examination of its fiscal and other records by or on behalf of the Secretary as may be necessary to verify such information, or (D) that such provider has made, or caused to be made, any false statement or representation of a material fact for use in an application for payment under this subchapter or for use in determining the right to a payment under this subchapter, or (E) that such provider has submitted, or caused to be submitted, request for payment under this subchapter of amounts for rendering services substantially in excess of the costs incurred by such provider for rendering such services, or (F) that such provider has furnished services or supplies which are determined by the Secretary, with the concurrence of the members of the appropriate program review team appointed pursuant to section 1395y(d)(4) of this title who are physicians or other professional personnel in the health care field, to be substantially in excess

of the needs of individuals or to be harmful to individuals or to be of a grossly inferior quality.

Any termination shall be applicable—

(3) in the case of inpatient hospital services (including tuberculosis hospital services and inpatient psychiatric hospital services) or post-hospital extended care services, with respect to services furnished after the effective date of such termination, except that payment may be made for up to thirty days with respect to inpatient institutional services furnished to any eligible individual who was admitted to such institution prior to the effective date of such termination,

* * * * *

(c)(1) Where an agreement filed under this subchapter by a provider of services has been terminated by the Secretary, such provider may not file another agreement under this subchapter unless the Secretary finds that the reason for the termination has been removed and that there is reasonable assurance that it will not recur.

(2) In the case of a skilled nursing facility participating in the programs established by this subchapter and subchapter XIX of this chapter, the Secretary may enter into an agreement under this section only if such facility has been approved pursuant to section 1396 of this title, and the term of any such agreement shall be in accordance with the period of approval of eligibility specified by the Secretary pursuant to such section.

(d) If the Secretary finds that there is a substantial failure to make timely review in accordance with section 1395x(k) of this title of long-stay cases in a hospital or skilled nursing facility, he may, in lieu of terminating his agreement with such hospital or facility, decide that, with respect to any individual admitted to such hospital or facility after a subsequent date specified by him, no payment shall be made under this subchapter for inpatient hospital services (including inpatient tuberculosis hospital services and inpatient psychiatric hospital services) after the 20th day of a continuous period of such services or for post-hospital extended care services after such day of a continuous period of such care as is prescribed in or pursuant to regulations, as the case may be. Such decision may be made effective only after such notice to the hospital, or (in the case of a skilled nursing facility) to the facility and the hospital or hospitals with which it has a transfer agreement, and to the public, as may be prescribed by regulations, and its effectiveness shall terminate when the Secretary finds that the reason therefor has been removed and that there is reasonable assurance that it will not recur. The Secretary shall not make any such decision except after reasonable notice and opportunity for hearing to the institution or agency affected thereby.

proper adjustments shall be made, under regulations prescribed (after consultation with the Railroad Retirement Board) by the Secretary, by decreasing subsequent payments—

(3) to which such individual is entitled under subchapter II of this chapter or under the Railroad Retirement Act of 1974, as the case may be, or

(4) if such individual dies before such adjustment has been completed, to which any other individual is entitled under subchapter II of this chapter or under the Railroad Retirement Act of 1974, as the case may be, with respect to the wages and self-employment income or the compensation constituting the basis of the benefits of such deceased individual under subchapter II of this chapter.

As soon as practicable after any adjustment under paragraph (3) or (4) is determined to be necessary, the Secretary, for purposes of this section, section 1395i(g) of this title, and section 1395t(f) of this title, shall certify (to the Railroad Retirement Board if the adjustment is to be made by decreasing subsequent payments under the Railroad Retirement Act of 1974) the amount of the overpayment as to which the adjustment is to be made. For purposes of clause (B) of paragraph (1), such provider of services or such other person shall, in the absence of evidence to the contrary, be deemed to be without fault if the Secretary's determination that more than such correct amount was paid was made subsequent to the third year following the year in which notice was sent to such individual that such amount had been paid; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter.

(c) There shall be no adjustment as provided in subsection (b) of this section (nor shall there be recovery) in any case where the incorrect payment has been made (including payments under section 1395f(e) of this title) with respect to an individual who is without fault or where the adjustment (or recovery) would be made by decreasing payments to which another person who is without fault is entitled as provided in subsection (b)(4) of this section, if such adjustment (or recovery) would defeat the purposes of subchapter II or subchapter XVIII of this chapter or would be against equity and good conscience. Adjustment or recovery of an incorrect payment (or only such part of an incorrect payment as the Secretary determines to be inconsistent with the purposes of this subchapter) against an individual who is without fault shall be deemed to be against equity and good conscience if (A) the incorrect payment was made for expenses incurred for items or services for which payment may not be made under this subchapter by reason of the provisions of paragraph (1) or (9) of section 1395y of this title and (B) if the Secretary's determination that such payment was incorrect was made subsequent to the third year following the year in which notice of such payment was sent to such individual; except that the Secretary may reduce such three-year period to not less than one year if he finds such reduction is consistent with the objectives of this subchapter.

(g) If an individual, who is enrolled under section 1395i-2(c) of this title or under section 1395p of this title, dies, and premiums with respect to such enrollment have been received with respect to such individual for any month after the month of his death, such premiums shall be refunded to the person or persons determined by the Secretary under regulations to have paid such premiums or if payment for such premiums was made by the deceased individual before his death, to the legal representative of the estate of such deceased individual, if any. § 1395mm. Payments to health maintenance organizations.

(a) Rates and adjustments.

(1) In lieu of amounts which would otherwise be payable pursuant to sections 1395f(b) and 1395*l*(a) of this title, the Secretary is authorized to determine, by actuarial methods, as provided in this section, but only with respect to a health maintenance organization with which he has entered into a contract under subsection (i) of this section, a per capita rate of payment—

(A) for services provided under parts A and B for individuals enrolled with such organization pursuant to subsection (e) of this section who are entitled to hospital insurance benefits under part A and enrolled for medical insurance benefits under part B, and

(B) for services provided under part B for individuals enrolled with such organization pursuant to subsection (e) of this section who are not entitled to benefits under part A but who are enrolled for benefits under part B.

(2) An interim per capita rate of payment for each health maintenance organization shall be determined annually by the Secretary on the basis of each organization's annual operating budget and enrollment forecast which shall be submitted (in such form and in such detail as the Secretary may prescribe) at least 90 days before the beginning of each contract year. Each interim rate shall be equal to the estimated per capita cost (based upon types and components of expenses otherwise reimbursable under this subchapter) of providing services defined in paragraph (3)(A)(iii). In the event that the data requested to be furnished by a health maintenance organization are not furnished timely, such reduction in interim payments may be made by the Secretary as is appropriate, until such time as a reasonable estimate of per capita costs can be made. Each month, the Secretary shall pay each organization its interim per capita rate, in advance, for each individual enrolled with it pursuant to subsection (e) of this section. Each such organization shall submit interim estimated cost reports and enrollment data on a quarterly basis in such form and manner satisfactory to the Secretary, and the Secretary shall adjust each interim per capita rate to the extent necessary to maintain interim payments at the level of current costs. Interim payments made under this paragraph shall be subject to retroactive adjustment at the end of each contract year as provided in paragraph (3).

(3)(A) With respect to any health maintenance organization which has entered into a risk sharing contract with the Secretary pursuant to subsection (i)(2)(A) of this section, payments made to such organization shall be subject to the following adjustments at the end of each contract year:

(i) if the Secretary determines that the per capita incurred cost of any such organization in any contract year for providing services described in paragraph (1) is less than the adjusted average per capita incurred cost (as defined herein) of providing such services, the resulting difference (hereinafter referred to as "savings") shall be apportioned following the close of a contract year for such year between such organization and the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund (hereinafter collectively referred to as the "Medicare Trust Funds") as follows:

(I) savings up to 20 percent of the adjusted average per capita cost shall be apportioned equally between such organization and the Medicare Trust Funds;

(II) savings in excess of 20 percent of the adjusted average per capita cost shall be apportioned entirely to such Trust Funds;

(ii) if the Secretary determines that the per capita incurred cost of any such organization in any contract year for providing services described in paragraph (1) is greater than the adjusted average per capita incurred cost of providing such services, the resulting difference (hereinafter referred to as "losses"), shall be absorbed by such organization, and shall be carried forward and offset from savings realized in later years;

(iii) determination of any amounts payable at the close of the contract year to such organization or to the Trust Funds shall be made as follows:

(I) within 90 days after close of a contract year, interim determination of the amount of estimated savings and apportionment thereof shall be made, actuarially, on the basis of interim reports of costs incurred by an organization, and adjusted average per capita costs (as defined herein), and other evidence acceptable to the Secretary and one-half of any amounts deemed payable to such organization or the Trust Funds shall be paid by such organization or the Secretary as appropriate;

(II) final settlement and payment by the Secretary or organization, as appropriate, of any additional amounts due on basis of such final settlement will be made where adequate data for actuarial computation are available, in timely fashion following submission by such organization of reports specified in subparagraph (C) of this paragraph; and

(III) where such final settlement is reached more than 90 days following submission of reports specified in subparagraph (C) of this paragraph, any amount payable by the Secretary or organization shall be increased by an interest amount, accruing from the 91st day following submission of such report, equal to the average rate of interest payable on Federal obligations if issued on such 91st day for purchase by the Trust Funds.

(iv) The term "adjusted average per capita cost" means the average per capita amount that the Secretary determines (on the basis of actual experience, or retrospective actuarial equivalent based upon an adequate sample and other information and data, in the geographic area served by a health maintenance organization or in a similar area, with appropriate adjustment to assure actuarial equivalence, including adjustments relating to age distribution, sex, race, institutional status, disability status, and any other relevant factors)

would be payable in any contract year for services covered under this subchapter and types of expenses otherwise reimbursable under this subchapter (including administrative costs incurred by organizations described in sections 1395h and 1395u of this title) if such services were to be furnished by other than such health maintenance organization.

(B) With respect to any health maintenance organization which has entered into a reasonable cost reimbursement contract with the Secretary pursuant to subsection (i)(2)(B) of this section, payments made to such organization shall be subject to suitable retroactive corrective adjustments at the end of each contract year so as to assure that such organization is paid for the reasonable cost actually incurred (excluding therefrom any part of incurred cost found to be unnecessary in the efficient delivery of health services) for the types of expenses otherwise reimbursable under this subchapter for providing services covered under this subchapter to individuals described in paragraph (1).

(C) Any contract with a health maintenance organization under this subchapter shall provide that the Secretary shall require, at such time following the expiration of each accounting period of a health maintenance organization (and in such form and in such detail) as he may prescribe:

(i) that such health maintenance organization report to him in an independently certified financial statement its per capita incurred cost based on the types and components of expenses otherwise reimbursable under this subchapter for providing services described in paragraph (1), including therein, in accordance with accounting procedures prescribed by the Secretary, its methods of allocating costs between individuals enrolled under this section and other individuals enrolled with such organization;

(ii) that failure to report such information as may be required may be deemed to constitute evidence of likely overpayment on the basis of which appropriate collection action may be taken;

(iii) that in any case in which a health maintenance organization is related to another organization by common ownership or control, a consolidated financial statement shall be filed and that the allowable costs for such organization may not include costs for the types of expense otherwise reimbursable under this subchapter, in excess of those which would be determined to be reasonable in accordance with regulations (providing for limiting reimbursement to costs rather than charges to the health maintenance organization by related organizations and owners) issued by the Secretary in accordance with section 1395x(v) of this title; and

(iv) that in any case in which compensation is paid by a health maintenance organization substantially in excess of what is normally paid for similar services by similar practitioners (regardless of method of compensation), such compensation may as appropriate be considered to constitute a distribution of profits.

(4) The payments to health maintenance organizations under this subparagraph with respect to individuals described in subsection (a)(1)(A) of this section shall be made from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund. The portion of such payment to such an organization for a month to be paid by the latter trust fund shall be equal to 200 percent of the sum of—

(A) the product of (i) the number of covered enrollees of such organization for such month (as described in paragraph (1)) who have attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for such month as determined under section 1395r(c)(1) of this title, and

(B) the product of (i) the number of covered enrollees of such organization for such month (as described in paragraph (1)) who have not attained age 65, and (ii) the monthly actuarial rate for supplementary medical insurance for such month as determined under section 1395r(c)(4) of this title.

The remainder of such payment shall be paid by the former trust fund. For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or areawide planning agency, see section 1320a–1 of this title.

(b) Definition.

The term "health maintenance organization" means a public or private organization which—

(1) provides, either directly or through arrangements with others, health services to individuals enrolled with such organization on the basis of a predetermined periodic rate without regard to the frequency or extent of services furnished to any particular enrollee;

(2) provides, either directly or through arrangements with others, to the extent applicable in subsection (c) of this section (through institutions, entities, and persons meeting the applicable requirements of section 1395r of this title), all of the services and benefits covered under parts A and B of this subchapter which are available to individuals residing in the geographic area served by the health maintenance organization;

(3) provides physicians' services primarily (A) directly through physicians who are either employees or partners of such organization, or (B) under arrangements with one or more groups of physicians (organized on a group practice or individual practice basis) under which each such group is reimbursed for its services primarily on the basis of an aggregate fixed sum or on a per capita basis, regardless of whether the individual physician members of any such group are paid on a fee-for-service or other basis;

(4) provides either directly or under arrangements with others, the services of a sufficient number of primary care and specialty care physicians to meet the health needs of its members; for purposes of this section the term "specialty care physician" means a physician who is either board certified or eligible for board certification, except that the Secretary may by regulation prescribe conditions under which physicians who have a record of demonstrated proficiency but who are

not eligible for board certification may, on the basis of training and experience, be recognized as specialty care physicians;

(5) has effective arrangements to assure that its members have access to qualified practitioners in those specialties which are generally available in the geographic area served by the health maintenance organization;

(6) demonstrates to the satisfaction of the Secretary proof of financial responsibility and proof of capability to provide comprehensive health care services, including institutional services, efficiently, effectively, and economically;

(7) except as provided in subsection (h) of this section, has at least half of its enrolled members consisting of individuals under age 65;

(8) assures that the health services required by its members are received promptly and appropriately and that the services that are received measure up to quality standards which it establishes in accordance with regulations; and

(9) has an open enrollment period at least every year under which it accepts up to the limits of its capacity and without restrictions, except as may be authorized in regulations, individuals who are eligible to enroll under subsection (d) of this section in the order in which they apply for enrollment (unless to do so would result in failure to meet the requirements of paragraph (7) or would result in enrollment of enrollees substantially nonrepresentative, as determined in accordance with regulations of the Secretary, of the population in the geographic area served by such health maintenance organization.

(c) Benefits.

The benefits provided under this section to enrollees of an organization which has entered into a risk sharing contract with the Secretary pursuant to subsection (i)(2)(A) of this section shall consist of—

(1) in the case of an individual who is entitled to hospital insurance benefits under part A and enrolled for medical insurance benefits under part B—

(A) entitlement to have payment made on his behalf for all services described in section 1395d and section 1395k of this title which are furnished to him by the health maintenance organization with which he is enrolled pursuant to subsection (e) of this section; and

(B) entitlement to have payment made by such health maintenance organization to him or on his behalf for (i) such emergency services (as defined in regulations), (ii) such urgently needed services (as defined in regulations) furnished to him during a period of temporary absence (as defined in regulations) from the geographic area served by the health maintenance organization with which he is enrolled, and (iii) such other services as may be determined, in accordance with subsection (f) of this section, to be services which the individual was entitled to have furnished by the health maintenance organization, as may be furnished to him by a physician, supplier, or provider of services, other than the health maintenance organization with which he is enrolled; and

(2) in the case of an individual who is not entitled to hospital insurance benefits under part A but who is enrolled for medical insurance benefits under part B, entitlement to have payment made for services described in paragraph (1), but only to the extent that such services are also described in section 1395k of this title.

(d) Enrollment in local health maintenance organizations.

Subject to the provisions of subsection (e) of this section, every individual described in subsection (c) of this section shall be eligible to enroll with any health maintenance organization (as defined in subsection (b) of this section) which serves the geographic area in which such individual resides.

(e) Termination of enrollment.

An individual may enroll with a health maintenance organization under this section, and may terminate such enrollment, as may be prescribed by regulations.

(f) Hearings; judicial review.

Any individual enrolled with a health maintenance organization under this section who is dissatisfied by reason of his failure to receive without additional cost to him any health service to which he believes he is entitled shall, if the amount in controversy is $100 or more, be entitled to a hearing before the Secretary to the same extent as is provided in section 405(b) of this title and in any such hearing the Secretary shall make such health maintenance organization a party thereto. If the amount in controversy is $1,000 or more, such individual or health maintenance organization shall be entitled to judicial review of the Secretary's final decision after such hearing as is provided in section 405(g) of this title.

(g) Limits on costs.

(1) If the health maintenance organization provides its enrollees under this section only the services described in subsection (c) of this section, its premium rate or other charges for such enrollees shall not exceed the actuarial value of the deductible and coinsurance which would otherwise be applicable to such enrollees under part A and part B, if they were not enrolled under this section.

(2) If the health maintenance organization provides to its enrollees under this section services in addition to those described in subsection (c) of this section, election of coverage for such additional services shall be optional for such enrollees and such organization shall furnish such enrollees with information on the portion of its premium rate or other charges applicable to such additional services. The portion of its premium rate or other charges applicable to the services described in subsection (c) of this section shall not exceed the actuarial value of the deductible and coinsurance which would otherwise be applicable to such enrollees under part A and part B if they were not enrolled under this section.

(h) Nonapplicability to certain organizations.

The provisions of paragraph (7) of subsection (b) of this section shall not apply with respect to any

health maintenance organization for such period not to exceed three years from the date such organization enters into an agreement with the Secretary pursuant to subsection (i) of this section, as the Secretary may permit, but only so long as such organization demonstrates to the satisfaction of the Secretary by the submission of its plans for each year that it is making continuous efforts and progress toward achieving compliance with the provisions of such paragraph (7) within such three-year period.

(i) Contract authority.

(1) Subject to the limitations contained in subparagraphs (A) and (B) of paragraph (2), the Secretary is authorized to enter into a contract with any health maintenance organization which undertakes to provide, on an interim per capita prepayment basis, the services described in section 1395k of this title (and section 1395d of this title, in the case of individuals who are entitled to hospital insurance benefits under part A) to individuals enrolled with such organization pursuant to subsection (e) of this section.

(2)(A) If the health maintenance organization (i) has a current enrollment of not less than 25,000 members on a prepaid capitation basis and has been the primary source of health care of at least 8,000 persons in each of the two years immediately preceding the contract year, or (ii) serves a nonurban geographic area, has a current enrollment of not less than 5,000 members on a prepaid capitation basis and has been the primary source of health care for at least 1,500 persons in each of the three years immediately preceding the contract year, the Secretary may enter into a risk sharing contract with such organization pursuant to which any savings, as determined pursuant to subsection (a)(3)(A) of this section, are shared between such organization and the Medicare Trust Funds in the manner prescribed in such subsection. For purposes of this subparagraph, a health maintenance organization shall be considered to serve a nonurban geographic area if it is located in a nonmetropolitan county (that is, a county with fewer than 50,000 inhabitants), or if it has at least one such county in its normal service area, or if it is located outside of a metropolitan area and its facilities are within reasonable travel distance (as defined by the Secretary) of fewer than 50,000 individuals. No health maintenance organization which has entered into a risk-sharing contract with the Secretary under this subparagraph and has voluntarily terminated such contract may again enter into such a contract.

(B) If the health maintenance organization does not meet the requirements of subparagraph (A), or if the Secretary is not satisfied that the health maintenance organization has the capacity to bear the risk of potential losses as determined under clause (ii) of subsection (a)(3)(A) of this section, or if the health maintenance organization meeting the requirements of subparagraph (A) so elects, or if an organization does not fully meet the requirements of subsection (b) of this section but has demonstrated to the satisfaction of the Secretary that it is making reasonable efforts to meet, and is developing the capability to fully meet, such requirements, and that it fully meets such basic requirements as the Secretary shall prescribe in regulations, the Secretary may, if he is otherwise satisfied that the health maintenance organization or other organization is able to perform its contractual obligations effectively and efficiently, enter into a contract with such organization pursuant to which such organization is reimbursed on the basis of its reasonable cost (as defined in section 1395x(v) of this title) in the manner prescribed in subsection (a)(3)(B) of this section.

(3) Such contract may, at the option of such organization, provide that the Secretary (A) will reimburse hospitals and skilled nursing facilities for the reasonable cost (as determined under section 1395x(v) of this title) of services furnished to individuals enrolled with such organization pursuant to subsection (e) of this section, and (B) will deduct the amount of such reimbursement from payments which would otherwise be made to such organization. If a health maintenance organization pays a hospital or skilled nursing facility directly, the amount paid shall not exceed the reasonable cost of the services (as determined under section 1395x(v) of this title) unless such organization demonstrates to the satisfaction of the Secretary that such excess payments are justified on the basis of advantages gained by the organization.

(4) Each contract under this section shall be for a term of at least one year, as determined by the Secretary, and may be made automatically renewable from term to term in the absence of notice by either party of intention to terminate at the end of the current term; except that the Secretary may terminate any such contract at any time (after such reasonable notice and opportunity for hearing to the health maintenance organization involved as he may provide in regulations), if he finds that the organization (A) has failed substantially to carry out the contract, (B) is carrying out the contract in a manner inconsistent with the efficient and effective administration of this section, or (C) no longer substantially meets the applicable conditions of subsection (b) of this section.

(5) The effective date of any contract executed pursuant to this subsection shall be specified in such contract pursuant to the regulations.

(6) Each contract under this section—

(A) shall provide that the Secretary, or any person or organization designated by him—

(i) shall have the right to inspect or otherwise evaluate the quality, appropriateness, and timeliness of services performed under such contract; and

(ii) shall have the right to audit and inspect any books and records of such health maintenance organization which pertain to services performed and determinations of amounts payable under such contract;

(B) shall provide that no reinsurance costs (other than those with respect to out-of-area services), including any underwriting of risk relating to costs in excess of adjusted average per capita cost, as defined in clause (iii) of subsection (a)(3)(A) of this section, shall be allowed for purposes

of determining payments authorized under this section; and

(C) shall contain such other terms and conditions not inconsistent with this section as the Secretary may find necessary.

(j) Performance of contractual functions.

The function vested in the Secretary by subsection (i) of this section may be performed without regard to such provisions of law or of other regulations relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the furtherance of the purposes of this subchapter. (Aug. 14, 1935, ch. 531, title XVIII, § 1876, as added and amended Oct. 30, 1972, Pub. L. 92–603, title II, §§ 226(a), 278(b)(3), 86 Stat. 1396, 1453; Dec. 31, 1973, Pub. EFFECTIVE DATE OF 1973 AMENDMENT

Section 18(z–3)(3) of Pub. L. 93–233 provided that: "The amendments made by subsections (m) and (n) [of subsecs. (a)(3)(A)(ii) and (g)(2) of this section] shall be effective with respect to services provided after June 30, 1973."

EFFECTIVE DATE

Section 226(f) of Pub. L. 92–603 provided that: "The amendments made by this section [enacting this section, amending sections 1395f, 1395*l*, 1395*ll* and 1396b of this title and enacting provisions set out as notes under this section] shall be effective with respect to services provided on or after July 1, 1973."

REIMBURSEMENT FOR SERVICES

Section 226(b) of Pub. L. 92–603 provided that:

"(1) Notwithstanding the provisions of section 1814 and section 1833 of the Social Security Act [sections 1395f and 1395*l* of this title], any health maintenance organization which has entered into a contract with the Secretary pursuant to section 1876 of such Act [this section] shall, for the duration of such contract, (except as provided in paragraph (2)) be entitled to reimbursement only as provided in section 1876 of such Act [this section] for individuals who are members of such organizations.

"(2) With respect to individuals who are members of organizations which have entered into a risk-sharing contract with the Secretary pursuant to subsection (i)(2)(A) [of this section] prior to July 1, 1973, and who, although eligible to have payment made pursuant to section 1876 of such Act [this section] for services rendered to them, chose (in accordance with regulations) not to have such payment made pursuant to such section, the Secretary shall, for a period not to exceed three years commencing on July 1, 1973, pay to such organization on the basis of an interim per capita rate, determined in accordance with the provisions of section 1876(a)(2) of such Act [subsec. (a)(2) of this section], with appropriate actuarial adjustments to reflect the difference in utilization of out-of-plan services, which would have been considered sufficiently reasonable and necessary under the rules of the health maintenance organization to be provided by that organization, between such individuals and individuals who are enrolled with such organization pursuant to section 1876 of such Act [this section]. Payments under this paragraph shall be subject to retroactive adjustment at the end of each contract year as provided in paragraph (3).

"(3) If the Secretary determines that the per capita cost of any such organization in any contract year for providing services to individuals described in paragraph (2), when combined with the cost of the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund in such year for providing out-of-plan services to such individuals, is less than or greater than the adjusted average per capita cost (as defined in section 1876(a)(3) of such Act) [subsec. (a)(3) of this section] of providing such services, the resulting savings shall be apportioned between such organization and such Trust Funds, or the resulting losses shall be absorbed by such organization, in the manner prescribed in section 1876(a)(3) of such Act [subsec. (a)(3) of this section]."

§ 1395oo. Provider Reimbursement Review Board.

(a) Establishment.

Any provider of services which has filed a required cost report within the time specified in regulations may obtain a hearing with respect to such cost report by a Provider Reimbursement Review Board (hereinafter referred to as the "Board") which shall be established by the Secretary in accordance with subsection (h) of this section, if—

(1) such provider—

(A) is dissatisfied with a final determination of the organization serving as its fiscal intermediary pursuant to section 1395h of this title as to the amount of total program reimbursement due to the provider for the items and services furnished to individuals for which payment may be made under this subchapter for the period covered by such report,

(B) has not received such final determination from such intermediary on a timely basis after filing such report, where such report complied with the rules and regulations of the Secretary relating to such report, or

(C) has not received such final determination on a timely basis after filing a supplementary cost report, where such cost report did not so comply and such supplementary cost report did so comply,

(2) the amount in controversy is $10,000 or more, and

(3) such provider files a request for a hearing within 180 days after notice of the intermediary's final determination under paragraph (1)(A) or with respect to appeals pursuant to paragraph (1) (B) or (C), within 180 days after notice of such determination would have been received if such determination had been made on a timely basis.

(b) Appeals by groups.

The provisions of subsection (a) of this section shall apply to any group of providers of services if each provider of services in such group would, upon the filing of an appeal (but without regard to the $10,000 limitation), be entitled to such a hearing, but only if the matters in controversy involve a common question of fact or interpretation of law or regulations and the amount in controversy is, in the aggregate, $50,000 or more.

(c) Right to counsel; rules of evidence.

At such hearing, the provider of services shall have the right to be represented by counsel, to introduce evidence, and to examine and cross-examine witnesses. Evidence may be received at any such hearing even though inadmissable under rules of evidence applicable to court procedure.

(d) Decisions of Board.

A decision by the Board shall be based upon the record made at such hearing, which shall include the evidence considered by the intermediary and such other evidence as may be obtained or received by the Board, and shall be supported by substantial evidence when the record is viewed as a whole. The Board shall have the power to affirm, modify, or reverse a final determination of the fiscal intermediary with respect to a cost report and to make any other revisions on matters covered by such cost report (including revisions adverse to the provider of services) even though such matters were not considered by the intermediary in making such final determination.

(e) Rules and regulations.

The Board shall have full power and authority to make rules and establish procedures, not inconsistent with the provisions of this subchapter or regulations of the Secretary, which are necessary or appropriate to carry out the provisions of this section. In the course of any hearing the Board may administer oaths and affirmations. The provisions of subsections (d), (e), and (f) of section 405 of this title with respect to subpenas shall apply to the Board to the same extent as they apply to the Secretary with respect to subchapter II of this chapter.

(f) Finality of decision; judicial review; jurisdiction; venue; interest on amount in controversy.

(1) A decision of the Board shall be final unless the Secretary, on his own motion, and within 60 days after the provider of services is notified of the Board's decision, reverses, affirms, or modifies the Board's decision. Providers shall have the right to obtain judicial review of any final decision of the Board, or of any reversal, affirmance, or modification by the Secretary, by a civil action commenced within 60 days of the date on which notice of any final decision by the Board or of any reversal, affirmance, or modification by the Secretary is received. Such action shall be brought in the district court of the United States for the judicial district in which the provider is located or in the District Court for the District of Columbia and shall be tried pursuant to the applicable provisions under chapter 7 of Title 5 notwithstanding any other provisions in section 405 of this title.

(2) Where a provider seeks judicial review pursuant to paragraph (1), the amount in controversy shall be subject to annual interest beginning on the first day of the first month beginning after the 180-day period as determined pursuant to subsection (a)(3) of this section and equal to the rate of return

on equity capital established by regulation pursuant to section 1395x (v) (1) (B) of this title and in effect at the time the civil action authorized under paragraph (1) is commenced, to be awarded by the reviewing court in favor of the prevailing party.

(3) No interest awarded pursuant to paragraph (2) shall be deemed income or cost for the purposes of determining reimbursement due providers under this chapter.

(g) Certain findings not reviewable.

The finding of a fiscal intermediary that no payment may be made under this subchapter for any expenses incurred for items or services furnished to an individual because such items or services are listed in section 1395y of this title shall not be reviewed by the Board, or by any court, pursuant to an action brought under subsection (f) of this section.

(h) Composition and compensation.

The Board shall be composed of five members appointed by the Secretary without regard to the provisions of Title 5 governing appointments in the competitive services. Two of such members shall be representative of providers of services. All of the members of the Board shall be persons knowledgeable in the field of cost reimbursement, and at least one of them shall be a certified public accountant. Members of the Board shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the rate specified (at the time the service involved is rendered by such members) for grade GS–18 in section 5332 of Title 5. The term of office shall be three years, except that the Secretary shall appoint the initial members of the Board for shorter terms to the extent necessary to permit staggered terms of office.

(i) Technical and clerical assistance.

The Board is authorized to engage such technical assistance as may be required to carry out its functions, and the Secretary shall, in addition, make available to the Board such secretarial, clerical, and other assistance as the Board may require to carry out its functions. (Aug. 14, 1935, ch. 531, title XVIII, § 1878, as added Oct. 30, 1972, Pub. L. 92–603, title II, § 243(a), 86 Stat. 1420, and amended Oct. 26, 1974, Pub. L. 93–484, § 3(a), 88 Stat. 1459.)

(2) both such individual and such provider of services or such other person, as the case may be, did not know, and could not reasonably have been expected to know, that payment would not be made for such items or services under such part A or part B,

then to the extent permitted by this subchapter, payment shall, notwithstanding such determination, be made for such items or services (and for such period of time as the Secretary finds will carry out the objectives of this subchapter), as though section 1395y(a)(1) and section 1395y(a)(9) of this title did not apply. In each such case the Secretary shall notify both such individual and such provider of services or such other person, as the case may be, of the conditions under which payment for such items or services was made and in the case of comparable situations arising thereafter with respect to such individual or such provider or such other person, each shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services or reasonably comparable items or services.

Any payments made by the Secretary as indemnification shall be deemed to have been made to such provider or such other person, as the case may be, and shall be treated as overpayments, recoverable from such provider or such other person, as the case may be, under applicable provisions of law. In each such case the Secretary shall notify such individual of the conditions under which indemnification is made and in the case of comparable situations arising thereafter with respect to such individual, he shall, by reason of such notice (or similar notices provided before the enactment of this section), be deemed to have knowledge that payment cannot be made for such items or services.

(c) Knowledge of both provider and individual to whom items or services were furnished that payment could not be made.

No payments shall be made under this subchapter in any cases in which the provisions of paragraph (1) of subsection (a) of this section are met, but both the individual to whom the items or services were furnished and the provider of service or other person, as the case may be, who furnished the items or services knew, or could reasonably have been expected to know, that payment could not be made for items or services under part A or part B by reason of section 1395y (a)(1) or (a)(9) of this title.

(d) Exercise of rights.

In any case arising under subsection (b) of this section (but without regard to whether payments have been made by the individual to the provider or other person) or subsection (c) of this section, the provider or other person shall have the same rights that an individual has under section 1395ff(b) of this title (when the determination is under part A) or section 1395u(b)(3)(C) of this title (when the determination is under part B) when the amount of benefit or payments is in controversy, except that such rights may, under prescribed regulations, be exercised by such provider or other person only after the Secretary determines that the individual will not exercise such rights under such sections. (Aug. 14, 1935, ch. 531, title XVIII, § 1879, as added Oct. 30, 1972, Pub. L. 92–603, title II, § 213(a), 86 Stat. 1384.)

(1) Notwithstanding the preceding provisions of this section, the amount determined under subsection (a)(1) of this section for any State for any quarter beginning after December 31, 1969, shall not take into account any amounts expended as medical assistance with respect to individuals aged 65 or over

and disabled individuals entitled to hospital insurance benefits under subchapter XVIII of this chapter which would not have been so expended if the individuals involved had been enrolled in the insurance program established by part B of subchapter XVIII of this chapter, other than amounts expended under provisions of the plan of such State required by section 1396a(34) of this title.

(f) Limitation on Federal participation in medical assistance.

* * * * *

(4) The limitations on payment imposed by the preceding provisions of this subsection shall not apply with respect to any amount expended by a State as medical assistance for any individual—

(A) who is receiving aid or assistance under any plan of the State aproved under subchapter I, X, XIV or XVI, or part A of subchapter IV, or with respect to whom supplemental security income benefits are being paid under subchapter XVI of this chapter, or

(B) who is not receiving such aid or assistance and with respect to whom such benefits are not being paid, but (i) is eligible to receive such aid or assistance, or to have such benefits paid with respect to him, or (ii) would be eligible to receive such aid or assistance, or to have such benefits paid with respect to him if he were not in a medical institution, or

(C) with respect to whom there is being paid, or who is eligible, or would be eligible if he were not in a medical institution, to have paid with respect to him, a State supplementary payment and is eligible for medical assistance equal in amount, duration, and scope to the medical assistance made available to individuals described in section 1396a(a)(10)(A) of this title, but only if the income of such individual (as determined under section 1382a of this title, but without regard to subsection (b) thereof) does not exceed 300 percent of the supplemental security income benefit rate established by section 1382(b)(1) of this title,

at the time of the provision of the medical assistance giving rise to such expenditure.

(g) Decrease in Federal medical assistance percentage of amounts paid for services furnished under State plan after June 30, 1973.

(1) With respect to amounts paid for the following services furnished under the State plan after June 30, 1973 (other than services furnished pursuant to a contract with a health maintenance organization as defined in section 1395mm of this title), the Federal medical assistance percentage shall be decreased as follows: After an individual has received care as an inpatient in a hospital (including an institution for tuberculosis), skilled nursing facility or intermediate care facility on 60 days, or in a hospital for mental diseases on 90 days (whether or not such days are consecutive), during any fiscal year, which for purposes of this section means the four calendar quarters ending with June 30, the Federal medical assistance percentage with respect to amounts paid for any such care furnished thereafter to such individual in the same fiscal year shall be decreased by 33⅓ per centum thereof unless the State agency responsible for the administration of the plan makes a showing satisfactory to the Secretary that, with respect to each calendar quarter for which the State submits a request for payment at the full Federal medical assistance percentage for amounts paid for inpatient hospital services (including tuberculosis hospitals), skilled nursing facility services, or intermediate care facility services furnished beyond 60 days (or inpatient mental hospital services furnished beyond 90 days), there is in operation in the State an effective program of control over utilization of such services; such a showing must include evidence that—

(A) in each case for which payment is made under the State plan, a physician certifies at the time of admission, or, if later, the time the individual applies for medical assistance under the State plan (and recertifies, where such services are furnished over a period of time, in such cases, at least every 60 days, and accompanied by such supporting material, appropriate to the case involved, as may be provided in regulations of the Secretary), that such services are or were required to be given on an inpatient basis because the individual needs or needed such services; and

(B) in each such case, such services were furnished under a plan established and periodically reviewed and evaluated by a physician;

(C) such State has in effect a continuous program of review of utilization pursuant to section 1396a(a)(30) of this title whereby each admission is reviewed or screened in accordance with criteria established by medical and other professional personnel who are not themselves directly responsible for the care of the patient involved, and who do not have a significant financial interest in any such institution and are not, except in the case of a hospital, employed by the institution providing the care involved; and the information developed from such review or screening, along with the data

obtained from prior reviews of the necessity for admission and continued stay of patients by such professional personnel, shall be used as the basis for establishing the size and composition of the sample of admissions to be subject to review and evaluation by such personnel, and any such sample may be of any size up to 100 per centum of all admissions and must be of sufficient size to serve the purpose of (i) identifying the patterns of care being provided and the changes occurring over time in such patterns so that the need for modification may be ascertained, and (ii) subjecting admissions to early or more extensive review where information indicates that such consideration is warranted; and

(D) such State has an effective program of medical review of the care of patients in mental hospitals, skilled nursing facilities, and intermediate care facilities pursuant to section 1396a(a)(26) and (31) of this title whereby the professional management of each case is reviewed and evaluated at least annually by independent professional review teams.

In determining the number of days on which an individual has received services described in this subsection, there shall not be counted any days with respect to which such individual is entitled to have payments made (in whole or in part) on his behalf under section 1395d of this title.

(2) The Secretary shall, as part of his validation procedures under this subsection, conduct sample onsite surveys of private and public institutions in which recipients of medical assistance may receive care and services under a State plan approved under this subchapter, and his findings with respect to such surveys (as well as the showings of the State agency required under this subsection) shall be made available for public inspection.

(h) Reduction by Secretary of amount otherwise considered as expenditures under State plan where reasonable cost differential between statewide average cost of skilled nursing facility services and statewide average cost of intermediate care facility services does not exist for any calendar quarter beginning after June 30, 1973.

(1) If the Secretary determines for any calender quarter beginning after June 30, 1973, with respect to any State that there does not exist a reasonable cost differential between the statewide average cost of skilled nursing facility services and the statewide average cost of intermediate care facility services in such State, the Secretary may reduce the amount which would otherwise be considered as expenditures under the State plan by any amount which in his judgment is a reasonable equivalent of the difference between the amount of the expenditures by such State for intermediate care facility services and the amount that would have been expended by such State for such services if there had been a reasonable cost differential between the cost of skilled nursing facility services and the cost of intermediate care facility services.

(2) In determining whether any such cost differential in any State is reasonable the Secretary shall take into consideration the range of such cost differentials in all States.

(3) For the purposes of this subsection, the term "cost differential" for any State for any quarter means, as determined by the Secretary on the basis of the data for the most recent calendar quarter for which satisfactory data are available, the excess of—

(A) the average amount paid in such State (regardless of the source of payment) per inpatient day for skilled nursing facility services, over

(B) the average amount paid in such State (regardless of the source of payment) per inpatient day for intermediate care facility services.

(4) For purposes of this subsection, the term "cost" shall mean amounts reimbursable by the State under a State plan approved under this subchapter.

(i) Payment for services performed after December 31, 1972; restrictions.

Payment under the preceding provisions of this section shall not be made—

(1) with respect to any amount paid for items or services furnished under the plan after December 31, 1972, to the extent that such amount exceeds the charge which would be determined to be reasonable for such items or services under the fourth and fifth sentences of section 1395u(b)(3) of this title; or

(2) with respect to any amount paid for services furnished under the plan after December 31, 1972, by a provider or other person during any period of time, if payment may not be made under subchapter XVIII of this chapter with respect to services furnished by such provider or person during such period of time solely by reason of a determination by the Secretary under section 1395y(d)(1) of this title or under clause (D), (E), or (F) of section 1395cc(b)(2) of this title; or

(3) with respect to any amount expended for inpatient hospital services furnished under the plan to the extent that such amount exceeds the hospital's customary charges with respect to such services or (if such services are furnished under the plan by a public institution free of charge or at nominal charges to the public) exceeds an amount determined on the basis of those items (specified in regulations prescribed by the Secretary) included in the determination of such payment which the Secretary finds will provide fair compensation to such institution for such services; or

(4) with respect to any amount expended for care or services furnished under the plan by a hospital or skilled nursing facility unless such hospital or skilled nursing facility has in effect a utilization review plan which meets the requirements imposed by section 1395x(k) of this title for purposes of subchapter XVIII of this chapter; and if such hospital or skilled nursing facility has in effect such a utilization review plan for purposes of subchapter XVIII of this chapter, such plan shall serve as the plan required by this subsection (with the same standards and procedures and the same review committee or group) as a condition of payment under this subchapter, the Secretary is authorized to waive the requirements of this paragraph if the State agency demonstrates to his

satisfaction that it has in operation utilization review procedures which are superior in their effectiveness to the procedures required under section 1395x(k) of this title.

(j) Order by Secretary for suspension of payment; grounds for issuance; procedure; effective date and duration of order.

(1) Notwithstanding the preceding provisions of this section, no payment shall be made to a State (except as provided under this subsection) with respect to expenditures incurred by it for services provided by any institution during any period that an order for suspension of payment (as authorized by this subsection) is effective with respect to such institution.

(2) The Secretary may issue a suspension of payment order with respect to any institution if—

(A) such institution (i) does not (at the time such order is issued) have in effect an agreement with the Secretary which is entered into pursuant to section 1395cc of this title; and (ii) did (prior to the time such order is issued) have in effect such an agreement; and

(B) (i) the Secretary has been unable to collect (or make satisfactory arrangement for the collection of) amounts due on account of overpayments made to such institution under subchapter XVIII of this chapter; or

(ii) the Secretary has been unable to obtain from such institution the data and information necessary to enable him to determine the amount (if any) of the overpayments made to such institution under subchapter XVIII of this chapter.

(3) Whenever the Secretary issues any order for suspension of payment under this subsection with respect to any institution, he shall submit a notice of such order to the single State agency (referred to in section 1396a(a)(5) of this title) of each State which he has reason to believe does or may utilize the services of such institution in providing medical assistance under a plan approved under this subchapter.

(4) Any order for suspension of payment issued with respect to any institution under this subsection shall become effective, in the case of any state plan approved under this subchapter, on the 60th day after the date the State agency (referred to in section 1396a(a)(5) of this title) administering or supervising the administration of such plan receives notice of such order submitted pursuant to paragraph (3). Any such order shall cease to be effective at such time as the Secretary is satisfied that the institution is participating in substantial negotiations which seek to remedy the conditions which gave rise to his order of suspension of payments, or that the amounts (referred to in paragraph (2)) are no longer due from such institution or that a satisfactory arrangement has been made for the payment by such institution of any such amounts. Upon the determination of the Secretary that any such order with respect to any such institution shall cease to be effective, he shall forthwith notify each State agency to which he has theretofore submitted notice under paragraph (3) with respect to such institution.

(5) Whenever any order which has been issued by the Secretary under the preceding provisions of this subsection with respect to an institution ceases to be effective, any payment to which any State would (except for the preceding provisions of this subsection) have been entitled under this section on account of services provided by such institution shall be made to such State for the month in which such order ceases to be effective.

(k) Technical assistance to states.

The Secretary is authorized to provide at the request of any State (and without cost to such State) such technical and actuarial assistance as may be necessary to assist such State to contract with any health maintenance organization which meets the requirements of section 1395mm of this title for the purpose of providing medical care and services to individuals who are entitled to medical assistance under this subchapter.

(*l*) Reduction of amounts.

Notwithstanding any other provision of this section, the amount payable to any State under this section with respect to any quarter beginning after December 31, 1975, shall be reduced by 10 per centum of the amount determined with respect to such quarter under the preceding provisions of this section if such State is found by the Secretary not to be in compliance with section 1396a(g) of this title. (As amended Oct. 30, 1972, Pub. § 1397a. Payments to States; computation of amounts.

(a)(1) From the sums appropriated therefor, the Secretary shall, subject to the provisions of this section and section 1397b of this title, pay to each State, for each quarter, an amount equal to 90 per centum of the total expenditures during that quarter for the provision of family planning services and 75 per centum of the total expenditures during that quarter for the provision of other services directed at the goal of—

(A) achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency,

(B) achieving or maintaining self-sufficiency, including reduction or prevention of dependency,

(C) preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating, or reuniting families,

(D) preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care, or

(E) securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions,

including expenditures for administration (including planning and evaluation) and personnel training and retraining directly related to the provision of those services (including both short- and long-term training at educational institutions through grants to such institutions or by direct financial assistance to students enrolled in such institutions). Services that are directed at these goals include, but are not limited to, child care services, protective services for children and adults, services for children and adults in foster care, services related to the management and maintenance of the home, day care services for adults, transportation services, training and related services, employment services, information, referral, and counseling services, the preparation and delivery of meals, health support services and appropriate combinations of services designed to meet the special needs of children, the aged, the mentally retarded, the blind, the emotionally disturbed, the physically handicapped, and alcoholics and drug addicts.

(2)(A) No payment with respect to any expenditures other than expenditures for personnel training or retraining directly related to the provision of services may be made under this section to any State for any fiscal year in excess of an amount which bears the same ratio to $2,500,000,000 as the population of that State bears to the population of the fifty States and the District of Columbia. The Secretary shall promulgate the limitation applicable to each State for each fiscal year under this paragraph prior to the first day of the third month of the preceding fiscal year, as determined on the basis of the most recent satisfactory data available from the Department of Commerce.

(B) Each State with respect to which a limitation is promulgated under subparagraph (A) for any fiscal year shall, at the earliest practicable date after the commencement of such fiscal year (and in accordance with regulations prescribed by the Secretary), certify to the Secretary whether the amount of its limitation is greater or less than the amount needed by the State, for uses to which the limitation applies, for such fiscal year and, if so, the amount by which the amount of such limitation is greater or less than such need.

(C) If any State certifies, in accordance with subparagraph (B), that the amount of its limitation for any fiscal year is greater than its need for such year, then the amount of the limitation of such State for such year shall be reduced by the excess of its limitation amount over its need, and the amount of such reduction shall be available for allotment as provided in subparagraph (D).

(D) Of the amounts made available, pursuant to subparagraph (C), for allotment for any fiscal year, the Secretary (i) shall allot to the jurisdiction of Puerto Rico $15,000,000, to the jurisdiction of Guam $500,000, and to the jurisdiction of the Virgin Islands $500,000, which shall be available to each such jurisdiction in addition to amounts available under section 1308 of this title for purposes of matching the expenditures of such jurisdictions for services pursuant to sections 303(a)(4) and (5), 603(a)(3), 1203(a) (3) and (4), and 1353(a) (3) and (4) of this title and section 1603(a) (4) and (5) of the Social Security Act: *Provided*, That if the amounts made available, pursuant to subparagraph (C), are insufficient to meet the requirements of this clause, then such amounts as are available shall be allotted to each of the three jurisdictions in proportion to their respective populations.

(3) No payment may be made under this section to any State with respect to any expenditure for the provision of any service to any individual unless—

(A) the State's services program planning meets the requirements of section 1397c of this title, and

(B) the final comprehensive annual services plan in effect when the service is provided to the individual includes the provision of that service

to a category of individuals which includes that individual in the descriptions required by section 1397c(2)(B) and (C) of this title of the services to be provided under the plan and the categories of individuals to whom the services are to be provided.

The Secretary may not deny payment under this section to any State with respect to any expenditure on the ground that it is not an expenditure for the provision of a service or is not an expenditure for the provision of a service directed at a goal described in paragraph (1) of this subsection.

(4) So much of the aggregate expenditures with respect to which payment is made under this section to any State for any fiscal year as equals 50 per centum of the payment made under this section to the State for that fiscal year must be expended for the provision of services to individuals—

(A) who are receiving aid under the plan of the State approved under part A of subchapter IV of this chapter or who are eligible to receive such aid, or

(B) whose needs are taken into account in determining the needs of an individual who is receiving aid under the plan of the State approved under part A of subchapter IV of this chapter, or who are eligible to have their needs taken into account in determining the needs of an individual who is receiving or is eligible to receive such aid, or

(C) with respect to whom supplementary security income benefits under subchapter XVI of this chapter or State supplementary payments, as defined in section 1397f(1) of this title, are being paid, or who are eligible to have such benefits or payments paid with respect to them, or

(D) whose income and resources are taken into account in determining the amount of supplemental security income benefits or State supplementary payments, as defined in section 1397f(1) of this title, being paid with respect to an individual, or whose income and resources would be taken into account in determining the amount of such benefits or payments to be paid with respect to an individual who is eligible to have such benefits or payments paid with respect to him, or

(E) who are eligible for medical assistance under the plan of the State approved under subchapter XIX of this chapter.

(5) No payment may be made under this section to any State with respect to any expenditure for the provision of any service to any individual—

(A) who is receiving, or whose needs are taken into account in determining the needs of an individual who is receiving, aid under the plan of the State approved under part A of subchapter IV of this chapter, or with respect to whom supplemental security income benefits under subchapter XVI of this chapter or State supplementary payments, as defined in section 1397f(1) of this title, are being paid, or

(B) who is a member of a family the monthly gross income of which is less than the lower of—

(i) 80 per centum of the median income of a family of four in the State, or

(ii) the median income of a family of four in the fifty States and the District of Columbia,

adjusted, in accordance with regulations prescribed by the Secretary, to take into account the size of the family,

if any fee or other charge (other than a voluntary contribution) imposed on the individual for the provision of that service is not consistent with such requirements (including requirements prohibiting the imposition of any such fee or charge) as the Secretary shall prescribe.

(6) No payment may be made under this section to any State with respect to any expenditure for the provision of any service, other than an information or referral service or a service directed at the goal of preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, to any individual who is not an individual described in paragraph (5), and—

(A) who is a member of a family the monthly gross income of which exceeds 115 per centum of the median income of a family of four in the State, adjusted, in accordance with regulations prescribed by the Secretary, to take into account the size of the family, or

(B) who is a member of a family the monthly gross income of which—

(i) exceeds the lower of—

(I) 80 per centum of the median income of a family of four in the State, or

(II) the median income of a family of four in the fifty States and the District of Columbia,

adjusted, in accordance with regulations prescribed by the Secretary, to take into account the size of the family, and

(ii) does not exceed 115 per centum of the median income of a family of four in the State, adjusted, in accordance with regulations prescribed by the Secretary, to take into account the size of the family,

unless a fee or other charge reasonably related to income is imposed on the individual for the provision of the service.

The Secretary shall promulgate the median income of a family of four in each State and the fifty States and the District of Columbia applicable to payments with respect to expenditures in each fiscal year prior to the first day of the third month of the preceding fiscal year.

(7) No payment may be made under this section to any State with respect to any expenditure—

(A) for the provision of medical or any other remedial care, other than family planning services, unless it is an integral but subordinate part of a service described in paragraph (1) of this subsection and Federal financial participation with respect to the expenditure is not available under the plan of the State approved under subchapter XIX of this chapter; or

(B) for the purchase, construction, or major modification of any land, building or other facility, or fixed equipment; or

(C) which is in the form of goods or services provided in kind by a private entity; or

(D) which is made from donated private funds, unless such funds—

(i) are transferred to the State and are under its administrative control, and

(ii) are donated to the State, without restrictions as to use, other than restrictions as to the services with respect to which the funds are to be used imposed by a donor who is not a sponsor or operator of a program to provide those services, or the geographic area in which the services with respect to which the contribution is used are to be provided, and

(iii) do not revert to the donor's facility or use if the donor is other than a nonprofit organization; or

(E) for the provision of room or board (except as provided by paragraph (11)(C)) other than room or board provided for a period of not more than six consecutive months as an integral but subordinate part of a service described in paragraph (1) of this subsection.

(8) No payment may be made under this section with respect to any expenditure if payment is made with respect to that expenditure under section 603 or 622 of this title.

(9)(A) No payment may be made under this section with respect to any expenditure in connection with the provision of any child day care service, unless—

(i) in the case of care provided in the child's home, the care meets standards established by the State which are reasonably in accord with recommended standards of national standard-setting organizations concerned with the home care of children, or

(ii) in the case of care provided outside the child's home, the care meets the Federal interagency day care requirements as approved by the Department of Health, Education, and Welfare and the Office of Economic Opportunity on September 23, 1968; except that (I) subdivision III of such requirements with respect to educational services shall be recommended to the States and not required, and staffing standards for school-age children in day care centers may be revised by the Secretary, (II) the staffing standards imposed with respect to such care in the case of children under age 3 shall conform to regulations prescribed by the Secretary, and (III) the staffing standards imposed with respect to such care in the case of children aged 10 to 14 shall require at least one adult for each 20 children, and in the case of school-aged children under age 10 shall require at least one adult for each 15 children,

except as provided in subparagraph (B).

(B) The Secretary shall submit to the President of the Senate and the Speaker of the House of Representatives, after December 31, 1976, and prior to July 1, 1977, an evaluation of the appropriateness of the requirements imposed by subparagraph (A), together with any recommendations he may have for modification of those requirements. No earlier than ninety days after the submission of that report, the Secretary may, by regulation, make such modifications in the requirements imposed by subparagraph (A) as he determines are appropriate.

(C) The requirements imposed by this paragraph are in lieu of any requirements that would otherwise be applicable under section 2932(d) of this title to child day care services with respect to which payment is made under this section.

(10) No payment may be made under this section with respect to any expenditure for the provision of any educational service which the State makes generally available to its residents without cost and without regard to their income.

The United States Housing Act of 1937, as amended, was generally revised by Pub. L. 93–383, title II, § 201(a), Aug. 22, 1974, 88 Stat. 653. § 1410. Annual contributions in assistance of low rentals.

* * * * *

(b) Limitation on particular contribution and periods.

Annual contributions shall be strictly limited to the amounts and periods necessary, in the determination of the Authority, to assure the low-rent character of the housing projects involved. Toward this end the Authority may prescribe regulations fixing the maximum contributions available under different circumstances, giving consideration to cost, location, size, rent-paying ability of prospective tenants, or other factors bearing upon the amounts and periods of assistance needed to achieve and maintain low rentals. Such regulations may provide for rates of contribution based upon development, acquisition or administration cost, number of dwelling units, number of persons housed, or other appropriate factors.

(c) Reduction in annual contributions; duration of contracts.

Every contract for annual contributions shall provide that whenever in any year the receipts of a public housing agency in connection with a low-rent housing project exceed its expenditures (including debt service, administration, maintenance, establishment of reserves, and other costs and charges), an amount equal to such excess shall be applied, or set aside for application, to purposes which, in the determination of the Authority, will effect a reduction in the amount of subsequent annual contributions. In no case shall any contract for annual contributions be made for a period exceeding sixty years: *Provided*, That, in the case of projects initiated after March 1, 1949, contracts for annual contributions shall not be made for a period exceeding forty years from the date the first annual contribution for the project is paid: *And provided further*, That the amount of the fixed annual contribution which would be established under this chapter for a newly constructed project by a public housing agency designed to accommodate a number of families of a given size and kind may be established, as a maximum annual contribution in lieu of any other guaranteed contribution authorized under this section, for a project by such public housing agency which would provide housing for the comparable number, sizes, and kinds of families through the acquisition, acquisition and rehabilitation, or use under lease of structures which are suitable for low-rent housing use and obtainable in the local market.

* * * * *

(e) Limitation on aggregate contractual contributions.

The Authority is authorized to enter into contracts for annual contributions aggregating not more than $554,250,000 per annum, which limit shall be increased by $100,000,000 on August 1, 1968, and by further amounts of $225,000,000 on July 1, 1969, $320,000,000 on July 1, 1970, $225,000,000 on July 1, 1971, $150,000,000 on July 1, 1972, and $140,000,000 on July 1, 1973, but any such contracts for additional units for any one State shall not, after June 30, 1961, be entered into for more than 15 per centum of the aggregate amount not already guaranteed under contracts for annual contributions on such date: *Provided*, That subject to any contractual obligation outstanding on August 10, 1965, any units under construction within five years from the date they were reserved to a public housing agency may be reserved, allocated, or placed under contract for annual contributions in any State without limitation as to the aggregate amount of units which may be placed under contract for annual contributions in any one State: *Provided further*, That at least 30 per centum of the total amount of contracts for annual contributions entered into in any fiscal year

pursuant to the new authority granted under section 202 of the Housing and Urban Development Act of 1970 or under any law subsequently enacted shall be entered into with respect to units of low-rent housing in private accommodations provided under section 1421b of this title: *And provided further*, That the Authority shall enter into only such new contracts for preliminary loans as are consistent with the numbers of dwelling units for which contracts for annual contributions may be entered into. Without further authorization from Congress, no new contracts for annual contributions beyond those herein authorized shall be entered into by the Authority. The faith of the United States is solemnly pledged to the payment of all annual contributions contracted for pursuant to this section, and there is authorized to be appropriated in each fiscal year, out of any money in the Treasury not otherwise appropriated, the amounts necessary to provide for such payments.

§ 1437a. Definitions.

When used in this chapter—

(1) The term, "low-income housing" means decent, safe, and sanitary dwellings within the financial reach of families of low income, and embraces all necessary appurtenances thereto. Except as otherwise provided in this section, income limits for occupancy and rents shall be fixed by the public housing agency and approved by the Secretary. The rental for any dwelling units shall not exceed one-fourth of the family's income as defined by the Secretary. Notwithstanding the preceding sentence, the rental for any dwelling unit shall not be less than the higher of (A) 5 per centum of the gross income of the family occupying the dwelling unit, and (B) if the family is receiving payments for welfare assistance from a public agency and a part of such payments, adjusted in accordance with the family's actual housing costs, is specifically designated by such agency to meet the family's housing costs, the portion of such payments which is so designated. At least 20 per centum of the dwelling units in any project placed under annual contributions contracts in any fiscal year beginning after the effective date of this section shall be occupied by very low-income families. In defining the income of any family for the purpose of this chapter, the Secretary shall consider income from all sources of each member of the family residing in the household, except that there shall be excluded—

(A) the income of any family member (other than the head of the household or his spouse) who is under eighteen years of age or is a full-time student;

(B) the first $300 of the income of a secondary wage earner who is the spouse of the head of the household;

(C) an amount equal to $300 for each member of the family residing in the household (other than the head of the household or his spouse) who is under eighteen years of age or who is eighteen years of age or older and is disabled or handicapped or a full-time student;

(D) nonrecurring income, as determined by the Secretary;

(E) 5 per centum of the family's gross income (10 per centum in the case of elderly families);

(F) such extraordinary medical or other expenses as the Secretary approves for exclusion; and

(G) an amount equal to the sums received by the head of the household or his spouse from, or under the direction of, any public or private nonprofit child placing agency for the care and maintenance of one or more persons who are under eighteen years of age and were placed in the household by such agency.

(2) The term "low-income families" means families of low income who cannot afford to pay enough to cause private enterprise in their locality or metropolitan area to build an adequate supply of decent, safe, and sanitary dwellings for their use. The term "very low-income families" means families whose incomes do not exceed 50 per centum of the median family income for the area, as determined by the Secretary with adjustments for smaller and larger families. The term "families" includes families consisting of a single person in the case of (A) a person who is at least sixty-two years of age or is under a disability as defined in section 423 of this title or in sec-

tion 2691 of this title, or is handicapped, (B) a displaced person, and (C) the remaining member of a tenant family; and the term "elderly families" means families whose heads (or their spouses), or whose sole members, are persons described in clause (A). A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (i) is expected to be of long-continued and indefinite duration, (ii) substantially impedes his ability to live independently, and (iii) is of such a nature that such ability could be improved by more suitable housing conditions. The term "displaced person" means a person displaced by governmental action, or a person whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal disaster relief laws. Notwithstanding the preceding provisions of this paragraph, the term "elderly families" includes two or more elderly, disabled, or handicapped individuals living together, or one or more such individuals living with another person who is determined under regulations of the Secretary to be a person essential to their care or well being.

(3) The term "development" means any or all undertakings necessary for planning, land acquisition, demolition, construction, or equipment, in connection with a low-income housing project. The term "development cost" comprises the cost incurred by a public housing agency in such undertakings and their necessary financing (including the payment of carrying charges), and in otherwise carrying out the development of such project. Construction activity in connection with a low-income housing project may be confined to the reconstruction, remodeling, or repair of existing buildings.

(4) The term "operation" means any or all undertakings appropriate for management, operation, services, maintenance, security (including the cost of security personnel), or financing in connection with a low-income housing project. The term also means the financing of tenant programs and services for families residing in low-income housing projects, particularly where there is maximum feasible participation of the tenants in the development and operation of such tenant programs and services. As used in this paragraph, the term "tenant programs and services" includes the development and maintenance of tenant organizations which participate in the management of low-income housing projects; the training of tenants to manage and operate such projects and the utilization of their services in project management and operation; counseling on household management, housekeeping, budgeting, money management, child care, and similar matters; advice as to resources for job training and placement education, welfare, health, and other community services; services which are directly related to meeting tenant needs and providing a wholesome living environment; and referral to appropriate agencies when necessary for the provision of such services. To the maximum extent available and appropriate, existing public and private agencies in the community shall be used for the provisions of such services.

(5) The term "acquisition cost" means the amount prudently required to be expended by a public housing agency in acquiring a low-income housing project.

(6) The term "public housing agency" means any State, county, municipality, or other governmental entity or public body (or agency or instrumentality thereof) which is authorized to engage in or assist in the development or operation of low-income housing.

§ 1437b. Loans and commitments to make loans for low-income housing projects; authority of Secretary; interest rates; repayment date; use as security for obligations of public housing agency; issuance of obligations by Secretary; limitation on amounts; forms and denominations; terms and conditions; purchase, establishment of maturities and rates of interest, and sale by Secretary of Treasury.

(a) The Secretary may make loans or commitments to make loans to public housing agencies to help finance or refinance the development, acquisition, or operation of low-income housing projects by such agencies. Any contract for such loans and any amendment to a contract for such loans shall provide that such loans shall bear interest at a rate specified by the Secretary which shall not be less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus one-eighth of 1 per centum. Such loans shall be secured in such manner and shall be repaid within such period not exceeding forty years, or not exceeding forty years from the date of the bonds evidencing the loan, as the Secretary may determine. The Secretary may require loans or commitments to make loans under this section to be pledged as security for obligations issued by a public housing agency in connection with a low-income housing project.

(b) The Secretary may issue and have outstanding at any one time notes and other obligations for purchase by the Secretary of the Treasury in an amount which will not, unless authorized by the President, exceed $1,500,000,000. For the purpose of determining obligations incurred to make loans pursuant to this chapter against any limitation otherwise applicable with respect to such loans, the Secretary shall estimate the maximum amount to be loaned at any one time pursuant to loan agreements then outstanding with public housing agencies. Such notes or other obligations shall be in such forms and denominations and shall be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. The notes or other obligations issued under this subsection shall have such maturities and bear such rate or rates of interest as shall be determined by the Secretary of the Treasury. The Secretary of the Treasury is authorized and directed to purchase any notes or other obligations of the Secretary issued hereunder and for such purpose is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, as amended, and the purposes for which securities may be issued under such Act, as amended, are extended to include any purchases of such obligations. The Secretary of the Treasury may at any time sell any of the notes or other obligations acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of such notes or other obligations shall be treated as public debt transactions of the United States. (Sept. 1, 1937, ch. 896, § 4, as added Aug. 22, 1974, Pub. L. 93–383, title II, § 201(a), 88 Stat. 656.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1437c of this title.

§ 1437c. Annual contributions for low-income housing projects.

(a) Contract authorization; amounts; use as security for obligations of public housing agency.

The Secretary may make annual contributions to public housing agencies to assist in achieving and maintaining the low-income character of their projects. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment. The contribution payable annually under this section shall in no case exceed a sum equal to the annual amount of principal and interest payable on obligations issued by the public housing agency to finance the development or acquisition cost of the low-income project involved. The amount of annual contributions which would be established for a newly constructed project by a public housing agency designed to accommodate a number of families of a given size and kind may be established under this section for a project by such public housing agency which would provide housing for the comparable number, sizes, and kinds of families through the acquisition and rehabilitation, or use under lease, of structures which are suitable for low-income housing use and obtained in the local market. Annual contributions payable under this section shall be pledged, if the Secretary so requires, as security for obligations issued by a public housing agency to assist the development or acquisition of the project to which annual contributions relate and shall be paid over a period not to exceed forty years.

(b) Maximum amount of contributions; regulations; criteria for rates of contribution.

The Secretary may prescribe regulations fixing the maximum contributions available under different circumstances, giving consideration to cost, location, size, rent-paying ability of prospective tenants, or other factors bearing upon the amounts and periods of assistance needed to achieve and maintain low rentals. Such regulations may provide for rates of contribution based upon development, acquisition, or operation costs, number of dwelling units, number of persons housed, interest charges, or other appropriate factors.

(c) Limitation on aggregate contractual contributions; contracts for annual contributions for assistance to Indian tribes, bands, etc.; contracts for preliminary loans; payments of annual contributions.

The Secretary is authorized to enter into contracts for annual contributions aggregating not more than $1,199,250,000 per annum, which limit shall be increased by $225,000,000 on July 1, 1971, by $150,000,000 on July 1, 1972, by $400,000,000 on July 1, 1973, and by $965,000,000 on July 1, 1974. Of the aggregate amount of contracts for annual contributions authorized to be entered into on or after July 1, 1974, the Secretary shall enter into contracts for annual contributions aggregating at least $150,000,000 per annum to assist in financing the development or acquisition cost of low-income housing projects to be owned by public housing agencies. Not more than 50 per centum of the dwelling units placed under contract pursuant to the preceding sentence may be constructed or substantially rehabilitated for ownership by public housing agencies under section 1437f of this title. In addition to the amount of contracts for annual contributions required to be entered into by the Secretary under the second sentence of this subsection, the Secretary shall enter into contracts for annual contributions, out of the aggregate amount of contracts for annual contributions authorized under this section to be entered into on or after July 1, 1974, aggregating at least $15,000,000 per annum, which amount shall be increased by not less than $15,000,000 per annum, on July 1, 1975, to assist in financing the development or acquisition cost of low-income housing for families who are members of any Indian tribe, band, pueblo, group, or community of Indians or Alaska Natives which is recognized by the Federal Government as eligible for service from the Bureau of Indian Affairs, or who are wards of any State government, except that none of the funds made available under this sentence shall be available for use under section 1437f of this title. For the purpose of the preceding sentence, the annual contributions for a project shall, notwithstanding any other provision of this chapter, be equal to the difference between the sum of the total debt service payment plus approved operating costs, and the rental payments that tenants are required to make under section 1437a(1) of this title. The Secretary shall enter into only such new contracts for preliminary loans as are consistent with the number of dwelling units for which contracts for annual contributions may be entered into. The faith of the United States is solemnly pledged to the payment of all annual contributions contracted for pursuant to this section, and there are hereby authorized to be appropriated in each fiscal year, out of any money in the Treasury not otherwise appropriated, the amounts necessary to provide for such payments. All payments of annual contributions pursuant to this section shall be made out of any funds available for purposes of this chapter when such payments are due, except that funds obtained through the issuance of obligations pursuant to section 1437b(b) of this title (including repayments or other realizations of the principal of loans made out of such funds) shall not be available for the payment of such annual contributions.

(d) Scope of contracts for loans or annual contributions.

Any contract for loans or annual contributions, or both, entered into by the Secretary with a public housing agency, may cover one or more than one low-income housing project owned by such public housing agency; in the event the contract covers two or more projects, such projects may, for any of the purposes of this chapter and of such contract (including, but not limited to, the determination of the amount of the loan, annual contributions, or payments in lieu of taxes, specified in such contract), be treated collectively as one project.

(e) Local determination of need as prerequisite for contracts for preliminary loans, and contracts for loans or annual contributions.

In recognition that there should be local determination of the need for low-income housing to meet needs not being adequately met by private enterprise—

(1) the Secretary shall not make any contract with a public housing agency for preliminary loans (all of which shall be repaid out of any moneys which become available to such agency for the development of the projects involved) for surveys and planning in respect to any low-income housing projects (i) unless the governing body of the locality involved has by resolution approved the application of the public housing agency for such preliminary loan; and (ii) unless the public housing agency has demonstrated to the satisfaction of the Secretary that there is need for such low-income housing which is not being met by private enterprise; and

(2) the Secretary shall not make any contract for loans (other than preliminary loans) or for annual contributions pursuant to this chapter unless the governing body of the locality involved has entered into an agreement with the public housing agency providing for the local cooperation required by the Secretary pursuant to this chapter.

(f) Modification by Secretary of terms of contracts, etc.; limitations; amendment or supersedure of contracts for annual contributions or loans.

Subject to the specific limitations or standards in this chapter governing the terms of sales, rentals, leases, loans, contracts for annual contributions, or other agreements, the Secretary may, whenever he deems it necessary or desirable in the fulfillment of the purposes of this chapter, consent to the modification, with respect to rate of interest, time of payment of any installment of principal or interest, security, amount of annual contribution, or any other term, of any contract or agreement of any kind to which the Secretary is a party. When the Secretary finds that it would promote economy or be in the financial interest of the Federal Government or is necessary to assure or maintain the low-income character of the project or projects involved, any contract heretofore or hereafter made for annual contributions, loans, or both, may be amended or superseded by a contract entered into by mutual agreement between the public housing agency and the Secretary. Contracts may not be amended or superseded in a manner which would impair the

rights of the holders of any outstanding obligations of the public housing agency involved for which annual contributions have been pledged. Any rule of law contrary to this provision shall be deemed inapplicable.

(g) Pledge of annual contributions as guarantee of payment of obligations issued by public housing agency; exception.

In addition to the authority of the Secretary under subsection (a) of this section to pledge annual contributions as security for obligations issued by a public housing agency, the Secretary is authorized to pledge annual contributions as a guarantee of payment by a public housing agency of all principal and interest on obligations issued by it to assist the development or acquisition of the project to which the annual contributions relate, except that no obligation shall be guaranteed under this subsection if the income thereon is exempt from Federal taxation.

(h) Sale of project to low-income tenants by public housing agency; terms and conditions; commitment by Secretary to pay annual contribution unaffected.

Notwithstanding any other provision of law, a public housing agency may sell a low-income housing project to its low-income tenants, on such terms and conditions as the agency may determine, without affecting the Secretary's commitment to pay annual contributions with respect to that project, but such contributions shall not exceed the maximum contributions authorized under subsection (a) of this section. (Sept. 1, 1937, ch. 896, § 5, as added Aug. 22, 1974, Pub. L. 93–383, title II, § 201(a), 88 Stat. 656.)

EFFECTIVE DATE

Section effective on such date or dates as the Secretary of Housing and Urban Development shall prescribe, but not later than eighteen months after Aug. 22, 1974, except that all of the provisions of this section shall become effective on the same date, see section 201(b) of Pub. L. 93–383, set out as a note under section 1437 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1437d, 1437f, 1437g, 1437i of this title.

§ 1437d. Contract provisions and requirements.

(a) Secretary may include in any contract for loans, annual contributions, sale, lease, mortgage, or any other agreement or instrument made pursuant to this chapter, such convenants,[1] conditions, or provisions as he may deem necessary in order to insure the low-income character of the project involved. Any such contract may contain a condition requiring the maintenance of an open space or playground in connection with the housing project involved if deemed necessary by the Secretary for the safety or health of children. Any such contract shall require that, except in the case of housing predominantly for the elderly, high-rise elevator projects shall not be provided for families with children unless the Secretary makes a determination that there is no practical alternative.

(b) Every contract made pursuant to this chapter for loans (other than preliminary loans) or annual contributions shall provide that the cost of construction and equipment of the project (excluding land, demolition, and nondwelling facilities) on which the computation of any annual contributions under this chapter may be based shall not exceed by more than 10 per centum the appropriate prototype cost for the area. The prototype costs shall be determined at least annually by the Secretary on the basis of his estimate of the construction costs of new dwelling units of various types and sizes in the area suitable for occupancy by persons assisted under this chapter. In making his determination the Secretary shall take into account (1) the extra durability required for safety and security and economical maintenance of such housing, (2) the provision of amenities designed to guarantee a safe and healthy family life and neighborhood environment, (3) the application of good design as an essential component of such housing for safety and security as well as other purposes, (4) the maintenance of quality in architecture to reflect the standards of the neighborhood and community, (5) the need for maximizing the conservation of energy for heating, lighting, and other purposes, (6) the effectiveness of existing cost limits in the area, and (7) the advice and recommendations of local housing producers. The prototype costs for any area shall become effective upon the date of publication in the Federal Register.

(c) Every contract for annual contributions shall provide that—

(1) the Secretary may require the public housing agency to review and revise its maximum income limits if the Secretary determines that changed conditions in the locality make such revision necessary in achieving the purposes of this chapter;

(2) the public housing agency shall determine, and so certify to the Secretary, that each family in the project was admitted in accordance with duly adopted regulations and approved income limits; and the public housing agency shall review the incomes of families living in the project at intervals of two years (or at shorter intervals where the Secretary deems it desirable);

(3) the public housing agency shall promptly notify (i) any applicant determined to be ineligible for admission to the project of the basis for such determination and provide the applicant upon request, within a reasonable time after the determination is made, with an opportunity for an informal hearing on such determination, and (ii) any applicant determined to be eligible for admission to the project of the approximate date of occupancy insofar as such date can be reasonably determined; and

(4) the public housing agency shall comply with such procedures and requirements as the Secretary may prescribe to assure that sound management

[1] So in original.

practices will be followed in the operation of the project, including requirements pertaining to—

(A) the establishment of tenant selection criteria designed to assure that, within a reasonable period of time, the project will include families with a broad range of incomes and will avoid concentrations of low-income and deprived families with serious social problems, but this shall not permit maintenance of vacancies to await higher income tenants where lower income tenants are available;

(B) the establishment of satisfactory procedures designed to assure the prompt payment and collection of rents and the prompt processing of evictions in the case of nonpayment of rent;

(C) the establishment of effective tenant-management relationships designed to assure that satisfactory standards of tenant security and project maintenance are formulated and that the public housing agency (together with tenant councils where they exist) enforces those standards fully and effectively; and

(D) the development by local housing authority managements of viable homeownership opportunity programs for low-income families capable of assuming the responsibilities of homeownership.

(d) Every contract for annual contributions with respect to a low-income housing project shall provide that no annual contributions by the Secretary shall be made available for such project unless such project (exclusive of any portion thereof which is not assisted by annual contributions under this chapter) is exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision; and such contract shall require the public housing agency to make payments in lieu of taxes equal to 10 per centum of the sum of the annual shelter rents charged in such project, or such lesser amount as (i) is prescribed by State law, or (ii) is agreed to by the local governing body in its agreement for local cooperation with the public housing agency required under section 1437c(e)(2) of this title, or (iii) is due to failure of a local public body or bodies other than the public housing agency to perform any obligation under such agreement. If any such project is not exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivision, such contract shall provide, in lieu of the requirement for tax exemption and payments in lieu of taxes, that no annual contributions by the Secretary shall be made available for such project unless and until the State, city, county, or other political subdivision in which such project is situated shall contribute, in the form of cash or tax remission, the amount by which the taxes paid with respect to the project exceed 10 per centum of the annual shelter rents charged in such project.

(e) Every contract for annual contributions shall provide that whenever in any year the receipts of a public housing agency in connection with a low-income housing project exceed its expenditures (including debt service, operation, maintenance, establishment of reserves, and other costs and charges), an amount equal to such excess shall be applied, or set aside for application, to purposes, which, in the determination of the Secretary, will effect a reduction in the amount of subsequent annual contributions.

(f) Every contract for annual contributions shall provide that when the public housing agency and the Secretary mutually agree that a housing project is obsolete as to physical condition, or location, or other factors, making it unusable for housing purposes, a program of modifications or closeout shall be prepared. If it is mutually determined that such project can be returned to useful life, then the Secretary is authorized to utilize such annual contributions as are necessary to enable the local public housing agency to undertake an agreed-upon program of modifications. If it is mutually determined that no program of modification is feasible or that such a program would not return the housing to a useful life, then the Secretary is authorized to prepare a closeout program, utilizing such annual contributions as are necessary to accommodate the outstanding indebtedness on the project, the cost of demolition (if the physical improvements are not to be sold), and the cost of relocating displaced families into satisfactory replacement housing. The net closeout cost to the Federal Government shall take into consideration any receipts from the sale of physical improvements, land, or other assets, pursuant to the provisions of the annual contributions contract.

(g) Every contract for annual contributions (including contracts which amend or supersede contracts previously made) may provide that—

(1) upon the occurrence of a substantial default in respect to the covenants or conditions to which the public housing agency is subject (as such substantial default shall be defined in such contract), the public housing agency shall be obligated at the option of the Secretary either to convey title in any case where, in the determination of the Secretary (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this chapter, or to deliver to the Secretary possession of the project, as then constituted, to which such contract relates; and

(2) the Secretary shall be obligated to reconvey or redeliver possession of the project as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such contract, and as soon as practicable (i) after the Secretary is satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this chapter, thereafter be operated in accordance with the terms of such contract; or (ii) after the termination of the obligation to make annual contributions available unless there are any obligations or covenants of the public housing agency to the Secretary which are then in default. Any prior conveyances and reconveyances or deliveries and redeliveries of possession shall not exhaust the

right to require a conveyance or delivery of possession of the project to the Secretary pursuant to subparagraph (1) upon the subsequent occurrence of a substantial default.

Whenever such a contract for annual contributions includes provisons which the Secretary in such contract determines are in accordance with this subsection, and the portion of the annual contribution payable for debt service requirements pursuant to such contract has been pledged by the public housing agency as security for the payment of the principal and interest on any of its obligations, the Secretary (notwithstanding any other provisions of this chapter) shall continue to make such annual contributions available for the project so long as any of such obligations remain outstanding, and may covenant in such contract that in any event such annual contributions shall in each year be at least equal to an amount which, together with such income or other funds as are actually available from the project for the purpose at the time such annual contribution is made, will suffice for the payment of all installments, falling due within the next succeeding twelve months, of principal and interest on the obligations for which the annual contributions provided for in the contract shall have been pledged as security. In no case shall such annual contributions be in excess of the maximum sum specified in the contract involved, nor for longer than the remainder of the maximum period fixed by the contract. (Sept. 1, 1937, ch. 896, § 6, as added Aug. 22, 1974, Pub. L. 93–383, title II, § 201(a), 88 Stat. 659.)

§ 1437e. Congregate housing; design, development and acquisition for displaced or elderly families; limitation on amounts for contracts; definitions; central dining facility costs.

The Secretary shall encourage public housing agencies, in providing housing predominantly for displaced or elderly families, to design, develop, or otherwise acquire such housing to meet the special needs of the occupants and, wherever practicable, for use in whole or in part as congregate housing: *Provided,* That no more than 10 per centum of the total amount of contracts for annual contributions entered into any fiscal year pursuant to the new authority granted under section 202 of the Housing and Urban Development Act of 1970, or under any law subsequently enacted shall be entered into with respect to units in congregate housing. As used in this section the term "congregate housing" means low-income housing (A) in which some or all of the dwelling units do not have kitchen facilities, and (B) connected with which there is a central dining facility to provide wholesome and economical meals for elderly and displaced families under terms and conditions prescribed by the public housing agency to permit a generally self-supporting operation. Expenditures incurred by a public agency in the operation of a central dining facility in connection with congregate housing (other than the cost of providing food and service) shall be considered one of the costs of operation of the project. EFFECTIVE DATE

Section effective on such date or dates as the Secretary of Housing and Urban Development shall prescribe, but not later than eighteen months after Aug. 22, 1974, see section 201(b) of Pub. L. 93–383, set out as a note under section 1437 of this title.

§ 1437f. Lower-income housing assistance.

(a) Authorization for assistance payments.

For the purpose of aiding lower-income families in obtaining a decent place to live and of promoting economically mixed housing, assistance payments may be made with respect to existing, newly constructed, and substantially rehabilitated housing in accordance with the provisions of this section.

(b) Authorization for contracts for assistance payments.

(1) The Secretary is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners of existing dwelling units in accordance with this section. In areas where no public housing agency has been organized or where the Secretary determines that a public housing agency is unable to implement the provisions of this section, the Secretary is authorized to enter into such contracts and to perform the other functions assigned to a public housing agency by this section.

(2) To the extent of annual contributions authorizations under section 1437c(c) of this title, the Secretary is authorized to make assistance payments pursuant to contracts with owners or prospective owners who agree to construct or substantially rehabilitate housing in which some or all of the units shall be available for occupancy by lower-income families in accordance with the provisions of this section. The Secretary may also enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to such owners or prospective owners.

(c) Contents and purposes of contracts for assistance payments; amount and scope of monthly assistance payments.

(1) An assistance contract entered into pursuant to this section shall establish the maximum monthly rent (including utilities and all maintenance and management charges) which the owner is entitled to receive for each dwelling unit with respect to which such assistance payments are to be made. The maximum monthly rent shall not exceed by more than 10 per centum the fair market rental established by the Secretary periodically but not less than annually for existing or newly constructed rental dwelling units of various sizes and types in the market area suitable for occupancy by persons assisted under this section, except that the maximum monthly rent may exceed the fair market rental by more than 10 but not more than 20 per centum where the Secretary determines that special circumstances warrant such higher maximum rent or that such higher rent is necessary to the implementation of a local housing assistance plan as defined in section 1439(a)(5) of this title. Proposed fair market rentals for an area shall be published in the Federal Register with reasonable time for public comment, and shall become effective upon the date of publication in final form in the Federal Register.

(2)(A) The assistance contract shall provide for adjustment annually or more frequently in the maximum monthly rents for units covered by the contract to reflect changes in the fair market rentals established in the housing area for similar types and sizes of dwelling units or, if the Secretary determines, on the basis of a reasonable formula.

(B) The contract shall further provide for the Secretary to make additional adjustments in the maximum monthly rent for units under contract to the extent he determines such adjustments are necessary to reflect increases in the actual and necessary expenses of owning and maintaining the units which have resulted from substantial general increases in real property taxes, utility rates, or similar costs which are not adequately compensated for by the adjustment in the maximum monthly rent authorized by subparagraph (A).

(C) Adjustments in the maximum rents as hereinbefore provided shall not result in material differences between the rents charged for assisted and comparable unassisted units, as determined by the Secretary.

(3) The amount of the monthly assistance payment with respect to any dwelling unit, in the case of a large very low-income family, a very large lower income family, or a family with exceptional medical or other expenses, as determined by the Secretary, shall be the difference between 15 per centum of one-twelfth of the annual income of the family occupying the dwelling unit and the maximum monthly rent which the contract provides that the owner is to receive for the unit. In the case of other families, the Secretary shall establish the amount of the assistance payment as the difference between not less than 15 per centum nor more than 25 per centum of the family's income and the maximum rent, taking into consideration the income of the family, the number of minor children in the household, and the extent of medical or other unusual expenses incurred by the family. Reviews of family income shall be made no less frequently than annually (except that such reviews may be made at intervals no longer than two years in the case of families who are elderly families).

(4) The assistance contract shall provide that assistance payments may be made only with respect to a dwelling unit under lease for occupancy by a family determined to be a lower income family at the time it initially occupied such dwelling unit, except that such payments may be made with respect to unoccupied units for a period not exceeding sixty days (A) in the event that a family vacates a dwelling unit before the expiration date of the lease for occupancy or (B) where a good faith effort is being made to fill an unoccupied unit.

(5) Assistance payments may be made with respect to up to 100 per centum of the dwelling units in any structure upon the application of the owner or prospective owner. Within the category of projects containing more than fifty units and designed for use primarily by nonelderly and nonhandicapped persons, the Secretary may give preference to applications for assistance involving not more than 20 per centum of the dwelling units in a project. In according any such preference, the Secretary shall compare applications received during distinct time periods not exceeding sixty days in duration.

(6) The Secretary shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.

(7) At least 30 per centum of the families assisted under this section with annual allocations of contract authority shall be very low-income families at the time of the initial renting of dwelling units.

(8) To the extent authorized in contracts entered into by the Secretary with a public housing agency, such agency may purchase any structure containing one or more dwelling units assisted under this section for the purpose of reselling the structure to the tenant or tenants occupying units aggregating in value at least 80 per centum of the structure's total value. Any such resale may be made on the terms and conditions prescribed under section 1437c(h) of this title and subject to the limitation contained in such section.

(d) Required provisions and duration of contracts for assistance payments.

(1) Contracts to make assistance payments entered into by a public housing agency with an owner of existing housing units shall provide (with respect to any unit) that—

(A) the selection of tenants for such unit shall be the function of the owner, subject to the provisions of the annual contributions contract between the Secretary and the agency;

(B) the agency shall have the sole right to give notice to vacate, with the owner having the right to make representation to the agency for termination of tenancy;

(C) maintenance and replacement (including redecoration) shall be in accordance with the standard practice for the building concerned as established by the owner and agreed to by the agency; and

(D) the agency and the owner shall carry out such other appropriate terms and conditions as may be mutually agreed to by them.

(2) Each contract for an existing structure entered into under this section shall be for a term of not less than one month nor more than one hundred and eighty months.

(e) Restrictions on contracts for assistance payments.

(1) The Secretary shall not contract to make assistance payments with respect to a newly constructed or substantially rehabilitated dwelling unit for a term of less than one month or more than two hundred and forty months. In the case of a project owned by, or financed by a loan or loan guarantee from, a State or local agency, the term may not exceed four hundred and eighty months.

(2) The contract between the Secretary and the owner with respect to newly constructed or substantially rehabilitated dwelling units shall provide that all ownership, management, and maintenance responsibilities, including the selection of tenants and the termination of tenancy, shall be assumed by the owner (or any entity, including a public housing agency, approved by the Secretary, with which the owner may contract for the performance of such responsibilities).

(3) The construction or substantial rehabilitation of dwelling units to be assisted under this section shall be eligible for financing with mortgages insured under the National Housing Act. Assistance with respect to such dwelling units shall not be withheld or made subject to preferences by reason of the availability of mortgage insurance pursuant to section 1715z–9 of Title 12 or by reason of the tax-exempt status of the bonds or other obligations to be used to finance such construction or rehabilitation.

(4) Nothing in this chapter shall be deemed to prohibit an owner from pledging, or offering as security for any loan or obligation, a contract for assistance payments entered into pursuant to this section: *Provided*, That such security is in connection with a project constructed or rehabilitated pursuant to authority granted in this section, and the terms of the financing or any refinancing have been approved by the Secretary.

SUBCHAPTER I.—GENERAL PROVISIONS

§ 1441. Congressional declaration of national housing policy.

LIMITATION ON WITHHOLDING OR CONDITIONING OF ASSISTANCE

Assistance provided for in Housing and Community Development Act of 1974, National Housing Act, United States Housing Act of 1937, Housing Act of 1949, [see Short Title note set out hereunder], Demonstration Cities, and Metropolitan Development Act of 1966, and Housing and Urban Development Acts of 1965, 1968, 1969 and 1970 not to be withheld or made subject to conditions by reason of tax-exempt status of obligations issued or to be issued for financing of assistance, except as otherwise provided by law, see section 817 of Pub. L. 93–383, set out as a note under section 5301 of this title.

§ 1441a. National housing goals.

(a) Congressional findings and reaffirmation of goals.

The Congress finds that the supply of the Nation's housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949, of the "realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family". The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

(b) Additional Congressional findings.

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation's lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

(c) Congressional declaration of purposes.

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute. (As amended Pub. L. 93–383, title VIII, § 801 (1), (2), Aug. 22, 1974, 88 Stat. 721.)

Such assistance payments shall be made on a unit basis and shall not be made for more than 20 per centum of the units in any one project, except that (i) when the project is financed by a loan under section 1485 of this title for elderly housing or by a loan under section 1484 of this title and a grant under section 1486 of this title, such assistance may be made for up to 100 per centum of the units, and (ii) when the Secretary determines such action is necessary or feasible, he may make such payments with respect to more than 20 per centum of the units.

(B) The owner of any project assisted under this paragraph shall be required to provide at least annually a budget of operating expenses and record of tenants' income which shall be used to determine the amount of assistance for each project.

(C) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). The Secretary may from time to time issue notes to the Secretary of the Treasury under section 1487(h) and of this title to obtain amounts equal to such unreimbursed payments, pending the annual reimbursement by appropriation.

(c) Blanket loans and insurance of loans; terms and conditions; certification by borrower of future ownership of multifamily project; maximum amount of principal obligation.

In addition to individual loans made or insured under subsection (a) of this section the Secretary is authorized, in his discretion and upon such terms

and conditions (substantially identical insofar as may be feasible with those specified in section 1485 of this title) as he may prescribe, to make or insure blanket loans to a borrower who shall certify to the Secretary, as a condition of obtaining such loan or insurance, that upon completion of the multifamily project the ownership of the project will be committed to a plan of family unit ownership under which (1) each family unit will be eligible for a loan or insurance under subsection (a) of this section, and (2) the individual dwelling units in the project will be sold only on a condominium basis and only to purchasers eligible for a loan or insurance under subsection (a) of this section. The principal obligation of any blanket loan made or insured under this subsection shall in no case exceed the sum of the individual amounts of the loans which could be made or insured with respect to the individual dwelling units in the project under subsection (a) of this section.

(d) Definitions.

For each fiscal year, there is authorized to be appropriated, out of money in the Treasury not otherwise appropriated, such sums as may be necessary to enable the Secretary of Agriculture (hereinafter referred to as "the Secretary") to carry out the provisions of this chapter, other than sections 1761, 1766 and 1768 of this title. Appropriations to carry out the provisions of this chapter and of the Child Nutrition Act of 1966 for any fiscal year are authorized to be made a year in advance of the beginning of the fiscal year in which the funds will become available for disbursement to the States. Notwithstanding any other provision of law, any funds appropriated to carry out the provisions of this chapter and the Child Nutrition Act of 1966 shall remain available for the purposes of the Act for which appropriated until expended. (As amended June 30, 1974, Pub. L. 93–326, § 7, 88 Stat. 287; Oct. 7, 1975, Pub. L. 94–105, § 24, 89 Stat. 529.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1753, 1754 of this title.

§ 1753. Availability of appropriations; food assistance payments.

The sums appropriated for any fiscal year pursuant to the authorizations contained in section 1752 of this title, excluding the sum specified in section 1754 of this title, shall be available to the Secretary for supplying agricultural commodities and other food for the program in accordance with the provisions of this chapter. For each fiscal year the Secretary shall make food assistance payments, at such times as he may determine, from the sums appropriated therefor, to each State educational agency, in a total amount equal to the result obtained by multiplying the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary under section 1758(a) of this title) served during such fiscal year to children in schools in such State, which participate in the school lunch program under this chapter under agreements with such State educational agency, by a national average payment per lunch for such fiscal year determined by the Secretary to be necessary to carry out the purposes of this chapter: *Provided*, That in any fiscal year such national average payment shall not be less than 10 cents per lunch and that the aggregate amount of the food assistance payments made by the Secretary to each State educational agency for any fiscal year shall not be less than the amount of the payments made by the State agency to participating schools within the State for the fiscal year ending June 30, 1972, to carry out the purposes of this section. (As amended Sept. 26, 1972, Pub. L. 92–433, § 4(c), 86 Stat. 726; Nov. 7, 1973, Pub. L. 93–150, § 2(a), 87 Stat. 560.)

AMENDMENTS

1973—Pub. L. 93–150 increased the national average food assistance payments from 8 to 10 cents per lunch.

1972—Pub. L. 92–433 substituted new formula for food assistance payments to State educational agencies by taking into account the number of lunches served during the year, the children in the schools in such State participating in the school lunch program, and the national average payment per lunch set up by the Secretary, with certain limitations, for apportionment formula limiting the apportionable funds to 75 per cent of the available funds for such year, and taking into account the participation rate for the State, the need rate for the State, and providing for a method of apportionment, special provisions for disposal of excess or unused funds and for fiscal years beginning July 1, 1962, July 1, 1963, July 1, 1964 and fixing the funds for American Samoa at $25,000 for each year for the five fiscal years beginning July 1, 1962.

EFFECTIVE DATE OF 1972 AMENDMENT

Section 4(c) of Pub. L. 92–433 provided in part that amendment of this section is effective after the fiscal year ending June 30, 1973.

USE OF FUNDS APPROPRIATED UNDER SECTION 612c OF TITLE 7 FOR IMPLEMENTING THIS SECTION AND REIMBURSEMENT OF SUCH FUNDS

Section 4(a) of Pub. L. 92–433 provided that: "Notwithstanding any other provision of law, the Secretary of Agriculture shall until such time as a supplemental appropriation may provide additional funds for such purpose use so much of the funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612(c)), as may be necessary, in addition to the funds available therefor, to carry out the purposes of section 4 of the National School Lunch Act [this section] and provide an average rate of reimbursement of not less than 8 cents per meal within each State during the fiscal year 1973. Funds expended under the foregoing provisions of this section shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out section 4 of the National School Lunch Act [this section] and such reimbursements shall be deposited into the fund established pursuant to section 32 of the Act of August 24, 1935 [section 612c of Title 7], to be available for the purposes of said section 32."

ADDITIONAL FUNDS FOR APPORTIONMENT TO STATES AND FOR SPECIAL ASSISTANCE; CONSULTATION WITH CHILD NUTRITION COUNCIL; REIMBURSEMENT OF SEPARATE FUND FROM SUPPLEMENTAL APPROPRIATION

Pub. L. 92–153, § 1, Nov. 5, 1971, 85 Stat. 419, provided: "That, notwithstanding any other provision of law, the Secretary of Agriculture shall until such time as a supplemental appropriation may provide additional funds for such purpose use so much of the funds appropriated by section 32 of the Act of August 24, 1935 (7 U.S.C. 612c), as may be necessary, in addition to the funds now available therefor, to carry out the purposes of section 11 of the National School Lunch Act [section 1759a of this title] and provide a rate of reimbursement which will assure every needy child of free or reduced price lunches during the fiscal year ending June 30, 1972, and to carry out the purposes of section 4 of the National School Lunch Act [this section] and provide an average rate of reimbursement of 6 cents per meal within each State. In determining the amount of funds needed and the requirements of the various States therefor, the Secretary shall consult with the National Advisory Council on Child Nutrition and interested parties. Funds expended under the foregoing provisions of this resolution shall be reimbursed out of any supplemental appropriation hereafter enacted [on and after Nov. 5, 1971] for the purpose of carrying out section 4 [this section] and section 11 of the National School Lunch Act [section 1759a of this title], and such reimbursements shall be deposited into the fund established pursuant to section 32 of the Act of August 24, 1935 [section 612c of Title 7], to be available for the purposes of said section 32 [section 612c of Title 7]."

APPORTIONMENT OF ADDITIONAL FUNDS TO STATES

Section 4(b) of Pub. L. 92–433 provided that: "Funds made available pursuant to this section shall be apportioned to the States in such manner as will best enable schools to meet their obligations with respect to the service of free and reduced-price lunches and to meet the objective of this section with respect to providing a minimum rate of reimbursement under section 4 of the National School Lunch Act [this section], and such funds shall be apportioned and paid as expeditiously as may be practicable."

Pub. L. 92–153, § 2, Nov. 5, 1971, 85 Stat. 420, provided that: "Funds made available by this joint resolution [amending sections 1758 and 1759a(e) of this title and enacting provisions set out as notes under this section and sections 1758 and 1773 of this title] shall be apportioned to the States in such manner as will best enable schools to meet their obligations with respect to the service of free and reduced price lunches and to meet the objective of this joint resolution [amending sections 1758 and 1759a(e) of this title and enacting provisions set out as notes under this section and sections 1758 and 1773 of this title] with respect to providing a minimum rate of reimbursement under section 4 of the National School Lunch Act [this section], and such funds shall be apportioned and paid as expeditiously as may be practicable."

STATUTES AT LARGE

June 4, 1946, ch. 281, § 5, 60 Stat. 231, cited to credit, should read June 4, 1946, ch. 281, § 4, 60 Stat. 231.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1753, 1755, 1756, 1757, 1759a of this title.

§ 1755. Direct expenditures for agricultural commodities and other foods.

(a) Administrative expenses; nutritional education.

The funds provided by appropriation or transfer from other accounts for any fiscal year for carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966, other than section 1772 of this title, less

(1) not to exceed 3½ per centum thereof which per centum is hereby made available to the Secretary for his administrative expenses under this chapter and under the Child Nutrition Act of 1966;

(2) the amount apportioned by him pursuant to sections 1753 and 1754 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 1773, 1774, and 1776 of this title; and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child Nutrition Act of 1966, other than section 1772 of this title, which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 1771 of this title,

shall be available to the Secretary during such year for direct expenditure by him for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 in accordance with the needs as determined by the local school and service institution authorities. The provisions of law contained in the proviso of section 713c of Title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of Title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local producers unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

(b) Cash donations in lieu of commodity donations during fiscal year for school food service programs; apportionment among State educational agencies; disbursement for breakfasts and lunches.

As of February 15 of each fiscal year, the Secretary shall make an estimate of the value of agricultural commodities and other foods that will be delivered during that fiscal year to States for school food service programs under the provisions of this section, section 1431 of Title 7, and section 612c of Title 7. If such estimated value is less than 90 per centum of the value of such deliveries initially programed for that fiscal year, the Secretary shall pay to State educational agencies, by not later than March 15 of that fiscal year, an amount of funds that is equal to the difference between the value of such deliveries initially programed for such fiscal year and the estimated value as of February 15 of such fiscal year of the commodities and other foods to be delivered in such fiscal year. The share of such funds to be paid to each State educational agency shall bear the same ratio to the total of such payment to all such agencies as the number of meals served under the provisions of sections 1758(a) and 1773(e) of this title during the preceding fiscal year bears to the total of all such meals served in all the States during such fiscal year: *Provided*, That in any State in which the Secretary directly administers school food service programs in any of the schools of such State, the Secretary shall withhold from the funds to be paid to any such State under the provisions of this subsection an amount that bears the same ratio to the total of such payment as the number of meals served in such schools under the provisions of sections 1758 (a) and 1773(e) of this title during that fiscal year bears to the total of such meals served in all the schools in such State in such fiscal year. Each State educational agency, and the Secretary in the case of schools in which he directly administers school food service programs, shall promptly and equitably disburse such funds to schools participating in the lunch and breakfast programs under this chapter and the Child Nutrition Act of 1966 and such disbursements shall be used by such schools to obtain agricultural commodities and other foods for their food service program. Such food shall be limited to the requirements for lunches and breakfasts for children as provided for in the regulations by the Department of Agriculture under title 7, subtitle (b), chapter II, subchapter (a), parts 210 and 220.

(c) Interim source of funds, pending supplemental appropriation of additional funds for carrying out subsection (b).

Notwithstanding any other provision of law, the Secretary, until such time as a supplemental appropriation may provide additional funds for the purpose of subsection (b) of this section, shall use funds appropriated by section 612c of Title 7 to make any payments to States authorized under such subsection. Any section 612c of Title 7 funds utilized to make such payments shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out subsection (b) of this section and such reimbursement shall be deposited into the fund established pursuant to section 612c of Title 7 to be available for the purpose of said section 612c of Title 7.

(d) State matching provisions inapplicable to subsection (b) or (c) funds.

Any funds made available under subsection (b) or (c) of this section shall not be subject to the State matching provisions of section 1756 of this title.

(e) Level of commodity assistance; emphasis on high protein foods.

For the fiscal year ending June 30, 1975, and subsequent fiscal years, the national average value of donated foods, or cash payments in lieu thereof, shall not be less than 10 cents per lunch, and that

amount shall be adjusted on an annual basis each fiscal year after June 30, 1975, to reflect changes in the series for food away from home of the Consumer Price Index published by the Bureau of Labor Statistics of the Department of Labor. Such adjustment shall be computed to the nearest one-fourth cent. Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternates. Notwithstanding any other provision of this section, not less than 75 per centum of the assistance provided under this subsection (e) shall be in the form of donated foods for the school lunch program. (As amended Mar. 30, 1973, Pub. L. 93–13, § 2, 87 Stat. 10; Nov. 7, 1973, Pub. L. 93–150, § 5, 87 Stat. 562; June 30, 1974, Pub. L. 93–326, § 3, 88 Stat. 286; Oct. 7, 1975, Pub. CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSE

Section 1 of Pub. L. 93–13 provided that: "The Congress finds that the volume and variety of Federal food donations to the school lunch and child nutrition programs are significantly below the amounts programed and budgeted for the fiscal year ending June 30, 1973, and that schools participating in these programs are confronted with serious financial problems in obtaining sufficient supplies of the foods required to meet the nutritional standards established by law for these programs. It is, therefore, the purpose of this Act [amending this section] to provide an effective and immediate solution to this nutritional crisis."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1765, 1766 of this title; title 7 section 1424.

§ 1756. Payments to States; matching payments by States; makeup and disbursement of State revenue.

Funds apportioned to any State pursuant to sections 1753 or 1754 of this title during any fiscal year shall be available for payment to such State for disbursement by the State educational agency, in accordance with such agreements not inconsistent with the provisions of this chapter, as may be entered into by the Secretary and such State educational agency, for the purpose of assisting schools of that State during such fiscal year, in supplying (1) agricultural commodities and other foods for consumption by children and (2) nonfood assistance in furtherance of the school-lunch program authorized under this chapter. Such payments to any State in any fiscal year during the period 1947 to 1950, inclusive, shall be made upon condition that each dollar thereof will be matched during such year by $1 from sources within the State determined by the Secretary to have been expended in connection with the school-lunch program under this chapter. Such payments in any fiscal year during the period 1951 to 1955, inclusive, shall be made upon condition that each dollar thereof will be so matched by one and one-half dollars; and for any fiscal year thereafter, such payments shall be made upon condition that each dollar will be so matched by $3. In the case of any State whose per capita income is less than the per capita income of the United States, the matching required for any fiscal year shall be decreased by the percentage which the State per capita income is below the per capita income of the United States. For the purpose of determining whether the matching requirements of this section and section 1759 of this title, respectively, have been met, the reasonable value of donated services, supplies, facilities, and equipment as certified, respectively, by the State educational agency and in case of schools receiving funds pursuant to section 1759 of this title, by such schools (but not the cost or value of land, of the acquisition, construction, or alteration of buildings of commodities donated by the Secretary, or of Federal contributions), may be regarded as funds from sources within the State expended in connection with the school-lunch program. For the fiscal year beginning July 1, 1971, and the fiscal year beginning July 1, 1972, State revenue (other than revenues derived from the program) appropriated or utilized specifically for program purposes (other than salaries and administrative expenses at the State, as distinguished from local level) shall constitute at least 4 per centum of the matching requirement for the preceding fiscal year; for each of the two succeeding fiscal years, at least 6 per centum of the matching requirement for the preceding fiscal year; for each of the subsequent two fiscal years, at least 8 per centum of the matching requirement for the preceding fiscal year; and for each fiscal year thereafter, at least 10

per centum of the matching requirement for the preceding fiscal year. The State revenues made available pursuant to the preceding sentence shall be disbursed to schools, to the extent the State deems practicable, in such manner that each school receives the same proportionate share of such revenues as it receives of the funds apportioned to the State for the same year under sections 1753 and 1759a of this title and sections 1773 and 1774 of this title. The requirement in this section that each dollar of Federal assistance be matched by $3 from sources within the State (with adjustments for the per capita income of the State) shall not be applicable with respect to the payments made to participating schools under section 1753 of this title for free and reduced price lunches: *Provided*, That the foregoing provision shall not affect the level of State matching required by the sixth sentence of this section. The Secretary shall certify to the Secretary of the Treasury from time to time the amounts to be paid to any State under this section and the time or times such amounts are to be paid; and the Secretary of the Treasury shall pay to the State at the time or times fixed by the Secretary the amounts so certified. (As amended Sept. 26, 1972, Pub. L. 92–433, § 10, 86 Stat. 731; Oct. 7, 1975, Pub. L. 94–105, § 5, 89 Stat. 511.)

AMENDMENTS

1975—Pub. L. 94–105 made the requirements of the section that each dollar of Federal assistance be matched by $3 from sources within the State inapplicable with respect to the payments made to participating schools under section 1753 of this title, with the proviso that such inapplicability not affect the level of State matching required by the sixth sentence of the section.

1972—Pub. L. 92–433 substituted "per centum of the matching requirement for the preceding fiscal year" for "per centum of the matching requirement" in four places.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1755, 1759, 1759a of this title.

§ 1757. State disbursement to schools; purpose; food costs; limitation.

Funds paid to any State during any fiscal year pursuant to sections 1753 or 1754 of this title shall be disbursed by the State educational agency, in accordance with such agreements approved by the Secretary as may be entered into by such State agency and the schools in the State, to those schools in the State which the State educational agency, taking into account need and attendance, determines are eligible to participate in the school-lunch program. Such disbursement to any school shall be made only for the purpose of assisting it to finance the cost of obtaining agricultural commodities and other foods for consumption by children in the school-lunch program and nonfood assistance in connection with such program. Such food costs may include, in addition to the purchase price of agricultural commodities and other foods, the cost of processing, distributing, transporting, storing or handling thereof. In no event shall such disbursement for food to any school for any fiscal year exceed an amount determined by multiplying the number of lunches served in the school in the school-lunch program under this chapter during such year by the maximum Federal food-cost contribution rate for the State, for the type of lunch served, as prescribed by the Secretary. In any fiscal year in which the national average payment per lunch determined under section 1753 of this title is increased above the amount prescribed in the previous fiscal year, the maximum Federal food-cost contribution rate, for the type of lunch served, shall be increased by a like amount. Lunch assistance disbursements to schools under this section and under section 1759a of this title may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary. (As amended Sept. 26, 1972, Pub. L. 92–433, § 8, 86 Stat. 729; Nov. 7, 1973, Pub. L. 93–150, § 2(b), 87 Stat. 560.)

AMENDMENTS

1973—Pub. L. 93–150 provided that in any fiscal year in which the national average payment per lunch determined under section 1753 of this title is increased above the amount prescribed in the previous fiscal year, the maximum Federal food-cost contribution rate, for the type of lunch served, shall be increased by a like amount.

1972—Pub. L. 92–433 substituted provision that disbursement to schools be made for the purpose of assisting them to finance the costs of agricultural commodities, for provision that such disbursement be made for the purpose of reimbursing them for such costs and added provision that lunch assistance disbursements to schools under this section and section 1759a of this title may be made in advance or by way of reimbursement according to procedure prescribed by the Secretary.

§ 1758. Program requirements.

(a) Nutritional standards; medical and special dietary needs of individual students; diminution of food waste.

Lunches served by schools participating in the school-lunch program under this chapter shall meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research; except that such minimum nutritional requirements shall not be construed to prohibit the substitution of foods to accommodate the medical or other special dietary needs of individual students. The Secretary shall establish, in cooperation with State educational agencies, administrative procedures, which shall include local educational agency and student participation, designed to diminish waste of foods which are served by schools participating in the school lunch program under this chapter without endangering the nutritional integrity of the lunches served by such schools. Students in senior high schools which participate in the school lunch program under this chapter shall not be required to accept offered foods which they do not intend to consume, and any such failure to accept offered foods shall not affect the full charge to the student for a lunch meeting the requirements of this subsection or the amount of payments made under this chapter to any such school for such a lunch.

(b) Eligibility criteria for free and reduced price lunches; income poverty guidelines; discrimination and overt identification prohibited; income guidelines for reduced price lunches; free or reduced price lunches for children of unemployed parent or guardian.

(1) No later than June 1 of each fiscal year, the Secretary shall issue revised income poverty guidelines for use during the subsequent 12-month period from July through June. Such revisions shall be made by multiplying the income poverty guideline currently in effect by the change in the Consumer

Price Index for the 12-month period ending in April of such fiscal year: *Provided,* That such revision for use from July 1976 through June 1977 shall be made by multiplying the income poverty guideline currently in effect by the change between the average 1974 Consumer Price Index and the Consumer Price Index for April 1976. Any child who is a member of a household which has an annual income not above the applicable family-size income level set forth in the income poverty guidelines prescribed by the Secretary shall be served a free lunch. Following the announcement by the Secretary of the income poverty guidelines for each 12-month period, each State educational agency shall prescribe the income guidelines, by family size, to be used by schools in the State during such 12-month period in making determinations of those eligible for a free lunch as prescribed in this section. The income guidelines for free lunches to be prescribed by each State educational agency shall not be less than the applicable family-size income levels in the income poverty guidelines prescribed by the Secretary and shall not be more than 25 per centum above such family-size income levels. Each fiscal year, each State educational agency shall also prescribe income guidelines, by family size, to be used by schools in the State during the 12-month period from July through June in making determinations of those children eligible for a lunch at a reduced price, not to exceed 20 cents. Such income guidelines for reduced-price lunches shall be prescribed at 95 per centum above the applicable family size income levels in the income poverty guidelines prescribed by the Secretary. Any child who is a member of a household, if that household has an annual income which falls between (A) the applicable family size income level of the income guidelines for free lunches prescribed by the State educational agency and (B) 95 per centum above the applicable family size income levels in the income poverty guidelines prescribed by the Secretary, shall be served a reduced price lunch at a price not to exceed 20 cents. Local school authorities shall publicly announce such income guidelines on or about the opening of school each fiscal year, and shall make determinations with respect to the annual incomes of any household solely on the basis of a statement executed in such form as the Secretary may prescribe by an adult member of such household: *Provided,* That such local school authorities may for cause seek verification of the data in such application. No physical segregation of or other discrimination against any child eligible for a free lunch or a reduced price lunch shall be made by the school nor shall there be any overt identification of any child by special tokens or tickets, announced or published lists of names, or by other means. For purposes of this subsection, "Consumer Price Index" means the Consumer Price Index published each month by the Bureau of Labor Statistics of the Department of Labor.

(2) Any child who has a parent or guardian who (A) is responsible for the principal support of such child and (B) is unemployed shall be served a free or reduced price lunch, respectively, during any period (i) in which such child's parent or guardian continues to be unemployed and (ii) the income of the child's parents or guardians during such period of unemployment falls within the income eligibility criteria for free lunches or reduced price lunches, respectively, based on the current rate of income of such parents or guardians. Local school authorities shall publicly announce that such children are eligible for a free or reduced price lunch, and shall make determinations with respect to the status of any parent or guardian of any child under clauses (A) and (B) of the preceding sentence solely on the basis of a statement executed in such form as the Secretary may prescribe by such parent or guardian. No physical segregation of, or other discrimination against, any child eligible for a free or reduced price lunch under this paragraph shall be made by the school nor shall there be any overt identification of any such child by special tokens or tickets, announced or published lists of names, or by any other means.

(c) Donation and maximum utilization of agricultural commodities; applicability to nonprofit private schools.

School-lunch programs under this chapter shall be operated on a nonprofit basis. Each school shall, insofar as practicable, utilize in its lunch program commodities designated from time to time by the Secretary as being in abundance, either nationally or in the school area or commodities donated by the Secretary. Commodities purchased under the authority of section 612c of Title 7, may be donated by the Secretary to schools, in accordance with the needs as determined by local school authorities, for utilization in the school-lunch program under this chapter as well as to other schools carrying out nonprofit school-lunch programs and institutions authorized to receive such commodities. The Secretary is authorized to prescribe terms and conditions respecting the use of commodities donated under such section 612c of Title 7, under section 1431 of Title 7 and under section 1446a–1 of Title 7, as will maximize the nutritional and financial contributions of such donated commodities in such schools and institutions. The requirements of this section relating to the service of meals without cost or at a reduced cost shall apply to the lunch program of any school utilizing commodities donated under any of the provisions of law referred to in the preceding sentence. None of the requirements of this section in respect to the amount for "reduced cost" meals and to eligibility for meals without cost shall apply to schools (as defined in section 1760(d)(6) of this title which are private and nonprofit as defined in the last sentence of section 1760(d)(6) of this title) which participate in the school lunch program under this chapter until such time as the State educational agency, or in the case of such schools which participate under the provisions of section 1759 of this title the Secretary certifies that sufficient funds from sources other than children's payments are available to enable such schools to meet these requirements. § 1759a. Special assistance funds.

(a) Formula for computation of payments; special-assistance factors; semiannual adjustments based on changes in series for food away from home of Consumer Price Index; base period for adjustments.

Except as provided in section 1759 of this title, in each fiscal year each State educational agency shall receive special assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches (consisting of a com-

bination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758 (a) of this title) served free to children eligible for such lunches in schools within that State during such fiscal year by the special-assistance factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced-price lunches in schools within that State during such fiscal year by the special-assistance factor for reduced-price lunches prescribed by the Secretary for such fiscal year. For the fiscal year beginning July 1, 1973, the Secretary shall prescribe a special-assistance factor for free lunches of not less than 45 cents and a special-assistance factor for reduced-price lunches which shall be 10 cents less than the special-assistance factor for free lunches. The Secretary shall prescribe on July 1 of each fiscal year, and on January 1, of each fiscal year, semi-annual adjustments in the national average rates for lunches served under section 1753 of this title and the special-assistance factor for the lunches served under this section and the national average rates for breakfasts served under section 1773 of this title, that shall reflect changes in the cost of operating a school lunch and breakfast program under this chapter and the Child Nutrition Act of 1966, as indicated by the change in the series for food away from home of the Consumer Price Index published by the Bureau of Labor Statistics of the Department of Labor: *Provided*, That the initial such adjustment shall reflect the change in the series for food away from home during the period September 1973, through November 1973: *Provided further*, That each subsequent adjustment shall reflect the changes in the series for food away from home for the most recent six-month period for which such data are available: *Provided further*, That such adjustments shall be computed to the nearest one-fourth cent. Notwithstanding the foregoing two sentences, (1) for the fiscal year beginning July 1, 1973, no special assistance factor under this section shall, for any State, be less than the average reimbursement paid for each free lunch (in the case of the special assistance factor for free lunches), or for each reduced price lunch (in the case of the special assistance factor for reduced price lunches), in such State under this section in the fiscal year beginning July 1, 1972; and (2) adjustments required by the sentence immediately preceding this sentence shall be based on the special assistance factors for the fiscal year beginning July 1, 1973, as determined without regard to any increase required by the application of this sentence.

(b) Financing cost of free and reduced-price lunches on basis of need of school for special assistance; maximum per lunch amount.

Except as provided in section 1779 of this title, the special State assistance payments made to each State agency during each fiscal year under the provisions of this section shall be used by such State agency to assist schools of that State in financing the cost of providing free and reduced-price lunches served to children pursuant to section 1758(b) of this title. The amount of such special assistance funds that a school shall from time to time receive, within a maximum per lunch amount established by the Secretary for all States, shall be based on the need of the school for such special assistance. Such maximum per lunch amount established by the Secretary shall not be less than 60 cents.

(c) Payments to States.

Special assistance payments to any State under this section shall be made as provided in the last sentence of section 1756 of this title.

(d) Terms and conditions.

In carrying out this section, the terms and conditions governing the operation of the school lunch program set forth in other sections of this chapter, including those applicable to funds apportioned or paid pursuant to section 1753 or 1754 of this title but excluding the provisions of section 1756 of this title relating to matching, shall be applicable to the extent they are not inconsistent with the express requirements of this section.

(e) Submission of State plan of child nutrition operations, contents; report of school to State educational agency, contents; report of State educational agency to the Secretary, contents.

(1) Each year by not later than a date specified by the Secretary, each State educational agency shall submit to the Secretary, for approval by him as a prerequisite to receipt of Federal funds or any commodities donated by the Secretary for use in programs under this chapter and the Child Nutrition Act of 1966, a State plan of child nutrition operations for the following school year, which shall include, as a minimum, a description of the manner in which the State educational agency proposes (A) to use the funds provided under this chapter and funds from sources within the State to furnish a free or reduced-price lunch to every needy child in accordance with the provisions of section 1758 of this title; (B) to extend the school-lunch program under this chapter to every school within the State, and (C) to use the funds provided under section 1761 of this title and section 1773 of this title and funds from sources within the State to the maximum extent practicable to reach needy children.

(1) There is hereby authorized to be appropriated such sums as are necessary for the fiscal year ending June 30, 1976, for the period July 1, 1976, through September 30, 1976, and for the fiscal year ending September 30, 1977, to enable the Secretary to formulate and carry out a program to assist States through grants-in-aid and other means, to initiate, maintain, and expand nonprofit food service programs for children in service institutions. For purposes of this section, the term "service institutions" means nonresidential public or private, nonprofit institutions, and residential public or private nonprofit summer camps that develop special summer programs providing food service similar to that available to children under the school lunch program under this chapter or the school breakfast program under the Child Nutrition Act of 1966 during the school year. Any eligible service institution shall receive the summer food program upon its request.

(2) Service institutions eligible to participate under the program authorized under this section shall be limited to those which conduct a regularly scheduled program for children from areas in which poor economic conditions exist, for any period during the months of May through September, at site locations where organized recreation activities or food services are provided for children in attendance.

(3) For the purposes of this section, "poor economic conditions" shall mean an area in which at least 33⅓ per centum of the children are eligible for free or reduced price school meals under this chapter and the Child Nutrition Act as shown by information provided from model city target areas, departments of welfare, zoning commissions, census tracts, by the number of free and reduced price lunches or breakfasts served to children attending schools located in the area of summer food sites, or from other applicable sources. The initial such adjustment shall reflect the change in the series for food away from home during the period January 31, 1975, to January 31, 1976. The cost of food service operations shall include the cost of obtaining, preparing, and serving food and related administrative costs. § 1772. Special program to encourage the consumption of fluid milk by children; authorization of appropriations; eligibility for special milk program; minimum rate of reimbursement.

There is hereby authorized to be appropriated for the fiscal year ending June 30, 1970, and for each succeeding fiscal year, such sums as may be necessary to enable the Secretary of Agriculture, under such rules and regulations as he may deem in the public interest, to encourage consumption of fluid milk by children in the United States in (1) nonprofit schools of high school grade and under, and (2) nonprofit nursery schools, child-care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children. For the purposes of this section "United States" means the fifty States, Guam, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, and the District of Columbia. The Secretary shall administer the special milk program provided for by this section to the maximum extent practicable in the same manner as he administered the special milk program provided for by this chapter during the fiscal year ending June 30, 1969. Any school or nonprofit child care institution shall receive the special milk program upon their request. Children that qualify for free lunches under guidelines set forth by the Secretary shall also be eligible for free milk. For the fiscal year ending June 30, 1975, and for subsequent fiscal years, the minimum rate of reimbursement for a half-pint of milk served in schools and other eligible institutions shall not be less than 5 cents per half-pint served to eligible children, and such minimum rate of reimbursement shall be adjusted on an annual basis each fiscal year thereafter, beginning with the fiscal year ending June 30, 1976, to reflect changes in the series of food away from home of the Consumer Price Index published by the Bureau of Labor Statistics of the Department of Labor. Such adjustment shall be computed to the nearest one-fourth cent. Notwithstanding any other provision of this section, in no event shall the minimum rate of reimbursement exceed the cost to the school or institution of milk served to children. (As amended Pub. L. 93–150, § 7, Nov. 7, 1973, 87 Stat. 563; Pub. L. 93–347, § 3, July 12, 1974, 88 Stat. 341; Pub. L. 94–105, § 15(a), Oct. 7, 1975, 89 Stat. 522.)

AMENDMENTS

1975—Pub. L. 94–105 added the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands to the definition of "United States", and added the provision relating to the minimum rate of reimbursement to schools and institutions of the cost of milk served to children.

1974—Pub. L. 93–347 substituted "such sums as may be necessary" for ", not to exceed $120,000,000," in the provision limiting the size of appropriations authorized and added provisions setting a minimum rate of reimbursement for a half-pint of milk served in schools and other eligible institutions and allowing for an annual adjustment of the minimum rate.

1973—Pub. L. 93–150 added provisions making any school or nonprofit child care institution eligible to receive the special milk program upon their request and any children that qualify for free lunches under guidelines set forth by the Secretary also eligible for free milk.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1755, 1775, 1780 of this title.

§ 1773. School breakfast program.

(a) Establishment; authorization of appropriations.

There is hereby authorized to be appropriated such sums as are necessary to enable the Secretary to carry out a program to assist the States through grants-in-aid and other means to initiate, maintain, or expand nonprofit breakfast programs in all schools which make application for assistance and agree to carry out a nonprofit breakfast program in accordance with this chapter. Appropriations and expenditures for this chapter shall be considered Health, Education, and Welfare functions for budget purposes rather than functions of Agriculture.

(b) Apportionment of funds to States.

Of the funds appropriated for the purposes of this section, the Secretary shall for the fiscal year ending June 30, 1973, (1) apportion $2,600,000 equally among the States other than Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, and $45,000 equally among Guam, the Virgin Islands, American Samoa, and the Trust Territory of the Pacific Islands, and (2) apportion the remainder among the States in accordance with the apportionment formula contained in section 1753 of this title. For each fiscal year beginning with the fiscal year ending June 30, 1974, the Secretary shall make breakfast assistance payments, at such times as he may determine, from the sums appropriated therefor, to each State educational agency, in a total amount equal to the result obtained by (1) multiplying the number of break-

fasts (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to subsection (e) of this section) served during such fiscal year to children in schools in such States which participate in the breakfast program under this section under agreements with such State educational agency by a national average breakfast payment prescribed by the Secretary for such fiscal year to carry out the purposes of this section; (2) multiplying the number of such breakfasts served free to children eligible for free breakfasts in such schools during such fiscal year by a national average free breakfast payment prescribed by the Secretary for such fiscal year to carry out the purposes of this section; and (3) multiplying the number of reduced price breakfasts served to children eligible for reduced price breakfasts in such schools during such fiscal year by a national average reduced price breakfasts payment prescribed by the Secretary for such fiscal year to carry out the provisions of this section: *Provided,* That in any fiscal year the aggregate amount of the breakfast assistance payments made by the Secretary to each State educational agency for any fiscal year shall not be less than the amount of the payments made by the State educational agency to participating schools within the State for the fiscal year ending June 30, 1972, to carry out the purposes of this section. The national average payment established by the Secretary for all breakfasts served to eligible children shall not be less than 8 cents; an amount of not less than 15 cents shall be added for each reduced-price breakfast; and an amount of not less than 20 cents shall be added for each free breakfast. In cases of severe need, a payment of up to 45 cents may be made for each breakfast served to children qualifying for a free breakfast.

(c) Disbursement of apportioned funds by State; preference for schools in poor economic areas, for students traveling long distances daily, and for schools for improvement of nutrition and dietary practices of children of working mothers and from low-income families.

Funds apportioned and paid to any State for the purpose of this section shall be disbursed by the State educational agency to schools selected by the State educational agency to assist such schools in financing the costs of operating a breakfast program and for the purpose of subsection (d) of this section. Disbursement to schools shall be made at such rates per meal or on such other basis as the Secretary shall prescribe. In selecting schools for participation, the State educational agency shall, to the extent practicable, give first consideration to those schools drawing attendance from areas in which poor economic conditions exist, to those schools in which a substantial proportion of the children enrolled must travel long distances daily, and to those schools in which there is a special need for improving the nutrition and dietary practices of children of working mothers and children from low-income families. Breakfast assistance disbursements to schools under this section may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(d) Increased financial assistance in cases of severe need.

In circumstances of severe need where the rate per meal established by the Secretary is deemed by him insufficient to carry on an effective breakfast program in a school, the Secretary may authorize financial assistance up to 100 per centum of the operating costs of such a program, including cost of obtaining, preparing, and serving food. In the selection of schools to receive assistance under this section, the State educational agency shall require applicant schools to provide justification of the need for such assistance.

(e) Nutritional requirements; service free or at reduced price.

Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet the minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research. Such breakfasts shall be served free or at a reduced price to children in school under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 1758 of this title.

(f) Nonprofit private schools.

For the fiscal year ending June 30, 1973, any withholding of funds for and disbursement to nonprofit private schools shall be effected in the manner used prior to such fiscal year. Beginning with the fiscal year ending June 30, 1974, the Secretary shall make payments from the sums appropriated for any fiscal year for the purposes of this section directly to the schools (as defined in section 1784(c) of this title which are private and nonprofit as defined in the last sentence of section 1784(c) of this title) within a State, that participate in the breakfast program under an agreement with the Secretary, for the same purposes and subject to the same conditions as are authorized or required under this section with respect to the disbursements by State educational agencies.

(g) Expansion of program.

As a national nutrition and health policy, it is the purpose and intent of the Congress that the school breakfast program be made available in all schools where it is needed to provide adequate nutrition for children in attendance. The Secretary is hereby directed, in cooperation with State educational agencies, to carry out a program of information in furtherance of this policy. Within 4 months after October 7, 1975, the Secretary shall report to the committees of jurisdiction in the Congress his plans and those of the cooperating State agencies to bring about the needed expansion in the school breakfast program. (As amended Pub. L. 92–32, §§ 2–5, June 30, 1971, 85 Stat. 85; Pub. L. 92–433, § 3, Sept. 26, 1972, 86 Stat. 724; Pub. L. 93–150, § 4, Nov. 7, 1973, 87 Stat. 562; Pub. § 1774. Nonfood assistance program.

(a) Establishment; equipment required for food service programs; authorization of appropriations.

There is hereby authorized to be appropriated for the fiscal year ending June 30, 1971, not to exceed $38,000,000, for the fiscal year ending June 30, 1972, not to exceed $33,000,000, for each of the three fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975, not to exceed $40,000,000 and for each succeeding fiscal year, not to exceed $40,000,000, to enable the Secretary to formulate and carry out a program to assist the States through grants-in-aid and other means to supply schools drawing attendance from areas in which poor economic conditions exist with equipment, other than land or buildings, for the storage, preparation, transportation, and serving of food to enable such schools to establish, maintain, and expand schools food service programs. In the case of a nonprofit private school, such equipment shall be for use of such school principally in connection with child feeding programs authorized in this chapter and in the National School Lunch Act, as amended, and in the event such equipment is no longer so used, it may be transferred to another nonprofit private school participating in any of such programs or to a public school participating in any of such programs, or, failing either of these dispositions, that part of such equipment financed with Federal funds, or the residual value thereof, shall revert to the United States.

(b) Apportionment of funds to States.

Except for the funds reserved under subsection (e) of this section, the Secretary shall apportion the funds appropriated for the purposes of this

section among the States on the basis of the ratio that the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758 of this title) served in each State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are apportioned bears to the total number of such lunches served in all States in such preceding fiscal year. If any State cannot utilize all of the funds apportioned to it under the provisions of this subsection, the Secretary shall make further apportionments to the remaining States in the manner set forth in this subsection for apportioning funds among all the States. Payments to any State of funds apportioned under the provisions of this subsection for any fiscal year shall be made upon condition that at least one-fourth of the cost of equipment financed under this subsection shall be borne by funds from sources within the State, except that such conditions shall not apply with respect to funds used under this section to assist schools if such schools are especially needy, as determined by the State.

* * * * *

(d) Nonprofit private schools.

If, in any State, the State educational agency is prohibited by law from administering the program authorized by this section in nonprofit private schools within the State, the Secretary shall administer such program in such private schools. In such event, the Secretary shall withhold from the funds apportioned to any such State under the provisions of subsection (b) of this section an amount which bears the same ratio to such funds as the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758(a) of this title) served in nonprofit private schools in such State in the latest preceding fiscal year for which the Secretary determines data are available at the time such funds are withheld bears to the total number of such lunches served in all schools within such State in such preceding fiscal year.

(e) Reserve of funds.

For the fiscal year ending June 30, 1976, the period July 1, 1976, through September 30, 1976, and the fiscal year ending September 30, 1977, 33⅓ per centum of the funds appropriated for the purposes of this section shall be reserved to the Secretary to assist schools without a food service program and schools without the facilities to prepare or receive hot meals. For the fiscal year ending June 30, 1976, the Secretary shall apportion the funds so reserved among the States on the basis of the ratio of the number of children in each State enrolled in schools without a food service program to the number of children in all States enrolled in schools without a food service program. After the fiscal year ending June 30, 1976, the Secretary shall apportion the funds so reserved among the States on the basis of the ratio of the number of children in each State enrolled in schools without a food service program and in schools without the facilities to prepare or receive hot meals to the number of children in all States enrolled in schools without a food service program and in schools without the facilities to prepare or receive hot meals. In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall, for the fiscal year ending June 30, 1976, withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service program in such State bears to the total number of children enrolled in all schools without a food service program in such State. In those States in which the Secretary administers the nonfood assistance program in nonprofit private schools, the Secretary shall, after the fiscal year ending June 30, 1976, withhold from the funds apportioned to any such State under this subsection an amount which bears the same ratio to such funds as the number of children enrolled in nonprofit private schools without a food service program or without the facilities to prepare or receive hot meals in such State bears to the total number of children enrolled in all schools without a food service program or without the facilities to prepare or receive hot meals in such State. The funds so reserved, apportioned, and withheld shall be used by State educational agencies, or the Secretary in the case of nonprofit private schools, only to assist schools without a food service program and schools without the facilities to prepare or receive hot meals. If any State cannot so utilize all the funds apportioned to it under the provisions of this subsection, the Secretary shall make further apportionments to the remaining States for use only in assisting schools without a food service program and schools without the facilities to prepare or receive hot meals: *Provided*, That if after such further apportionments any funds reserved under this subsection remain unused, the Secretary shall immediately apportion such funds among the States in accordance with the provisions of subsection (b) of this section to assist schools with a food service program and with the facilities to prepare or receive hot meals. Payment to any State of the funds provided to it under the provisions of this subsection shall be made upon the condition that at least one-fourth of the cost of the equipment financed shall be borne by funds from sources within the State, except that such condition shall not apply with respect to funds used under this subsection to assist schools which are especially needy, as determined by the State. (As amended Pub. L. 92–433, § 6 (a)–(d), Sept. 26, 1972, 86 Stat. 727, 728; Pub. L. 93–326, § 5, June 30, 1974, 88 Stat. 287; Pub. L. 94–105, § 18, Oct. 7, 1975, 89 Stat. 525.)

AMENDMENTS

1975—Subsec. (b). Pub. L. 94–105, § 18(a), added provision relating to the nonapplicability of the condition that at least one-fourth of the cost of equipment shall be from State funds where such schools are especially needy, as determined by the State.

Subsec. (e). Pub. L. 94–105, § 18(b), reduced from 50 per centum to 33⅓ per centum the amount to be reserved in the period through the fiscal year ending Sept. 30, 1977, added the requirement that the reserve be used also for schools without the facilities to prepare or receive hot meals, that after 1976 the number of schools

without facilities also be used in determining the apportionment of the reserve funds and the amount of funds to be withheld, and provided that, if States cannot use all the reserved funds initially apportioned, the remaining funds shall be reapportioned among the States for use in the assistance of schools without a food service or facilities to prepare or receive hot meals, with any funds unused after that reapportionment to be used to assist schools already having a food service program and facilities to prepare and receive hot meals.

1974—Subsec. (a). Pub. L. 93–326 increased from $20,000,000 to $40,000,000 the authorized appropriation for each fiscal year succeeding the fiscal year ending June 30, 1975.

1972—Subsec. (a). Pub. L. 92–433, § 6(a), increased the authorization of appropriations for the fiscal years ending June 30, 1973, June 30, 1974, and June 30, 1975, from $15,000,000, $10,000,000, and $10,000,000 to $40,000,000 for each of the three years respectively, and for each of the succeeding fiscal years from $10,000,000 to $20,000,000.

Subsec. (b). Pub. L. 92–433, § 6(b), substituted provisions that funds appropriated except those reserved under subsec. (e), shall be apportioned among the states on the basis of the ratio of lunches served in each State to the total number of lunches served in all States in the latest year for which statistics are available, and that unused funds be distributed in the same proportion, for provisions that 50 percent of the funds be apportioned in the manner provided in section 1753 of this title and that the remaining funds be apportioned according to the ratio of the number of children in schools without food service in such State to the total number of children in all States without food service.

Subsec. (d). Pub. L. 92–433, § 6(c), substituted provisions authorizing the Secretary to administer programs under this section in nonprofit private schools where the State educational agency is prohibited to administer and further authorized the Secretary to withhold from the funds apportioned to the state an amount bearing the same ratio to the funds as the number of lunches served in nonprofit private schools to the total number of lunches served in all schools within that State in the latest year for which data are available for provisions requiring that the withholding and disbursement of funds to nonprofit private schools be effected in accordance with section 1759 of this title, exclusive of the matching provisions thereof.

Subsec. (e). Pub. L. 92–433, § 6(d), added subsec. (e).

§ 1785. Accounts and records; availability for inspection.

STUDY OF COST ACCOUNTING REQUIREMENTS

Secretary prohibited from delaying or withholding or causing any State to delay or withhold payments for reimbursement of per meal costs on the basis of noncompliance with full cost accounting procedure unless and until the Secretary has studied additional personnel and training needs of States, local school districts and schools resulting from imposition of requirement to implement full cost accounting procedures, see section 21 of Pub. L. 94–105, set out as a note under section 1760 of this title.

§ 1786. Special supplemental food program.

(a) Congressional declaration of purpose.

The Congress finds that substantial numbers of pregnant women, infants, and young children are at special risk in respect to their physical and mental health by reason of poor or inadequate nutrition or health care, or both. It is, therefore, the purpose of the program authorized by this section to provide supplemental nutritious food as an adjunct to good health care during such critical times of growth and development in order to prevent the occurrence of health problems.

(b) Cash grants to state health departments, Indians, and other agencies for supplemental food to pregnant and lactating women and infants.

(1) During the fiscal year ending June 30, 1976, the period July 1, 1976, through September 30, 1976, the fiscal year ending September 30, 1977, and the fiscal year ending September 30, 1978, the Secretary shall make cash grants to the health department or comparable agency of each State, Indian tribe, band or group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare for the purpose of providing funds to local health or welfare agencies or private nonprofit agencies of such State; Indian tribe, band, or group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare, serving local health or welfare needs to enable such agencies to carry out health and nutrition programs under which supplemental foods will be made available to pregnant or lactating women and to infants determined by competent professionals to be nutritional risks because of inadequate nutrition and inadequate income, in order to improve their health status. The program authorized by this section shall be carried out supplementary to the food stamp and food distribution program and operate side by side with existing supplemental food programs.

(2) Any eligible local health or welfare agency or private nonprofit agency that applies to operate such a supplemental food program immediately shall be provided with the necessary funds to carry out the program. The requirements set forth herein shall not be construed to permit the Secretary to reduce ratably the amount of foods that an eligible health or welfare agency shall distribute under the program to pregnant or lactating mothers and infants.

(c) Authorization of appropriations.

In order to carry out such program during each fiscal year during the period ending September 30, 1977, there is authorized to be appropriated the sum of $250,000,000, but in the event that such sum has not been appropriated for such purpose by the beginning of each fiscal year, the Secretary shall use $250,000,000, or, if any amount has been appropriated for such program, the difference, if any, between the amount directly appropriated for such purpose and $250,000,000, out of funds appropriated by section 612c of Title 7. Any funds expended from such section 612c to carry out the provisions of this section shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out the provisions of such subsection, and such reimbursements shall be deposited into the fund established pursuant to such section 612c, to be available for the purpose of such section. In order to carry out the program during the fiscal year ending September 30, 1978, there is authorized to be appropriated not to exceed $250,000,000.

(d) Limitations of administrative costs; approval of manner of expenditure.

Whenever any program is carried out by the Secretary under authority of this section through any State or local or nonprofit agency, he is authorized to pay administrative costs not to exceed 20 per centum of the program funds provided to each State under the authority of this section. Each health department or comparable agency of each State, Indian tribe, band, or group recognized by the Department of the Interior; or the Indian Health Service of the Department of Health, Education, and Welfare receiving funds from the Secretary under this section shall, by January 1 of each year (by December 1 in the case of fiscal year 1976), for approval by the Secretary as a prerequisite to receipt of funds under this section, submit a description of the manner in which administrative funds shall be spent, including, but not limited to, a description of the manner in which nutrition education services will be provided. The Secretary shall take affirmative action to insure that programs begin in areas most in need of special supplemental food. During the first 3 months of any program, or until the program reaches its projected caseload level, whichever comes first, the Secretary shall pay those administrative costs necessary to commence the program successfully.

(e) Determination of eligibility.

The eligibility of persons to participate in the program provided for under this section shall be determined by competent professional authority. Participants shall be residents of areas or members of populations served by clinics or other health facilities determined to have significant numbers of infants and pregnant and lactating women at nutritional risk.

(f) Medical records; reports to Congress.

State or local agencies or groups carrying out any programs under this section shall maintain adequate medical records on the participants assisted to enable the Secretary to determine and evaluate the

benefits of the nutritional assistance provided under this section. The Secretary shall convene an advisory committee made up of representatives from the Maternal and Child Health Division of the Department of Health, Education, and Welfare, the Center for Disease Control, the Association of State and Territorial Public Health Nutrition Directors, the American Academy of Pediatrics, the National Academy of Science—National Research Council, the American Dietetic Association, the American Public Health Association, the Public Health Service, and others as the Secretary deems appropriate. The committee shall study the methods available to evaluate successfully and economically, in part or in total, the health benefits of the special supplemental food program. The committee's study shall consider the usefulness of the medical data collected and the methodology used by the Department of Agriculture and the Comptroller General of the United States prior to March 30, 1975. The study shall also include the applicability to an evaluation of the special supplemental food program of other Federal and State health, welfare, and nutrition assessment and surveillance projects currently being conducted. The purpose of the advisory committee shall be to determine and recommend in detail how, using accepted scientific methods, the health benefits of the special supplemental food program may best be evaluated and assessed. The advisory committee shall report its study to the Secretary no later than March 1, 1976. The Secretary shall submit to Congress his recommendations based on such study no later than June 1, 1976.

(g) Definitions.

As used in this section—

(1) "Pregnant and lactating women" when used in connection with the term "at nutritional risk" includes women from low-income populations who demonstrate one or more of the following characteristics: known inadequate nutritional patterns, unacceptably high incidence of anemia, high prematurity rates, or inadequate patterns of growth (underweight, obesity, or stunting). Such term (when used in connection with the term "at nutritional risk") also includes low-income individuals who have a history of high-risk pregnancy as evidenced by abortion, premature birth, or severe anemia. Such lactating women shall include women who are breast feeding an infant from birth up to one year of age and also all women for a period of six months post partum.

(2) "Infants" when used in connection with the term "at nutritional risk" means children under 5 years of age who are in low-income populations which have shown a deficient pattern of growth, by minimally acceptable standards, as reflected by an excess number of children in the lower percentiles of height and weight. Such term, when used in connection with "at nutritional risk", may also include children under 5 years of age who (A) are in the parameter of nutritional anemia, or (B) are from low-income populations where nutritional studies have shown inadequate infant diets.

(3) "Supplemental foods" shall means those foods containing nutrients known to be lacking in the diets of populations at nutritional risk and, in particular, those foods and food products containing high-quality protein, iron, calcium, vitamin A, and vitamin C. Such term may also include (at the discretion of the Secretary) any commercially formulated preparation specifically designed for women or infants. The contents of the food package shall be made available in such a manner as to provide flexibility, taking into account medical and nutritional objectives and cultural eating patterns.

(4) "Competent professional authority" includes physicians, nutritionists, registered nurses, dietitians, or State or local medically trained health officials, or persons designated by physicians or State or local medically trained health officials as being competent professionally to evaluate nutritional risk.

§ 1857c–5. State implementation plans for national primary and secondary ambient air quality standards.

(a) Submission to Administrator; time for submission; State procedures; required contents of plans for approval by Administrator; approval of revised plan by Administrator.

* * * * *

(3)(A) The Administrator shall approve any revision of an implementation plan applicable to an air quality control region if he determines that it meets the requirements of paragraph (2) and has been adopted by the State after reasonable notice and public hearings.

(B) As soon as practicable, the Administrator shall, consistent with the purposes of this chapter and the Energy Supply and Environmental Coordination Act of 1974, review each State's applicable implementation plans and report to the State on whether such plans can be revised in relation to fuel burning stationary sources (or persons supplying fuel to such sources) without interfering with the attainment and maintenance of any national ambiet air quality standard within the period permitted in this section. If the Administrator determines that any such plan can be revised, he shall notify the State that a plan revision may be submitted by the State. Any plan revision which is submitted by the State shall, after public notice and opportunity for public hearing, be approved by the Administrator if the revision relates only to fuel burning stationary sources (or persons supplying fuel to such sources), and the plan as revised complies with paragraph (2) of this subsection. The Administrator shall approve or disaprove any revision no later than three months after its submission.

* * * * *

(c) Preconditions for preparation and publication by Administrator of proposed regulations setting forth an implementation plan; hearings for proposed regulations; promulgation of regulations by Administrator; transportation regulations study and report; parking surcharge; suspension authority.

(1) The Administrator shall, after consideration of any State hearing record, promptly prepare and publish proposed regulations setting forth an implementation plan, or portion thereof, for a State if—

(A) the State fails to submit an implementation plan for any national ambient air quality primary or secondary standard within the time prescribed,

(B) the plan, or any portion thereof, submitted for such State is determined by the Administrator not to be in accordance with the requirements of this section, or

(C) the State fails, within 60 days after notification by the Administrator or such longer period as he may prescribe, to revise an implementation plan as required pursuant to a provision of its plan referred to in subsection (a)(2)(H) of this section.

If such State held no public hearing associated with respect to such plan (or revision thereof), the Administrator shall provide opportunity for such hearing within such State on any proposed regulation. The Administrator shall, within six months after the date required for submission of such plan (or revision thereof), promulgate any such regulations unless, prior to such promulgation, such State has adopted and submitted a plan (or revision) which the Administrator determines to be in accordance with the requirements of this section.

(2)(A) The Administrator shall conduct a study and shall submit a report to the Committee on Interstate and Foreign Commerce of the United States House of Representatives and the Committee on Public Works of the United States Senate not later than three months after June 22, 1974, on the necessity of parking surcharge, management of parking supply, and preferential bus/carpool lane regulations as part of the applicable implementation plans required under this section to achieve and maintain national primary ambient aid quality standards. The study shall include an assessment of the economic impact of such regulations, consideration of alternative means of reducing total vehicle miles traveled, and an assessment of the impact of such regulations on other Federal and State programs dealing with energy or transportation. In the course of such study, the Administrator shall consult with other Federal officials including, but not limited to, the Secretary of Transportation, the Federal Energy Administrator, and the Chairman of the Council on Environmental Quality.

(B) No parking surcharge regulation may be required by the Administrator under paragraph (1) of this subsection as a part of an applicable implementation plan. All parking surcharge regulations previously required by the Administrator shall be void upon June 22, 1974. This subparagraph shall not prevent the Administrator from approving parking surcharges if they are adopted and submitted by a State as part of an applicable implementation plan. The Administrator may not condition approval of any implementation plan submitted by a State on such plan's including a parking surcharge regulation.

(C) The Administrator is authorized to suspend until January 1, 1975, the effective date or applicability of any regulations for the management of parking supply or any requirement that such regulations be a part of an applicable implementation plan approved or promulgated under this section. The exercise of the authority under this subparagraph shall not prevent the Administrator from approving such regulations if they are adopted and submitted by a State as part of an applicable implementation plan. If the Administrator exercises the authority under this subparagraph, regulations requiring a review or analysis of the impact of proposed parking facilities before construction which take effect on or after January 1, 1975, shall not apply to parking facilities on which construction has been initiated before January 1, 1975.

(D) For purposes of this paragraph—

(i) The term "parking surcharge regulation" means a regulation imposing or requiring the imposition of any tax, surcharge, fee, or other charge on parking spaces, or any other area used for the temporary storage of motor vehicles.

(ii) The term "management of parking supply" shall include any requirement providing that any new facility containing a given number of parking spaces shall receive a permit or other prior approval, issuance of which is to be conditioned on air quality considerations.

(iii) The term "preferential bus/carpool lane" shall include any requirement for the setting aside of one or more lanes of a street or highway on a permanent or temporary basis for the exclusive use of buses or carpools, or both.

(E) No standard, plan, or requirement, relating to management of parking supply or preferential bus/carpool lanes shall be promulgated after June 22, 1974, by the Administrator pursuant to this section, unless such promulgation has been subjected to at least one public hearing which has been held in the area affected and for which reasonable notice has been given in such area. If substantial changes are made following public hearings, one or more additional hearings shall be held in such area after such notice.

FEDERAL ENERGY ADMINISTRATOR

The "Federal Energy Administrator", for purposes of this chapter, to mean the Administrator of the Federal Energy Administration established by Pub. L. 93-275 [section 761 et seq. of Title 15, Commerce and Trade], but with the term to mean any officer of the United States designated as such by the President until the Federal Energy Administration takes office and after it ceases to exist, see section 798(a) of Title 15, Commerce and Trade.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1857c-6, 1857c-8 of this title.

§ 1857c-10. Authority to deal with energy shortage.

(a) Definitions.

For purposes of this section:

(1) The term "stationary source fuel or emission limitation" means any emission limitation, schedule or timetable of compliance, or other requirement, which is prescribed under this chapter (other than this section, or section 1857c-6(b), 1857c-7, or 1857h-1 of this title) or contained in an applicable implementation plan (other than a requirement imposed under authority described in section 1857c-5(a)(2)(F)(v) of this title), and which limits, or is designed to limit, stationary source emissions resulting from combustion of fuels, including a prohibition on, or specification of, the use of any fuel of any type, grade, or pollution characteristic.

(2) The term "air pollution requirement" means any emission limitation, schedule or timetable for compliance, or other requirement, which is prescribed under any Federal, State, or local law or regulation, including this chapter (except for any requirement prescribed under subsection (c) or (d) of this section, section 1857c-5(a)(2)(F)(v) of this title, or section 1857h-1 of this title), and which limits stationary source emissions resulting from combustion of fuels (including a prohibition on, or specification of, the use of any fuel of any type, grade, or pollution characteristic).

(3) The terms "stationary source" and "source" have the same meaning as the term "stationary source" has under section 1857c-6(a)(3) of this title; except that such terms include any owner or operator (as defined in section 1857c-6(a)(5) of this title) of such source.

(4) The term "coal" includes coal derivatives.

(5) The term "primary standard condition" means a limitation, requirement, or other measure, prescribed by the Administrator under subsection (d)(2)(A) of this section.

(6) The term "regional limitation" means the requirement of subsection (c)(2)(D) of this section.

(b) Temporary suspension of stationary source fuel or emission limitations.

(1)(A) The Administrator may, for any period beginning on or after June 22, 1974, and ending on or before June 30, 1975, temporarily suspend any stationary source fuel or emission limitation as it applies to any person—

(i) if the Administrator finds that such person will be unable to comply with any such limitation during such period solely because of unavailability of types or amounts of fuels (unless such unavailability results from an order under section 792(a) of Title 15, or

(ii) if such person is a source which is described in subsection (c)(1)(A) or (B) of this section and which has converted to coal, and the Administrator finds that the source will be able to comply during the period of the suspension with all primary standard conditions which will be applicable to such source.

Any suspension under this paragraph, the imposition of any interim requirement on which such suspension is conditioned under paragraph (3) of this subsection, and the imposition of any primary standard condition which relates to such suspension, shall be exempted from any procedural requirements set forth in this chapter or in any other provision of Federal, State, or local law; except as provided in subparagraph (B) of this paragraph.

(B) The Administrator shall give notice to the public and afford interested persons an opportunity for written and oral presentations of data, views, and arguments prior to issuing a suspension under subparagraph (A), or denying an application for such a suspension, unless otherwise provided by the Administrator for good cause found and published in the Federal Register. In any case, before issuing such a suspension, he shall give actual notice to the Governor of the State in which the affected source or sources are located, and to appropriate local governmental officials (as determined by the Administrator). The issuing or denial of such a suspension, the imposition of an interim requirement, and the imposition of any primary standard condition shall be subject to judicial review only on the grounds specified in paragraph (2)(B), (2)(C), or (2)(D), of section 706 of Title 5 and shall not be subject to any proceeding under section 1857h-2(a)(2) or 1857h-5(b) and (c) of this title.

(2) In issuing any suspension under paragraph (1), the Administrator is authorized to act on his own motion or upon application by any person (including a public officer or public agency).

(3) Any suspension under paragraph (1) shall be conditioned upon compliance with such interim requirements as the Administrator determines are reasonable and practicable. Such interim requirements shall include, but need not be limited to, (A) a requirement that the persons receiving the suspension comply with such reporting requirements as the Administrator determines may be necessary, (B) such measures as the Administrator determines are necessary to avoid an imminent and substantial endangerment to health of persons, and (C) in the case of a suspension under paragraph (1)(A)(i), requirements that the suspension shall be inapplicable during any period during which fuels which would enable compliance with the suspended stationary source fuel or emission limitations are in fact reasonably available (as determined by the Administrator) to such person.

(c) Extension of compliance dates.

(1) Except as provided in paragraph (2) of this subsection, the Administrator shall issue a compli-

ance date extension to any fuel-burning stationary source—

(A) which is prohibited from using petroleum products or natural gas by reason of an order which is in effect under section 792 (a) and (b) of Title 15, or

(B) which the Administrator determines began conversion to the use of coal as its primary energy source during the period beginning on September 15, 1973, and ending on March 15, 1974,

and which, on or after September 15, 1973, converts to the use of coal as its primary energy source. If a compliance date extension is issued to a source, such source shall not, until January 1, 1979, be prohibited, by reason of the application of any air pollution requirement, from burning coal which is available to such source, except as provided in subsection (d)(3) of this section. For purposes of this paragraph, the term "began conversion" means action by the source during the period beginning on September 15, 1973, and ending on March 15, 1974 (such as entering into a contract binding on such source for obtaining coal, or equipment or facilities to burn coal; expending substantial sums to permit such source to burn coal; or applying for an air pollution variance to enable such source to burn coal) which the Administrator finds evidences a decision (made prior to March 15, 1974) to convert to burning coal as a result of the unavailability of an adequate supply of fuels required for compliance with the applicable implementation plan, and a good faith effort to expeditiously carry out such decision.

(2)(A) A compliance date extension under paragraph (1) of this subsection may be issued to a source only if—

(i) the Administrator finds that such source will not be able to burn coal which is available to such source in compliance with all applicable air pollution requirements without a compliance date extension,

(ii) the Administrator finds that the source will be able during the period of the compliance date extension to comply with all the primary standard conditions which are required under subsection (d)(2) of this section to be applicable to such source, and with the regional limitation if applicable to such source, and

(iii) the source has submitted to the Administrator a plan for compliance for such source which the Administrator has approved.

A plan submitted under clause (iii) of the preceding sentence shall be approved only if it meets the requirements of regulations prescribed under subparagraph (B). The Administrator shall approve or disapprove any such plan within 60 days after such plan is submitted.

(B) Not later than 90 days after June 22, 1974, the Administrator shall prescribe regulations requiring that any source to which a compliance date extension applies submit and obtain approval of its means for and schedule of compliance with the requirements of subparagraph (C) of this paragraph. Such regulations shall include requirements that such schedules shall include dates by which any such source must—

(i) enter into contracts (or other obligations enforceable against such source) which the Administrator has approved as being adequate to provide for obtaining a long-term supply of coal which enables such source to achieve the emission reduction required by subparagraph (C), or

(ii) if coal which enables such source to achieve such emission reduction is not available to such source, enter into contracts (or other obligations enforceable against such source) which the Administrator has approved as being adequate to provide for obtaining (I) a long-term supply of other coal, and (II) continuous emission reduction systems necessary to permit such source to burn such coal, and to achieve the degree of emission reduction required by subparagraph (C).

Regulations under this subparagraph shall provide that contracts or other obligations required to be approved under this subparagraph must be approved before they are entered into (except that a contract or obligation which was entered into before June 22, 1974, may be approved after such date).

(C) Regulations under subparagraph (B) shall require that the source achieve the most stringent degree of emission reduction that such source would have been required to achieve under the applicable implementation plan which was in effect on the date of submittal (under subparagraph (B) of this paragraph) of the means for and schedule of compliance (or if no applicable implementation plan was in effect on such date, under the first applicable implementation plan which takes effect after such date). Such degree of emission reduction shall be achieved as soon as practicable, but not later than December 31, 1978; except that, in the case of a source for which a continuous emission reduction system is required for sulfur-related emissions, reduction of such emissions shall be achieved on a date designated by the Administrator (but not later than January 1, 1979). Such regulations shall also include such interim requirements as the Administrator determines are reasonable and practicable, including requirements described in subparagraphs (A) and (B) of subsection (b)(3) and requirements to file progress reports.

(D) A source which is issued a compliance date extension under this subsection, and which is located in an air quality control region in which a national primary ambient air quality standard for an air pollutant is not being met, may not emit such pollutant in amounts which exceed any emission limitation (and may not violate any other requirement) which applies to such source, under the applicable implementation plan for such pollutant. For purposes of this subparagraph, applicability of any such limitation or requirement to a source shall be determined without regard to this subsection or subsection (b) of this section.

(3) A source to which this subsection applies may, upon the expiration of a compliance date extension, receive a one-year postponement of the application of any requirement of an applicable implementation plan under the conditions and in the manner provided in section 1857c–5(f) of this title.

(4) The Administrator shall give notice to the public and afford an opportunity for oral and written presentations of data, views, and arguments before issuing any compliance date extension, prescribing any regulation under paragraph (2) of this sub-

section, making any finding under paragraph (2)(A) of this subsection, imposing any requirement on a source pursuant to paragraph (2) or any regulation thereunder, prescribing a primary standard condition under subsection (d)(2) of this section which applies to a source to which an extension is issued under this subsection, or acting on any petition under subsection (d)(2)(C) of this section.

(d) Coal conversion and allocation orders of Federal Energy Administrator; emission limitations for coal; modification of limitations; compliance; public notice.

(1)(A) Whenever the Federal Energy Administrator issues an order under section 792(a) of Title 15 which will not apply after June 30, 1975, the Administrator of the Environmental Protection Agency shall certify to him—

(i) in the case of a source to which no suspension will be issued under subsection (b) of this section, the earliest date on which such source will be able to burn coal and to comply with all applicable air pollution requirements, or

(ii) in the case of a source to which a suspension will be issued under subsection (b) of this section, the date determined under paragraph (2)(B) of this subsection.

(B) Whenever the Federal Energy Administrator issues an order under section 792(a) of Title 15 which will apply after June 30, 1975, the Administrator of the Environmental Protection Agency shall notify him if such source will be able, on and after July 1, 1975, to burn coal and to comply with all applicable air pollution requirements without a compliance date extension under subsection (c) of this section. If such notification is not given—

(i) in the case of a source which is eligible for a compliance date extension under subsection (c) of this section, the Administrator of the Environmental Protection Agency shall certify to the Federal Energy Administrator the date determined under paragraph (2)(B) of this subsection, and

(ii) in the case of a source which is not eligible for such an extension, the Administrator of the Environmental Protection Agency shall certify to the Federal Energy Administrator the earliest date on which the source will be able to burn coal and to comply with all applicable air pollution requirements.

(2)(A) The Administrator of the Environmental Protection Agency, after consultation with appropriate States, shall prescribe (and may from time to time, after such consultation, modify) emission limitations, requirements respecting pollution characteristics of coal, or other enforceable measures for control of emissions, for each source to which a suspension under subsection (b)(1)(A)(ii) of this section will apply, and for each source to which a compliance date extension under subsection (c)(1) of this section will apply. Such limitations, requirements, and measures shall be those which he determines must be complied with by the source in order to assure (throughout the period that the suspension or extension will be in effect) that the burning of coal by such source will not result in emissions which cause or contribute to concentrations of any air pollutant in excess of any national primary ambient air quality standard for such pollutant.

(B) Whenever the Administrator prescribes a limitation, requirement, or measure under subparagraph (A) of this paragraph with respect to a source, he shall determine the earliest date on which such source will be able to comply with such limitation, requirement, or measure, and with any regional limitation applicable to such source.

(C) An air pollution control agency may petition the Administrator (A) to modify any limitation, requirement, or other measure under this paragraph so as to assure compliance with the requirements of this paragraph, or (B) to issue to the Federal Energy Administration the certification described in paragraph (3)(B) on the grounds described in clause (iii) thereof. The Administrator shall take the action requested in the petition, or deny the petition, within 90 days after the date of receipt of the petition.

(3)(A) If the Administrator determines that a source to which a suspension under subsection (b)(1)(A)(ii) of this section or to which a compliance date extension under subsection (c)(1) of this section applies is not in compliance with any primary standard condition, or that a source to which a compliance date extension applies is not in compliance with a regional limitation applicable to it, he shall (except as provided in subparagraph (B)) either—

(i) enforce compliance with such condition or limitation under section 1857c–8 of this title, or

(ii) (after notice to the public and affording an opportunity for interested persons to present data, views, and arguments, including oral presentations, to the extent practicable) revoke such suspension or compliance date extension.

(B) If the Administrator finds that for any period—

(i) a source, to which an order under section 792(a) of Title 15 applies, will be unable to comply with a primary standard condition or regional limitation,

(ii) such a source will not be in compliance with such a condition or limitation, but such condition or limitation cannot be enforced because of a court order restraining its enforcement, or

(iii) the burning of coal by such a source will result in an increase in emissions of any air pollutant for which national ambient air quality standards have not been promulgated (or an air pollutant which is transformed in the atmosphere into an air pollutant for which such a standard has not been promulgated), and that such increase may cause (or materially contribute to) a significant risk to public health,

he shall notify the Federal Energy Administrator of his finding and certify the period for which such order under such section 792(a) of Title 15 shall not be in effect with respect to such source. Subject to the conditions of the preceding sentence, such certification may be modified from time to time. For purposes of this subsection, subsection (c) of this section, and section 792(a) or (b) of Title 15, a source shall be considered unable to comply with an air pollution requirement (including a primary standard condition or regional limitation) only if

necessary technology or other alternative methods of control are not available or have not been available for a sufficient period of time.

(4) Nothing in this chapter shall prohibit a State, political subdivision of a State, or agency or instrumentality of either, from enforcing any primary standard condition or regional limitation.

(5) A conversion to coal (A) to which a suspension under subsection (b) of this section or a compliance date extension under subsection (c) of this section applies or (B) by reason of an order under section 792(a) of Title 15 shall not be deemed to be a modification for purposes of section 1857c–6(a)(2) and (4) of this title.

(e) Continuous emission reduction systems; manufacturing priorities; rules.

The Administrator may, by rule, establish priorities under which manufacturers of continuous emission reduction systems necessary to carry out subsection (c) of this section shall provide such systems to users thereof, if he finds that priorities must be imposed in order to assure that such systems are first provided to sources in air quality control regions in which national primary ambient air quality standards have not been achieved. No rule under this subsection may impair the obligation of any contract entered into before June 22, 1974. To the extent necessary to carry out this section, the Administrator may prohibit any State or political subdivision of a State, or an agency or instrumentality of either, from requiring any person to use a continuous emission reduction system for which priorities have been established under this subsection, except in accordance with such priorities.

(f) State and local requirements.

No State, political subdivision of a State, or agency or instrumentality of either, may require any person to whom a suspension has been issued under subsection (b)(1) of this section to use any fuel the unavailability of which is the basis of such person's suspension (except that this subsection shall not apply to requirements identical to Federal requirements under subsection (b)(3) or subsection (d)(2)) of this section.

(g) Unlawful acts.

(1) It shall be unlawful for any person to whom a suspension has been issued under subsection (b)(1) of this section to violate any requirement on which the suspension is conditioned pursuant to subsection (b)(3) of this section or any primary standard condition applicable to him.

(2) It shall be unlawful for any person to fail to comply with any requirement under subsection (c) of this section, or any regulation, plan, or schedule thereunder (including a primary standard condition or regional limitation), which is applicable to such person.

(3) It shall be unlawful for any person to violate any rule under subsection (e) of this section.

(4) It shall be unlawful for any person to fail to comply with an interim requirement under subsection (i)(3) of this section.

(h) Emergency powers not affected.

Nothing in this section shall affect the power of the Administrator to deal with air pollution presenting an imminent and substantial endangerment to the health of persons under section 1857h–1 of this title.

(i) Postponement of cessation of operation of electric generating powerplants scheduled to be taken out of service.

(1) In order to reduce the likelihood of early phaseout of existing electric generating powerplants, any electric generating powerplant (A) which, because of the age and condition of the plant, is to be taken out of service permanently no later than January 1, 1980, according to the power supply plan (in existence on January 1, 1974) of the owner or operator of such plant, (B) for which a certification to that effect has been filed by the owner or operator of the plant with the Environmental Protection Agency and the Federal Power Commission, and (C) for which such Commission has determined that the certification has been made in good faith and that the plan to cease operations no later than January 1, 1980, will be carried out as planned in light of existing and prospective power supply requirements, shall be eligible for a single one-year postponement as provided in paragraph (2).

(2) Prior to the date on which any powerplant eligible under paragraph (1) is required to comply with any requirement of an applicable implementation plan, such plant may apply (with the concurrence of the Governor of the State in which such plant is located) to the Administrator to postpone the applicability of such requirement to such plant for not more than one year. If the Administrator determines, after considering the risk to public health and welfare which may be associated with a postponement, that compliance with any such requirement is not reasonable in light of the projected useful life of the plant, the availability of rate base increases to pay for the costs of such compliance, and other appropriate factors, then the Administrator shall grant a postponement of any such requirement.

(3) The Administrator shall, as a condition of any postponement under paragraph (2), prescribe such interim requirements as are practicable and reasonable in light of the criteria in paragraph (2).

(j) Exchange of fuels.

(1) The Administrator may, after public notice and opportunity for presentation of data, views, and arguments in accordance with section 553 of Title 5 and after consultation with the Federal Energy Administrator, designate persons with respect to whom fuel exchange requirements should be imposed under paragraph (2) of this subsection. The purpose of such designation shall be to avoid or minimize the adverse impact on public health and welfare of any suspension under subsection (b) of this section or conversion to coal to which subsection (c) of this section applies or of any allocation under section 792(d) of Title 15 or under the Emergency Petroleum Allocation Act of 1973.

(2) The Federal Energy Administrator shall exercise his authority under section 792(d) of Title

15 and under the Emergency Petroleum Allocation Act of 1973 with respect to persons designated by the Administrator of the Environmental Protection Agency under paragraph (1) in order to require the exchange of any fuel subject to allocation under the Energy Supply and Environmental Coordination Act of 1974 and the Emergency Petroleum Allocation Act of 1973 effective no later than forty-five days after the date of such designation, unless the Federal Energy Administrator determines, after consultation with the Administrator of the Environmental Protection Agency, that the costs or consumption of fuel, resulting from requiring such exchange, will be excessive.

(k) Study; report to Congress; publication of summaries and findings of Administrator in Federal Register.

(1) The Administrator shall study, and report to Congress not later than six months after June 22, 1974, with respect to—

(A) the present and projected impact of fuel shortages and fuel allocation programs on the program under this chapter;

(B) availability of continuous emission reduction technology (including projections respecting the time, cost, and number of units available) and the effects that continuous emission reduction systems would have on the total environment and on supplies of fuel and electricity;

(C) the number of sources and locations which must use such technology based on projected fuel availability data;

(D) a priority schedule for installation of continuous emission reduction technology, based on public health or air quality;

(E) evaluation of availability of technology to burn municipal solid waste in electric powerplants or other major fuel burning installations, including time schedules, priorities, analysis of pollutants which may be emitted (including those for which national ambient air quality standards have not been promulgated), and a comparison of health benefits and detriments from burning solid waste and of economic costs;

SUBCHAPTER II.—EMISSION STANDARDS FOR MOVING SOURCES

§ 1857f–1. Establishment of standards.

* * * * *

(b) Reduction requirements for model years 1975–1978; promulgation; report to Congress; suspension of standards; interim standards.

(1)(A) The regulations under subsection (a) of this section applicable to emissions of carbon monoxide and hydrocarbons from light-duty vehicles and engines manufactured during model years 1975 and 1976 shall contain standards which are identical to the interim standards which were prescribed (as of December 1, 1973) under paragraph (5)(A) of this subsection for light-duty vehicles and engines manufactured during model year 1975. The regulations under subsection (a) of this section applicable to emissions of carbon monoxide and hydrocarbons from light duty vehicles and engines manufactured during or after model year 1977 shall contain standards which require a reduction of at least 90 per centum from emissions of carbon monoxide and hydrocarbons allowable under the standards under this section applicable to light duty vehicles and engines manufactured in model year 1970.

(B) The regulations under subsection (a) of this section applicable to emissions of oxides of nitrogen from light-duty vehicles and engines manufactured during model years 1975 and 1976 shall contain standards which are identical to the standards which were prescribed (as of December 1, 1973) under subsection (a) of this section for light-duty vehicles and engines manufactured during model year 1975. The regulations under subsection (a) of this section applicable to emissions of oxides of nitrogen from light-duty vehicles and engines manufactured during model year 1977 shall contain standards which provide that such emissions from such vehicles and engines may not exceed 2.0 grams per vehicle mile. The regulations under subsection (a) of this section applicable to emissions of oxides of nitrogen from light duty vehicles and engines manufactured during or after model year 1978 shall contain standards which require a reduction of at least 90 per centum from the average of emissions of oxides of nitrogen actually measured from light duty vehicles manufactured during model year 1971 which are not subject to any Federal or State emission standard for oxides of nitrogen. Such average of emissions shall be determined by the Administrator on the basis of measurements made by him.

* * * * *

(5)(A) At any time after January 1, 1975, any manufacturer may file with the Administrator an application requesting the suspension for one year only of the effective date of any emission standard required by paragraph (1)(A) with respect to such manufacturer for light-duty vehicles and engines manufactured in model year 1977. The Administrator shall make his determination with respect to any such application within sixty days. If he determines, in accordance with the provisions of this subsection, that such suspension should be granted, he shall simultaneously with such determination prescribe by regulation interim emission standards which shall apply (in lieu of the standards required to be prescribed by paragraph (1)(A) of this subsection) to emissions of carbon monoxide or hydrocarbons (or both) from such vehicles and engines manufactured during model year 1977.

(B) Any interim standards prescribed under this paragraph shall reflect the greatest degree of emission control which is achievable by application of technology which the Administrator determines is available, giving appropriate consideration to the cost of applying such technology within the period of time available to manufacturers.

(C) Within 60 days after receipt of the application for any such suspension, and after public hearing, the Administrator shall issue a decision granting or refusing such suspension. The Administrator shall grant such suspension only if he determines that (i) such suspension is essential to the public interest or the public health and welfare of the United States, (ii) all good faith efforts have been made to meet the standards established by this subsection, (iii) the applicant has established that effective control technology, processes, operating methods, or other alternatives are not available or have not been available for a sufficient period of time to achieve compliance prior to the effective date of such standards, and (iv) the study and investigation of the National Academy of Sciences conducted pursuant to subsection (c) of this section and other information available to him has not indicated that technology, processes, or other alternatives are available to meet such standards.

(D) Nothing in this paragraph shall extend the effective date of any emission standard required to be prescribed under this subsection for more than one year.

(C) to (E) as (B) to (D), respectively, and struck out former subpar. (B) which had allowed manufacturers, at any time after Jan. 1, 1973, to file with the Administrator an application requesting a 1-year suspension of the effective date of any emission standard required by subsec. EX. ORD. NO. 11738. ADMINISTRATION OF THE CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT WITH RESPECT TO FEDERAL CONTRACTS, GRANTS, OR LOANS

Ex. Ord. No. 11738, Sept. 10, 1973, 38 F.R. 25161, provided:

By virtue of the authority vested in me by the provisions of the Clean Air Act, as amended (42 U.S.C. 1857 et seq.), particularly section 306 of that Act as added by the Clean Air Amendments of 1970 (Public Law 91-604), and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), particularly section 508 of that Act as added by the Federal Water Pollution Control Act Amendments of 1972 (Public Law 92-500), it is hereby ordered as follows:

SECTION 1. *Policy.* It is the policy of the Federal Government to improve and enhance environmental quality. In furtherance of that policy, the program prescribed in this Order is instituted to assure that each Federal agency empowered to enter into contracts for the procurement of goods, materials, or services and each Federal agency empowered to extend Federal assistance by way of grant, loan, or contract shall undertake such procurement and assistance activities in a manner that will result in effective enforcement of the Clean Air Act (hereinafter referred to as "the Air Act") and the Federal Water Pollution Control Act (hereinafter referred to as "the Water Act").

SEC. 2. *Designation of Facilities.* (a) The Administrator of the Environmental Protection Agency (hereinafter referred to as "the Administrator") shall be responsible for the attainment of the purposes and objectives of this Order.

(b) In carrying out his responsibilities under this Order, the Administrator shall, in conformity with all applicable requirements of law, designate facilities which have given rise to a conviction for an offense under section 113(c)(1) of the Air Act or section 309(c) of the Water Act. The Administrator shall, from time to time, publish and circulate to all Federal agencies lists of those facilities, together with the names and addresses of the persons who have been convicted of such offenses. Whenever the Administrator determines that the condition which gave rise to a conviction has been corrected, he shall promptly remove the facility and the name and address of the person concerned from the list.

SEC. 3. *Contracts, Grants, or Loans.* (a) Except as provided in section 8 of this Order, no Federal agency shall enter into any contract for the procurement of goods, materials, or services which is to be performed in whole or in part in a facility then designated by the Administrator pursuant to section 2.

(b) Except as provided in section 8 of this Order, no Federal agency authorized to extend Federal assistance by way of grant, loan, or contract shall extend such assistance in any case in which it is to be used to support any activity or program involving the use of a facility then designated by the Administrator pursuant to section 2.

SEC. 4. *Procurement, Grant, and Loan Regulations.* The Federal Procurement Regulations, the Armed Services Procurement Regulations, and, to the extent necessary, any supplemental or comparable regulations issued by any agency of the Executive Branch shall, following consultation with the Administrator, be amended to require, as a condition of entering into, renewing, or extending any contract for the procurement of goods, materials, or services or extending any assistance by way of grant, loan, or contract, inclusion of a provision requiring compliance with the Air Act, the Water Act, and standards issued pursuant thereto in the facilities in which the contract is to be performed, or which are involved in the activity or program to receive assistance.

SEC. 5. *Rules and Regulations.* The Administrator shall issue such rules, regulations, standards, and guidelines as he may deem necessary or appropriate to carry out the purposes of this Order.

SEC. 6. *Cooperation and Assistance.* The head of each Federal agency shall take such steps as may be necessary

to insure that all officers and employees of his agency whose duties entail compliance or comparable functions with respect to contracts, grants, and loans are familiar with the provisions of this Order. In addition to any other appropriate action, such officers and employees shall report promptly any condition in a facility which may involve noncompliance with the Air Act or the Water Act or any rules, regulations, standards, or guidelines issued pursuant to this Order to the head of the agency, who shall transmit such reports to the Administrator.

SEC. 7. *Enforcement.* The Administrator may recommend to the Department of Justice or other appropriate agency that legal proceedings be brought or other appropriate action be taken whenever he becomes aware of a breach of any provision required, under the amendments issued pursuant to section 4 of this Order, to be included in a contract or other agreement.

SEC. 8. *Exemptions—Reports to Congress.* (a) Upon a determination that the paramount interest of the United States so requires—

(1) The head of a Federal agency may exempt any contract, grant, or loan, and, following consultation with the Administrator, any class of contracts, grants or loans from the provisions of this Order. In any such case, the head of the Federal agency granting such exemption shall (A) promptly notify the Administrator of such exemption and the justification therefor; (B) review the necessity for each such exemption annually; and (C) report to the Administrator annually all such exemptions in effect. Exemptions granted pursuant to this section shall be for a period not to exceed one year. Additional exemptions may be granted for periods not to exceed one year upon the making of a new determination by the head of the Federal agency concerned.

(2) The Administrator may, by rule or regulation, exempt any or all Federal agencies from any or all of the provisions of this Order with respect to any class or classes of contracts, grants, or loans, which (A) involve less than specified dollar amounts, or (B) have a minimal potential impact upon the environment, or (C) involve persons who are not prime contratcors or direct recipients of Federal assistance by way of contacts, grants, or loans.

(b) Federal agencies shall reconsider any exemption granted under subsection (a) whenever requested to do so by the Administrator.

(c) The Administrator shall annually notify the President and the Congress of all exemptions granted, or in effect, under this Order during the preceding year.

SEC. 9. *Related Actions.* The imposition of any sanction or penalty under or pursuant to this Order shall not relieve any person of any legal duty to comply with any provisions of the Air Act or the Water Act.

SEC. 10. *Applicability.* This Order shall not apply to contracts, grants, or loans involving the use of facilities located outside the United States.

SEC. 11. *Uniformity.* Rules, regulations, standards, and guidelines issued pursuant to this order and section 508 of the Water Act shall, to the maximum extent feasible, be uniform with regulations issued pursuant to this order, Executive Order No. 11602 of June 29, 1971, and section 306 of the Air Act.

§ 1959. Congressional findings and policy on conversion of saline water.

The Congress in consideration of the Federal responsibility for water resource conservation by means of comprehensive planning, planning and construction of water resource development projects, administration of the navigable waterways, and maintenance of water quality standards finds that the technology for the conversion of saline and other chemically contaminated waters is vital to all these areas of responsibility. It is the policy of the Congress, therefore, to provide for the development and demonstration of practicable means to convert saline and other chemically contaminated water to a quality suitable for municipal, industrial, agricultural, and other beneficial uses. (Pub. L. 92–60, § 2, July 29, 1971, 85 Stat. 159.)

(c) Engineering and technical work for development of desalting processes and plant design concepts for scaled demonstrations.

conduct engineering and technical work including the design, construction, and testing of pilot plants, test beds, and modules to develop desalting processes and plant design concepts to the point of demonstration on a practical scale;

(d) Methods for recovery and marketing of byproducts as offsets against treatment costs; reduction of impact on environment from discharge of brine into waters.

study methods for the recovery and marketing of byproducts resulting from the desalination of water to offset the costs of treatment and to reduce impact on the environment from the discharge of brines into lakes, streams, and other waters; and

(e) Economic studies and surveys on water production costs; information concerning relation of desalting to other aspects of comprehensive water resource planning: coordination of studies and water resource planning.

NATIONAL STREAMBANK EROSION PREVENTION AND CONTROL DEMONSTRATION PROGRAM

Pub. L. 93–251, title I, § 32, Mar. 7, 1974, 88 Stat. 21, provided that:

"(a) This section may be cited as the 'Streambank Erosion Control Evaluation and Demonstration Act of 1974'.

"(b) The Secretary of the Army, acting through the Chief of Engineers, is authorized and directed to establish and conduct for a period of five fiscal years a national streambank erosion prevention and control demonstration program. The program shall consist of (1) an evaluation of the extent of streambank erosion on navigable rivers and their tributaries; (2) development of new methods and techniques for bank protection, research on soil stability, and identification of the causes of erosion; (3) a report to the Congress on the results of such studies and the recommendations of the Secretary of the Army on means for the prevention and correction of streambank erosion; and (4) demonstration projects, including bank protection works.

"(c) Demonstration projects authorized by this section shall be undertaken on streams selected to reflect a variety of geographical and environmental conditions, including streams with naturally occurring erosion problems and streams with erosion caused or increased by man-made structures or activities. At a minimum, demonstration projects shall be conducted at multiple sites on—

"(1) the Ohio River;

"(2) that reach of the Missouri River between Fort Randall Dam, South Dakota, and Sioux City, Iowa;

"(3) that reach of the Missouri River in North Dakota at or below the Garrison Dam; and

NATIONAL SHORELINE EROSION CONTROL DEVELOPMENT AND DEMONSTRATION PROGRAM

Pub. L. 93–251, title I, § 54, Mar. 7, 1974, 88 Stat. 26, provided that:

"(a) This section may be cited as the 'Shoreline Erosion Control Demonstration Act of 1974'.

"(b) The Congress finds that because of the importance and increasing interest in the coastal and estuarine zone of the United States, the deterioration of the shoreline within this zone due to erosion, the harm to water quality and marine life from shoreline erosion, the loss of recreational potential due to such erosion, the financial loss to private and public landowners resulting from shoreline erosion, and the inability of such landowners to obtain satisfactory financial and technical assistance to combat such erosion, it is essential to develop, demonstrate, and disseminate information about low-cost means to prevent and control shoreline erosion. It is therefore the purpose of this section to authorize a program to develop and demonstrate such means to combat shoreline erosion.

"(c)(1) The Secretary of the Army, acting through the Chief of Engineers, shall establish and conduct for a period of five fiscal years a national shoreline erosion control development and demonstration program. The program shall consist of planning, constructing, operating, evaluating, and demonstrating prototype shoreline erosion control devices, both engineered and vegetative.

"(2) The program shall be carried out in cooperation with the Secretary of Agriculture, particularly with respect to vegetative means of preventing and controlling shoreline erosion, and in cooperation with Federal, State, and local agencies, private organizations, and the Shoreline Erosion Advisory Panel established pursuant to subsection (d).

"(3) Demonstration projects established pursuant to this section shall emphasize the development of low-cost shoreline erosion control devices located on sheltered or inland waters. Such projects shall be undertaken at no less than two sites each on the shorelines of the Atlantic, Gulf and Pacific coasts, the Great Lakes, and the State of Alaska, and at locations of serious erosion along the shores of Delaware Bay, particularly at those reaches known as Pickering Beach, Kitts Hummock, Bowers, Sloughter Beach, Broadkill Beach, and Lewes in the State of Delaware. Sites selected should, to the extent possible, reflect a variety of geographical and climatic conditions.

"(4) Such demonstration projects may be carried out on private or public lands except that no funds appropriated for the purpose of this section may be expended for the acquisition of privately owned lands. In the case of sites located on private or non-Federal public lands, the demonstration projects shall be undertaken in cooperation with a non-Federal sponsor or sponsors who shall pay at least 25 per centum of construction costs at each site and assume operation and maintenance costs upon completion of the project.

"(d)(1) No later than one hundred and twenty days after the date of enactment of this section [Mar. 7, 1974] the Chief of Engineers shall establish a Shoreline Erosion Advisory Panel. The Chief of Engineers shall appoint fifteen members to such Panel from among individuals who are knowledgeable with respect to various aspects of shoreline erosion, with representatives from various geographical areas, institutions of higher education, professional organizations, State and local agencies, and private organizations, except that such individuals shall not be regular full-time employees of the United States. The Panel shall meet and organize within ninety days from the date of its establishment, and shall select a Chairman from among its members. The Panel shall then meet at least once each six months thereafter and shall expire ninety days after termination of the five-year program established pursuant to subsection (c).

"(2) The Panel shall—

"(A) advise the Chief of Engineers generally in carrying out provisions of this section;

"(B) recommend criteria for the selection of development and demonstration sites;

"(C) recommend alternative institutional, legal, and financial arrangements necessary to effect agreements with non-Federal sponsors of project sites;

"(D) make periodic reviews of the progress of the program pursuant to this section;

"(E) recommend means by which the knowledge obtained from the project may be made readily available to the public; and

"(F) perform such functions as the Chief of Engineers may designate.

"(3) Members of the Panel shall, while serving on business of the Panel, be entitled to receive compensation at rates fixed by the Chief of Engineers, but not in excess of the maximum rate of pay for grade GS–18, as provided in the General Schedule under section 5332 of title 5 of the United States Code, including traveltime and while away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law (5 U.S.C. 73b–2) [now sections 5703 and 5707 of Title 5] for persons in Government service employed intermittently.

"(4) The Panel is authorized, without regard to the civil service laws, to engage such technical and other assistance as may be required to carry out its functions.

"(e) The Secretary of the Army, acting through the Chief of Engineers, shall prepare and submit annually a program progress report, including therein contributions of the Shoreline Erosion Advisory Panel, to the Committees on Public Works of the Senate and House of Representatives. The fifth and final report shall be submitted sixty days after the fifth fiscal year of funding and shall include a comprehensive evaluation of the national shoreline erosion control development and demonstration program.

"(f) There is authorized to be appropriated for the first fiscal year following enactment of this section [Mar. 7, 1974], and the succeeding four fiscal years, a total of not to exceed $8,000,000 to carry out the provisions of this section."

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1973j of this title.

§ 1973a. Proceeding to enforce the right to vote.

(a) Authorization by court for appointment of federal examiners.

Whenever the Attorney General or an aggrieved person institutes a proceeding under any statute to enforce the voting guarantees of the fourteenth or fifteenth amendment in any State or political subdivision the court shall authorize the appointment of Federal examiners by the United States Civil Service Commission in accordance with section 1973d of this title to serve for such period of time and for such political subdivisions as the court shall determine is appropriate to enforce the voting guarantees of the fourteenth or fifteenth amendment (1) as part of any interlocutory order if the court determines that the appointment of such examiners is necessary to enforce such voting guarantees or (2) as part of any final judgment if the court finds that violations of the fourteenth or fifteenth amendment justifying equitable relief have occurred in such State or subdivision: *Provided,* That the court need not authorize the appointment of examiners if any incidents of denial or abridgement of the right to vote on account of race or color, or in contravention of the voting guarantees set forth in section 1973b(f)(2) of this title (1) have been few in number and have been promptly and effectively corrected by State or local action, (2) the continuing effect of such incidents has been eliminated, and (3) there is no reasonable probability of their recurrence in the future.

(b) Suspension of use of tests and devices which deny or abridge the right to vote.

If in a proceeding instituted by the Attorney General or an aggrieved person under any statute to enforce the voting guarantees of the fourteenth or fifteenth amendment in any State or political subdivision the court finds that a test or device has been used for the purpose or with the effect of denying or abridging the right of any citizen of the United States to vote on account of race or color, or in contravention of the voting guarantees set forth in section 1973b(f)(2) of this title, it shall suspend the use of tests and devices in such State or political subdivisions as the court shall determine is appropriate and for such period as it deems necessary.

(c) Retention of jurisdiction to prevent commencement of new devices to deny or abridge the right to vote.

If in any proceeding instituted by the Attorney General or an aggrieved person under any statute to enforce the voting guarantees of the fourteenth or fifteenth amendment in any State or political subdivision the court finds that violations of the fourteenth or fifteenth amendment justifying equitable relief have occurred within the territory of such State or political subdivision, the court, in addition to such relief as it may grant, shall retain jurisdiction for such period as it may deem appropriate and during such period no voting qualification or prerequisite to voting or standard, practice, or procedure with respect to voting different from that in force or effect at the time the proceeding was commenced shall be enforced unless and until the court finds that such qualification, prerequisite, standard, practice, or procedure does not have the purpose and will not have the effect of denying or abridging the right to vote on account of race or color, or in contravention of the voting guarantees set forth in section 1973b(f)(2) of this title: *Provided,* That such qualification, prerequisite, standard, practice, or procedure may be enforced if the qualification, prerequisite, standard, practice, or procedure has been submitted by the chief legal officer

or other appropriate official of such State or subdivision to the Attorney General and the Attorney General has not interposed an objection within sixty days after such submission, except that neither the court's finding nor the Attorney General's failure to object shall bar a subsequent action to enjoin enforcement of such qualification, prerequisite, standard, practice, or procedure. (As amended Pub. L. 94–73, title II, §§ 205, 206, title IV, §§ 401, 410, Aug. 6, 1975, 89 Stat. 402, 404, 406.)

AMENDMENTS

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1973d, 1973f, 1973i, 1973j, 1973k of this title.

§ 1973b. Suspension of the use of tests or devices in determining eligibility to vote.

(a) Action by state or political subdivision for declaratory judgment of no denial or abridgement; three-judge district court; appeal to Supreme Court; retention of jurisdiction by three-judge court.

To assure that the right of citiens of the United States to vote is not denied or abridged on account of race or color, no citizen shall be denied the right to vote in any Federal, State, or local election because of his failure to comply with any test or device in any State with respect to which the determinations have been made under the first two sentences of subsection (b) of this section or in any political subdivision with respect to which such determinations have been made as a separate unit, unless the United States District Court for the District of Columbia in an action for a declaratory judgment brought by such State or subdivision against the United States has determined that no such test or device has been used during the seventeen years preceding the filing of the action for the purpose or with the effect of denying or abridging the right to vote on account of race or color: *Provided,* That no such declaratory judgment shall issue with respect to any plaintiff for a period of seventeen years after the entry of a final judgment of any court of the United States, other than the denial of a declaratory judgment under this section, whether entered prior to or after the enactment of this subchapter, determining that denials or abridgments of the right to vote on account of race or color through the use of such tests or devices have occurred anywhere in the territory of such plaintiff. No citizen shall be denied the right to vote in any Federal, State, or local election because of his failure to comply with any test or device in any State with respect to which the determinations have been made under the third sentence of subsection (b) of this section or in any political subdivision with respect to which such determinations have been made as a separate unit, unless the United States District Court for the District of Columbia in an action for a declaratory judgment brought by such State or subdivision against the United States has determined that no such test or device has been used during the ten years preceding the filing of the action for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section: *Provided,* That no such declaratory judgment shall issue with respect to any plaintiff for a period of ten years after the entry of a final judgment of any court of the United States, other than the denial of a declaratory judgment under this section, whether entered prior to or after the enactment of this paragraph, determining that denials or abridgments of the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section through the use of tests or devices have occurred anywhere in the territory of such plaintiff.

An action pursuant to this subsection shall be heard and determined by a court of three judges in accordance with the provisions of section 2284 of Title 28 and any appeal shall lie to the Supreme Court. The court shall retain jurisdiction of any action pursuant to this subsection for five years after judgment and shall reopen the action upon motion of the Attorney General alleging that a test or device has been used for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section.

If the Attorney General determines that he has no reason to believe that any such test or device has been used during the seventeen years preceding the filing of an action under the first sentence of this subsection for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section, he shall consent to the entry of such judgment.

If the Attorney General determines that he has no reason to believe that any such test or device has been used during the ten years preceding the filing of an action under the second sentence of this subsection for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section, he shall consent to the entry of such judgment.

(b) Required factual determinations necessary to allow suspension of compliance with tests and devices; publication in Federal Register.

The provisions of subsection (a) of this section shall apply in any State or in any political subdivision of a State which (1) the Attorney General determines maintained on November 1, 1964, any test or device, and with respect to which (2) the Director of the Census determines that less than 50 per centum of the persons of voting age residing therein were registered on November 1, 1964, or that less than 50 per centum of such persons voted in the presidential election of November 1964. On and after August 6, 1970, in addition to any State or political subdivision of a State determined to be subject to subsection (a) of this section pursuant to the previous sentence, the provisions of subsection (a) of this section shall apply in any State or any political subdivision of a State which (i) the Attorney General determines maintained on November 1, 1968, any test or device, and with respect to which (ii) the Director of the Census determines that less than 50 per centum of the persons of voting age residing therein were registered on November 1, 1968, or that less than 50 per centum of such persons voted in the presidential election of November 1968. On and after August 6, 1975, in addition to any State or political subdivision of a State determined to be subject to subsection (a) of this section pursuant to the previous two sentences, the provisions of subsection (a) of this section shall apply in any State or any political subdivision of a State which (i) the Attorney General determines maintained on November 1, 1972, any test or device, and with respect to which (ii) the Director of the Census determines that less than 50 per centum of the citizens of voting age were registered on November 1, 1972, or that less than 50 per centum of such persons voted in the Presidential election of November 1972.

* * * * *

(d) Required frequency, continuation and probable recurrence of incidents of denial or abridgement to constitute forbidden use of tests or devices.

For purposes of this section no State or political subdivision shall be determined to have engaged in the use of tests or devices for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section if (1) incidents of such use have been few in number and have been promptly and effectively corrected by State or local action, (2) the continuing effect of such incidents has been eliminated, and (3) there is no reasonable probability of their recurrence in the future.

(f) Congressional findings of voting discrimination against language minorities; prohibition of English-only elections; other remedial measures.

(1) The Congress finds that voting discrimination against citizens of language minorities is pervasive and national in scope. Such minority citizens are from environments in which the dominant language is other than English. In addition they have been denied equal educational opportunities by State and local governments, resulting in severe disabilities and continuing illiteracy in the English language. The Congress further finds that, where State and local officials conduct elections only in English, language minority citizens are excluded from participating in the electoral process. In many areas of the country, this exclusion is aggravated by acts of physical, economic, and political intimidation. The Congress declares that, in order to enforce the guarantees of the fourteenth and fifteenth amendments to the United States Constitution, it is necessary to eliminate such discrimination by prohibiting English-only elections, and by prescribing other remedial devices.

(2) No voting qualification or prerequisite to voting, or standard, practice, or procedure shall be imposed or applied by any State or political subdivision to deny or abridge the right of any citizen of the United States to vote because he is a member of a language minority group.

(3) In addition to the meaning given the term under subsection (c) of this section, the term "test or device" shall also mean any practice or requirement by which any State or political subdivision provided any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, only in the English language, where the Director of the Census determines that more than five per centum of the citizens of voting age residing in such State or political subdivision are members of a single language minority. With respect to subsection (b) of this section, the term "test or device", as defined in this subsection, shall be employed only in making the determinations under the third sentence of that subsection.

(4) Whenever any State or political subdivision subject to the prohibitions of the second sentence of subsection (a) of this section provides any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, it shall provide them in the language of the applicable language minority group as well as in the English language: *Provided*, That where the language of the applicable minority group is oral or unwritten, the State or political subdivision is only required to furnish oral instructions, assistance, or other information relating to registration and voting. (As amended Pub. L. 94–73, title I, § 101, title II, §§ 201–203, 206, Aug. 6, 1975, 89 Stat. 400–402.)

AMENDMENTS

1975—Subsec. (a). Pub. L. 94–73, §§ 101, 201, 206, in first paragraph, substituted "seventeen years" for "ten years" in two places, and "determinations have been made under the first two sentences of subsection (b)" for "determinations have been made under subsection (b)", added provisions that no citizen shall be denied the right to vote in any Federal, State, or local election because of his failure to comply with any test or device in any state with respect to which the determinations have been made under the third sentence of subsection (b) of this section or in any political subdivision with respect to which such determinations have been made as a separate unit, unless the United States District Court for the District of Columbia in an action for a declaratory judgment brought by such state or subdivision against the United States has determined that no such test or device has been used during the ten years preceding the filing of the action for the purpose or with the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section with the proviso that no such declaratory judgment shall issue with respect to

any plaintiff for a period of ten years after the entry of final judgment of any court of the United States, other than the denial of a declaratory judgment under this section, whether entered prior to or after the enactment of this paragraph, determining that denials or abridgments of the right to vote on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section through the use of tests or devices have occurred anywhere in the territory of such plaintiff, in second paragraph, substituted "on account of race or color, or in contravention of the guarantees set forth in subsection (f)(2) of this section" for "on account of race or color", in third paragraph, substituted "seventeen years preceding the filing of an action under the first sentence of this subsection" for "ten years preceding the filing of the action", and added fourth paragraph.

Subsec. (b). Pub. L. 94–73, § 202, added provisions that on and after August 6, 1975, in addition to any state or political subdivision of a state determined to be subject to subsection (a) pursuant to the previous two sentences, the provisions of subsection (a) shall apply in any state or any political subdivision of a state which the Attorney General determines maintained on November 1, 1972, any test or device, and with respect to which the Director of the Census determines that less than 50 per centum of the citizens of voting age were registered on November 1, 1972, or that less than 50 per centum of such persons voted in the Presidential election of November, 1972.

Subsec. (d). Pub. L. 94–73, § 206, substituted "on account of race or color or in contravention of the guarantees set forth in section 1973b(f)(2) of this title" for "on account of race or color".

Subsec. (f). Pub. L. 94–73, § 203, added subsec. (f).

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1973, 1973a, 1973c, 1973d, 1973j, 1973k, 1973*l*, 1973aa–5 of this title.

§ 1973c. Alteration of voting qualifications and procedures; action by state or political subdivision for declaratory judgment of no denial or abridgement of voting rights; three-judge district court; appeal to Supreme Court.

Whenever a State or political subdivision with respect to which the prohibitions set forth in section 1973b(a) of this title based upon determinations made under the first sentence of section 1973b(b) of this title are in effect shall enact or seek to administer any voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect on November 1, 1964, or whenever a State or political subdivision with respect to which the prohibitions set forth in section 1973b(a) of this title based upon determinations made under the second sentence of section 1973b(b) of this title are in effect shall enact or seek to administer any voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect on November 1, 1968, or whenever a State or political subdivision with respect to which the prohibitions set forth in section 1973b(a) of this title based upon determinations made under the third sentence of section 1973b(b) of this title are in effect shall enact or seek to administer any voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect on November 1, 1972, such State or subdivision may institute an action in the United States District Court for the District of Columbia for a declaratory judgment that such qualification, prerequisite, standard, practice, or procedure does not have the purpose and will not have the effect of denying or abridging the right to vote on account of race or color, or in contravention of the guarantees set forth in section 1973b(f)(2) of this title, and unless and until the court enters such judgment no person shall be denied the right to vote for failure to comply with such qualification, prerequisite, standard, practice, or procedure: *Provided*, That such qualification, prerequisite, standard, practice, or procedure may be enforced without such proceeding if the qualification, prerequisite, standard, practice, or procedure has been submitted by the chief legal officer or other appropriate official of such State or subdivision to the Attorney General and the Attorney General has not interposed an objection within sixty days after such submission, or upon good cause shown, to facilitate an expedited approval within sixty days after such submission, the Attorney General has affirmatively indicated that such objection will not be made. Neither an affirmative indication by the Attorney General that no objection will be made, nor the Attorney General's failure to object, nor a declaratory judgment entered under this section shall bar a subsequent action to enjoin enforcement of such qualification, prerequisite, standard, practice, or procedure. In the event the Attorney General affirmatively indicates that no objection will be made within the sixty-day period following receipt of a submission, the Attorney General may reserve the right to reexamine the submission if additional information comes to his attention during the remainder of the sixty-day period which would otherwise require objection in accordance with this section. Any action under this section shall be heard and determined by a court of three judges in accordance with the provisions of section 2284 of Title 28 and any appeal shall lie to the Supreme Court. (As amended Pub. L. 94–73, title II, §§ 204, 206, title IV, § 405, Aug. 6, 1975, 89 Stat. 402, 404.)

AMENDMENTS

1975—Pub.L. 94–73 inserted "or whenever a State or political subdivision with respect to which the prohibitions set forth in section 1973b(a) of this title based upon determinations made under the third sentence of section 1973b(b) of this title are in effect shall enact or seek to administer any voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect on November 1, 1972," after 1968, substituted "or upon good cause shown, to facilitate an expedited approval within sixty days after such submission, the Attorney General has affirmatively indicated that such objection will not be made. Neither an affirmative indication by the Attorney General that no objection will be made, nor the Attorney General's failure to object," for "except that neither the Attorney General's failure to object", and "on account of race or color, or in contravention of the guarantees set forth in section 1973b(f)(2) of this title" for "on account of race or color", and added provisions that in the event the Attorney General affirmatively indicates that no objection will be made within the sixty-day period following receipt of a submission, the Attorney General may reserve the right to examine the submission if additional information comes to his attention during the remainder of the sixty-day period which would otherwise require objection in accordance with this section.

§ 1973d. Federal voting examiners; appointment.

Whenever (a) a court has authorized the appointment of examiners pursuant to the provisions of section 1973a(a) of this title, or (b) unless a declaratory

judgment has been rendered under section 1973b(a) of this title, the Attorney General certifies with respect to any political subdivision named in, or included within the scope of, determinations made under section 1973b(b) of this title that (1) he has received complaints in writing from twenty or more residents of such political subdivision alleging that they have been denied the right to vote under color of law on account of race or color, or in contravention of the guarantees set forth in section 1973b(f)(2) of this title, and that he believes such complaints to be meritorious, or (2) that in his judgment (considering, among other factors, whether the ratio of nonwhite persons to white persons registered to vote within such subdivision appears to him to be reasonably attributable to violations of the fourteenth or fifteenth amendment or whether substantial evidence exists that bona fide efforts are being made within such subdivision to comply with the fourteenth or fifteenth amendment), the appointment of examiners is otherwise necessary to enforce the guarantees of the fourteenth or fifteenth amendment, the Civil Service Commission shall appoint as many examiners for such subdivision as it may deem appropriate to prepare and maintain lists of persons eligible to vote in Federal, State, and local elections. Such examiners, hearing officers provided for in section 1973g(a) of this title and other persons deemed necessary by the Commission to carry out the provisions and purposes of this subchapter shall be appointed, compensated, and separated without regard to the provisions of any statute administered by the Civil Service Commission, and service under this subchapter shall not be considered employment for the purposes of any statute administered by the Civil Service Commission, except the provisions of section 9 of the Act of August 2, 1939, as amended, prohibiting partisan political activity: *Provided,* That the Commission is authorized, after consulting the head of the appropriate department or agency, to designate suitable persons in the official service of the United States, with their consent, to serve in these positions. Examiners and hearing officers shall have the power to administer oaths. (As amended Pub. L. 94–73, title II, §§ 205, 206, Aug. 6, 1975, 89 Stat. 402.)

A political subdivision may petition the Attorney General for the termination of listing procedures under clause (a) of this section, and may petition the Attorney General to request the Director of the Census to take such survey or census as may be appropriate for the making of the determination provided for in this section. The District Court for the District of Columbia shall have jurisdiction to require such survey or census to be made by the Director of the Census and it shall require him to do so if it deems the Attorney General's refusal to request such survey or census to be arbitrary or unreasonable. SUBCHAPTER I–B.—SUPPLEMENTAL PROVISIONS

§ 1973aa. Application of prohibition to other States; definition of "test or device".

AMENDMENTS

1975—Subsec. (a), Pub. L. 94–73 struck out "Prior to August 6, 1975," and "as to which the provisions of section 1973b(a) of this title are not in effect by reason of determinations made under section 1973b(b) of this title".

§ 1973aa–1. Residence requirements for voting.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1973i of this title.

§ 1973aa–1a. Bilingual election requirements.

(a) Congressional findings and declaration of policy.

The Congress finds that, through the use of various practices and procedures, citizens of language minorities have been effectively excluded from participation in the electoral process. Among other factors, the denial of the right to vote of such minority group citizens is ordinarily directly related to the unequal educational opportunities afforded them resulting in high illiteracy and low voting participation. The Congress declares that, in order to enforce the guarantees of the fourteenth and fifteenth amendments to the United States Constitution, it is necessary to eliminate such discrimination by prohibiting these practices, and by prescribing other remedial devices.

(b) Prohibition of voting notices, forms, instructions, assistance, or other materials and ballots in English language only.

Prior to August 6, 1985, no State or political subdivision shall provide registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, only in the English language if the Director of the Census determines (i) that more than 5 percent of the citizens of voting age of such State or political subdivision are members of a single language minority and (ii) that the illiteracy rate of such persons as a group is higher than the national illiteracy rate: *Provided*, That the prohibitions of this subsection shall not apply in any political subdivision which has less than five percent voting age citizens of each language minority which

comprises over five percent of the statewide population of voting age citizens. For purposes of this subsection, illiteracy means the failure to complete the fifth primary grade. The determinations of the Director of the Census under this subsection shall be effective upon publication in the Federal Register and shall not be subject to review in any court.

(c) Requirement of voting notices, forms, instructions, assistance, or other materials and ballots in minority language.

Whenever any State or political subdivision subject to the prohibition of subsection (b) of this section provides any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, it shall provide them in the language of the applicable minority group as well as in the English language: *Provided,* That where the language of the applicable minority group is oral or unwritten or in the case of Alaskan natives, if the predominant language is historically unwritten, the State or political subdivision is only required to furnish oral instructions, assistance, or other information relating to registration and voting.

(d) Action for declaratory judgment permitting English-only materials.

Any State or political subdivision subject to the prohibition of subsection (b) of this section, which seeks to provide English-only registration or voting materials or information, including ballots, may file an action against the United States in the United States District Court for a declaratory judgment permitting such provision. The court shall grant the requested relief if it determines that the illiteracy rate of the applicable language minority group within the State or political subdivision is equal to or less than the national illiteracy rate.

(e) Definitions.

For purposes of this section, the term "language minorities" of "language minority group" means persons who are American Indian, Asian American, Alaskan Natives, or of Spanish heritage. (Pub. L. 89–110, title II, § 203, as added Pub. L. 94–73, title III, § 301, Aug. 6, 1975, 89 Stat. 402.)

§ 2000e–5. Enforcement provisions.

(a) Power of Commission to prevent unlawful employment practices.

The Commission is empowered, as hereinafter provided, to prevent any person from engaging in any unlawful employment practice as set forth in section 2000e–2 or 2000e–3 of this title.

(b) Charges by persons aggrieved or member of Commission of unlawful employment practices by employers, etc.; filing; allegations; notice to respondent; contents of notice; investigation by Commission; contents of charges; prohibition on disclosure of charges; determination of reasonable cause; conference, conciliation, and persuasion for elimination of unlawful practices; prohibition on disclosure of informal endeavors to end unlawful practices; use of evidence in subsequent proceedings; penalties for disclosure of information; time for determination of reasonable cause.

Whenever a charge is filed by or on behalf of a person claiming to be aggrieved, or by a member of the Commission, alleging that an employer, employment agency, labor organization, or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, has engaged in an unlawful employment practice, the Commission shall serve a notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) on such employer, employment agency, labor organization, or joint labor-management committee (hereinafter referred to as the "respondent") within ten days, and shall make an investigation thereof. Charges shall be in writing under oath or affirmation and shall contain such information and be in such form as the Commission requires. Charges shall not be made public by the Commission. If the Commission determines after such investigation that there is not reasonable cause to believe that the charge is true, it shall dismiss the charge and promptly notify the person claiming to be aggrieved and the respondent of its action. In determining whether reasonable cause exists, the Commission shall accord substantial weight to final findings and orders made by State or local authorities in proceedings commenced under State or local law pursuant to the requirements of subsections (c) and (d) of this section. If the Commission determines after such investigation that there is reasonable cause to believe that the charge is true, the Commission shall endeavor to eliminate any such alleged unlawful employment practice by informal methods of conference, conciliation, and persuasion. Nothing said or done during and as a part of such informal endeavors may be made public by the Commission, its officers or employees, or used as evidence in a subsequent proceeding without the written consent of the persons concerned. Any person who makes public information in violation of this subsection shall be fined not more than $1,000 or imprisoned for not more than one year, or both. The Commission shall make its determination on reasonable cause as promptly as possible and, so far as practicable, not later than one hundred and twenty days from the filing of the charge or, where applicable under subsection (c) or (d) of this section, from the date upon which the Commission is authorized to take action with respect to the charge.

(c) State or local enforcement proceedings; notification of State or local authority; time for filing charges with Commission; commencement of proceedings.

In the case of an alleged unlawful employment practice occurring in a State, or political subdivision of a State, which has a State or local law prohibiting the unlawful employment practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, no charge may be filed under subsection (b) of this section by the person aggrieved before the expiration of sixty days after proceedings have been commenced under the State or local law, unless such proceedings have been earlier terminated, provided that such sixty-day period shall be extended to one hundred and twenty days during the first year after the effective date of such State or local law. If any requirement for the commencement of such proceedings is imposed by a State or local authority other than a requirement of the filing of a written and signed statement of the facts upon which the proceeding is based, the proceeding shall be deemed to have been commenced for the purposes of this subsection at the time such statement is sent by registered mail to the appropriate State or local authority.

(d) Same; notification of State or local authority; time for action on charges by Commission.

In the case of any charge filed by a member of the Commission alleging an unlawful employment practice occurring in a State or political subdivision of a State which has a State or local law prohibiting the practice alleged and establishing or authorizing a State or local authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, the Commission shall, before taking any action with respect to such charge, notify the appropriate State or local officials and, upon request, afford them a reasonable time, but not less than sixty days (provided that such sixty-day period shall be extended to one hundred and twenty days during the first year after the effective day of such State or local law), unless a shorter period is requested, to act under

such State or local law to remedy the practice alleged.

(e) Time for filing charges; time for service of notice of charge on respondent; filing of charge by Commission with State or local agency.

A charge under this section shall be filed within one hundred and eighty days after the alleged unlawful employment practice occurred and notice of the charge (including the date, place and circumstances of the alleged unlawful employment practice) shall be served upon the person against whom such charge is made within ten days thereafter, except that in a case of an unlawful employment practice with respect to which the person aggrieved has initially instituted proceedings with a State or local agency with authority to grant or seek relief from such practice or to institute criminal proceedings with respect thereto upon receiving notice thereof, such charge shall be filed by or on behalf of the person aggrieved within three hundred days after the alleged unlawful employment practice occurred, or within thirty days after receiving notice that the State or local agency has terminated the proceedings under the State or local law, whichever is earlier, and a copy of such charge shall be filed by the Commission with the State or local agency.

(f) Civil action by Commission, Attorney General, or person aggrieved; preconditions; procedure; appointment of attorney; payment of fees, costs, or security; intervention; stay of Federal proceedings; action for appropriate temporary or preliminary relief pending final disposition of charge; jurisdiction and venue of United States courts; designation of judge to hear and determine case; assignment of case for hearing; expedition of case; appointment of master.

(1) If within thirty days after a charge is filed with the Commission or within thirty days after expiration of any period of reference under subsection (c) or (d) of this section, the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission may bring a civil action against any respondent not a government, governmental agency, or political subdivision named in the charge. In the case of a respondent which is a government, governmental agency, or political subdivision, if the Commission has been unable to secure from the respondent a conciliation agreement acceptable to the Commission, the Commission shall take no further action and shall refer the case to the Attorney General who may bring a civil action against such respondent in the appropriate United States district court. The person or persons aggrieved shall have the right to intervene in a civil action brought by the Commission or the Attorney General in a case involving a government, governmental agency, or political subdivision. If a charge filed with the Commission pursuant to subsection (b) of this section, is dismissed by the Commission, or if within one hundred and eighty days from the filing of such charge or the expiration of any period of reference under subsection (c) or (d) of this section, whichever is later, the Commission has not filed a civil action under this section or the Attorney General has not filed a civil action in a case involving a government, governmental agency, or political subdivision, or the Commission has not entered into a conciliation agreement to which the person aggrieved is a party, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, shall so notify the person aggrieved and within ninety days after the giving of such notice a civil action may be brought against the respondent named in the charge (A) by the person claiming to be aggrieved or (B) if such charge was filed by a member of the Commission, by any person whom the charge alleges was aggrieved by the alleged unlawful employment practice. Upon application by the complainant and in such circumstances as the court may deem just, the court may appoint an attorney for such complainant and may authorize the commencement of the action without the payment of fees, costs, or security. Upon timely application, the court may, in its discretion, permit the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, to intervene in such civil action upon certification that the case is of general public importance. Upon request, the court may, in its discretion, stay further proceedings for not more than sixty days pending the termination of State or local proceedings described in subsection (c) or (d) of this section or further efforts of the Commission to obtain voluntary compliance.

(2) Whenever a charge is filed with the Commission and the Commission concludes on the basis of a preliminary investigation that prompt judicial action is necessary to carry out the purposes of this Act, the Commission, or the Attorney General in a case involving a government, governmental agency, or political subdivision, may bring an action for appropriate temporary or preliminary relief pending final disposition of such charge. Any temporary restraining order or other order granting preliminary or temporary relief shall be issued in accordance with rule 65 of the Federal Rules of Civil Procedure. It shall be the duty of a court having jurisdiction over proceedings under this section to assign cases for hearing at the earliest practicable date and to cause such cases to be in every way expedited.

(3) Each United States district court and each United States court of a place subject to the jurisdiction of the United States shall have jurisdiction of actions brought under this subchapter. Such an action may be brought in any judicial district in the State in which the unlawful employment practice is alleged to have been committed, in the judicial district in which the employment records relevant to such practice are maintained and administered, or in the judicial district in which the aggrieved person would have worked but for the alleged unlawful employment practice, but if the respondent is not found within any such district, such an action may be brought within the judicial district in which the respondent has his principal office. For purposes of sections 1404 and 1406 of Title 28, the judicial district in which the respondent has his principal office shall in all cases be considered a district in which the action might have been brought.

(4) It shall be the duty of the chief judge of the district (or in his absence, the acting chief judge) in which the case is pending immediately to designate

a judge in such district to hear and determine the case. In the event that no judge in the district is available to hear and determine the case, the chief judge of the district, or the acting chief judge, as the case may be, shall certify this fact to the chief judge of the circuit (or in his absence, the acting chief judge) who shall then designate a district or circuit judge of the circuit to hear and determine the case.

(5) It shall be the duty of the judge designated pursuant to this subsection to assign the case for hearing at the earliest practicable date and to cause the case to be in every way expedited. If such judge has not scheduled the case for trial within one hundred and twenty days after issue has been joined, that judge may appoint a master pursuant to rule 53 of the Federal Rules of Civil Procedure.

(g) Injunctions; appropriate affirmative action; equitable relief; accrual of back pay; reduction of back pay; limitations on judicial orders.

SUBCHAPTER V.—SPECIAL NUCLEAR MATERIAL

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in sections 2014, 2021, 5842 of this title.

§ 2074. Foreign distribution of special nuclear material.

(a) Compensation; distribution to International Atomic Energy Agency; procedure for distribution; repurchase of unconsumed materials; price; purchase of materials produced outside United States; price.

The Commission is authorized to cooperate with any nation or group of nations by distributing special nuclear material and to distribute such special nuclear material, pursuant to the terms of an agreement for cooperation to which such nation or group of nations is a party and which is made in accordance with section 2153 of this title. Unless hereafter otherwise authorized by law the Commission shall be compensated for special nuclear material so distributed at not less than the Commission's published charges applicable to the domestic distribution of such material, except that the Commission to assist and encourage research on peaceful uses or for medical therapy may so distribute without charge during any calendar year only a quantity of such material which at the time of transfer does not exceed in value $10,000 in the case of one nation or $50,000 in the case of any group of nations. The Commission may distribute to the International Atomic Energy Agency, or to any group of nations, only such amounts of special nuclear materials and for such period of time as are authorized by Congress: *Provided, however,* That, (i) notwithstanding this provision, the Commission is hereby authorized, subject to the provisions of section 2153 of this title, to distribute to the Agency five thousand kilograms of contained uranium-235, five hundred grams of uranium-233, and three kilograms of plutonium, together with the amounts of special nuclear material which will match in amount the sum of all quantities of special nuclear materials made available by all other members of the Agency to June 1, 1960; and (ii) notwithstanding the foregoing provisions of this subsection, the Commission may distribute to the International Atomic Energy Agency, or to any group of nations, such other amounts of special nuclear materials and for such other periods of time as are established in writing by the Commission: *Provided, however,* That before they are established by the Commission pursuant to this subdivision (ii), such proposed amounts and periods shall be submitted to the Congress and referred to the Joint Committee and a period of sixty days shall elapse while Congress is in session (in computing such sixty days, there shall be excluded the days on which either House is not in session because of an adjournment of more than three days): *And provided further,* That any such proposed amounts and periods shall not become effective if during such sixty-day period the Congress passes a concurrent resolution stating in substance that it does not favor the proposed action: *And provided further,* That prior to the elapse of the first thirty days of any such sixty-day period the Joint Committee shall submit a report to the Congress of its views and recommendations respecting the proposed amounts and periods and an accompanying proposed concurrent resolution stating in substance that the Congress favors, or does not favor, as the case may be, the proposed amounts or periods. The Commission may agree to repurchase any special nuclear material distributed under a sale arrangement pursuant to this subsection which is not consumed in the course of the activities conducted in accordance with the agreement for cooperation, or any uranium remaining after irradiation of such special nuclear material, at repurchase price not to exceed the Commission's sale price for comparable special nuclear material or uranium in effect at the time of delivery of such material to the Commission. The Commission may also agree to purchase, consistent with and within the period of the agreement for cooperation, special nuclear material produced in a nuclear reactor located outside the United States through the use of special nuclear material which was leased or sold pursuant to this subsection. Under any such agreement the Commission shall purchase only such material as is delivered to the Commission during any period when there is in effect a guaranteed purchase price for the same material produced in a nuclear reactor by a person licensed under section 2134 of this title, established by the Commission pursuant to section 2076 of this title, and the price to be paid shall be the price so established by the Commission and in effect for the same material delivered to the Commission.

(b) Distribution to persons outside United States of plutonium and other special nuclear material exempted under section 2077(d) of this title; compensation; reports.

Notwithstanding the provisions of sections 2153 and 2154 of this title and section 125 of the Atomic

Energy Act of 1954, the Commission is authorized to distribute to any person outside the United States (1) plutonium containing 80 per centum or more by weight of plutonium-238, and (2) other special nuclear material when it has, in accordance with subsection 2077(d) of this title, exempted certain classes or quantities of such other special nuclear material or kinds of uses or users thereof from the requirements for a license set forth in this chapter. Unless hereafter otherwise authorized by law, the Commission shall be compensated for special nuclear material so distributed at not less than the Commission's published charges applicable to the domestic distribution of such material. The Commission shall not distribute any plutonium containing 80 per centum or more by weight of plutonium-238 to any person under this subsection if, in its opinion, such distribution would be inimical to the common defense and security. The Commission may require such reports regarding the use of material distributed pursuant to the provisions of this subsection as it deems necessary.

(c) Licensing or granting permission to others to distribute special nuclear material; conditions.

The Commission is authorized to license or otherwise permit others to distribute special nuclear material to any person outside the United States under the same conditions, except as to charges, as would be applicable if the material were distributed by the Commission. (As amended Aug. 17, 1974, Pub. L. 93–377, § 2, 88 Stat. 473.)

§ 2111. Domestic distribution; license; price limitations.

No person may transfer or receive in interstate commerce, manufacture, produce, transfer, acquire, own, possess, import, or export any byproduct material, except to the extent authorized by this section or by section 2112 of this title. The Commission is authorized to issue general or specific licenses to applicants seeking to use byproduct material for research or development purposes, for medical therapy, industrial uses, agricultural uses, or such other useful applications as may be developed. The Commission may distribute, sell, loan, or lease such byproduct material as it owns to qualified applicants with or without charge: *Provided, however,* That, for byproduct material to be distributed by the Commission for a charge, the Commission shall establish prices on such equitable basis as, in the opinion of the Commission, (a) will provide reasonable compensation to the Government for such material, (b) will not discourage the use of such material or the development of sources of supply of such material independent of the Commission, and (c) will encourage research and development. In distributing such material, the Commission shall give preference to applicants proposing to use such material either in the conduct of research and development or in medical therapy. The Commission shall not permit the distribution of any byproduct material to any licensee, and shall recall or order the recall of any distributed material from any licensee, who is not equipped to observe or who fails to observe such safety standards to protect health as may be established by the Commission or who uses such material in violation of law or regulation of the Commission or in a manner other than as disclosed in the application therefor or approved by the Commission. The Commission is authorized to establish classes of byproduct material and to exempt certain classes or quantities of material or kinds of uses or users from the requirements for a license set forth in this section when it makes a finding that the exemption of such classes or quantities of such material or such kinds of uses or users will not constitute an unreasonable risk to the common defense and security and to the health and safety of the public. (w) License fees for nuclear power reactors.

Prescribe and collect from any other Government agency, which applies for or is issued a license for a utilization facility designed to produce electrical or heat energy pursuant to section 2133 or 2134(b) of this title, any fee, charge, or price which it may require, in accordance with the

provisions of section 483a of Title 31 or any other law, of applicants for, or holders of, such licenses. (As amended June 16, 1972, Pub. L. 92-314, title III, § 301, 86 Stat. 227; Aug. 17, 1974, Pub. L. 93-377, § 7, 88 Stat. 475.)

AMENDMENTS

§ 2206. Comptroller General audit.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 5876 of this title.

§ 2210. Indemnification and limitation of liability.

(a) Financial protection for public liability claims; indemnification agreement; waiver of immunity.

Each license issued under section 2133 or 2134 of this title and each construction permit issued under section 2235 of this title shall, and each license issued under section 2073, 2093, or 2111 of this title may, for the public purposes cited in section 2012(i) of this title, have as a condition of the license a requirement that the licensee have and maintain financial protection of such type and in such amounts as the Commission in the exercise of its licensing and regulatory authority and responsibility shall require in accordance with subsection (b) of this section to cover public liability claims. Whenever such financial protection is required, it may be a further condition of the license that the licensee execute and maintain an indemnification agreement in accordance with subsection (c) of this section. The Commission may require, as a further condition of issuing a license, that an applicant waive any immunity from public liability conferred by Federal or State law.

(b) Financial protection; amount and type; promulgation of rules, regulations and orders by Commission; deferred premium charges; determination of terms and conditions applicable to licensees.

The amount of financial protection required shall be the amount of liability insurance available from private sources, except that the Commission may establish a lesser amount on the basis of criteria set forth in writing, which it may revise from time to time, taking into consideration such factors as the following: (1) the cost and terms of private insurance, (2) the type, size, and location of the licensed activity and other factors pertaining to the hazard, and (3) the nature and purpose of the licensed activity: *Provided*, That for facilities designed for producing substantial amounts of electricity and having a rated capacity of 100,000 electrical kilowatts or more, the amount of financial protection required shall be the maximum amount available at reasonable cost and on reasonable terms from private sources. Such financial protection may include private insurance, private contractual indemnities, self-insurance, other proof of financial responsibility, or a combination of such measures and shall be subject to such terms and conditions as the Commission may, by rule, regulation, or order, prescribe. In prescribing such terms and conditions for licensees required to have and maintain financial protection equal to the maximum amount of liability insurance available from private sources, the Commission shall, by rule initially prescribed not later than twelve months from December 31, 1975, include, in determining such maximum amount, private liability insurance available under an industry retrospective rating plan providing for premium charges deferred in whole or major part until public liability from a nuclear incident exceeds or appears likely to exceed the level of the primary financial protection required of the licensee involved in the nuclear incident: *Provided*, That such insurance is available to, and required of, all of the licensees of such facilities without regard to the manner in which they obtain other types or amounts of such financial protection: *And provided further*, That the standard deferred premium which may be charged following any nuclear incident under such a plan shall be not less than $2,000,000 nor more than $5,000,000 for each facility required to maintain the maximum amount of financial protection: *And provided further*, That the amount which may be charged a licensee following any nuclear incident shall not exceed the licensee's pro rata share of the aggregate public liability claims and costs arising out of the nuclear incident. Payment of any State premium taxes which may be applicable to any deferred premium provided for in this chapter shall be the responsibility of the licensee and shall not be included in the retrospective premium established by the Commission. The Commission is authorized to establish a maximum amount which the aggregate deferred premiums charged for each facility within one calendar year may not exceed. The Commission may establish amounts less than the standard premium for individual facilities taking into account such factors as the facility's size, location, and other factors pertaining to the hazard. The Commission shall establish such requirements as are necessary to assure availability of funds to meet any assessment of deferred premiums within a reasonable time when due, and may provide reinsurance or shall otherwise guarantee the payment of such premiums in the event it appears that the amount of such premiums will not be available on a timely basis through the resources of private industry and insurance. Any agreement by the Commission with a licensee or indemnitor to guarantee the payment of deferred premiums may contain such terms as the Commission deems appropriate to carry out the purposes of this section and to assure reimbursement to the Commission for its payments made due to the failure of such licensee or indemnitor to meet any of its obligations arising under or in connection with financial protection required under this subsection including without limitation terms creating liens upon the licensed

facility and the revenues derived therefrom or any other property or revenues of such licensee to secure such reimbursement and consent to the automatic revocation of any license.

(c) Indemnification from public liability in excess of level of financial protection; aggregate indemnity.

The Commission shall, with respect to licenses issued between August 30, 1954, and August 1, 1987, for which it requires financial protection of less than $560,000,000, agree to indemnify and hold harmless the licensee and other persons indemnified, as their interest may appear, from public liability arising from nuclear incidents which is in excess of the level of financial protection required of the licensee. The aggregate indemnity for all persons indemnified in connection with each nuclear incident shall not exceed $500,000,000 excluding costs of investigating and settling claims and defending suits for damage: *Provided, however,* That this amount of indemnity shall be reduced by the amount that the financial protection required shall exceed $60,000,000. Such a contract of indemnification shall cover public liability arising out of or in connection with the licensed activity. With respect to any production or utilization facility for which a construction permit is issued between August 30, 1954, and August 1, 1987, the requirements of this subsection shall apply to any license issued for such facility subsequent to August 1, 1987.

(d) Indemnification agreements for construction or operation of production or utilization facilities, or other activities; applicability to contracts; sovereign immunity.

In addition to any other authority the Commission may have, the Commission is authorized until August 1, 1987, to enter into agreements of indemnification with its contractors for the construction or operation of production or utilization facilities or other activities under contracts for the benefit of the United States involving activities under the risk of public liability for a substantial nuclear incident. In such agreements of indemnification the Commission may require its contractor to provide and maintain financial protection of such a type and in such amounts as the Commission shall determine to be appropriate to cover public liability arising out of or in connection with the contractual activity, and shall indemnify the persons indemnified against such claims above the amount of the financial protection required, in the amount of $500,000,000, excluding costs of investigating and settling claims and defending suits for damage in the aggregate for all persons indemnified in connection with such contract and for each nuclear incident: *Provided,* That this amount of indemnity shall be reduced by the amount that the financial protection required shall exceed $60,000,000: *Provided further,* That in the case of nuclear incidents occurring outside the United States, the amount of the indemnity provided by the Commission shall not exceed $100,000,000. The provisions of this subsection may be applicable to lump sum as well as cost type contracts and to contracts and projects financed in whole or in part by the Commission. A contractor with whom an agreement of indemnification has been executed and who is engaged in activities connected with the underground detonation of a nuclear explosive device shall be liable, to the extent so indemnified under this section, for injuries or damage sustained as a result of such detonation in the same manner and to the same extent as would a private person acting as principal, and no immunity or defense founded in the Federal, State, or municipal character of the contractor or of the work to be performed under the contract shall be effective to bar such liability.

(e) Aggregate liability for a single nuclear incident.

The aggregate liability for a single nuclear incident of persons indemnified, including the reasonable costs of investigating and settling claims and defending suits for damage, shall not exceed (1) the sum of $500,000,000 together with the amount of financial protection required of the licensee or contractor or (2) if the amount of financial protection required of the licensee exceeds $60,000,000, such aggregate liability shall not exceed the sum of $560,000,000 or the amount of financial protection required of the licensee, whichever amount is greater: *Provided,* That in the event of a nuclear incident involving damages in excess of that amount of aggregate liability, the Congress will thoroughly review the particular incident and will take whatever action is deemed necessary and appropriate to protect the public from the consequences of a disaster of such magnitude: *And provided further,* That with respect to any nuclear incident occurring outside of the United States to which an agreement of indemnification entered into under the provisions of subsection (d) of this section is applicable, such aggregate liability shall not exceed the amount of $100,000,000 together with the amount of financial protection required of the contractor.

(f) Collection and amount of fee.

The Commission is authorized to collect a fee from all persons with whom an indemnification agreement is executed under this section. This fee shall be $30 per year per thousand kilowatts of thermal energy capacity for facilities licensed under section 2133 of this title: *Provided,* That the Commission is authorized to reduce the fee for such facilities in reasonable relation to increases in financial protection required above a level of $60,000,000. For facilities licensed under section 2134 of this title, and for construction permits under section 2235 of this title, the Commission is authorized to reduce the fee set forth above. The Commission shall establish criteria in writing for determination of the fee for facilities licensed under section 2134 of this title, taking into consideration such factors as (1) the type, size, and location of facility involved, and other factors pertaining to the hazard, and (2) the nature and purpose of the facility. For other licenses, the Commission shall collect such nominal fees as it deems appropriate. No fee under this subsection shall be less than $100 per year.

* * * * *

(h) Conditions of agreement of indemnification; settlement of claims.

The agreement of indemnification may contain such terms as the Commission deems appropriate to carry out the purposes of this section. Such agreement shall provide that, when the Commission

makes a determination that the United States will probably be required to make indemnity payments under this section, the Commission shall collaborate with any person indemnified and may approve the payment of any claim under the agreement of indemnification, appear through the Attorney General on behalf of the person indemnified, take charge of such action, and settle or defend any such action. The Commission shall have final authority on behalf of the United States to settle or approve the settlement of any such claim on a fair and reasonable basis with due regard for the purposes of this chapter. Such settlement shall not include expenses in connection with the claim incurred by the person indemnified.

(i) Survey of causes and extent of damage; report to Joint Committee, Congressmen of affected districts and Senators of affected States; availability to public.

After any nuclear incident which will probably require payments by the United States under this section or which will probably result in public liability claims in excess of $560,000,000, the Commission shall make a survey of the causes and extent of damage which shall forthwith be reported to the Joint Committee, to the Congressmen of the affected districts, and to the Senators of the affected States, and, except for information which would cause serious damage to the national defense of the United States, all final findings shall be made available to the public, to the parties involved and to the courts. The Commission shall report to the Joint Committee by April 1, 1958, and every year thereafter on the operations under this section.

* * * * *

(k) Exemption from financial protection requirement; indemnification from public liability in excess of $250,000; aggregate indemnity; waiver.

With respect to any license issued pursuant to section 2073, 2093, 2111, 2134(a), or 2134(c) of this title, for the conduct of educational activities to a person found by the Commission to be a nonprofit educational institution, the Commission shall exempt such licensee from the financial protection requirement of subsection (a) of this section. With respect to licenses issued between August 30, 1954, and August 1, 1987, for which the Commission grants such exemption:

(1) the Commission shall agree to indemnify and hold harmless the licensee and other persons indemnified, as their interests may appear, from public liability in excess of $250,000 arising from nuclear incidents. The aggregate indemnity for all persons indemnified in connection with each nuclear incident shall not exceed $500,000,000, excluding cost of investigating and settling claims and defending suits for damage;

(2) such contracts of indemnification shall cover public liability arising out of or in connection with the licensed activity; and shall include damage to property of persons indemnified, except property which is located at the site of and used in connection with the activity where the nuclear incident occurs; and

(3) such contracts of indemnification, when entered into with a licensee having immunity from public liability because it is a State agency, shall provide also that the Commission shall make payments under the contract on account of activities of the licensee in the same manner and to the same extent as the Commission would be required to do if the licensee were not such a State agency.

Any licensee may waive an exemption to which it is entitled under this subsection. With respect to any production or utilization facility for which a construction permit is issued between August 30, 1954, and August 1, 1987, the requirements of this subsection shall apply to any license issued for such facility subsequent to August 1, 1987.

(l) Indemnification agreements in connection with nuclear ship Savannah.

The Commission is authorized until August 1, 1977, to enter into an agreement of indemnification with any person engaged in the design, development, construction, operation, repair, and maintenance or use of the nuclear-powered ship authorized by section 1206 of Title 46, and designated the "nuclear ship Savannah." In any such agreement of indemnification the Commission may require such person to provide and maintain financial protection of such a type and in such amounts as the Commission shall determine to be appropriate to cover public liability arising from a nuclear incident in connection with such design, development, construction, operation, repair, maintenance or use and shall indemnity the person indemnified against such claims above the amount of the financial protection required, in the amount of $500,000,000 excluding costs of investigating and settling claims and defending suits for damage in the aggregate for all persons indemnified in connection with each nuclear incident: *Provided*, That this amount of indemnity shall be reduced by the amount that the financial protection required shall exceed $60,000,000.

* * * * *

(n) Waiver of defenses; jurisdiction and venue of public liability actions; removal or transfer of actions; process.

(1) With respect to any extraordinary nuclear occurrence to which an insurance policy or contract furnished as proof of financial protection or an indemnity agreement applies and which—

(a) arises out of or results from or occurs in the course of the construction, possession, or operation of a production or utilization facility, or

(b) arises out of or results from or occurs in the course of transportation of source material, byproduct material, or special nuclear material to or from a production or utilization facility, or

(c) during the course of the contract activity arises out of or results from the possession, operation, or use by a Commission contractor or subcontractor of a device utilizing special nuclear material or byproduct material,

the Commission may incorporate provisions in indemnity agreements with licensees and contractors under this section, and may require provisions to be incorporated in insurance policies or contracts furnished as proof of financial protection, which waive (i) any issue or defense as to conduct of the claimant or fault of persons indemnified, (ii) any

issue or defense as to charitable or governmental immunity, and (iii) any issue or defense based on any statute of limitations if suit is instituted within three years from the date on which the claimant first knew, or reasonably could have known, of his injury or damage and the cause thereof, but in no event more than twenty years after the date of the nuclear incident. The waiver of any such issue or defense shall be effective regardless of whether such issue or defense may otherwise be deemed jurisdictional or relating to an element in the cause of action. When so incorporated, such waivers shall be judicially enforcible in accordance with their terms by the claimant against the person indemnified. Such waivers shall not preclude a defense based upon a failure to take reasonable steps to mitigate damages, nor shall such waivers apply to injury or damage to a claimant or to a claimant's property which is intentionally sustained by the claimant or which results from a nuclear incident intentionally and wrongfully caused by the claimant. The waivers authorized in this subsection shall, as to indemnitors, be effective only with respect to those obligations set forth in the insurance policies or the contracts furnished as proof of financial protection and in the indemnity agreements. Such waivers shall not apply to, or prejudice the prosecution or defense of, any claim or portion of claim which is not within the protection afforded under (i) the terms of insurance policies or contracts furnished as proof of financial protection, or indemnity agreements, and (ii) the limit of liability provisions of subsection (e) of this section.

* * * * *

(*o*) Percentage limitation; distribution plans; claim disposition and fund distribution plans; allocation for personal injury, property damage, and possible latent injury claims; approval, disapproval, or modification; adoption of other plan; orders for implementation and enforcement of provisions; area orders effective; report to Joint Committee by Commission; contents.

Whenever the United States district court in the district where a nuclear incident occurs, or the United States District Court for the District of Columbia in case of a nuclear incident occurring outside the United States, determines upon the petition of any indemnitor or other interested person that public liability from a single nuclear incident may exceed the limit of liability under subsection (e) of this section:

* * * * *

(3) The Commission shall, and any other indemnitor or other interested person may, submit to such district court a plan for the disposition of pending claims and for the distribution of remaining funds available. Such a plan shall include an allocation of appropriate amounts for personal injury claims, property damage claims, and possible latent injury claims which may not be discovered until a later time and shall include establishment of priorities between claimants and classes of claims, as necessary to insure the most equitable allocation of available funds. Such court shall have all power necessary to approve, disapprove, or modify plans proposed, or to adopt another plan; and to determine the proportionate share of funds available for each claimant. The Commission, any other indemnitor, and any person indemnified shall be entitled to such orders as may be appropriate to implement and enforce the provisions of this section, including orders limiting the liability of the persons indemnified, orders approving or modifying the plan, orders staying the payment of claims and the execution of court judgments, orders apportioning the payments to be made to claimants, and orders permitting partial payments to be made before final determination of the total claims. The orders of such court shall be effective throughout the United States.

(4) the [1] Commission shall, within ninety days after a court shall have made such determination, deliver to the Joint Committee a supplement to the report prepared in accordance with subsection (i) of this section setting forth the estimated requirements for full compensation and relief of all claimants, and recommendations as to the relief to be provided.

(p) Report to Congress by Commission; contents.

The Commission shall submit to the Congress by August 1, 1983, a detailed report concerning the need for continuation or modification of the provisions of this section, taking into account the condition of the nuclear industry, availability of private insurance, and the state of knowledge concerning nuclear safety at that time, among other relevant factors, and shall include recommendations as to the repeal or modification of any of the provisions of this section. (As amended Dec. 31, 1975, Pub. L. 94–197, §§ 2–14, 89 Stat. 1111–1115.)

§ 2242. Temporary operating licenses for nuclear power reactors.

(a) Prerequisites for filing applications; affidavits; hearing.

In any proceeding upon an application for an operating license for a nuclear power reactor, in which a hearing is otherwise required pursuant to section 2239(a) of this title, the applicant may petition the Commission for a temporary operating license authorizing operation of the facility pending final action by the Commission on the application. Such petition may be filed at any time after filing of: (1) the report of the Advisory Committee on Reactor Safeguards required by section 2232(b) of this title; (2) the safety evaluation of the application by the Commission's regulatory staff; and (3) the regulatory staff's final detailed statement on the environmental impact of the facility prepared pursuant to section 4332(2)(C) of this title or, in the case of an application for operating license filed on or before September 9, 1971, if the regulatory staff's final detailed statement required under section 4332(2)(C) of this title is not completed, the Commission must satisfy the applicable requirements of the National Environmental Policy Act prior to issuing any temporary operating license under this section. The petition shall be accompanied by an affidavit or affidavits setting forth the facts upon which the petitioner relies to justify issuance of the temporary operating license. Any party to the proceeding may file affidavits in support of, or opposition to, the petition within fourteen days after the filing of such petition, or within such additional time not to exceed ten days as may be fixed by the Commission. The Commission shall hold a hearing after ten days' notice and publication once in the Federal Register on any such petition and supporting material filed under this section and the decision of the Commission with respect to the issuance of a temporary operating license, following such hearing, shall be on the basis of findings on the matters specified in subsection (b) of this section. The hearing required by this section and the decision of the Commission on the petition shall be conducted with expedited procedures as the Commission may by rule, regulation, or

order deem appropriate for a full disclosure of material facts on all substantial issues raised in connection with the proposed temporary operating license.

(b) Requisite findings of Commission; terms and conditions of temporary license; judicial review.

With respect to any petition filed pursuant to subsection (a) of this section, the Commission shall issue a temporary operating license upon finding that:

(1) the provisions of section 2235 of this title have been met with respect to the temporary operating license;

(2) operation of the facility during the period of the temporary operating license in accordance with its terms and condition will provide adequate protection of the environment during the period of the temporary operating license; and

(3) operation of the facility in accordance with the terms and conditions of the temporary operating license is essential toward insuring that the power generating capacity of a utility system or power pool is at, or is restored to, the levels required to assure the adequacy and reliability of the power supply, taking into consideration factors which include, but need not be limited to, alternative available sources of supply, historical reserve requirements for the systems involved to function reliably, the possible endangerment to the public health and safety in the event of power shortages, and data from appropriate Federal and State governmental bodies which have official responsibility to assure an adequate and reliable power supply.

The temporary license shall contain such terms and conditions as the Commission may deem necessary, including the duration of the license and any provision for the extension thereof, and the requirement that the licensee not retire or dismantle any of its existing generating capacity on the ground of the availability of the capacity from the facility which is operating under the temporary license. Any decision or other document authorizing the issuance of any temporary license pursuant to this section shall recite with specificity the reasons justifying the issuance. The decision of the Commission with respect to the issuance of a temporary operating license shall be subject to judicial review pursuant to the Act of December 29, 1950, as amended (ch. 1189, 64 Stat. 1129).

(c) Vacation of temporary license.

The hearing on the application for the final operating license otherwise required pursuant to section 2239(a) of this title shall be concluded as promptly as practicable. The Commission shall vacate the temporary operating license if it finds that the applicant is not prosecuting the application for the final operating license with due diligence. Issuance of a temporary operating license pursuant to subsection (b) of this section shall be without prejudice to the position of any party to the proceeding in which a hearing is otherwise required pursuant to section 2239(a) of this title; and failure to assert any ground for denial or limitation of a temporary operating license shall not bar the assertion of such ground in connection with the issuance of a subsequent final operating license.

(d) Expiration of authority.

to assist them in meeting their costs of operation (other than costs related to construction).

(2) Grants under subsection (a) of this section may only be made for a grantee's costs of operation during the first eight years after its establishment. In the case of a community mental health center or other entity which received a grant under section 2688 of this title (as in effect before July 29, 1975), such center or other entity shall, for purposes of grants under subsection (a) of this section, be considered as having been in operation for a number of years equal to the sum of the number of grants in the first series of grants it received under such section and the number of grants it has received under this subsection.

(b) Duration and number of grants.

(1) Each grant under subsection (a) of this section to a community mental health center or other entity shall be made for the costs of its operation for the one-year period beginning on the first day of the month in which such grant is made.

(2) No community mental health center may receive more than eight grants under subsection (a) of this section. No entity described in subsection (a) (1) (B) of this section may receive more than two grants under subsection (a) of this section. (c) Computation of amount of grants.

The amount of a grant for any year made under subsection (a) of this section shall be the lesser of the amounts computed under paragraph (1) or (2) as follows:

(1) An amount equal to the amount by which the grantee's projected costs of operation for that year exceed the total of State, local, and other funds and of the fees, premiums, and third-party reimbursements which the grantee may reasonably be expected to collect in that year.

(2) (A) Except as provided in subparagraph (B), an amount equal to the following percentages of the grantee's projected costs of operation: 80 per centum of such costs for the first year of its operation, 65 per centum of such costs for the second year of its operation, 50 per centum of such costs for the third year of its operation, 35 per centum of such costs for the fourth year of its operation, 30 per centum of such costs for the fifth and sixth years of its operation, and 25 per centum of such costs for the seventh and eighth years of its operation.

(B) In the case of a grantee providing services for persons in an area designated by the Secretary as an urban or rural poverty area, an amount equal to the following percentages of the grantee's projected costs of operation: 90 per centum of such costs for the first two years of its operation, 80 per centum of such costs for the third year of its operation, 70 per centum of such costs for the fourth year of its operation, 60 per centum of such costs for the fifth year of its operation, 50 per centum of such costs for the sixth year of its operation, 40 per centum of such costs for the seventh year of its operation, and 30 per centum of such costs for the eighth year of its operation.

In any year in which a grantee receives a grant under section 2689c of this title for consultation and education services, the costs of the grantee's operation for that year attributable to the provision of such services and its collections in that year for such services shall be disregarded in making a computation under paragraph (1) or (2) respecting a grant under subsection (a) of this section for that year.

(d) Authorization of appropriations.

(1) There are authorized to be appropriated for payments under initial grants under subsection (a) of this section $50,000,000 for fiscal year 1976, and $55,000,000 for fiscal year 1977.

(2) For fiscal year 1977, and for each of the succeeding seven fiscal years, there are authorized to be appropriated such sums as may be necessary to make payments under continuation grants under subsection (a) of this section to community mental health centers and other entities which first received an initial grant under this section for fiscal year 1976, or the next fiscal year and which are eligible for a grant under this section in a fiscal year for which sums are authorized to be appropriated under this paragraph.

(e) Continuation of grants for prior grant recipients; determination of duration, amount, number, etc., of continuation grants; authorization of appropriations.

(1) Any entity which has not received a grant under subsection (a) of this section, which received a grant under section 2688, 2688g, 2688h, 2688k, 2688n–1, 2688r, or 2688u of this title (as in effect before July 29, 1975) from appropriations under this subchapter for a fiscal year ending before July 1,

1975, and which would be eligible for another grant under such section from an appropriation for a succeeding fiscal year if such section were not repealed by the Community Mental Health Centers Amendments of 1975 may, in lieu of receiving a grant under subsection (a) of this section, continue to receive a grant under each such repealed section under which it would be so eligible for another grant—

(A) for the number of years and in the amount prescribed for the grant under each such repealed section, except that—

(i) the entity may not receive under this subsection more than two grants under any such repealed section unless it meets the requirements of section 2689 of this title, and

(ii) the total amount received for any year (as determined under regulations of the Secretary) under the total of the grants made to the entity under this subsection may not exceed the amount by which the entity's projected costs of operation for that year exceed the total collections of State, local, and other funds and of the fees, premiums, and third-party reimbursements which the entity may reasonably be expected to make in that year; and

(B) in accordance with any other terms and conditions applicable to such grant.

In any year in which a grantee under this subsection receives a grant under section 2689c of this title for consultation and education services, the staffing costs of the grantee for that year which are attributable to the provision of such services and the grantee's collections in that year for such services shall be disregarded in applying subparagraph (A) and the provisions of the repealed section applicable to determining the amount of the grant the grantee may receive under this subsection for that year.

(2) An entity which receives a grant the authority for which is provided by this subsection may not receive any grant under subsection (a) of this section.

(3) There are authorized to be appropriated for fiscal year 1976, and for each of the next six fiscal years such sums as may be necessary to make grants in accordance wtih paragraph (1).

(f) Grants subject to coverage.

Unless otherwise specifically provided, a reference in this subchapter to a grant under this section includes a grant under subsection (a) of this section and a grant the authority for which is provided by subsection (e) of this section. for the costs of providing such consultation and education services.

(b) Computation of amount of grants; definition.

The amount of any grant made under subsection (a) of this section shall be determined by the Secretary, but no such grant to a center may exceed the lesser of 100 per centum of such center's costs of providing such consultation and education services during the year for which the grant is made or—

(1) in the case of each of the first two years for which a center receives such grant, the sum of (A) an amount equal to the product of $0.50 and the population of the center's catchment area, and (B) the lesser of (i) one-half the amount determined under clause (A), or (ii) one-half of the amount received by the center in such year from charges for the provision of such services;

(2) in the case of the third year for which a center receives such a grant, the sum of (A) an amount equal to the product of $0.50 and the population of the center's catchment area, and (B) the lesser of (i) one-half the amount determined under clause (A), or (ii) one-fourth of the amount received by the center in such year from charges for the provision of such services; and

(3) (A) except as provided in subparagraph (B), in the case of the fourth year and each subsequent year thereafter for which a center receives such a grant, the lesser of (i) the sum of (I) an amount equal to the product of $0.125 and the population of the center's catchment area, and (II) one-eighth of the amount received by the center in such year from charges for the provision of such services, or (ii) $50,000; or

(B) in the case of the fourth year and each subsequent year for which a center receives such a grant, the sum of (i) an amount equal to the product of $0.25 and the population of the center's catchment area, and (ii) the lesser of (I) the amount determined under clause (i) of this subparagraph, or (II) one-fourth of the amount received by the center in such year from charges for the provision for such services if the amount of the last grant received by the center under section 2688 of this title (as in effect before July 29, 1975) or section 2689b of this title, as the case may be, was determined on the basis of the center providing services to persons in an area designated by the Secretary as an urban or rural poverty area.

For purposes of this subsection, the term "center" includes an entity which receives a grant under subsection (a) (2) of this section.

(c) Authorization of appropriations.

There are authorized to be appropriated for payments under grants under this section $10,000,000 for fiscal year 1976, and $15,000,000 for fiscal year 1977. (Pub. L. 88–164, title II, § 204, as added Pub. L. 94–63, title III, § 303, July 29, 1975, 89 Stat. 314.)

§ 2689d. Conversion grants for related public or nonprofit entity.

(a) Number, prerequisites, and scope of grants.

The Secretary may make not more than two grants to any public or nonprofit entity which—

(1) has an approved application for a grant under section 2689b or 2689f of this title, and

(2) can reasonably be expected to have an operating deficit, for the period for which a grant is or will be made under such application, which is greater than the amount of the grant the entity is receiving or will receive under such application,

for the entity's reasonable costs in providing mental health services which are described in section 2689 (b) (1) of this title but which the entity did not provide before July 29, 1975.

(b) Duration and computation of amounts of grants.

(1) Each grant under subsection (a) of this section to an entity shall be made for the same period as the period for which the grant under section 2689b or 2689f of this title for which the entity had an approved application is or will be made.

(2) The amount of any grant under subsection (a) of this section to any entity shall be determined by the Secretary, but no such grant may exceed that part of the entity's projected operating deficit for the year for which the grant is made which is reasonably attributable to its costs of providing in such year the services with respect to which the grant is made. For purposes of this paragraph, the term "projected operating deficit" means the excess of an entity's projected costs of operation (including the costs of operation related to the provision of services for which a grant may be made under subsection (a) of this section) for a particular period over the total of the amount of State, local, and other funds (including funds under a grant under section 2689b, 2689c, or 2689f of this title) received by the entity in that period and the fees, premiums, and third-party reimbursements which the entity may reasonably be expected to collect during that period.

(c) Authorization of appropriations.

There are authorized to be appropriated for payments under grants under subsection (a) of this section $20,000,000 for fiscal year 1976, and $20,000,000 for fiscal year 1977. (Pub. L. 88–164, title II, § 205, as added Pub. L. 94–63, title III, § 303, July 29, 1975, 89 Stat. 316.)

§ 2689e. General requirements for grants.

(a) Submission and approval of State plan.

(b) Submission and approval of application.

No grant may be made under this part unless an application (meeting the requirements of subsection (c) of this section) for such grant has been submitted to, and approved by, the Secretary.

[1] Section enacted without subsec. (a) (2).

(c) Form, manner, contents, and required assurances of application; prerequisites for approval of application; evaluation and review program of activities; promulgation of regulations determining required costs; determination and review of adequacy of applicant's methods to obtain payments and reimbursements.

(1) An application for a grant under this part shall be submitted in such form and manner as the Secretary shall prescribe and shall contain such information as the Secretary may require. Except as provided in paragraph (3), an application for a grant under section 2689b, 2689c, or 2689d of this title shall contain or be supported by assurances satisfactory to the Secretary that—

(A) the community mental health center for which the application is submitted will provide, in accordance with regulations of the Secretary (i) an overall plan and budget that meets the requirements of section 1395x(z) of this title, and (ii) an effective procedure for developing, compiling, evaluating, and reporting to the Secretary statistics and other information (which the Secretary shall publish and disseminate on a periodic basis and which the center shall disclose at least annually to the general public) relating to (I) the cost of the center's operation, (II) the patterns of use of its services, (III) the availability, accessibility, and acceptability of its services, (IV) the impact of its services upon the mental health of the residents of its catchment area, and (V) such other matters as the Secretary may require;

(B) such community mental health center will, in consultation with the residents of its catchment area, review its program of services and the statistics and other information referred to in subparagraph (A) to assure that its services are responsive to the needs of the residents of the catchment area;

(C) to the extent practicable, such community mental health center will enter into cooperative arrangements with health maintenance organizations serving residents of the center's catchment area for the provision through the center of mental health services for the members of such organizations under which arrangements the charges to the health maintenance organizations for such services shall be not less than the actual costs to the center of providing such services;

(D) in the case of a community mental health center serving a population including a substantial proportion of individuals of limited English-speaking ability, the center has (i) developed a plan and made arrangements responsive to the needs of such population for providing services to the extent practicable in the language and cultural context most appropriate to such individuals, and (ii) identified an individual on its staff who is fluent in both that language and English and whose responsibilities shall include providing guidance to such individuals and to appropriate staff members with respect to cultural sensitivities and bridging linguistic and cultural differences;

(E) such community mental health center has (i) established a requirement that the health care of every patient must be under the supervision of a member of the professional staff, and (ii) provided for having a member of the professional staff available to furnish necessary mental health care in case of an emergency;

(F) such community mental health center has provided appropriate methods and procedures for the dispensing and administering of drugs and biologicals;

(G) in the case of an application for a grant under section 2689b of this title for a community mental health center which will provide services to persons in an area designated by the Secretary as an urban or rural poverty area, the applicant will use the additional grant funds it receives, because it will provide services to persons in such an area, to provide services to persons in such area who are unable to pay therefor;

(H) such community mental health center will develop a plan for adequate financial support to be available, and will use its best efforts to insure that adequate financial support will be available, to it from Federal sources (other than this part) and non-Federal sources (including, to the maximum extent feasible, reimbursement from the recipients of consultation and education services and screening services provided in accordance with section 2689(b)(1) (D) and (E) of this title) so that the center will be able to continue to provide comprehensive mental health services when financial assistance provided under this part is reduced or terminated, as the case may be;

(I) such community mental health center (i) has or will have a contractual or other arrangement with the agency of the State, in which it provides services, which administers or supervises the administration of a State plan approved under subchapter XIX of chapter 7 of this title for the payment of all or a part of the center's costs in providing health services to persons who are eligible for medical assistance under such a State plan, or (ii) has made or will make every reasonable effort to enter into such an arrangement;

(J) such community mental health center has made or will make and will continue to make every reasonable effort to collect appropriate reimbursement for its costs in providing health services to persons who are entitled to insurance benefits under subchapter XVIII of chapter 7 of this title, to medical assistance under a State plan approved under subchapter XIX of chapter 7 of this title, or to assistance for medical expenses under any other public assistance program or private health insurance program;

(K) such community mental health center (i) has prepared a schedule of fees or payments for the provision of its services designed to cover its reasonable costs of operation and a corresponding schedule of discounts to be applied to the payment of such fees or payments which discounts are adjusted on the basis of the patient's ability to pay; (ii) has made and will continue to make every reasonable effort (I) to secure from patients payment for services in accordance with such approved schedules, and (II) to collect reimbursement for health services to persons described in

subparagraph (J) on the basis of the full amount of fees and payments for such services without application of any discount, and (iii) has submitted to the Secretary such reports as he may require to determine compliance with this subparagraph; and

(L) such community mental health center will adopt and enforce a policy (i) under which fees for the provision of mental health services through the center will be paid to the center, and (ii) which prohibits health professionals who provide such services to patients through the center from providing such services to such patients except through the center.

An application for a grant under section 2689b of this title shall also contain a long-range plan for the expansion of the program of the community mental health center for which the application is submitted for the purpose of meeting anticipated increases in demand by residents of the center's catchment area for the comprehensive mental health services described in section 2689(b)(1) of this title. Such a plan shall include a description of planned growth in the programs of the center, estimates of increased costs arising from such growth, estimates of the portion of such increased costs to be paid from Federal funds, and anticipated sources of non-Federal funds to pay the portion of such increased costs not to be paid from Federal funds.

(2) The Secretary may approve an application for a grant under section 2689b, 2689c, or 2689d of this title only if the application is recommended for approval by the National Advisory Mental Health Council, the application meets the requirements of paragraph (1), and, except as provided in paragraph (3), the Secretary—

(A) determines that the facilities and equipment of the applicant under the application meet such requirements as the Secretary may prescribe;

(B) determines that—

(i) the application contains or is supported by satisfactory assurances that the comprehensive mental health services (in the case of an application for a grant under section 2689b or 2689d of this title) or the consultation and education services (in the case of an application for a grant under section 2689c of this title) to be provided by the applicant will constitute an addition to, or a significant improvement in quality (as determined in accordance with criteria of the Secretary) of, services that would otherwise be provided in the catchment area of the applicant;

(ii) the application contains or is supported by satisfactory assurances that Federal funds made available under section 2689b, 2689c, or 2689d of this title, as the case may be, will (I) be used to supplement and, to the extent practical, increase the level of State, local, and other non-Federal funds, including third-party health insurance payments, that would in the absence of such Federal funds be made available for the applicant's comprehensive mental health services, and (II) in no event supplant such State, local, and other non-Federal funds;

(iii) in the case of an applicant which received a grant from appropriations for the preceding fiscal year, during the year for which the grant was made the applicant met, in accordance with the section under which such grant was made, the requirements of section 2689 of this title and complied with the assurances which were contained in or supported the applicant's application for such grant; and

(iv) in the case of an application for a grant the amount of which is or may be determined under section 2689b(c)(2)(B) of this title or 2689c(b)(3)(B) of this title or under a provision of a repealed section of this subchapter referred to in section 2689b(e) of this title which authorizes an increase in the ceiling on the amount of a grant to support services to persons in areas designated by the Secretary as urban or rural poverty areas, the application contains or is supported by assurances satisfactory to the Secretary that the services of the applicant will, to the extent feasible, be used by a significant number of persons residing in an area designated by the Secretary as an urban or rural poverty area and requiring such services.

(3) In the case of an application—

(A) for the first grant under section 2689b(a) of this title for an entity described in section 2689b(a)(1)(B) of this title, or

(B) for the first grant the authority for which is provided by section 2689b(e) of this title,

the Secretary may approve such application without regard to the assurances required by the second sentence of paragraph (1) of this subsection and without regard to the determinations required of the Secretary under paragraph (2) of this subsection if the application contains or is supported by assurances satisfactory to the Secretary that the applicant will undertake, during the period for which such first grant is to be made, such actions as may be necessary to enable the applicant, upon the expiration of such period, to make each of the assurances required by paragraph (1) and to enable the Secretary, upon the expiration of such period, to make each of the determinations required by paragraph (2).

(4) In each fiscal year for which a community mental health center receives a grant under section 2689b, 2689c, or 2689d of this title, such center shall obligate for a program of continuing evaluation of the effectiveness of its programs in serving the needs of the residents of its catchment area and for a review of the quality of the services provided by the center not less than an amount equal to 2 per centum of the amount obligated by the center in the preceding fiscal year for its operating expenses.

(5) The costs for which grants may be made under section 2689b(a), 2689c, or 2689d of this title, shall be determined in the manner prescribed in regulations of the Secretary issued after consultation with the National Advisory Mental Health Council.

(6) If the Secretary determines under section 2689b, 2689c, or 2689d of this title that an applicant for a grant under such section—

(A) has not made reasonable efforts to secure payments or reimbursements in accordance with

assurances provided under subparagraph (I), (J), or (K) of subsection (c)(1) of this section, or

(B) is capable of increasing the amount of payments or reimbursements described in any such subparagraph,

the Secretary shall, in the case of a determination described in subparagraph (A), inform the applicant of the respects in which the applicant has not made such reasonable efforts and the manner in which the applicant's performance can be improved and, in the case of a determination described in subparagraph (B), inform the applicant of the manner in which the applicant can increase the amount of such payments. The Secretary shall give to an applicant a reasonble[1] opportunity to respond, before the amount of the grant the applicant is applying for is determined, to a determination described in the preceding sentence. A determination of the Secretary referred to in the first sentence shall be referred to the National Advisory Mental Health Council for its review and recommendations.

(d) Review of and comments on application by State mental health authority; disposition of application; time limitations.

An application for a grant under this part which is submitted to the Secretary shall at the same time be submitted to the State mental health authority for the State in which the project or community mental health center for which the application is submitted is located. A State mental health authority which receives such an application under this subsection may review it and submit its comments to the Secretary within the forty-five-day period beginning on the date the application was received by it. The Secretary shall take action to require an applicant to revise his application or to approve or disapprove an application within the period beginning on the date the State mental health authority submits its comments or on the expiration of such forty-five-day period, whichever occurs first, and ending on the ninetieth day following the date the application was submitted to him.

(e) Maximum amount of appropriations usable for technical assistance for program management and training in program management.

Not more than 2 per centum of the total amount appropriated under sections 2689b, 2689c, and 2689d of this title for any fiscal year shall be used by the Secretary to provide directly through the Department technical assistance for program management and for training in program management to community mental health centers which received grants under such sections or to entities which received grants under section 2688 of this title in a fiscal year beginning before July 29, 1975.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 2689d, 2689g, 2689h of this title.

§ 2689g. General requirements for grants.

(a) Submission and approval of State plan; terms and conditions for grants.

No grant may be made under section 2689f of this title to any community mental health center in any State unless a State plan for the provision of comprehensive mental health services within such State has been submitted to, and approved by, the Secretary under section 2689t of this title. Any grant under section 2689f of this title may be made upon such terms and conditions as the Secretary determines to be reasonable and necessary, including requirements that the community mental health center agree (1) to disclose any financial information or

data deemed by the Secretary to be necessary to determine the sources or causes of that center's financial distress, (2) to conduct a comprehensive cost analysis study in cooperation with the Secretary, (3) to carry out appropriate operational and financial reforms on the basis of information obtained in the course of the comprehensive cost analysis study or on the basis of other relevant information, and (4) to use a grant received under section 2689f of this title to enable it to provide (within such period as the Secretary may prescribe) the comprehensive mental health services described in section 2689(b) of this title and to revise its organization to meet the requirements of section 2689 (c) and (d) of this title.

(b) Contents and required assurances of application; prerequisites for approval of application; review of and comments on application by State mental health authority; disposition of application; time limitations.

An application for a grant under section 2689f of this title must contain or be supported by the assurances prescribed by subparagraphs (A), (B), (C), (D), (E), (F), (G), (I), (J), (K), and (L) of section 2689e(c)(1) of this title and assurances satisfactory to the Secretary that the applicant will expend for its operation as a community mental health center, during the year for which such grant is sought, an amount of funds (other than funds for construction, as determined by the Secretary) from non-Federal sources which is at least as great as the average annual amount of funds expended by such applicant for such purpose (excluding expenditures of a nonrecurring nature) in the three years immediately preceding the year for which such grant is sought. The Secretary may not approve such an application unless it has been recommended for approval by the National Advisory Mental Health Council. The requirements of section 2689e(d) of this title respecting opportunity for review of applications by State mental health authorities and time limitations on actions by the Secretary on applications shall apply with respect to applications submitted for grants under section 2689f of this title.

(c) Duration and number of grants.

Each grant under this section to a grantee shall be made for the projected costs of operation (except the costs of providing the consultation and education services described in section 2689(b)(1)(D) of this title) of such grantee for the one-year period beginning on the first day of the first month in which such grant is made. No community mental health center may receive more than three grants under section 2689f of this title.

(d) Computation of amount of grants.

The amount of a grant for a community mental health center under section 2689f of this title for any year shall be the lesser of the amounts computed under paragraph (1) or (2) as follows:

(1) An amount equal to the amount by which the center's projected costs of operation for that year exceed the total of State, local, and other funds and of the fees, premiums, and third-party reimbursements which the center may reasonably be expected to collect in that year.

(2) An amount equal to the product of—

(A) 90 per centum of the percentage of costs—

(i) which was the ceiling on the grant last made to the center in the first series of grants it received under section 2688 of this title (as in effect before July 29, 1975), or

(ii) prescribed by section 2689b(c)(2) of this title for computation of the last grant to the center under such section,

whichever grant was made last, and

(B) the center's projected costs of operation in the year for which the grant is to be made under section 2689f of this title.

(Pub. L. 88–164, title II, § 212, as added Pub. L. 94–63, title III, § 303, July 29, 1975, 89 Stat. 321.)

PART C.—FACILITIES ASSISTANCE

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in sections 2689t, 2689x of this title.

§ 2689i. Federal share; manner of payment; eligible projects; definition; computation and promulgation of amount.

(a) From allotments made under section 2689o of this title the Secretary shall pay, in accordance with this part, the Federal share of projects for (1) the acquisition or remodeling, or both, of facilities for community mental health centers, (2) the leasing (for not more than twenty-five years) of facilities for such centers, (3) the construction of new facilities or expansion of existing facilities for community mental health centers if not less than 25 per centum of the residents of the centers' catchment areas are members of low-income groups (as determined under regulations prescribed by the Secretary), and (4) the initial equipment of a facility acquired, remodeled, leased, constructed, or expanded with financial assistance provided under payments under this part. Payments shall not be made for the construction of a new facility or the expansion of an existing one unless the Secretary determines that it is not feasible for the recipient to acquire or remodel an existing facility.

(b)(1) For purposes of this part, the term "Federal share" with respect to any project described in

subsection (a) of this section means the portion of the cost of such project to be paid by the Federal Government under this part.

(2) The Federal share with respect to any project described in subsection (a) of this section in a State shall be the amount determined by the State agency of the State, but, except as provided in paragraph (3), the Federal share for any such project may not exceed 66⅔ per centum of the costs of such project or the State's Federal percentage, whichever is the lower. Prior to the approval of the first such project in a State during any fiscal year, the State agency shall give the Secretary written notification of (A) the maximum Federal share, established pursuant to this paragraph, for such projects in such State which the Secretary approves during such fiscal year, and (B) the method for determining the specific Federal share to be paid with respect to any such project; and such maximum Federal share and such method of Federal share determination for such projects in such State during such fiscal year shall not be changed after the approval of the first such project in the State during such fiscal year.

(3) In the case of any community mental health center which provides or will, upon completion of the project for which application has been made under this part, provide services for persons in an area designated by the Secretary as an urban or rural poverty area, the maximum Federal share determined under paragraph (2) may not exceed 90 per centum of the costs of the project.

(4)(A) For purposes of paragraph (2), the Federal percentage for (i) Puerto Rico, Guam, American Samoa, and the Virgin Islands shall be 66⅔ per centum, and (ii) any other State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the average per capita income of all such other States.

(B) The Federal percentages under clause (ii) of subparagraph (A) shall be promulgated by the Secretary, between October 1 and December 31 of each even-numbered year, on the basis of the average of the per capita incomes of each of the States subject to such Federal percentages and all of the States subject to such percentages for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce. Such promulgation shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such promulgation. (Pub. L. 88–164, title II, § 221, as added Pub. Section effective July 1, 1975, see section 608 of Pub. L. 94–63, set out as a note under section 247b of this title.

§ 2689j. Approval of projects; submission and contents of application; hearing; definition; prerequisites for approval of application; hearing prior to disapproval; amendment of approved application.

(a) For each project for a community mental health center facility pursuant to a State plan approved under section 2689t of this title, there shall be submitted to the Secretary, through the State agency of the State, an application by the State or a political subdivision thereof or by a public or other nonprofit agency. If two or more such agencies join in the project, the application may be filed by one or more of such agencies. Such application shall set forth—

(1) a description of the site for such project;

(2) plans and specifications therefor in accordance with the regulations prescribed by the Secretary under section 2689s of this title;

(3) except in the case of a leasing project, reasonable assurance that title to such site is or will be vested in one or more of the agencies filing the application or in a public or nonprofit private agency which is to operate the community mental health centers;

(4) reasonable assurance that adequate financial support will be available for the project and for its maintenance and operation when completed;

(5) reasonable assurance that all laborers and mechanics employed by contractors or subcontractors in the performance of work on a construction or remodeling project will be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Act of March 3, 1931 (sections 276a to 276a–5 of Title 40, known as the Davis-Bacon Act), and the Secretary of Labor shall have with respect to such labor standards the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176) and section 276c of Title 40;

(6) a certification by the State agency of the Federal share for the project; and

(7) the assurances described in section 2689e(c)(2) of this title.

Each applicant shall be afforded an opportunity for a hearing before the State agency respecting its application. For purposes of paragraph (3), the term "title" means a fee simple or such other estate or interest (including a leasehold on which the rental does not exceed 4 per centum of the value of the land) as the Secretary finds sufficient to assure for a period of not less than fifty years undisturbed use and possession for the purposes of acquisition, remodeling, construction, or expansion of a facility and its operation.

(b) The Secretary shall approve an application submitted in accordance with subsection (a) of this section if—

(1) sufficient funds to pay the Federal share for the project for which the application was submitted are available from the allotment to the State;

(2) the Secretary finds that the application meets the applicable requirements of subsection (a) of this section and the community mental health center for which the application was submitted will meet the requirements of the State plan (under section 2689t of this title) of the State in which the project is located; and

(3) the Secretary finds that the application has been approved and recommended by the State agency and is entitled to priority over other projects within the State, as determined under the State plan.

No application shall be disapproved by the Secretary until he has afforded the State agency an opportunity for a hearing. The Secretary may not approve an application under this part for a project for a facility for a community mental health center or other entity which received a grant under section 2688, 2688g, 2688h, 2688k, 2688n–1, 2688r, or 2688u of this title (as in effect before July 29, 1975) from appropriations for a fiscal year ending before July 1, 1975, unless the Secretary determines that the application is for a project for a center or entity which upon completion of such project will be able to significantly expand its services and which demonstrates exceptional financial need for assistance under this part for such project. Amendment of any approved application shall be subject to approval in the same manner as an original application. (Pub. L. 88–164, title II, § 222, as added Pub. L. 94–63, title III, § 303, July 29, 1975, 89 Stat. 323.)

§ 2689k. Payments.

(a) Remodeling, construction, or expansion projects, or purchases for such projects; prerequisites; manner of payments; exceptions; maximum amount; additional payments upon approval of amendment to application or revision of estimated cost of project.

(1) Upon certification to the Secretary by the State agency, based upon inspection by it, that work has been performed upon a remodeling, construction, or expansion project, or purchases for such a project have been made, in accordance with the approved plans and specifications, and that payment of an installment is due to the applicant, such installment shall be paid to the State, from the applicable allotment of such State, except that (1) if the State is not authorized by law to make payments to the applicant, the payment shall be made directly to the applicant, (2) if the Secretary, after investigation or otherwise, has reason to believe that any act (or failure to act) has occurred requiring action pursuant to subsection (c) of this section, payment may, after he has given the State agency notice of opportunity for hearing pursuant to such section, be withheld in whole or in part, pending corrective action or action based on such hearing, and (3) the total payments with respect to such project may not exceed an amount equal to the Federal share of the cost of such project.

(2) If an amendment to an approved application is approved or the estimated cost of a remodeling, construction, or expansion project is revised upward, any additional payment with respect thereto may be made from the applicable allotment of the State for the fiscal year in which such amendment or revision is approved.

(b) Acquisition and leasing projects; payments from State allotment pursuant to regulations.

Payments from a State allotment for acquisition and leasing projects shall be made in accordance with regulations which the Secretary shall promulgate.

(B) any assurance required to be in an application filed under section 2689j of this title is not being carried out;

(C) there is substantial failure to carry out plans and specifications approved by the Secretary under section 2689j of this title; or

(D) adequate State funds are not being provided annually for the direct administration of a State plan approved under section 2689t of this title,

the Secretary may take the action authorized under paragraph (2) of this subsection if the finding was made after reasonable notice and opportunity for hearing to the involved State agency.

(2) If the Secretary makes a finding described in paragraph (1), he may notify the involved State agency, which is the subject of the finding or which is connected with a project or State plan which is the subject of the finding, that—

(A) no further payments will be made to the State from allotments under section 2689o of this title; or

(B) no further payments will be made from allotments under section 2689o of this title for any project or projects designated by the Secretary as being affected by the action or inaction referred to in subparagraph (A), (B), (C), or (D) of paragraph (1),

as the Secretary may determine to be appropriate under the circumstances; and, except with regard to any project for which the application has already been approved and which is not directly affected, further payments from such allotments may be withheld, in whole or in part, until there is no longer any failure to comply (or to carry out the assurance or plans and specifications or to provide adequate State funds, as the case may be) or, if such compliance (or other action) is impossible, until the State repays or arranges for the repayment of Federal moneys to which the recipient was not entitled. § 2689l. Judicial review; appeal to courts of appeals; petition; record; conclusiveness of findings; review by Supreme Court; stay of administrative action.

If—

(1) the Secretary refuses to approve an application for a project submitted under section 2689j of this title, the State agency through which such application was submitted, or

(2) any State is dissatisfied with the Secretary's action under section 2689k(c) or 2689t(c) of this title, such State,

may appeal to the United States court of appeals for the circuit in which such State agency or State is located, by filing a petition with such court within sixty days after such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, or any officer designated by him for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of Title 28. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part, temporarily or permanently, but, until the filing of the record, the Secretary may modify or set aside his order. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of facts and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of Title 28. The commencement of proceedings under this section shall not, unless so specifically ordered by the court, operate as a stay of the Secretary's action. (Pub. L. 88–164, title II, § 224, as added Pub. (1) sold or transferred to any person or entity (A) which is not qualified to file an application under section 2689j of this title, or (B) which is not approved as a transferee by the State agency of the State in which such facility is located, or its successor; or

(2) not used by a community mental health center in the provision of comprehensive mental health services, and the Secretary has not determined that there is good cause for termination of such use,

the United States shall be entitled to recover from either the transferor or the transferee in the case of a sale or transfer or from the owner in the case of termination of use an amount bearing the same ratio to the then value (as determined by the agreement of the parties or by action brought in the United States district court for the district in which the center is situated) of so much of such facility or center as constituted an approved project or projects, as the amount of the Federal participation bore to the acquisition, remodeling, construction, or expansion cost of such project or projects. Such right of recovery shall not constitute a lien upon such facility or center prior to judgment. (Pub. L. 88–164, title II, § 225. as added Pub. L. 94–63, title III, § 303, July 29, 1975, 89 Stat. 326.)

(a) In each fiscal year, the Secretary shall, in accordance with regulations, make allotments, from the sums appropriated under section 2689p of this title, to the States (with State plans approved under section 2689t of this title) on the basis of (1) the population, (2) the extent of the need for community mental health centers, and (3) the financial need, of the respective States; except that no such allotment to any State, other than the Virgin Islands, American Samoa, Guam, and the Trust Territory of the Pacific Islands, in any fiscal year may be less than $100,000. Sums so allotted to a State other than the Virgin Islands, American Samoa, Guam, and the Trust Territory of the Pacific Islands, in a fiscal year and remaining unobligated at the end of such year shall remain available to such State for such purpose in the next fiscal year (and in such year only), in addition to the sums allotted for such State in such next fiscal year. (b) The amount of an allotment under subsection (a) of this section to a State in a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallotment by the Secretary from time to time, on such date or dates as he may fix, to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallotted among the States whose proportionate amounts were not so reduced. Any amount so reallotted to a State in a fiscal year shall be deemed to be a part of its allotment under subsection (a) of this section in such fiscal year. (Pub. Amounts made available to any State under this paragraph from its allotment or allotments under section 2689o of this title for any fiscal year shall be available only for such expenditures (referred to in the preceding sentence) during such fiscal year or the following fiscal year. Payments of amounts due under this paragraph may be made in advance or by way of reimbursement, and in such installments, as the Secretary may determine.

(2) Any amount paid under paragraph (1) to any State for any fiscal year for administration of the provisions of an approved State plan shall be paid on condition that there shall be expended from State sources for each year for administration of such provisions not less than the total amount expended for such purposes from such sources during the fiscal year ending June 30, 1968. § 2928a. Authorization of appropriations.

There are authorized to be appropriated for carrying out the purposes of this part such sums as may be necessary for fiscal years 1975 through 1977. (Pub. L. 88–452, title V, § 512, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2301.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2928b of this title.

§ 2928b. Distribution of funds.

(a) Allotments.

Of the sums appropriated pursuant to section 2928a of this title for any fiscal year beginning after June 30, 1975, the Secretary shall allot not more than 2 per centum among Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands, according to their respective needs. In addition, the Secretary shall reserve not more than 20 per centum of the sums so appropriated for use in accordance with such criteria and procedures as he may prescribe. The remainder shall be allotted among the States, in accordance with the latest satisfactory available data, so that equal proportions are distributed on the basis of (1) the relative number of public assistance recipients in each State as compared to all States, and (2) the relative number of related children living with families with incomes below the poverty line in each State as compared to all States; but there shall be made available, for use by Headstart programs within each State, no less funds for any fiscal year than were obligated for use by Headstart programs within such State with respect to fiscal year 1975. Allocation of such increases within each State shall, to the extent feasible, be made in such manner as to reflect the proportionate increases in program costs incurred by grantees, in accordance with regulations which the Secretary shall prescribe for this purpose. For the purpose of this subsection, the Secretary shall utilize the criteria of poverty used by the Bureau of the Census in compiling the 1970 decennial census.

(b) Limitations on assistance.

Financial assistance extended under this part for a Headstart program shall not exceed 80 per centum of the approved costs of the assisted program or activities, except that the Secretary may approve assistance in excess of such percentage if he determines, in accordance with regulations establishing objective criteria, that such action is required in furtherance of the purposes of this part. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services. The Secretary shall not require non-Federal contributions in excess of 20 per centum of the approved costs of programs or activities assisted under this part.

(c) Comparable service previously provided without Federal assistance.

No programs shall be approved for assistance under this part unless the Secretary is satisfied that the services to be provided under such program will be in addition to, and not in substitution for, comparable services previously provided without Federal assistance. The requirement imposed by the preceding sentence shall be subject to such regulations as the Secretary may prescribe.

(d) Handicapped children.

The Secretary shall establish policies and procedures designed to assure that for fiscal year 1975 not less than 10 per centum of the total number of enrollment opportunities in Headstart programs in the Nation shall be available for handicapped children and that for fiscal year 1976 and thereafter no less than 10 per centum of the total number of enrollment opportunities in Headstart programs in each State shall be available for handicapped children (as defined in paragraph (1) of section 1401 of Title 20) and that services shall be provided to meet their special needs. The Secretary shall report to the Congress at least annually on the status of handicapped children in Headstart programs, including the number of children being served, their handicapping conditions, and the services being provided such children.

(e) Equitable distribution of benefits between rural and urban areas.

The Secretary shall adopt appropriate administrative measures to assure that the benefits of this part will be distributed equitably between residents of rural and urban areas. (Pub. L. 88–452, title V, § 513, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2301.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2930 of this title.

§ 2928c. Designation of Headstart agencies.

(a) The Secretary is authorized to designate as a Headstart agency any local public or private nonprofit agency which (1) has the power and authority to carry out the purposes of this part and perform the functions set forth in section 2928d of this title within a community, and (2) is determined by the Secretary to be capable of planning, conducting, administering, and evaluating, either directly or by other arrangements, a Headstart program.

(b) For the purposes of this subchapter, a community may be a city, county, multicity, or multicounty unit within a State, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organization base and possesses the commonality of interest needed to operate a Headstart program.

(c) In the administration of the provisions of this section, the Secretary shall give priority in the designation of Headstart agencies to any local public or private nonprofit agency which is receiving funds under any Headstart program on January 4, 1975, except that the Secretary shall, before giving such priority, determine that the agency involved meets program and fiscal requirements established by the Secretary. (Pub. L. 88–452, title V, § 514, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2302.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2928 of this title.

§ 2928d. Powers and functions of Headstart agencies.

(a) In order to be designated as a Headstart agency under this part, an agency must have authority under its charter or applicable law to receive and administer funds under this part, funds and contributions from private or local public sources which may be used in support of a Headstart program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit agency (as the case may be) organized in accordance with this part, could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a Headstart program. Such an agency must also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. This power to transfer funds and delegate powers must include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

(b) In order to be so designated, a Headstart agency must also (1) establish effective procedures by which parents and area residents concerned will be enabled to influence the character of programs affecting their interests, (2) provide for their regular participation in the implementation of such programs, and (3) provide technical and other support needed to enable parents and area residents to secure on their own behalf available assistance from public and private sources. (Pub. L. 88–452, title V, § 515, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2302.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 2928c of this title.

§ 2928e. Submission of plans to Governors.

In carrying out the provisions of this part, no contract, agreement, grant, or other assistance shall be made for the purpose of carrying out a Headstart program within a State unless a plan setting forth such proposed contract, agreement, grant, or other assistance has been submitted to the Governor of the State, and such plan has not been disapproved by the Governor within thirty days of such submission, or, if so disapproved, has been reconsidered by the Secretary and found by him to be fully consistent with the provisions and in furtherance of the purposes of this part. Funds to cover the costs of the proposed contract, agreement, grant, or other assistance shall be obligated from the appropriation which is current at the time the plan is submitted to the Governor. This section shall not, however, apply to contracts, agreements, grants, loans, or other assistance to any institution of higher education in existence on January 4, 1975. (Pub. L. 88–452, title V, § 516, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2302.)

§ 2928f. Administrative requirements and standards.

(a) Standards for organization, management, and administration.

Each Headstart agency shall observe standards of organization, management, and administration which will assure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this part and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each such agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each agency shall also provide for reasonable public access to information, including but not limited to public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible. Each such agency shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits; to assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness; to guard against personal or financial conflicts of interests; and to define employee duties in an appropriate manner which will in any case preclude employees from participating, in connection with the

performance of their duties, in any form of picketing, protest, or other direct action which is in violation of law.

(b) Development and administration costs.

No financial assistance shall be extended under this subchapter in any case in which the Secretary determines that the costs of developing and administering a program assisted under this subchapter exceed 15 per centum of the total costs, including non-Federal contributions to such costs, of such program. The Secretary shall establish by regulation, criteria for determining (i) the costs of developing and administering such program and (ii) the total costs of such program. In any case in which the Secretary determines that the cost of administering such program does not exceed 15 per centum and such total costs but is, in his judgment, excessive, he shall forthwith require the recipient of such financial assistance to take such steps prescribed by him as will eliminate such excessive administrative cost, including the sharing by one or more Headstart agencies of a common director and other administrative personnel. The Secretary may waive the limitation prescribed by this paragraph for specific periods of time not to exceed six months whenever he determines that such a waiver is necessary in order to carry out the purposes of this subchapter.

(c) Rules and regulations.

The Secretary shall prescribe rules or regulations to supplement subsection (a) of this section, which shall be binding on all agencies carrying on Headstart program activities with financial assistance under this part. He may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. Policies and procedures shall be established to insure that indirect costs attributable to the common or joint use of facilities and services by programs assisted under this part and other programs shall be fairly allocated among the various programs which utilize such facilities and services.

(d) Publication in Federal Register.

At least thirty days prior to their effective date, all rules, regulations, guidelines, instructions, and application forms shall be published in the Federal Register and shall be sent to each grantee with the notification that each such grantee has the right to submit comments pertaining thereto to the Secretary prior to the final adoption thereof. (Pub. L. 88–452, title V, § 517, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2303.)

§ 2928g. Participation in Headstart programs.

(a) The Secretary shall by regulation prescribe eligibility for the participation of persons in Headstart programs assisted under this part. Such criteria may provide (1) that children from low-income families shall be eligible for participation in programs assisted under this part if their families are below the poverty line, or if their families are eligible or in the absence of child care would potentially be eligible for public assistance; and (2) pursuant to such regulations as the Secretary shall prescribe that programs assisted under this part may include, to a reasonable extent, participation of children in the area served who would benefit from such programs but whose families do not meet the low-income criteria prescribed pursuant to clause (1).

(b) The Secretary shall not prescribe any fee schedule or otherwise provide for the charging of any fees for participation in Headstart programs, unless such fees are authorized by legislation hereafter enacted. Nothing in this subsection shall be construed to prevent the families of children who participate in Headstart programs and who are willing and able to pay the full cost of such participation from doing so. (Pub. L. 88–452, title V, § 518, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2304.)

§ 2928h. Appeals, notice, and hearing.

The Secretary shall prescribe procedures to assure that—

(1) special notice of and an opportunity for a timely and expeditious appeal to the Secretary will be provided for an agency or organization which desires to serve as a delegate agency under this part and whose application to the Headstart agency has been wholly or substantially rejected or has not been acted upon within a period of time deemed reasonable by the Secretary, in accordance with regulations which he shall prescribe;

(2) financial assistance under this part shall not be suspended, except in emergency situations, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken; and

(3) financial assistance under this part shall not be terminated, an application for refunding shall not denied, and a suspension of financial assistance shall not be continued for longer than thirty days, unless the recipient has been afforded reasonable notice and opportunity for a full and fair hearing.

(Pub. L. 88–452, title V, § 519, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2304.)

§ 2928i. Records and audit.

(a) Each recipient of financial assistance under this part shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such financial assistance, the total cost of the project or undertaking in connection with which such financial assistance is given or used, the amount of that portion of the cost of the project or undertaking supplied by other sources, and such other records as will facilitate an effective audit.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the financial assistance received under this part. (Pub. L. 88–452, title V, § 520, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2305.)

§ 2928j. Technical assistance and training.

The Secretary may provide directly or through grants or other arrangements, (1) technical assistance to communities in developing, conducting, and administering programs under this part, and (2) training for specialized or other personnel needed in connection with Headstart programs. (Pub. L. 88–452, title V, § 521, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2305.)

§ 2928k. Research, demonstration, and pilot projects.

(a) The Secretary may provide financial assistance through grants or contracts for research, demonstration, or pilot projects conducted by public or private agencies which are designed to test or assist in the development of new approaches or methods that will aid in overcoming special problems or otherwise in furthering the purposes of this part.

(b) The Secretary shall establish an overall plan to govern the approval of research, demonstration, or pilot projects and the use of all research authority under this part. Such plan shall set forth specific objectives to be achieved and priorities among such objectives. (Pub. L. 88–452, title V, § 522, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2305.)

§ 2928*l*. Announcement of research, demonstration, and pilot projects contracts.

(a) The Secretary shall make a public announcement concerning—

(1) the title, purpose, intended completion date, identity of the grantee or contractor, and proposed cost of any grant or contract with a private or non-Federal public agency or organization for any research, demonstration, or pilot project under this subchapter; and

(2) the results, findings, data, or recommendations made or reported as a result of such activities.

(b) The public announcements required by subsection (a) of this section shall be made within thirty days of making such grants or contracts, and the public announcements required by subsection (b) of this section shall be made within thirty days of the receipt of such results.

(c) The Director shall take necessary action to assure that all studies, proposals, and data produced or developed with Federal funds employed under this subchapter shall become the property of the United States.

(d) The Director shall publish studies of the results of activities carried out pursuant to this subchapter not later than ninety days after the completion thereof. The Director shall submit to the appropriate committees of the Congress copies of all such studies. (Pub. L. 88–452, title V, § 523, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2305.)

§ 2928m. Evaluation.

(a) The Secretary shall provide directly or through grants or contracts, for the continuing evaluation of programs under this part, including evaluations that measure and evaluate the impact of programs authorized by this part, in order to determine their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services, including, where appropriate, comparisons with appropriate control groups composed of persons who have not participated in such programs. Evaluations shal be conducted by persons not directly involved in the administration of the program or project evaluation.

(b) Prior to obligating funds for the programs and projects covered by this part with respect to fiscal year 1976, the Secretary shall develop and publish general standards for evaluation of program and project effectiveness in achieving the objectives of this part. The extent to which such standards have been met shall be considered in deciding whether to renew or supplement financial assistance authorized under this part.

(c) In carrying out evaluations under this part, the Secretary may require Headstart agencies to provide for independent evaluations.

(d) In carrying out evaluations under this part, the Secretary shall, whenever feasible, arrange to obtain the specific views of persons participating in and served by programs and projects assisted under this part about such programs and projects.

(e) The Secretary shall publish the results of evaluative research and summaries of evaluations of program and project impact and effectiveness not later than ninety days after the completion thereof. The Secretary shall submit to the appropriate committees of the Congress copies of all such research studies and evaluation summaries.

(f) The Secretary shall take the necessary action to assure that all studies, evaluations, proposals, and data produced or developed with assistance under this part shall become the property of the United States. (Pub. L. 88–452, title V, § 524, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2306.)

§ 2928n. Poverty line.

(a) The Secretary shall revise annually (or at any shorter interval he deems feasible and desirable) a poverty line which, except as provided in section 2982 of this title, shall be used as a criterion of eligibility for participation in Headstart programs.

(b) The revision required by subsection (a) of this section shall be accomplished by multiplying the official poverty line (as defined by the Office of Management and Budget) by the percentage change in the Consumer Price Index during the annual or other interval immediately preceding the time at which the revision is made.

(c) Revisions required by subsection (a) of this section shall be made and issued not more than thirty days after the date on which the necessary Consumer Price Index data becomes available. (Pub. L. 88–452, title V, § 525, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2306.)

PART B.—FOLLOW THROUGH PROGRAMS

§ 2929. Financial assistance.

(a)[1] (1) The Secretary is authorized to provide financial assistance in the form of grants to local educational agencies, combinations of such agencies, and, as provided in paragraph (2) of this subsection, any other public or appropriate nonprofit private

[1] So in original. Section enacted without a subsec. (b).

agencies, organizations, and institutions for the purpose of carrying out Follow Through programs focused primarily on children from low-income families in kindergarten and primary grades, including such children enrolled in private nonprofit elementary schools, who were previously enrolled in Headstart or similar programs.

(2) Whenever the Secretary determines (A) that a local educational agency receiving assistance under paragraph (1) is unable or unwilling to include in a Follow Through program children enrolled in nonprofit private schools who would otherwise be eligible to participate therein, or (B) that it is otherwise necessary in order to accomplish the purposes of this section, he may provide financial assistance for the purpose of carrying out a Follow Through program to any other public or appropriate nonprofit private agency, organization, or institution.

(3) Programs to be assisted under this section shall provide such comprehensive services as the Secretary determines will aid in the continued development of children described in paragraph (1) to their full potential. Such projects shall provide for the direct participation of the parents of such children in the development, conduct, and overall direction of the program at the local level. If the Secretary determines that participation in the project of children who are not from low-income families will serve to carry out the purposes of this section, he may provide for the inclusion of such children from non-low-income families, but only to the extent that their participation will not dilute the effectiveness of the services designed for children described in paragraph (1) of this subsection. (Pub. L. 88–452, title V, § 551, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2306.)

§ 2929a. Authorization of appropriations.

(a) There are authorized to be appropriated for carrying out the purposes of this part $60,000,000 for the fiscal year 1975, and for each of the two suceeding fiscal years. Funds so appropriated shall remain available for obligation and expenditure during the fiscal year succeeding the fiscal year for which they are appropriated.

(b) Financial assistance extended under this part for a Follow Through program shall not exceed 80 per centum of the approved costs of the assisted program or activities, except that the Secretary may approve assistance in excess of such percentage if he determines, in accordance with regulations establishing objective criteria, that such action is required in furtherance of the purposes of this part. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services. The Secretary shall not require non-Federal contributions in excess of 20 per centum of the approved costs of programs or activities assisted under this part.

(c) No project shall be approved for assistance under this part unless the Secretary is satisfied that the services to be provided under such project will be in addition to, and not in substitution for, services previously provided without Federal assistance. The requirement imposed by the preceding sentence shall be subject to such regulations as the Secretary may adopt. (Pub. L. 88–452, title V, § 552, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2307.)

§ 2929b. Research, demonstration, and pilot projects; evaluation; technical assistance activities.

(a)[1] In conjunction with other activities authorized by this part, the Secretary may—

(1) provide financial assistance, by contract or otherwise, for research, demonstration, or pilot projects conducted by public or private agencies which are designed to test or assist in the development of new approaches or methods that will aid in overcoming special problems or otherwise in furthering the purposes of this part;

(2) provide, directly or through grants or contracts, for the continuing evaluation of projects assisted under this part, including evaluations that describe and measure the impact of such projects, their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services, including, where appropriate, comparisons with appropriate control groups composed of persons who have not participated in such projects, which evaluations shall be conducted by persons not directly involved in the administration of the project evaluated; and

(3) provide, directly or through grants or other appropriate arrangements, (A) technical assistance to Follow Through programs in developing, conducting, and administering programs under this part, and (B) training for specialized or other personnel which is needed in connection with Follow Through programs.

(Pub. L. 88–452, title V, § 553, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2307.)

§ 2929c. Special conditions.

(a) Recipients of financial assistance under this part shall provide maximum employment opportunities for residents of the area to be served, and to parents of children who are participating in projects assisted under this part.

(b) Financial assistance under this part shall not be suspended for failure to comply with applicable terms and conditions, except in emergency situations, nor shall an application for refunding be denied, unless the recipient agency has been given reasonable notice and opportunity to show cause why such action should not be taken.

(c) Financial assistance under this part shall not be terminated for failure to comply with applicable terms and conditions unless the recipient has been afforded reasonable notice and opportunity for a full and fair hearing. (Pub. L. 88–452, title V, § 554, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2308.)

(Pub. L. 88–452, title V, § 577, as added Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2310.)

PART D.—DAY CARE PROJECTS

CODIFICATION

This part, formerly designated as Part B, was redesignated Part D by Pub. L. 93–644, § 8(a), Jan. 4, 1975, 88 Stat. 2300, as part of the general revision and amendment of this subchapter by Pub. L. 93–644.

§ 2931. Congressional statement of purpose.

The purpose of this part is to provide day care for children from families which need such assistance to become or remain self-sufficient or otherwise to obtain objectives related to the purposes of this chapter, with particular emphasis upon enabling the parents or relatives of such children to choose to undertake or to continue basic education, vocational training, or gainful employment. (Pub. L. 88–452, title V, § 581, formerly § 521, as added Pub. L. 90–222, title I, § 107(a), Dec. 23, 1967, 81 Stat. 713, and renumbered Pub. L. 93–644, § 8(c), Jan. 4, 1975, 88 Stat. 2310.)

§ 2932. Financial assistance for day care projects.

(a) Eligible agencies and organizations; contributions.

The Secretary is authorized to provide financial assistance to appropriate public agencies and private organizations to pay not to exceed 90 per centum of the cost of planning, conducting, administering, and evaluating projects under which children from low-income families or from urban and rural areas with large concentrations or proportions of low-income persons may receive day care. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment and services. Such day care projects shall provide health, education, social, and such other supportive services as may be needed. Financial assistance under this section may be provided to employers, labor unions, or to joint employer-union organizations, for day care projects established at or in association with a place of employment or training where such projects are financed in major part through private funds. Project costs payable under this part may include costs of renovation and alteration of physical facilities. Financial assistance under this section may be provided in conjunction with or to supplement day care projects under the Social Security Act or other relevant statutes.

(b) Payment for day care services.

The Secretary may require a family which is not a low-income family to make payment, in whole or in part, for the day care services provided under this program where the family's financial condition is, or becomes through employment or otherwise, such as to make such payment appropriate.

(c) Technical assistance and training.

The Secretary may provide, directly or through contracts or other arrangements, technical assistance and training necessary for the initiation or effective operation of programs under this part.

(d) Program coordination.

The Secretary shall take all necessary steps to coordinate programs under his jurisdiction which provide day care, with a view to establishing, insofar as possible, a common set of program standards and regulations, and mechanisms for coordination at the State and local levels. Such standards shall be no less comprehensive than the Federal interagency day care requirements as approved by the Department of Health, Education, and Welfare, the Office of Economic Opportunity, and the Department of Labor on September 23, 1968. In approving applications for assistance under this part, the Secretary shall take into consideration (1) the extent to which applicants show evidence of coordination and cooperation between their projects and other day care programs in the areas which they will serve and (2) the extent to which unemployed or low-income individuals are to be employed, including individuals receiving or eligible to receive assistance under the Social Security Act.

(e) Evaluation of program; report.

Each project to which payments are made hereunder shall provide for a thorough evaluation. This evaluation shall be conducted by such agency or independent public or private organization as the Secretary shall designate, with a view to determining, among other things, the extent to which the day care provided may have increased the employment of parents and relatives of the children served, the extent to which such day care may have reduced the costs of aid and services to such children, the extent to which such children have received health and educational benefits, and the extent to which the project has been coordinated with other day care activities in the area served. Up to 100 per centum of the costs of evaluation may be paid by the Secretary from funds appropriated for the purposes of carrying out this part, except that where such evaluation is carried on by the assisted agency itself, he may pay only 90 per centum of such costs. Such evaluations, together with a report on the program described in this part, shall be included in the report required by section 2948 of the title. (Pub. L. 88–452, title V, § 582, formerly § 522, as added Pub. L. 90–222, title I, § 107(a), Dec. 23, 1967, 81 Stat. 713, and amended Pub. The functions of the Director with respect to carrying out subchapters I, II (except section 2825 of this title), III-B, VI, VII, and IX of this chapter shall not be delegated to any other officer not directly responsible, both with respect to program operation and administration to the Director. Beginning after June 15, 1975, the policymaking functions, including the final approval of grants and contracts, of the Director, shall not be delegated to any regional office or official.

(d) Community Services Administration as successor to Office of Economic Opportunity; continuing force and effectiveness of official actions; suits, actions, proceedings, or causes of action not abated; personnel.

(1) All official actions taken by the Director of the Office of Economic Opportunity, his designee, or any other person under the authority of this chapter which are in force on January 4, 1975, and for which there is continuing authority under the provisions of this chapter, shall continue in full force and effect until modified, superseded, or revoked by the Director.

(2) All references to the Office of Economic Opportunity, or to the Director of the Office of Economic Opportunity, in any statute, reorganization plan, executive order, regulation, or other official document or proceeding shall, on and after such date, be deemed to refer to the Administration, or to the Director, as the case may be.

(3) No suit, action, or other proceeding, and no cause of action, by or against the Office of Economic Opportunity, or any action by any officer thereof acting in his official capacity, shall abate by reason of the enactment of the Headstart, Economic Opportunity, and Community Partnership Act of 1974.

(4) Persons appointed by the President, by and with the advice and consent of the Senate, to positions in the Office of Economic Opportunity, requiring appointment by and with such advice and consent, may, if the President so desires, continue to serve in comparable positions in the Administration; but the President may submit to the Senate nominations for appointment to any or all positions in the Administration, requiring the advice and consent of the Senate.

(e) Reorganization; Community Services Administration in Department of Health, Education, and Welfare; Community Economic Development Administration in Department of Commerce.

(1) After March 15, 1975, the President may submit to the Congress a reorganization plan which, subject to the provisions of paragraph (2) of this subsection, shall take effect if such reorganization plan is not disapproved by enactment of a joint resolution which shall be considered in Congress in accordance with the provisions of paragraph (3) of this subsection and the procedures established with respect to reorganization plans by chapter 9 of Title 5 except to the extent otherwise provided in this chapter.

(2) A reorganization plan submitted in accordance with the provisions of paragraph (1) shall provide—

(A) for establishing in the Department of Health, Education, and Welfare a Community Services Administration—

(i) which shall be headed by a Director,

(ii) which shall be the principal agency, and the Director of which shall be the principal officer, for carrying out subchapters I, II, III–B, VI, and IX of this chapter, and which, with respect to such provisions, shall be the successor authority to the Community Services Administration established by subsection (a) of this section,

(iii) the Director of which shall be, in the performance of his functions, directly responsible to the Secretary, and

(iv) in which no policymaking functions, including the final approval of grants or contracts, of the Director shall be delegated to any regional office or official.

(B) for establishing in the Department of Commerce a Community Economic Development Administration—

(i) which shall be headed by a Director,

(ii) which shall be the principal agency, and the Director of which shall be the principal officer, for carrying out subchapter VII of this chapter, and which, with respect to such provisions, shall be the successor authority to the Community Services Administration established by subsection (a) of this section,

(iii) the Director of which shall be, in the performance of his functions, directly responsible to the Secretary, and

(iv) in which no policymaking functions, including the final approval of grants or contracts, of the Director shall be delegated to any regional office or official.

(3) For the purpose of this subsection and chapter 9 of Title 5 to the extent incorporated by this subsection, the following provisions apply:

(A) The term "resolution" means a joint resolution the matter after the resolving clause of which is: "That the Congress of the United States disapproves the Community Services Administration Reorganization Plan transmitted to the Congress by the President on ————————, 19—,." The blank spaces therein are to be appropriately filled.

(B) If, prior to the passage by one House of the joint resolution of that House with respect to the reorganization plan, such House receives from the other House a joint resolution with respect to the same plan, then the following procedure applies:

(i) If no resolution of the first House with respect to such plan has been referred to committee, no other resolution with respect to the same plan may be reported or (despite the provisions of section 912(a) of Title 5) be made the subject of a motion to discharge.

(ii) If a resolution of the first House with respect to such plan has been referred to committee—

(I) the procedure with respect to that or other resolutions of such House with respect to such plan which have been referred to committee shall be the same as if no resolution from the other House with respect to such plan had been received; but

(II) on any vote on final passage of a resolution of the first House with respect to such plan the resolution from the other House with respect to such plan shall be automatically substituted for the resolution of the first House.

(4) The transfers authorized under subparagraphs (A) and (B) of paragraph (3) of this subsection shall be effective 30 days after the last date on which such reorganization plan could be disapproved under this subsection.

In the event that the reorganization plan pursuant to subsection (e) of this section takes effect, the Director of the Community Services Administration and the Director of the Community Economic Development Administration shall each be appointed by the President, by and with the advice and consent of the Senate, except that the person serving as Director of the independent Community Services Administration pursuant to the advice and consent of the Senate may, if the President notifies the Congress accordingly, continue to serve as Director of the Community Services Administration within the Department of Health, Education, and Welfare; but the President may in such event submit to the Senate a nomination for such position.

(g) Transfer of property, records, and unexpended balances of appropriations, allocations, and other funds.

In the event that the reorganization plan pursuant to subsection (e) of this section takes effect, on the effective date thereof the property, records, and unexpended balances of appropriations, allocations, and other funds employed, used, held, available, or to be made available in connection with the functions of the Director of the independent Community Services Administration, established by subsection (a) of this section, shall be transferred to the Director of the Community Services Administration, within the Department of Health, Education, and Welfare and to the Director of the Economic Development Administration within the Department of Commerce, as appropriate. All grants, applications for grants, contracts, and other agreements awarded or entered into by the Director of the independent Community Services Administration shall continue to be recognized so that there is no disruption of ongoing activities for which there is continuing authority.

(h) Transfer of personnel; continuing force and effectiveness of official actions; suits, actions, proceedings, or causes of action not abated.

(1) In the event that the reorganization plan pursuant to subsection (e) of this section takes effect, on the effective date thereof all Federal personnel employed by the independent Community Services

Administration under the authorization and appropriations for this chapter transferred to the Community Services Administration within the Department of Health, Education, and Welfare or to the Community Economic Development Administration within the Department of Commerce shall, to the extent feasible, be assigned to related functions and organizational units in the appropriate Administration, without loss of salary, rank, or other benefits, including the right to representation and to the existing basic collective-bargaining agreement.

(2) In the event that the reorganization plan pursuant to subsection (e) of this section takes effect, on the effective date thereof all official actions taken by the Director of the independent Community Services Administration, his designee, or any other person under the authority of this chapter which are in force on such date, and for which there is continuing authority under the provisions of this chapter, shall continue in full force and effect until modified, superseded, or revoked by the Director of the Community Services Administration within the Department of Health, Education and Welfare or the Director of the Community Economic Development Administration within the Department of Commerce, as appropriate.

(3) In the event that the reorganization plan submitted pursuant to subsection (e) of this section takes effect, on the effective date thereof all references to the independent Community Services Administration or to the Director of that Administration in any statute, reorganization plan, executive order, regulation, or other official document or proceeding shall, on and after such date, be deemed to refer to the Community Services Administration within the Department of Health, Education and Welfare, or the Director of the Community Economic Development Administration, in the Department of Commerce as appropriate, or to the Director of either such Administration, as the case may be.

(4) In the event that the reorganization plan submitted pursuant to subsection (e) of this section takes effect, on the effective date thereof no suit, action, or other proceeding, and no cause of action, by or against the independent Community Services Administration, or any action by any officer thereof acting in his official capacity, shall abate by reason of the taking effect of such plan. MESSAGE OF THE PRESIDENT

To the Congress of the United States:

America is a nation unique in the political history of the world. More than any other nation, it is the sum of the energies and efforts of all of its people. The American tradition of voluntary involvement—of freely committing one's time and talents in the search for civic improvement and social progress—gives an extra dimension to the meaning of democracy. In the past decade, the Federal Government has built on this tradition by developing channels for joining the spirit of voluntary citizen service in America with public needs, both domestically and abroad. Many of these efforts have had marked success. But the circumstances in which these efforts were conceived have changed.

National and international needs have altered. The opportunities for voluntary service must be adapted and improved to meet these new needs.

Recognizing that private channels of voluntary action are a vital source of strength in our national life, I have supported the establishment and development of the National Center for Voluntary Action. The National Center is a private, non-profit partner in the effort to generate and encourage volunteer service. The Center works to promote the establishment of local Voluntary Action Centers, as well as to assist in the expansion of voluntary action organizations already in existence. It stimulates voluntary action by providing information on successful voluntary efforts, and it assists in directing those who wish to volunteer services to areas and endeavors in which their services are needed.

The National Center for Voluntary Action is functioning now to fill a vital need in the private voluntary sector. Now we must turn our attention to bringing government volunteer programs into line with new national priorities and new opportunities for meeting those priorities. We must take full advantage of the lessons of the past decade, and we must build on the experience of that period if we are to realize the full potential of voluntary citizen service. This is no longer a matter of choice. We cannot afford to misuse or ignore the considerable talents and energies of our people. In the coming years, the continued progress of our society is going to depend increasingly upon the willingness of more Americans to participate in voluntary service and upon our ability to channel their service effectively.

One matter of consequence to the problems of properly channeling volunteer services and expanding government's role in the development of volunteer resources is the proliferation of government volunteer programs. It was perhaps inevitable that there programs would be generated almost at random across the spectrum of government concern for human needs. This occurred in a period when the Federal Government was still attempting to

define its relationship with, and its purposes in, the area of voluntary service. Now the role of government has been confirmed and its responsibilities and obligations are clear. Meeting these responsibilities and obligations will be a long, difficult, and challenging adventure. But it is an adventure we can look to with excitement and with the knowledge that the only sure source of failure can be a failure of the will of the American people. I do not believe it will fail.

The foundation for a greatly expanded government contribution to volunteer service already exists. Now we must consolidate that foundation in order to build on it. To accomplish this, I propose a reorganization of the present volunteer service system. Accordingly, I herewith transmit to the Congress Reorganization Plan No. 1 of 1971, prepared in accordance with chapter 9 of title 5 of the United States Code. Reorganization would bring together within a single agency a number of voluntary action programs presently scattered throughout the executive branch of the Federal Government. The new agency would be called Action.

COMPOSITION

Under the reorganization plan Action would administer the functions of the following programs:

—Volunteers in Service to America: VISTA volunteers work in domestic poverty areas to help the poor break the poverty cycle.

—Auxiliary and Special Volunteer Programs in the Office of Economic Opportunity: At present the National Student Volunteer Program is administered under this authority. This program stimulates student voluntary action programs which deal with the problems of the poor.

—Foster Grandparents: This program provides opportunities for the elderly poor to assist needy children.

—Retired Senior Volunteer Program: RSVP provides opportunities for retired persons to perform voluntary services in their communities.

—Service Corps of Retired Executives: SCORE provides opportunities for retired businessmen to assist in the development of small businesses.

—Active Corps of Executives: ACE provides opportunities for working businessmen to assist in the development of small businesses.

After investigation I have found and hereby declare that each reorganization included in the accompanying reorganization plan is necessary to accomplish one or more of the purposes set forth in section 901(a) of title 5 of the United States Code. In particular, the plan is responsive to section 901(a)(1), "to promote the better execution of the laws, the more effective management of the executive branch and of its agencies and functions, and the expeditious administration of the public business;" and section 901(a)(3), "to increase the efficiency of the operations of the Government to the fullest extent practicable."

The reorganizations provided for in the plan make necessary the appointment and compensation of new officers as specified in section 1 of the plan. The rates of compensation fixed for these officers would be comparable to those fixed for officers in the executive branch who have similar responsibilities.

The reorganization plan should result in more efficient operation of the Government. It is not practical, however, to itemize or aggregate the exact expenditure reductions which would result from this action.

Upon the establishment of Action, I would delegate to it the principal authority for the Peace Corps now vested in me as President and delegated to the Secretary of State. In addition, the function of the Office of Voluntary Action, now operating in the Department of Housing and Urban Development, would be transferred to the new agency by executive action.

Finally, I will submit legislation which would include the transfer of the functions of the Teacher Corps from the Department of Health, Education, and Welfare to the new agency. This legislation would expand authority to develop new uses of volunteer talents, it would provide a citizens' advisory board to work with the director of the new agency, and it would provide authority to match private contributions.

GOALS

Although reorganization is only a step, it is the essential first step toward the goal of a system of volunteer service which uses to the fullest advantages the power of all the American people to serve the purposes of the American nation.

In pursuing this goal, the new agency would, first, expand the testing and development of innovations in voluntary actions. Health services, housing, the environment, educational development, manpower, and community planning are just a few of the areas in which we would act to accomplish more through voluntary service, and I intend to ask for additional funds and additional authority for Action to explore new approaches to these and other problems.

In the future, we are going to have to find new ways for more people to fulfill themselves and to lead satisfying and productive lives. The problems are of concern even now, but they must be put in perspective quickly because they will soon be upon us. I believe at least some of the answers will be found in volunteer service. Action would work to find those answers and apply them.

Second, there are many Americans who want to contribute to our national life through voluntary citizen service, but who cannot serve full time. Their contributions must not be wasted. Volunteers in full-time service would work with part-time volunteers and the new agency would develop and provide opportunities for more people to give part-time service.

Third, Action would bring together in one place programs which appeal predominantly to younger Americans with those that appeal to older Americans, and would work to bring the energy, the innovative spirit, the experience, and the skills of each to bear on specific problems. The generations in America share America's problems—they must share in the search for solutions so that we all may share in the benefits of our solutions.

Fourth, Action would develop programs for combining foreign service with domestic service to accommodate volunteers interested in such an opportunity. I believe that young people in particular would be interested in the chance for this experience and would greatly benefit from it. I know there would be great value, for example, in permitting those who have served the needs of the poor abroad to turn their skills and experience to helping the poor at home, and vice versa. In addition, if volunteers are to reap the full benefit of serving, and if they are to be able to provide others the full benefit of their service, then we must open the doors to a fuller exchange of ideas and experiences between overseas and domestic volunteer efforts. These exchanges would considerably enhance the value of the experience gained in these endeavors by broadening the areas in which that experience is applied.

Fifth, at the present time valuable professional skills offered in voluntary service are too frequently limited by narrow categorical programs when their broader application is urgently needed. For example, the contributions of businessmen made through SCORE and ACE are provided only through the Small Business Administration. We know that the skills of business can be used in many areas where they are not used presently. Action would open new channels for service and would permit a more extensive utilization of business and other vocational and professional abilities.

Finally, by centralizing administrative functions of the volunteer services, the new agency would provide a more effective system of recruitment, training, and placement of full-time volunteers than the present circumstances permit. It would provide a single source of information and assistance for those who seek to volunteer full-time service. And it would permit more effective management of services than is currently possible in the administration of volunteer programs, as well as the more efficient use of resources.

PRINCIPLES

In restructuring our system of volunteer services, we can accomplish the goals which I have set forth. But we must do more than this. We must restructure our thinking about volunteer services. We must determine how to use our volunteer resources to accomplish more than they accomplish now. We need an increased effort to stimulate broader volunteer service, to involve more volunteers, and

to involve them not simply as foot-soldiers in massive enterprises directed from the top, but in those often small and local efforts that show immediate results, that give immediate satisfaction—those efforts that return to citizens a sense of having a hand in the business of building America. Part of our rethinking of this matter must look to the past so that we may properly meet the needs of the present and prepare for the possibilities of the future.

Volunteer service in poverty areas is a case in point. We already have considerable experience in dealing with the problems of poverty through the use of volunteers. Now we must build upon this experience and find new ways to use more effectively the volunteers presently serving in poverty areas, as well as in all other areas, and to stimulate new programs so that additional numbers of volunteers can assist in the solution of community and national problems.

In line with this effort to build on what we have learned, Action would function with particular concern for these basic principles:

—It would encourage local initiative, and would support local programs to solve local problems.

—Where appropriate, the new agency would assign volunteers to assist, and work under the technical supervision of other Federal agencies, State and local agencies or organizations, and private sponsors.

—The services of local part-time volunteers would be sought and supported in the effort to accomplish specific jobs. They would be assisted, when necessary, by full-time volunteers.

—Universities and colleges, State, city and private organizations must be engaged in the effort to broaden opportunities for volunteer service and under the new agency they would be assisted in these efforts.

—Finally, to meet the increasing need for skilled volunteers Action would give increased emphasis to recruiting and applying the skills of trained craftsmen and professional workers.

FUNDING

To insure that the new agency has the financial resources to begin working toward the goals I have outlined, I will seek for this agency an additional $20 million above the budget requests I have already submitted for the component agencies. These funds would be directed primarily to finding new ways to use volunteer services.

CONCLUSION

The early nineteenth century observer of America, Alexis de Tocqueville, was intrigued by the propensity of Americans to join together in promoting common purposes. "As soon as several of the inhabitants of the United States have taken up an opinion or a feeling which they wish to promote in the world, they look out for mutual assistance, and as soon as they have found one another out, they combine. From that moment they are no longer isolated men, but a power seen from afar * * *."

Though we have seen the success of Government volunteer efforts in the past ten years, I believe voluntary citizen service is still little more than a power seen from afar. In relation to its potential, this power is virtually undeveloped. We must develop it.

There are those today, as there always will be, who find infinite fault with life in this Nation and who conveniently forget that they share responsibility for the quality of life we lead. But our needs are too great for this attitude to be accepted. America belongs to all of its people. We are all responsible for the direction this Nation will take in the century ahead, for the quality of life we will lead and our children will lead. We are all responsible, whether we choose to be or not, for the survival and the success of the American experience and the American dream.

So there is little room for the luxury of making complaints without taking commitments.

America must enlist the ideals, the energy, the experience, and the skills of its people on a larger scale than it ever has in the past. We must insure that these efforts be used to maximum advantage. We must insure that the desire to serve be linked with the opportunity to serve. We must match the vision of youth with the wisdom of experience. We must apply the understanding gained from foreign service to domestic needs, and we must extend what we learn in domestic service to other nations. And in all these endeavors, I believe, we can bring the power seen from afar to focus clearly on the problems and the promise of our time.

RICHARD NIXON.

This subchapter is referred to in sections 2702b, 2706, 2707, 2941 of this title.

§ 2995. Program and project evaluation.

(a) Duty of Director; reassessment of priorities; annual report to Congress.

(1) The Director shall, directly or through grants or contracts, measure and evaluate the impact of all programs authorized by this chapter and of poverty-related programs authorized by other Acts, in order to determine their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services, including where appropriate, comparisons with appropriate control groups composed of persons who have not participated in such programs. Evaluations shall be conducted by persons not directly involved in the administration of the program or project evaluated.

(2) In carrying out his responsibilities under this section, the Director, in the case of research, demonstrations, and related activities carried out under subchapter I of this chapter, shall, after taking into consideration the views of State agencies and community action agencies designated pursuant to section 2790 of this title, on an annual basis—

(A) reassess priorities to which such activities should be directed; and

(B) review present research, demonstration, and related activities to determine, in terms of the purpose specified for such activities in section 2712(a) of this title, whether and on what basis such activities should be continued, revised, or terminated.

(3) The Director shall, within 12 months after January 4, 1975, and on each April 1 thereafter, prepare and furnish to the appropriate committees of the Congress a complete report on the determination and review carried out under paragraph (2) of this subsection, together with such recommendations, including any recommendations for additional legislation, as he deems appropriate.

(b) General standards of evaluation.

Prior to obligating funds for the programs and projects covered by this chapter with respect to fiscal year 1976, the Director shall develop and publish general standards for evaluation of program and project effectiveness in achieving the objectives of this chapter. The extent to which such standards have been met shall be considered in deciding whether to renew or supplement financial assistance authorized under any section of this chapter. Reports submitted pursuant to section 2948 of this title shall describe the actions taken as a result of these evaluations.

(c) Specificity of views.

In carrying out evaluations under this subchapter, the Director shall, whenever feasible, arrange to obtain the specific views of persons participating in and served by programs and projects assisted under this chapter about such programs and projects, and shall consult, when appropriate, with State agencies and community action agencies designated pursuant to section 2790 of this title, in order to provide for jointly sponsored objective evaluation studies on a State or areawide basis.

(d) Publication of results; submission to Congress.

The Director shall publish the results of evaluative research and summaries of evaluations of program and project impact and effectiveness not later than ninety days after the completion thereof. The Director shall submit to the appropriate committees of the Congress copies of all such research studies and evaluation summaries.

(e) Evaluation results as United States property.

The Director shall take the necessary action to assure that all studies, evaluations, proposals, and data produced or developed with assistance under this chapter shall become the property of the United States. (Pub. L. 88–452, title IX, § 901, as added Pub. L. 92–424, § 27(a), Sept. 19, 1972, 86 Stat. 704, and amended Pub. L. 93–644, § 12, Jan. 4, 1975, 88 Stat. 2328.)
